Repealing Weights and Measures Ordinance.

The following matter, laid over from last meeting was taken up:

Bill No. 2353, Ordinance No. — (New Series), Repealing Ordinance No. 1650 (New Series), relating to weights and measures.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 1650 (New Series), entitled "An Ordinance relating to weights and measures, establishing the standard thereof, creating the office of Sealer of Weights and Measures, providing for the appointment of a Sealer of Weights and Measures and his deputies and fixing their compensation" is hereby repealed.

Section 2. This Ordinance shall take effect immediately.

Privilege of the Floor.

Chas. E. Johnson, was granted the privilege of the floor and addressed the Board, stating that the money already paid to the men heretofore employed by the Bureau of Weights and Measures covered work which had actually been performed by these men. He spoke of the labor performed in establishment of the bureau up to the time of its abolishment. The bureau was restrained, he stated, from collecting fees under court injunction, but the work of inspecting weights and measures still went on. He explained the above communication by saying that the deputy sealers who signed it understood in doing so that they were to be permitted to continue in their positions in the re-established bureau. He added that if there was any objection to himself in particular under

such arrangement he would withdraw and not put any obstacle in the way of the re-establishment of the bureau as suggested.

Geo. Lull, Assistant City Attorney, also addressed the Board, advising as to the effect of the restraining order and explaining the position of the City Attorney's office in the matter.

Action Deferred Temporarily.

Whereupon, on motion of Supervisor McCarthy, the above matter was laid over temporarily.

(See later proceedings of this day.)

Declaring Result of Bond Election.

Also, Resolution No. 9910 (New Series), declaring the result of the bond election held on the 20th day of De-

cember, 1912, for the purpose of authorizing a bonded indebtedness by said City and County for: (1) The acquisition of certain lands and improvements thereon, being a portion of "Sutro Property" located contiguous to Lincoln Park; (2) the completion of cer-

tain municipal buildings known as the San Francisco Hospital and County Jail; (3) the acquisition of certain lands for a public aquatic park; (4) the acquisition of lands in the vicinity of Twin Peaks to be used as a public park; (5) the construction of a fire and police signal system (including buildings) and the acquisition of lands therefor.

Whereas, Pursuant to the provisions of Ordinance No. 2084 (New Series), calling a special election, and Ordinance No. 2097 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the 20th day of December, 1912, whereat was submitted to and determined by the qualified voters of said City and County, five propositions to incur a bonded indebtedness of said City and County for the purposes and for the several amounts set forth as follows, to-wit:

Proposition One—The acquisition of certain lands, being a portion of the "Sutro Property," located in the City and County of San Francisco contiguous to and in the vicinity of Lincoln Park, and embraced in a certain offer of the heirs of Adolph Sutro to the City and County dated on or about August 22, 1912.

Together with the improvements thereon to be used for the purposes of a public park, and pleasure and recreation grounds, and such other public purposes as may be determined by the Board of Supervisors.

Proposition Two—The completion of the permanent municipal buildings known as and to be used as the County Jail and the San Francisco Hospital.

Proposition Three—The acquisition of lands in the vicinity of Van Ness avenue at its northerly termination to be used as a public aquatic park.

Proposition Four—The acquisition of lands in the vicinity of Twin Peaks, to be used as a public park.

Proposition Five—The construction and completion of a fire and police signal system, including the necessary buildings, and the acquisition of lands therefor, and

Whereas, Said election was held and conducted in form and manner, and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law; and

Whereas, The Board of Election Commissioners of said City and County filed on December 30, 1912, in the office of the Clerk of the Board of Supervisors, its certificate showing the facts above recited and setting forth in detail the total number of votes cast at such election and the number of votes cast and counted for and against, respectively, all and each of the afore-

said propositions thereat submitted; now, therefore, be it

Resolved, By the Board of Supervisors as follows:

1. It is hereby declared that the special election held on the 20th day of December, 1912, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and Ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 47,484.

3. It is hereby declared that of the vote so cast 28,848 votes were cast and counted as being in favor of Proposition Number One, and that 17,497 were cast and counted as being against and not in favor of Proposition One.

4. It is hereby declared that of the votes so cast, 35,086 votes were cast and counted as being in favor of and 11,123 votes were cast and counted as not being in favor of Proposition Two, to incur a bonded debt of the City and County of San Francisco to the amount of \$1,700,000 for the completion of the permanent municipal buildings known as and to be used as the County Jail and San Francisco Hospital.

5. It is hereby declared that of the votes so cast, 23,219 votes were cast and counted as in favor of and 22,576 votes were cast and counted as not in favor of Proposition Three.

6. It is hereby declared that of the votes so cast, 22,120 votes were cast and counted as in favor of, and 23,337 were cast and counted as not in favor of Proposition Four.

7. It is hereby declared that of the votes so cast, 30,840 votes were cast and counted as in favor of, and 15,311 votes were cast and counted as not in favor of Proposition Five.

8. The following bill was passed for printing:

Providing for Issuance and Redemption of Hospital and Jail Bonds, Issue of 1912.

On motion of Supervisor Jennings:

Bill No. 2365, Ordinance No. — (New Series), Providing for the issuance and redemption of bonds of the City and County of San Francisco, to the amount of One Million Seven Hundred Thousand Dollars for the completion of the permanent municipal buildings known as and to be used as the County Jail and San Francisco Hospital, in accordance with the result of a special election held in said City and County on the 20th day of December, 1912, this being the fourth of a series of ordinances adopted by the Board of Supervisors, under and by virtue of which it is proposed to incur a bonded indebtedness of said City and County for the purposes herein stated.

Whereas, A special election was held in the City and County of San Francisco on the 20th day of December, 1912, in accordance with the provisions and requirements of Ordinance No. 2084 (New Series), calling and providing for such election, and Ordinance No. 2097 (New Series), giving notice thereof, reference to said ordinances for further particulars being here made, and

Whereas, It has been determined, by Resolution No. — (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purposes and in the amount stated in Proposition No. Two, submitted thereat;

Now, therefore, be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. That bonds of the City and County of San Francisco will be issued in accordance with the result of the special election held in said City and County on the 20th day of December, 1912, and the provisions of the Charter of said City and County and with Ordinances Nos. 2084 (New Series) and 2097 (New Series), as follows, to-wit:

That bonds will be issued as aforesaid to the amount of One Million Seven Hundred Thousand Dollars for the completion of the permanent municipal buildings known as and to be used as the County Jail and the San Francisco Hospital; that such bonds shall be of the form and character known as "serials"; shall be called

"Hospital-Jail Completion Bonds," shall be numbered from 1 to 1700, both numbers inclusive, shall be dated April 1, 1913, and shall be payable one hundred thousand dollars thereof three years from the date of said bonds, beginning with the lowest numbers, and one hundred thousand dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid. Said bonds shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first days of October and April of each year until the maturity thereof; shall be of the denomination of One Thousand Dollars each and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County in the city and State of New York.

Section 2. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor and attested by the clerk of the Board of Supervisors with the seal of said City and County. Said bonds shall be substantially in the following form:

United States of America,
State of California,
City and County of San Francisco.

Hospital-Jail Completion Bond.
No. —, \$1,000.00.

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of April, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually October 1 and April 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor; and has caused the interest coupons hereto attached to be signed by the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of April, 1913.

Treasurer.

Section 4. Any bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that the bond is registered in the name of the owner and that thereafter the interest and principal of the bond are payable to the registered owner. Thereafter and from time to time the bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of the bond to the Treasurer, and the bond be again registered as before a similar statement being stamped, printed or written thereon. Such registration shall be substantially in the following form:

Form of Registration.

San Francisco,19....

This bond is registered pursuant to Charter of the City and County of San Francisco, State of California, in the name of and the interest and principal thereof are hereafter payable to such owner.

Treasurer.

Section 5. For the purpose of providing for the payment of the principal and interest of said bonds, taxes shall be levied and collected as provided in Ordinance No. 2084 (New Series) and Ordinance No. 2097 (New Series) and in furtherance of the purposes herein expressed the following fund is hereby created, to-wit: Hospital-Jail Comple-

tion Bond Redemption and Interest Fund.

Section 6. The Board of Supervisors shall sell said bonds at such times and in such amounts as it may determine. The proceeds arising from the sale of the bonds shall be placed in the Treasury to the credit of the Hospital-Jail Completion Fund and shall be used exclusively for the purpose for which such bonds were issued.

Section 7. This Ordinance is the fourth of a series of ordinances adopted by the Board of Supervisors under and by virtue of which it is proposed to incur a bonded indebtedness of said City and County for the purpose herein stated.

Section 9. This Ordinance shall take effect immediately.

The following resolution was adopted:

City Attorney to Institute Condemnation Proceedings for the Acquisition of Certain Lands Required for the Opening and Extension of Lundy's Lane and Fair Avenue.

On motion of Supervisor Mauzy:

J. R. No. 555.

Whereas, the City Attorney was requested to solicit offers for the sale to the City and County of San Francisco of the certain parcels of land in Gift Map No. 3, hereinafter described, as per diagram and report of the City Engineer, to which reference is hereby made, and required as additional land for the opening and extending of Lundy's Lane and Fair avenue; and

Whereas, the offers received from the owners thereof to sell the said lands to the City and County of San Francisco are deemed unreasonable and in excess of the appraised valuation of said lands and of properties in this vicinity; therefore, be it

Resolved, That the City Attorney is hereby authorized and instructed to institute condemnation proceedings against the owners thereof for the acquisition of the following described lands by the City and County of San Francisco, to-wit:

Commencing at a point on the southeasterly line of Lundy's lane, distant thereon 28 feet southwesterly from the southwesterly boundary line of the City property recently purchased for the opening of Fair avenue; running thence at a right angle with said southeasterly line of Lundy's lane northwesterly 53 feet 6 inches; thence at a right angle northeasterly 28 feet to the southwesterly boundary of said City property; thence at a right an-

gle southeasterly along said southwesterly boundary line of said property of the City and County 53 feet 6 inches; thence at a right angle southwesterly 28 feet to the point of commencement.

Also, commencing at a point on the southeasterly line of Coleridge street, distant thereon 329 feet 8 inches southwesterly from the southwesterly line of Coso avenue; thence running southwesterly along said southeasterly line of Coleridge street 40 feet 4 inches; thence at a right angle southeasterly 122 feet 6 inches; thence at a right angle northeasterly 40 feet 4 inches; thence at a right angle northwesterly 122 feet 6 inches to said southeasterly line of Coleridge street and point of commencement; the said above lands being a portion of Gift Map No. 3.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolutions were introduced under suspension of the rules and adopted:

Adopting Locations and Authorizing Mayor to Apply to Secretary of Interior to Construct Reservoir and Aqueduct. Also Authorizing City Engineer and City Attorney in Regard Thereto.

On motion of Supervisor Vogelsang: Resolution No. 9900 (New Series), as follows:

Whereas, for the successful consummation of the policy of the City and County of San Francisco of developing and completing a municipal water supply, with the Hetch Hetchy Valley, Lake Eleanor and the waters of the Tuolumne River and its tributaries in Tuolumne County, California, as the source for obtaining said water supply, it is necessary that the hereinafter described reservoir site and dam site, and the hereinafter described canal tunnel, or aqueduct, be fully developed; therefore,

Resolved, That the hereinafter described locations be and the same hereby are adopted by the City and County of San Francisco as the definite locations respectively of the amended definite location of said reservoir and dam site, and as the amended definite location of the center line of a right of way one hundred (100) feet wide, fifty (50) feet on each side of said center line of the said City and County's canal tunnel, or aqueduct eight (8) feet in diameter. And the Mayor of this City and County is hereby authorized to apply to the United States Land Office, the Honorable Secretary of the Interior, and any other department of government on behalf of the City, for permission to construct and complete said reservoir and dam site and said canal tunnel, or aqueduct. Said applications are to be made under the Act of Congress of February 15, 1901, entitled, "An Act Relating to Rights of Way through certain parks, reservations, and other public lands. (31 Stats., p. 790), in order that the City may obtain the benefits of said Act."

The Mayor is further authorized and directed to make, on behalf of the City, any other applications under said Act of Congress or under any law before any department of government, which may be necessary for the successful completion of the above described municipal water supply for San Francisco.

The City Engineer is authorized and directed to prepare all the necessary surveys, maps and field notes for said applications, or for any other applications which it may be necessary to make under said Act of Congress, or under any law for the successful completion of the above described municipal water supply.

The City Attorney is authorized and directed to appear before the United States Land Office, the Secretary of the Interior, or any other departments of government, for and on behalf of the City in the matter of these applications, or any other proceedings which may be necessary for the successful completion of the above described municipal water supply.

Following is a description of the

Extension of Time, Construction Municipal Railway Cars.

Also, Resolution No. 9912 (New Series), as follows:

Resolved, That W. L. Holman Company is hereby granted an extension of fifty-two days' time from and after the 7th day of January, 1913, within which to complete its contract for the furnishing and delivering of forty-three cars for the Geary Street Municipal Railway.

This extension of time is granted upon the recommendation of the Board of Public Works and is granted with the express provision that this extension and its acceptance thereof by the

W. L. Holman Company, and the Pacific Coast Casualty Company, their surety, shall be deemed to be and shall be without prejudice to any right which the City and County of San Francisco may have or which may hereafter exist, to damages by reason of the failure of the W. L. Holman Company to complete the contract on or prior to January 7, 1913, or any other reason, and without prejudice to any right against the Pacific Coast Casualty Company, upon the bonds of said Company given as security for the faithful execution of said contract by the W. L. Holman Company, arising out of or by reason of said failure of the W. L. Holman Company to complete said contract within said time or by any other reason.

Referred.

The following resolution was introduced by Supervisor Hayden and ordered referred to Public Buildings Committee:

Relative to Appropriation Out of State Treasury for Construction of State Building at Panama-Pacific Exposition.

J. J. No. —

Whereas, it is believed that it would be impossible to take from the funds levied by the several counties for Exposition purposes, a sum sufficient to erect an adequate building wherein the State and Counties thereof may present to the world at the Panama-Pacific International Exposition in 1915 an exhibit that will be an honor to California; therefore, be it

Resolved, That this Board urges and favors an appropriation by the

State out of the funds of the State Treasury of sufficient money to construct and maintain a California Building at said Exposition; and be it

Salaries Fund.

Bill No. —, Ordinance No. — (New Series), as follows: Amending Section 1 of Ordinance No. 1650 (New Series), relating to Weights and Measures.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 1650 (New Series), is hereby amended to read as follows:

Section 1. The office of Sealer of Weights and Measures of the City and County of San Francisco is hereby created. The Mayor shall appoint the Sealer of Weights and Measures, who

shall receive an annual salary of twenty-four hundred (\$2,400) dollars. The said Sealer of Weights and Measures may appoint, subject to the approval of the Mayor and of the Board of Supervisors, one chief deputy at an annual salary of eighteen hundred (1,800) dollars, and such additional deputies at an annual salary of fifteen hundred (1,500) dollars each as the proper conduct of the office may require. The chief deputy and the other deputies shall perform such duties as may be required of them by the Sealer of Weights and Measures to enable him to carry out the provisions of this Ordinance.

The salaries and other expenses of the office shall be paid out of a special fund to be known as the "Weights and Measures Fund," which shall be provided in the Budget of each year and none of the provisions of this ordinance shall hereafter be operative until such fund is created.

Before the entering upon the discharge of his duties the Sealer of Weights and Measures shall give and execute to the City and County of San Francisco a bond in the sum of five thousand (5,000) dollars conditioned for the faithful performance of his duties under this ordinance with a duly authorized and licensed corporation as surety, such bond to be approved by the Mayor and the Auditor, and to be recorded and filed according to law. The chief deputy shall give a bond to the City and County in the sum of \$2,000 for the faithful performance of his duties. Each additional deputy shall furnish a bond in the sum of \$1,000.

Section 2. This ordinance shall take effect immediately.

Supervisor Hayden also introduced the following bill under suspension of the rules and moved the suspension of the rules for its immediate consideration:

Abolishment of Fee System.

Accepting Location of Canal Tunnel and Mayor Authorized to Apply to United States Land Office for Permission to Construct Same.

Resolution No. 9914 (New Series), as follows:

Whereas, For the successful consummation of the policy of the City and County of San Francisco of developing and completing a municipal water supply, with the Hetch Hetchy Valley, Lake Eleanor and the waters of the Tuolumne River and its tributaries in Tuolumne County, California, as the source for obtaining said water supply, it is necessary that the hereinafter described canal tunnel or aqueduct, be fully developed; therefore,

Resolved, That the hereinafter described location be and the same hereby is adopted by the City and County of San Francisco as the definite location of the center line of a right of way one hundred (100) feet wide, fifty (50) feet on each side of said center line of the said City and County's canal tunnel or aqueduct, ten feet in diameter. And the Mayor of this City and County is hereby authorized to apply to the United States Land Office, the Honorable Secretary of the Interior, and any other department of government on behalf of the City, for permission to construct and complete said canal tunnel, or aqueduct. Said application is to be made under the Act of Congress of February 15, 1901, entitled, "An Act Relating to Rights of Way through certain parks, reservations, and other public lands," (31 Stats., p. 790), in order that the City may obtain the benefits of said Act.

The Mayor is further authorized and directed to make, on behalf of the City, any other applications under said Act

of Congress or under any law before any department of government, which may be necessary for the successful completion of the above described municipal water supply for San Francisco.

The City Engineer is authorized and directed to prepare all the necessary surveys, maps, and field notes for said application or for any other applications which it may be necessary to make under said Act of Congress, or under any law for the successful completion of the above described municipal water supply.

The City Attorney is authorized and directed to appear before the United States Land Office, the Secretary of the Interior, or any other departments of government, for and on behalf of the City in the matter of this application, or any other proceedings which may be necessary for the successful completion of the above described municipal water supply.

Following is a description of the definite location of the canal tunnel, or aqueduct, above referred to.

The center line of a right of way one hundred feet wide fifty feet on each side of said center line of said City and County's canal tunnel, or aqueduct, ten feet in diameter, described as follows and located in Tuolumne County, California.

Beginning at a point, Station 1+00 of the Canal Tunnel Aqueduct survey, N. 20 deg. 15 min. 35 sec. E. 4338.79 feet distant from the witness corner, which is 594 feet West of the true corner common to Sections 16, 17, 20 and 21, T. 1 N. R. 20 E. M. D. B. and M., thence by true courses and distances 29,810 feet to the line between Sections 35 and 2, the terminal point within the Park boundary which is S. 89 deg. 36 min. E. 1833 feet distant from the Yosemite National Park Monument No. 44, which is S. 89 deg. 36 min. E. 63.36 feet from the locus of the true corner to Sections 34, 35, 2 and 3, T. 1 N. and 1 S., R. 19 E. M. D. B. and M.

Ayes—Supervisors Bancroft, Caglieri, A. J. Gallagher, G. E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murphy, Payot, Vogelsang—15.

Absent—Supervisors Hocks, Murdock, Nolan—3.

Action Deferred.

The following matter was taken up out of order and, on motion of Supervisor Caglieri, made a special order of business for 3:30 next Monday. Clerk directed to send copies to members.

Supplementary Moving Picture Ordinance.

Bill No. —, Ordinance No. — (New Series), as follows:

Supplementing to Ordinance No. 761

(New Series), regulating moving picture exhibitions and imposing a license tax on the business of selling, leasing, re-leasing and furnishing moving picture films for the purpose of public exhibitions, the terms of which provide that, in addition to the powers conferred upon the Advisory Committee authorized to be appointed by the provisions of Ordinance No. 761 (New Series), such committee shall have the right to inspect, and shall inspect any and all films of moving pictures to be used for exhibition purposes, and every person, firm or corporation as principal or agent, selling, leasing, re-leasing and furnishing such films shall give an exhibition to such committee of all such films before the same are sold, leased, re-leased or furnished for exhibition purposes, and it shall be unlawful to sell, lease, re-lease, furnish or use any such film until the same has been exhibited to said Advisory Committee and been approved by it as complying with the provisions of said Ordinance No. 761 (New Series).

For the purpose of enforcing the provisions of Ordinance No. 761 (New Series) and of this ordinance, every person, firm or corporation, as principal or agent, engaged in the business of selling, leasing, re-leasing or furnishing any moving picture film within the City and County of San Francisco, shall pay a license tax thereon of fifty cents for each such film approved for exhibition purposes as provided in Section 1. Such license shall be paid to the Tax Collector before any film shall be sold, leased, re-leased or used for public exhibition. Such license shall have attached to it a certificate signed by any member of the Advisory Committee aforesaid, present at such inspection, giving the numbers and titles of all films approved and upon which the license tax shall be paid. The payment of said sum of fifty cents for each film shall entitle the owner thereof to an unlimited use of the same or of duplicates thereof.

Any person, firm or corporation, as principal or agent, engaged in the aforesaid business, may deposit and maintain with the Tax Collector a sum sufficient to pay the license tax herein imposed during any calendar month and out of said sum so deposited the tax herein imposed shall be paid.

Any person, firm or corporation or agent of any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred (100) dollars nor more than five hun-

dred (500) dollars or by imprisonment in the County Jail for not less than thirty days nor more than six months or by both such fine and imprisonment.

This ordinance is supplemental to Ordinance No. 761 (New Series), and shall be construed in connection therewith.

Providing for Issuance and Redemption of Hospital and Jail Bonds, Issue of 1912.

Bill No. 2365, Ordinance No. 2133 (New Series), Providing for the issuance and redemption of bonds of the City and County of San Francisco, to the amount of One Million Seven Hundred Thousand Dollars for the completion of the permanent municipal buildings known as and to be used as the County Jail and San Francisco Hospital, in accordance with the result of a special election held in said City and County on the 20th day of December, 1912, this being the fourth of a series of ordinances adopted by the Board of

Supervisors, under and by virtue of which it is proposed to incur a bonded indebtedness of said City and County for the purposes herein stated.

Whereas, A special election was held in the City and County of San Francisco on the 20th day of December, 1912, in accordance with the provisions and requirements of Ordinance No. 2084 (New Series), calling and providing for such election, and Ordinance No. 2097 (New Series), giving notice thereof, reference to said ordinances for further particulars being here made, and

Whereas, It has been determined, by Resolution No. — (New Series), reference thereto for further particulars being here made, that at such special election more than two-thirds of the votes cast thereat were cast and counted as being in favor of and to authorize the incurring of a bonded indebtedness for the purposes and in the amount stated in Proposition No. Two, submitted thereat;

Now, therefore, be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. That bonds of the City and County of San Francisco will be issued in accordance with the result of the special election held in said City and County on the 20th day of December, 1912, and the provisions of the Charter of said City and County and with Ordinances Nos. 2084 (New Series) and 2097 (New Series), as follows, to-wit:

That bonds will be issued as aforesaid to the amount of One Million Seven Hundred Thousand Dollars for the completion of the permanent municipal buildings known as and to be used as the County Jail and the San Francisco Hospital; that such bonds shall be of the form and character known as "serials": shall be called "Hospital-Jail Completion Bonds," shall be numbered from 1 to 1700, both numbers inclusive, shall be dated April 1, 1913, and shall be payable one hundred thousand dollars thereof three years from the date of said bonds, beginning with the lowest numbers, and one hundred thousand dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid. Said bonds shall bear interest at the rate of four and one-half per centum per annum, payable semi-annually on the first days of October and April of each year until the maturity thereof; shall be of the denomination of One Thousand Dollars each and the principal and interest thereof shall be payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County in the city and State of New York.

Section 2. Said bonds shall be signed by the Mayor and by the Treasurer of the City and County of San Francisco, countersigned by the Auditor and attested by the clerk of the Board of Supervisors with the seal of said City and County. Said bonds shall be substantially in the following form:

United States of America,
State of California,
City and County of San Francisco.

Hospital-Jail Completion Bond.

No. ——— \$1,000.00.
For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of April, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually October 1 and April 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder at the fiscal agency of the City and County of San Francisco, in the City and State of New York.

This bond is issued under and pursuant to the constitution and statutes of the State of California and the Charter of said City and County of San Francisco and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made as required by the Constitution and statutes of said State and the Charter of said City and County for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual

payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor; and has caused the interest coupons hereto attached to be signed by the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of April, 1913.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR RE-PORTED UPON BY A COMMITTEE.

Referred.

The following Resolution was intro-duced by Supervisor Andrew J. Gal-lager and ordered referred to the *Public Building Committee*:

Building Committee to Establish Informa-tion Bureaus in Temporary City Hall and Hall of Justice.

J. R. No. —

Resolved, That the Building Commit-tee is requested to consider the estab-lishment of Information Bureaus in the Temporary City Hall and Hall of

Justice for the benefit and service of inquiring citizens.

No Permits or Inspection to be Required for Work Within Exposition Grounds Until Proper Ordinances Have Been Pre-pared.

The following resolution was intro-duced by Supervisor McCarthy and or-dered referred to the *Exposition Com-mittee*:

Resolution No. —

At an election of the qualified elec-tors of the City and County of San Francisco held on the 10th day of December, 1912, a proposal to amend Section I of Chapter II of Article II of the Charter of the City and County of San Francisco, by adding a new subdivision to Section I, to be num-bered 37, was approved by majority of the electors.

Whereas, In and by said Charter amendment the Board of Supervisors of the City and County of San Fran-cisco was authorized and directed to pass such ordinances as may be neces-sary, proper or expedient for the safe-ty, convenience and welfare of the pub-lic within that portion of the City and County of San Francisco which has been, or may be, selected as the site for the holding of the Panama-Pacific International Exposition.

Whereas, Said proposed Charter amendment has not yet been approved formally by the Legislature of the State of California and such approval is necessary before formal ordinances can be passed in pursuance of said Charter amendment.

Whereas, It is proposed in and by such ordinances to provide such rules and regulations as may be necessary governing the use and closing of streets, the erection, use, alteration, demolition and control of buildings and structures of every nature and de-scription: the installation, use and control of plumbing, water, gas, steam, sewerage and other pipes and instru-mentalities; the use and control of electric light, power and other wires, conduits, generating, transmitting and other apparatus; the erection and maintenance of steam boilers, steam, gas and other engines and apparatus; the maintenance and control of fire and police protection, and governing any and every other matter necessary, proper or expedient for the safety, convenience and welfare of the public within that portion of the City and County of San Francisco which has been or may be selected as the site for the holding of the Panama-Pacific International Exposition, as soon as may be after the approval of the Char-ter amendment by the Legislature of the State of California: and

Whereas, It is necessary, proper and convenient that the work of prepara-

tion of the said site so selected for the holding of the Panama-Pacific International Exposition, including all operations of the Panama-Pacific International Exposition Company in regard thereto, should proceed without delay, and under existing ordinances such work would necessarily be delayed;

Now therefore, be it Resolved, That no permits shall be required for the doing of any of the work required by the said Panama-Pacific International Exposition Company north of a line commencing at the intersection of the northerly line of Chestnut street with the westerly line of Van Ness avenue; running thence westerly to a point midway between the westerly line of Scott street and the easterly line of Devisadero street; running thence southerly to a point midway between the southerly line of Chestnut street and the northerly line of Lombard street; running thence westerly to a point 137 feet and 6 inches easterly from the easterly line of Baker street; running thence southerly to the northerly line of Lombard street; and thence westerly to the easterly boundary line of the Presidio of San Francisco, until provision is made therefor by ordinance to be passed in accordance with said Charter amendment; and

Be it further Resolved, That until such ordinances have been passed, no inspection shall be required of the work being done in that portion of the City and County of San Francisco lying north of said line by or under the direction of the Panama-Pacific International Exposition Company.

Adopted.

The following matters were introduced under suspension of the rules and adopted:

SPECIAL ORDER OF BUSINESS, 3:30 P. M.

MOVING PICTURE ORDINANCE.

Bill No. —, supplementary to Ordinance No. 761 (New Series), regulating moving picture exhibitions and imposing a license tax on the business of selling, leasing, re-leasing and furnishing moving picture films for the purpose of public exhibitions, the terms of which provide that, in addition to the powers conferred upon the Advisory Committee authorized to be appointed by the provision of Ordinance No. 761 (New Series), such committee shall have the right to inspect, and shall inspect any and all films of moving pictures to be used for exhibition purposes, and every person, firm or corporation as principal or agent, selling, leasing, re-leasing and furnishing such films shall give an exhibition to such committee of all films before the same are sold, leased, re-leased or furnished for exhibition purposes, and it shall be unlawful to sell, lease, re-lease, furnish or use any such film until the same has been exhibited to said Advisory Committee and been approved by it as complying with the provisions of said Ordinance No. 761 (New Series).

For the purpose of enforcing the provisions of Ordinance No. 761 (New Series) and of this ordinance, every person, firm or corporation, as principal or agent, engaged in the business of selling, leasing, re-leasing or furnishing of any moving picture film within the City and County of San Francisco, shall pay a license tax thereon of fifty cents for each such film approved for exhibition purposes as provided in Section 1. Such license shall be paid to the Tax Collector before any film shall be sold, leased, re-leased or used for public exhibition.

Such license shall have attached to it a certificate signed by any member of the Advisory Committee aforesaid, present at such inspection, giving the numbers and titles of all films approved and upon which the license tax shall be paid. The payment of said sum of fifty cents for each film shall entitle the owner thereof to an unlimited use of the same or of duplicates thereof.

Any person, firm or corporation, as principal or agent, engaged in the aforesaid business, may deposit and maintain with the Tax Collector a sum sufficient to pay the license tax herein imposed during any calendar month and out of said sum so deposited the tax herein imposed shall be paid.

Any person, firm or corporation or agent of any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred (100) dollars nor more than five hundred (500) dollars or by imprisonment in the County Jail for not less than thirty days nor more than six months or by both such fine and imprisonment.

This ordinance is supplemental to Ordinance No. 761 (New Series), and shall be construed in connection therewith.

Privilege of the Floor.

M. Samuels, attorney representing the film manufacturers, was granted the privilege of the floor and addressed the Board. He declared that the proposed ordinance was unconstitutional and that new release films are no more subject to censorship at the hands of the city officials than are the editorials of a newspaper before they have been published. He declared that only after pictures have been publicly displayed has the city the right to censor them or to say whether they shall or shall not be shown. He also stated that the ordinance gives the Board of Censorship absolute control over the stock in trade of the film exchanges and that there is no appeal from their decision. He read portions of veto message of Mayor Gaynor of New York City on a similar ordinance in support of his argument as to its being unconstitutional.

H. C. Schautzer, attorney, also addressed the Board in opposition to proposed ordinance. He declared that film manufacturers are now paying for censorship of pictures for the purpose of preventing just such objectionable legislation. He stated that there was no such ordinance in Los Angeles or any other city in the United States.

E. M. Hecht, representing the Board of Censorship, also addressed the Board, favoring the passage of the ordinance. He declared that out of

1,400 films investigated approximately 30 had proved objectionable. He mentioned the "Vampire Dancer" and the "Apache Dance" as being decidedly bad. He declared that one of the pictures condemned by the Board of Censorship at a certain theater had recently been exhibited at another.

Miss M. A. Miller, member of the Board of Censorship, also addressed the Board, favoring the passage of the ordinance.

Jos. F. Webster also addressed the Board and declared that the morals of the children should be protected if it took twenty members on the Board of Censorship to inspect the films, but that the city should pay the cost of censorship. He believed that the moving picture business should be licensed like any other business, but did not believe that film companies should pay for an inspection of their films based on a presumption that said companies were violating the law.

A. Ceroni stated that he was employed by Miles Bros., film exchange, and that said company releases about 120 regular and 180 old stock films weekly, 300 in all which have to be inspected.

J. O'Brien, Assistant City Attorney, also addressed the Board favoring the passage of the proposed ordinance. He declared that a license for revenue was a license for regulation and that the police power conferred on the city and county of San Francisco by Section 11, Article 11 of the Constitution of the State gave to San Francisco the very power that it is now sought to put in operation by the proposed ordinance.

Referred.

Whereupon, on motion of Supervisor Hayden, the above ordinance was ordered referred to the *Joint Committee on Police and Judiciary*.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

Mayor to Sell "Rich Building" on Civic Center Site.

On motion of Supervisor Bancroft:

J. R. No. 582.

Resolved, That his Honor the Mayor is hereby authorized and requested to sell the certain building known as the "Rich building," and also the building in the rear thereof, which are located on lands belonging to the City and County in the Civic Center, the said land being situate at the intersection of the easterly line of Van Ness avenue with the southerly line of Ash street, of dimensions 90 feet frontage

on Van Ness avenue by a uniform depth of 109 feet on Ash street. Being a part of Western Addition Block No. 66.

It is further provided that the sale of said buildings be in compliance with the specifications prepared by the Bureau of Architects of the Board of Public Works, and that a bond shall be conditioned and exacted in the sum of \$1000 for the faithful performance of the said specifications and agreements by the successful bidder.

The following resolution was intro-
duced by Supervisor Geo. E. Gallagher
and referred to the *Public Utilities*
Committee:

**Extension of Municipal Railway on Par-
ker Avenue and California Street.**

Resolution No. — (New Series),
as follows:

Whereas. The franchise granted by
Order No. 1883, approved December 1,
1886, to Gustave Sutro, his associates
and assigns, to construct, lay down,
maintain and operate for the term of
twenty-five years from and after the
passage of said order, a single or dou-
ble track railroad with all the neces-
sary and convenient switches, turn-outs
and stations upon and along certain
streets therein named, having expired
on the first day of December, 1911;

Resolved, That the Board of Public
Works be, and it is hereby authorized
and instructed to prepare plans and
estimates of cost for the extension of
the Municipal Railway from Parker
avenue and Geary street; thence north-
erly along Parker avenue to a junction
with the tracks of the United Railroads
at Parker and Euclid avenues; thence
northerly along Parker avenue to Cali-
fornia street; thence westerly on and
along California street to or near Lin-
coln Park, formerly the City Cemetery,
it being hereby declared to be the in-
tention of this Board to proceed with
this extension and maintain and oper-
ate the same as a part of the Municipal
Railway.

Adopted.

The following resolutions were in-
troduced under suspension of rules and
adopted:

Extension of Time.

Resolution No. 9949 (New Series),
as follows:

Resolved, That G. W. McGinn & Co.
are hereby granted an extension of
sixty days' time from and after Jan-
uary 17, 1913, within which to com-
plete contract for the work of curbing
and paving the roadway of Howard
street from Fourth to Eighth streets.

under public contract.

This extension of time is granted,
upon recommendation of the Board of
Public Works, for the reason that the
contractor was unable to procure the
necessary curbing, and also failure of
public service corporations to remove
structures in the street.

City Attorney to Commence Condemnation Proceedings for the Acquisition of Certain Lands Required for Relief Home.

Resolution No. 9950 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco, that public interest and necessity and use require the acquisition by the City and County of San Francisco of the following described lands and any and all interests therein and rights and claims thereto, to-wit: All of the parcels, lots, tracts or pieces of real property that are included within the exterior boundaries of the following described tract of land:

Commencing at a point formed by the intersection of the southerly line of the property of the City and County of San Francisco, known as the Relief Home or Alms House Tract with the northeasterly line of the road known as the Alms House road (and sometimes known as the Laguna Honda road and Corbett road), and running thence easterly along said southerly line of the Relief Home or Alms House Tract to the easterly boundary line of said tract; thence at an angle northerly along the said easterly boundary line of said Relief Home or Alms House Tract to the northerly boundary line of said tract; thence at a right angle easterly to the westerly boundary line of the tract of land formerly owned by J. H. Collamore; thence at an angle northerly along said westerly boundary line of the lands formerly owned by J. H. Collamore and the extension of said line northerly to the southerly boundary line of the property of the City and County of San Francisco whereon is located the Twin Peaks reservoir; thence at an angle easterly along said southerly boundary line of said property of the City and County of San Francisco to the point where the westerly boundary line of the lands of Wells Fargo & Co. (formerly owned by Mary Jane Parsons) intersects; thence southerly along said westerly boundary line of the lands of Wells Fargo & Co. to the southerly line of Twenty-fourth street if extended westerly; thence at an angle westerly along said southerly line of Twenty-fourth street extended to the westerly boundary line of the lands of Mary L. Craig; thence southerly along the said westerly boundary line of the lands of said Mary L. Craig to the northerly boundary line of the Stanford Heights Tract; thence at an angle westerly

along said northerly boundary line of the Stanford Heights Tract to the westerly boundary line of said tract; thence at an angle southerly along the said westerly boundary line of said Stanford Heights Tract to the northerly line of the said Alms House road, and thence westerly and northwesterly along said line of said Alms House Road to the point of commencement. Being a portion of Rancho San Miguel.

That all of the lands, interests, rights and claims above described are suitable, adaptable and necessary for a public use, to-wit: For additional lands for the Relief Home for the Aged and Infirm (formerly the Alms House) of the City and County of San Francisco and for the uses of and as a site for additional permanent structures, buildings and improvements for said Relief Home for the Aged and Infirm.

The City Attorney is hereby instructed to commence proceedings in eminent domain against the owners of said parcels, lots, tracts and pieces of land and any and all interests in and rights and claims thereto for the condemnation thereof for the use of the City and County of San Francisco as aforesaid.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hooks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

REPORTS OF COMMITTEES.

Lands and Tunnels Committee, by Supervisor Mauzy, Chairman.

Health Committee, by Supervisor George E. Gallagher, Chairman.

Public Welfare Committee, by Supervisor Payot, Chairman.

Public Health Committee, by Supervisor Caglieri, Chairman.

Report of Public Utilities Committee.

The following report was presented and read by the Clerk:

San Francisco, January 27, 1913.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Public Utilities Committee met on Friday, January 24, 1913. Present: Supervisors Vogelsang, Bancroft, Mauzy and Murphy. Supervisor Geo. E. Gallagher absent.

The question of extensions of water mains, according to Plan 1 of the City Engineer, was considered by your committee.

Mr. S. P. Eastman, manager, and Mr. Elliott, engineer of the Spring Valley Water Company, were present.

It was stated by Mr. Eastman and Mr. Elliott that in the event of such extensions being constructed the present developed water supply would not suffice the City's need for a period of more than one year, and that it would be necessary to construct necessary and expensive works in the water producing areas of the company in order that a larger quantity might be delivered into the City. Mr. Eastman also stated that by correspondence with pipe manufacturers he was advised that deliveries of forty miles of pipe of size required could not be delivered in San Francisco earlier than one and one-half years if ordered now.

No agreement was reached as to the manner of compensating the company for water served through pipes of municipal construction. The question is difficult of solution and may be considered at the time of fixing water rates should the Board determine to order the construction of additional mains notwithstanding the strong likelihood of water shortage after such construction.

Your Committee recommends for passage a resolution directing the Board of Public Works to call for bids for advertising privilege in the Municipal Railway cars. This privilege should bring a handsome income to the City, and with proper restrictions as to the character of advertising, there can be no objection to making the concession.

The Committee also recommends for adoption a resolution directing the Auditor to pass the January and February bills of Bion J. Arnold. Mr. Arnold is completing his work and there are two important matters still to be cleared up—maps are being made for rerouting existing lines, and financial statement of the United Railroads. The report is complete, except for these two subjects, and in the hands of the printer. Mr. Arnold will conclude his investigation and make final report at the earliest possible moment.

Representatives of the various Public Service Companies furnishing light, heat and power in this City were present and also Mr. Thomas E. Haven, Deputy City Attorney.

The matter of drafting the proper legislation to enable extensions of service to be made under the limitations of the Constitutional Amendment of 1911 was discussed by all parties interested. It was finally determined that a committee composed of City Attorney Thomas E. Haven, Ordinance

Clerk H. A. Mason and Supervisor Vogelsang be appointed and directed to prepare and submit to the Joint Streets and Public Utilities Committee a draft of an ordinance to accomplish this result, having due regard for said amendment to the Constitution, the Los Angeles ordinance and the opinions of the Supreme and Appellate Courts upon the question.

Respectfully submitted,

ALEXANDER T. VOGELSANG,
PAUL BANCROFT,
GEO. E. GALLAGHER,
BYRON MAUZY,
D. C. MURPHY,

Public Utilities Committee.

Motion.

Supervisor Andrew J. Gallagher moved that the Public Utilities Committee be directed to provide the necessary legal machinery for commencing the installation of pipes for water service in districts now inadequately supplied.

Amendment.

Supervisor Vogelsang moved as an amendment that the question of extensions of water service into outlying districts be referred to the Joint Committee on Public Utilities and Water Rates.

Amendment carried by the following vote:

Ayes—Supervisors Bancroft, Cagliari, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McFarlan, Murdock, Murphy, Payot, Vogelsang—16.

Noes—Supervisors A. J. Gallagher, Nolan—2.

Retaining Services of Bion J. Arnold, Traffic Expert.

The following resolution was introduced under suspension of the rules by Supervisor Vogelsang and adopted by the following vote:

Resolution No. 9951 (New Series): Whereas, by Resolution No. 8725 (New Series), adopted by this Board on October 23, 1911, Bion J. Arnold was engaged to make certain investigations of transportation problems in the City and County of San Francisco.

Whereas, by Resolution No. 9782 the term of Mr. Arnold's employment was to have expired on or before December 31, 1912.

Whereas, it has been impossible to completely assemble all the data acquired, and there being two important subjects in the compilation, which work will be finished in the month of February; be it

Resolved, That said Bion J. Arnold be and is hereby retained, engaged and employed to complete his said investigations and file with this Board his final report, upon the same terms and for the same compensation

as in said Resolution No. 8725 set forth and established, excepting therefrom his retaining fee.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Absent—Supervisor McLeran—1.

Resolved, That the United Railroads of San Francisco is hereby granted permission, revocable at will of the Board of Supervisors, to install a single curve track from the existing single track of the United Railroads of San Francisco, situate on Presidio avenue and California street, connecting with the tracks of the company in California street at Presidio avenue.

The said curve track to be used for the sole purpose of conveying empty cars from the terminus of Jackson street line at Presidio avenue and California street to and from the car barn at Clement street and Thirty-third avenue, over the following route:

From Presidio avenue and California street along California street to Parker avenue; thence along Parker avenue to Euclid avenue; thence along Euclid avenue to First avenue; thence along First avenue to Clement street; thence along Clement street to Thirty-third avenue, to the car barn of the company.

Provided the said track shall be laid to the satisfaction and under the supervision of the Board of Public Works, in strict accordance with the provisions of Ordinance No. 2109 (New Series), entitled, "Regulating the making and refilling of excavations in public streets, alleys, sidewalks and other public places", and repealing Ordinance No. 658 (New Series), approved December 17, 1912.

The United Railroads of San Francisco is required to file in the office of the Board of Supervisors, an acceptance in writing of the provisions of this resolution.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of this privilege.

REPORT OF SPECIAL ADVISORY COMMITTEE UPON THE ACQUISITION OF THE SPRING VALLEY WATER SYSTEM.

The following report was presented by his Honor the Mayor and ordered spread at length in the Journal:

Regarding Negotiations for Purchase of Properties of Spring Valley Water Company.

San Francisco, Cal.,

January 27, 1913.

To the Honorable Board of Supervisors, San Francisco.

Gentlemen: The City Advisory Water Committee, appointed by you, by Journal Resolution No. 59, adopted February 5th, 1912, to conduct negotiations for the purchase of the properties of Spring Valley Water Company, now reports and recommends, as follows:

Your Committee opened negotiations with Spring Valley Water Company and held several conferences with the Committee appointed by the Company, consisting of Messrs. A. H. Payson, Frank B. Anderson, Edward J. McCutchen and S. P. Eastman.

After several conferences, all held in the Mayor's office, we submitted a proposal in writing, by letter dated August 9, 1912, a copy of which letter is annexed hereto, and marked "Exhibit A". By this proposal, we offered, on behalf of the City, the sum of thirty-eight million five hundred thousand dollars for the entire properties of Spring Valley Water Company, and offered to permit the Company to retain all the money impounded during the pending water rates litigation between the City and

the Water Company. This offer was rejected by Spring Valley Water Company, in a communication dated September 14, 1912, a copy of which is marked "Exhibit B", and annexed hereto. In this communication, the Company offered to sell for \$38,500,000 all of its properties except;

- a. About 2350 acres of the Lake Merced Tract, and six blocks adjacent thereto.
- b. All money and personal property owned by the Company.

As a condition of this offer, the Company insisted that it be permitted to take judgment in all water rate litigation with the City, and to retain all the impounded money. This offer, made by the Company, was limited to expire October 20, 1912, unless, before that date, the Supervisors should have taken the initial proceedings to submit to the voters the proposition to buy the properties on the terms stated in the offer, in which case the offer was continued in force until January 1st, 1913; and the further condition was added that, if the offer should be accepted through the necessary votes of the people, the purchase must be consummated by March 1st, 1913.

In reply to this proposal from the Company, the Mayor, acting for the Committee, sent to Spring Valley Water Company a letter, dated October 19, 1912 (a copy of which, marked "Exhibit C", is annexed hereto), rejecting the Company's offer, made in its letter of September 14, 1912, and expressing the hope that, after further consideration, the Company would see its way clear to accept the offer submitted by the City, in your Committee's communication of August 9, 1912.

In reply to your Committee's communication of October 19, 1912, Spring Valley Water Company, under date of November 13, 1912, addressed to your Advisory Committee a communication, of which a copy, marked "Exhibit D", is annexed hereto. In this communication the Company, after some argument, repeated the reply contained in its letter of September 14, 1912, declining the offer contained in your Committee's letter of August 9, 1912.

On December 19, 1912, December 21, 1912, January 11, 1913, January 20, 1913, and January 22, 1913, conferences were held at the Mayor's office, between your Advisory Water Committee and the committee representing the Spring Valley Water Company. On the last mentioned date, your Committee offered, subject to the approval of your Honorable Board and confirmation by the necessary two-thirds of the electors, at a special elec-

tion to be held for that purpose, to pay to the Company \$37,000,000 for all the Company's properties, except:

- a. 1850 acres of the Lake Merced Tract.
- b. 971 acres surrounding and including the Searsville Lake, in Portola Valley, San Mateo County.
- c. The lot of land, commonly known as the "Reservoir site", at the junction of Market street and Duboce avenue, San Francisco.

We further offered, in consideration of the acceptance of this offer by the Company, to permit the Company to retain one-half of the money impounded pending the water rates litigation, the other one-half to be returned to the rate-payers.

In reply to this offer of your Advisory Committee, the Committee representing Spring Valley Water Company, replied, in substance, that the offer of the City left the Committee no course except to decline the offer, and go back to the Directors, report, and ask to be discharged from any further consideration of the negotiations. Spring Valley Water Company's Committee had previously indicated that, if the City would pay \$37,500,000, and permit the Company to retain 1850 acres of land in the Lake Merced Tract, the 971 acres of the Searsville Lake lands, and the reservoir site at Market street and Duboce avenue, they would recommend to the Board of Directors of their Company, the acceptance of such an offer. This proposal did not provide for any disposition of the impounded money, and the Company's Committee stated that they were not authorized to consent to a return to the rate-payers of any portion of that money.

Your Advisory Committee recommends that the proposal made orally by your Committee to the Company's Committee, on January 22, 1913, be made in writing to the Company, by the Board of Supervisors, by appropriate resolution, and subject to the provisions of the Charter, so that the record may show clearly and definitely the terms offered by the City to the Company, and so that you may draw from the Company a reply in writing, either accepting or rejecting the offer.

The formal submission to the Company, by your Honorable Board, of the offer made by your Committee, on January 22, 1913, will be, of course, submitted to the people, and subject to confirmation by the necessary two-thirds of the electors, in the event that the Company accepts the offer.

Yours respectfully,

JAMES ROLPH, JR.,

Mayor,

For the City Advisory Water Committee.

Offer to Purchase Spring Valley Water Company's Plant and Reply of Spring Valley Water Company.

Exhibit "A".

Relative to Purchase of Property of Spring Valley Water Company.

San Francisco, Cal.,

September 16, 1912.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen: I beg to hand you herewith a copy of a communication addressed and sent to the Spring Valley Water Company, under date of August 9th, 1912, "regarding the purchase of the works by the City", and I now also beg to hand you herewith a copy of their reply to the said communication, under date of September 14th, 1912.

I respectfully suggest that both documents be referred to the Public Utilities Committee of your Honorable Board, and, after their consideration of the question, that they invite the Board to meet as a committee of the whole, for a discussion of this important problem.

Very respectfully yours,

(Signed) JAMES ROLPH, JR.,
Mayor of the City and County of San Francisco.

Offer to Recommend the Purchase of Works by the City.

San Francisco, California,

August 9th, 1912.

Spring Valley Water Company, 375 Sutter Street, San Francisco, California.

Gentlemen: The undersigned, the Mayor and members of the Board of Supervisors of the City and County of San Francisco, the City Attorney and members of the Special Committee on Water Supply, unite in urging your Company to co-operate in a friendly settlement of a long-standing controversy without further litigation or delay by selling to the city all of the water works property owned by your Company for the price named below, which price is based on your offer of two years ago, and upon Judge Farrington's findings in the Rate Cases, with additions which we have arrived at from reasons stated below and as a matter of business judgment.

Several parts of our city are suffering from a scant supply of water from your Company for fire protection; there is complaint of defective domestic supply in certain elevated sections; the natural development of certain important districts is held back because of your lack of extension of water pipes, and well-founded be-

lief exists that the combination of all your sources now in use, with the present transbay conduit would fail to yield the necessary quantity should the next two or three years be of small rainfall. Our great Exposition is almost at hand and the most rapid growth that our city has known is quickly coming, and it is of paramount importance that our City should own and be in responsible control of the works that supply its homes, its commerce and its manufactories with water.

By letter of November 29, 1909, your Company offered its water works property until January 20, 1910, for\$35,000,000

This offer failed of acceptance by the citizens by an extremely narrow margin in the two-thirds vote required under our Charter, and for reasons so well understood that they need not be repeated here, and which are matters of the past.

If we add to this the value based on the purchase price of your real estate purchases reported by chartered accountants during 1910 and 1911, the sum of 2,219,477

we have a total of.....\$37,219,477

The offer of \$35,000,000 made in November, 1909, must have included as a factor the value of "going concern".

Since that time you have purchased some additional property and have made some extensions of mains, these capital expenditures amounting, we understand, to about \$146,196.00, and there has been some increase in value of your large holding of Lake Merced lands, if these could be considered as for subdivision and sale as building lots. But, on the other hand, the physical part of your plant has been depreciating and we note that in your printed annual report to stockholders, depreciation is allowed for at the rate of \$260,000.00 for the year 1910, also \$260,000.00 for the year 1911.

If we add to the above valuation of \$37,219,477, for the purpose of making due allowance for all factors of valuation and of all net increase in

value since November 9, 1909, considered on a basis which we believe most favorable to your Company 1,280,523

we have a figure of.....\$38,500,009

It may be noted also that this sum happens to be just ten per cent more than the price at which you offered to sell up to January 20, 1910.

To approach this in another way, eliminating from consideration your offer of \$35,000,000.

The decision of Judge Farrington, reported October, 1911, in the water rate cases for the years 1903, 1904, 1905, after allowing for physical depreciation and after weighing much evidence upon the value of component parts of your water system, found a value for that portion of the plant in use in 1903 for supplying this city, of\$25,771,984

This value for rate-fixing purposes did not include the value of certain properties then and now held in reserve for future use, nor did it include "going concern" value. He found values for the property not in use aggregating\$5,101,132

This included the Clear Lake property valued at 243,351

which, as we understand it, you do not now own, leaving a net value for property then unused 4,857,781

Making a total value of property used and unused, as of the year 1903 30,629,765

If we add to this, expenditures for real estate, purchases and permanent improvements, from January 1, 1904, to January, 1910, as shown by reports of the Spring Valley on file with the City..... 2,546,932

And the amount paid for real estate purchases during 1910 and 1911..... 2,219,477

we have a total of.....\$35,396,174

but a large part of the above \$2,546,932 must have been offset by physical depreciation, possibly one-third or one-half. Some parts were damaged by the earthquake, as, for example, the Pilarcitos pipe line, valued at about \$300,000, of which perhaps \$75,000 value was reclaimed, and the ordinary physical depreciation for which each of your two latest annual statements have allowed \$260,000 per year, has been going on for two and a half years.

If we add for going concern value and for whatever permissible increase in value of real estate that may have been over and above the obsolescence and depreciation in value of physical plant from 1904 to this date, the sum of 3,103,826

the total value today as thus found is.....\$38,500,000

The population and your revenue from rates has increased since January 20, 1910, but the plant has become so loaded that we believe no sufficient reserve capacity in the pipes, pumps and reservoirs remains for emergencies. We believe that for some time past the actual conditions have demanded the construction of the proposed Calaveras Reservoir, a new trans-bay conduit and a very large extension of the distribution system.

In considering the value to the city of your works as a whole, a matter of much importance is the fact that new and more complete investigations of the Spring Valley's undeveloped sources have shown, as we believe, that their capacity for a reasonable dependable extension of the supply is much smaller than had previously been supposed by city officials and citizens, as well as your own officers and stockholders, so much so that we believe work on a large supply from the mountains must be begun very soon.

Although the value of certain of your lands, if viewed as for subdivision and sale as building lots, has probably increased since January 20, 1910, the matter of their value as a part of the water supply involves other considerations, such as that of their not being available for sale be-

cause long impressed with a public use, and consideration must be given to the principle that such property must be valued as a whole for water supply purposes and not as an aggregate of the values of parts. While it may be true that where private property is sought to be condemned for a public purpose, the highest use to which the property may be devoted is to be considered, yet, where a property is once devoted to a public use and it is sought simply to continue that use, the rule applied to condemnation of private property ought not to obtain. There are many difficult legal questions, the discussion of which might greatly prolong a technically precise determination of some of the elements to be considered in finding the value of the whole, and meanwhile, the interests of our city would suffer.

While it is a simple matter to agree on values of the pipes, pumps, dams, and structures, and is not difficult to approximately determine the value of real estate to be used as city lots, or for agriculture, there is room for wide and endless difference of opinion on values of water rights, particularly those not yet in use and not tested by use as to capacity; and there is also room for much doubt about the rule to be followed in the enhancement of real estate value, by its adaptation and use for water works purposes.

For the reasons stated above, and because promptness in large extensions of city mains and in providing a large additional supply and the ending of controversy are each elements of great value to the city, we have sought to reach a fair price by starting with the Farrington findings on values as a basis, also independently with your offer of two years ago as a basis, and adding a sum dictated by business judgment, rather than to incur delays of appraisals, arbitrations and the courts. The sum of \$1,280,523 is, therefore, added to the price at which you offered to sell about two years ago, plus the cost of your acquisitions to December 8, 1911, and the sum of \$3,103,826 is added to the valuation of Judge Farrington of the property used and unused as of 1903, plus cost of acquisition from 1903 to 1911, inclusive, making the round sum of \$38,500,000 for the purchase of all of the Spring Valley Water Company's physical properties, as before, with all additions used or capable of use for water supply purposes. This offer is made with the further understanding that all pending litigation between the City and your Company shall be dismissed and the impounded rate funds released by the City; such set-

tlement and release to be made, however, solely as a part of this compromise offer and without prejudice to the right of the City to further litigate the question of the disposition of such impounded funds in the event that this offer is not accepted.

The undersigned pledge themselves, individually and collectively, to recommend earnestly to the citizens to vote for the purchase at this price, which we believe is not only fair but liberal to your Company and is reasonable and proper for the City to pay for the property and for the advantages incident to obtaining control in the immediate future in order to stop controversy.

We find from your report to the stockholders of December 31, 1911, as confirming our views of the liberality of this offer, that it covers liberal additions to the careful appraisal of the several parts of the property made a few years ago by our then City Engineer, Mr. Grunsky, and he today expresses the belief that this is a fair offer; we also find that after paying par for each four per cent bond of your company (now quoted at \$93.50), that our offer, if accepted, would make available for distribution to each of your stockholders about \$71.53 for each share of stock, on which the market quotation since the fire (or since the two for one stock issue of September, 1903) has never been greater than \$65.00, and which is now about \$61.00, this giving to each bondholder a substantial increase over the market value of the best 4 per cent public service company bonds and 7 per cent above the present market value of your bonds, and giving to each stockholder an increase of about \$10.53 per share, or about 17 per cent above the present market value of his stock.

Should the price of \$38,500,000 prove acceptable to your Company and to the voters, a long time must necessarily elapse before the titles could be passed and the new administration provided for. We deem it important that the work of increasing the supply and of extending the mains should progress rapidly meanwhile. This can be accomplished by means of the resources at your command.

Upon your favorable consideration of the above, we propose to further request your company to immediately carry forward the work of constructing the Calaveras dam and reservoir, already begun by you, and to also, with all speed consistent with economy, construct the line of steel pipe 6½ feet net diameter with its connecting tunnels from the valley of the Calaveras Creek to your Crystal Springs reservoir, which forms a part

of the Freeman plan for the future bringing in the water of the Tuolumne River, and would in the meantime also bring in the additional supply now required. This new work to be in accord with the city's plans and specifications and its actual cost to you plus 10 per cent, to be added to the price named above.

Upon similar terms we would also ask that the extension of distribution pipes be immediately carried forward in various districts to be specified.

We have proposed above what we believe a liberal basis of adjustment and we appeal to your shareholders and officers that controversies in water matters may cease, and that mutual confidence and co-operation in the up-building of our city may prevail.

Respectfully submitted,

JAMES ROLPH, JR.,
Mayor.

Honorable James Rolph, Jr., Mayor;
Percy V. Long, City Attorney;
Thomas Jennings, Chairman Finance Committee; Alexander T. Vogelsang, Chairman Public Utilities Committee, and Curtis H. Lindley, Esq., comprising the City Advisory Water Committee, and the Members of the Board of Supervisors of the City and County of San Francisco—

Regarding the Purchase of Works by the City.

Gentlemen:

At the meeting of the Board of Directors of the Spring Valley Water Company, held on the 15th day of August, 1912, your communication dated August 9th, 1912, was referred to a special committee, theretofore appointed to represent the company in

the pending negotiations with the city for the purchase of the company's works. The committee was not able to make its report to the board until the 12th day of the present month, on which date a special meeting was held for the purpose of receiving it, and to act upon the offer contained in your letter of August 9th. The board of directors, at that meeting, unanimously resolved that it could not, in justice to its stockholders, accept the offer made by you, and, by formal resolution, under authority with which it has been invested by the stockholders by resolution passed at the annual meeting in April of this year, authorizes the offer which follows, namely:

To sell to the City and County of San Francisco all of the property of the Spring Valley Water Company except (1) Blocks 1221-2 and 3, 1285-6 and 7, Outside Lands, all properties bounded by or fronting upon Sloat Boulevard, or Junipero Sierra Boulevard, and all the Lake Merced Ranch, other than the two Merced lakes and a strip of land around them, the lakes and such strip containing an area of about five hundred and fifty acres (the strip around the lakes will be ample for park purposes and to prevent pollution of the water); (2) all money and other personal property owned by the company—for the price named in your offer, to wit, thirty-eight and one-half million dollars.

In making this offer, the directors share with you the wish that controversies in water matters may cease, and that mutual confidence and co-operation in the upbuilding of our city may prevail.

When the subject of purchase was first breached by the present city administration, the company informed the Advisory Committee, acting on behalf of the city, that J. G. White & Company had been employed by the company to make a detailed inventory and appraisal of all the company's properties, and that, when their report was completed, the company would be better able to fix a price at which it would be willing to sell. While negotiations have been proceeding between the city and the company, J. G. White & Company have pursued their investigations and have proceeded so far as to make a partial report of the value of the company's holdings; and while their work has not been entirely completed, it has proceeded so far as to enable them to advise us that the value of the properties exceeds sixty million dollars. This report deals with all of the elements of the company's property, and is the most exhaustive and detailed that has ever been made.

It has always seemed important to

us that a careful inventory and appraisal of the properties should be made, in order that the city on the one hand, and the company on the other, might have some substantial basis for negotiations looking to the acquisition of the property by the city. It is not disclosed by your communication that any valuation has been made by anyone in the city's behalf. In the early history of our negotiations, we were informed by the chairman of your Advisory Committee that they were tentatively considering a plan to appoint a board, consisting of three engineers, of whom John R. Freeman should be one, the others to be selected by him, subject to the approval of the Board of Supervisors; and that this board of engineers be entrusted with the duty of determining and reporting to the Board of Supervisors the value of the properties of the company. This suggestion met with our unqualified approval. We thought then, and still think, that the opinion of a board, thus constituted, would command respect, and have very great educational value. At a later date we were informed that those representing the city had determined not to have an appraisal made in the manner theretofore suggested, but that they were considering, tentatively, a new plan by which a joint effort be made to reach an agreement on value, and that, to accomplish this purpose, Mr. Freeman be appointed by the city to act for it, and that an engineer to act with him be appointed by the company to represent it; that these two engineers should agree upon values of all the elements of the company's properties upon which they might be able to agree; that a list of properties as to which they could not reach an agreement be made; and that a third engineer be selected by the two, to act with them, and a majority of the three thus appointed should fix the values of any of the properties upon which the first two might not have been able to agree. This suggestion also met with the hearty approval of the company, and it was considering the selection of an engineer to act with Mr. Freeman when it received word from the chairman of the Advisory Committee that the committee had concluded not to recommend this plan, and, because of that notification, nothing further was done in that direction.

We consider it a matter of very great regret that one of these plans was not pursued. Although a valuation arrived at as a result of either of them would not have been binding upon either of the parties, it would have commanded respect, and would probably have afforded a substantial basis for arriving at a price which the

company could afford to accept and which the city could afford to pay.

Your letter suggests that the price named is based on the offer of this company made in 1909, and upon Judge Farrington's finding in the rate cases, with additions "arrived at for reasons stated below and as a matter of business judgment."

The offer to which you refer was made in November, 1909. It was made for the purpose of bringing to an end a very disagreeable controversy that had existed between the city and the company for many years; to avoid the necessity for additional capital expenditures; and to relieve the company from the defense of important law suits which were then pending. All this litigation has been determined favorably to the company; the capital expenditures which it hoped to avoid have been made, and the conditions now existing are radically different from those prevailing in November, 1909.

So far as the offer is based upon the finding of Judge Farrington as of November 1, 1903, it is only fair to say that he found a value for rate-fixing purposes only, and not for purposes of sale. He expressly said that, in a condemnation proceeding, the examination of value could not be restricted to the water-bearing capabilities of the properties, and further, that the value sought to be ascertained in condemnation proceedings is the market value. It is impossible to tell, from Judge Farrington's opinion, what he considered the value of the property for purposes of sale. In all the rate litigation the city earnestly contended that, for purposes of sale, a different basis of value from that applicable in rate-fixing cases would obtain.

Your offer overlooks very important elements of value which, of necessity, must be considered when a sale is contemplated, and which were not included in Judge Farrington's valuation. He did not allow for reservoir lands, not then actually used for reservoir purposes, anything beyond the value of those lands for watershed purposes, expressly saying that, when they were used for reservoir purposes, their value for those purposes would attach to them. In determining the value of our water rights he allowed us only upon our ability to supply thirty-five million gallons per day, which was the quantity the company was then equipped to deliver; and the only fair and legitimate inference to be drawn from the portion of his opinion in which that subject is discussed, is, that as the ability of the company to supply water expands, the value of water rights will correspondingly increase.

Your offer, while admitting that our

properties have increased in value, argues that we are not entitled to the increase. We cannot agree to this. The contention is fully answered and refuted by the Supreme Court of the United States in the Consolidated Gas case, and by Judge Farrington in the Water Rate cases. The city cannot, legally, morally, nor in common fairness, expect us to sell any of our properties for less than they would be worth if in the hands of other than the Spring Valley Water Company.

We cannot subscribe to the statement contained in your letter, that investigations of our undeveloped sources have shown that their capacity for a dependable extension of the supply is less than had previously been supposed by city officials and citizens; and by our own officers and stockholders. On the contrary, later and most exhaustive examinations, made by disinterested engineers, have demonstrated the capacity of the undeveloped sources to be greater than ever heretofore claimed by the company.

In accepting Judge Farrington's finding as a starting point, you must have in mind that valuable reservoir lands were not valued as such; that only a comparatively small part of our water rights was valued; that no valuation of going concern was included in his total; and that the real properties, herein offered you, have very considerably increased in value since 1903. If you consider these elements in value not included by Judge Farrington and the increase in value since the date to which his valuation relates, we feel that you will have no difficulty in reaching the conclusion that the property we offer you is worth more than the price at which it is offered. We firmly believe that it is less than would have been found had either of the plans, hereinbefore mentioned as having been tentatively proposed by the Advisory Water Committee for the ascertainment of value, been pursued to a conclusion.

What we understand the city desires to acquire is a water supply. The property we offer includes all of the company's holdings which, according to Mr. Freeman's plan, are necessary to provide the city with a complete water works system, and will enable it to proceed at once to meet the demand of consumers and arrange for the largely increased requirements involved in the preparation for, and operation of, the Panama Pacific Exposition. The property of the company not included in this offer, and which forms no part of Mr. Freeman's plan, has a prospective value that may, in some measure, compensate the stockholders for the sacrifice which, we believe, they would make in selling the

property at the price herein proposed. The offer is made upon the following conditions:

1. The offer is for cash;
2. The offer shall expire on the twentieth day of October, 1912, unless before that date the Supervisors shall have taken the initial proceedings to submit to the voters the proposition to buy the property on the terms herein stated, in which case it shall be in force till January 1, 1913;

3. If this offer is accepted by the necessary two-thirds of the electors, the Board of Supervisors shall, within thirty days thereafter, allow the company to take judgment in all litigation with the city, and the city shall then relieve the company and its sureties from any liability upon the bonds heretofore filed in any litigation between the city and the company; and shall allow the company to withdraw and retain all water rates collected by it since the commencement of the water rate litigation, including the amount of money impounded under order of court;

4. If the offer is accepted through the necessary votes of the people, the purchase must be consummated by March first, 1913. If, at the time of the consummation of the purchase, any installment of taxes levied, and assessed for the fiscal year 1912 shall not be delinquent, the sale shall be made subject to the payment of all such taxes by the city and county and the city and county shall pay the same;

5. The issued bonds of the company amount to the sum of \$20,987,000, and bonds not surrendered must be assumed by the city and county, the face value of any non-surrendered bonds to be deducted from the purchase price, interest coupons to be adjusted as of the date of sale;

6. The capital expenditures made by the company after this date are to be added to the purchase price herein fixed, but the company shall discharge all mortgages (other than the lien of its deed of trust) executed by its grantors covering property in Alameda and Santa Clara counties, and included in the terms of this offer;

7. At the time the purchase is closed the city is to pay the company all water rates then accrued for water supplied to the city, and the company is to collect all rates then due from private consumers, and the city will cause itself to be substituted in the place of the company in all litigations then pending, involving the property offered, other than litigation affecting the validity of ordinances establishing water rates, and assume all future responsibility and expense of such litigation;

8. The company is to convey only such title as it has;

9. If the offer be accepted, water rates to private consumers for the fiscal year beginning July 1, 1912, shall be at least 15 per cent in excess of those established by the ordinance which was passed for the fiscal year beginning July 1, 1910; and the rate for hydrants shall be \$2.50 per hydrant per month, and these rates shall be maintained until the consummation of the purchase and payment of the purchase price and the Board of Supervisors shall enact rates accordingly.

Respectfully submitted,

Regarding the Purchase of Works by the City.

Gentlemen:

I am directed by the Board of Supervisors of the City and County of San Francisco to make reply to your communication of September 14th, 1912, wherein you propose to sell to the City your properties, excepting lands surrounding Lake Merced, upon the terms mentioned in such communication.

The utility of Lake Merced for emergency water supply throughout the long autumn would be too seriously impaired by diverting so much of the surrounding lands to residential purposes or other purposes inconsistent with the use of the lands for a water supply.

As presently advised, the City authorities cannot see their way clear to recommend any plan of acquiring your properties which involves the elimination of so much watershed, regardless of price.

After opportunity is afforded the City to examine and analyze the inventory and appraisal of your properties made by J. G. White & Co., a copy of which you were, on October 16th, 1912, requested to furnish, it may be possible that some elements may be found having greater value to the Company than to the City, which can be safely excluded, under fair terms, without impairing the value of the plant for a municipal water supply and service.

The Board of Supervisors, as well as myself, are extremely desirous that

some satisfactory plan may be arrived at by which your properties may be acquired by the City, and that an amicable adjustment may be made as expeditiously as possible.

The necessities of the outlying districts for the extension of the water mains is urgent. The growth of the City is being retarded for lack of proper water facilities in the unserved sections.

We express the hope that, after further consideration you will see your way clear to accept the offer submitted to you in our communication of August 9th last. We are convinced that the City's offer is fair to both the Company and the City.

Respectfully yours,

(Sgd.) JAMES ROLPH, JR.,
Mayor of the City and County of San Francisco.

Honorable James Rolph, Jr., Mayor,
Percy V. Long, City Attorney;
Thomas Jennings, Chairman Finance Committee; Alexander T. Vogelsang, Chairman Public Utilities Committee, and Curtis H. Lindley, Esq., comprising the City Advisory Water Committee, and the Members of the Board of Supervisors of the City and County of San Francisco.

Regarding the Purchase of Works by the City.

Gentlemen:

A meeting of the Board of Directors of the Spring Valley Water Company was held on the thirteenth day of November, 1912. After giving the subject matter of your letter of October 19th careful consideration, the Board by unanimous resolution directed the Committee to make reply as herein-after set forth:

We cannot agree in your conclusion that the utility of Lake Merced for emergency water supply "throughout the long autumn" would be too seriously impaired by diverting so much of the surrounding lands to residential purposes, or other purposes inconsistent with the use of the land for a water supply.

This company is now installing a filtration plant at Lake Merced through which all of the water used from that source will be filtered, and by the use of which this water will be made entirely safe even for domestic purposes. We are supported in this conclusion by the results obtained from the Government filtration plant, which converts the water obtained from the densely populated drainage area of Lobos Creek into a perfectly satisfactory supply for all purposes at the Presidio.

There are many cities furthermore whose water supplies before filtration are not nearly so pure as the waters of the Merced Lake would be with proper and practicable provisions for their protection, even after the occupation of this drainage area for residential purposes.

The force of these facts as bearing upon the supply for San Francisco is emphasized by the additional fact that the plans of Mr. Freeman do not contemplate the utilization of the Merced Lakes for water supply for San Francisco, except possibly in cases of emergency, as is evidenced by the following quotation from his report, "San Francisco Water Supply," (page 126):

"Although these lakes hold 2,500 gallons when full, which has value as a reserve against some contingency that could hardly occur more often than once in half a century, probably their chief future use will be to beautify a park, and this possibility of raising the flow line should be given attention when laying out any expensive circuit of pleasure roads around the lake."

You state that you and the Supervisors are extremely desirous of reaching some plan by which the properties of this company may be acquired by the City and that an amicable adjustment may be made as expeditiously as possible. We feel that in our letter of September 14th we offered you a plan which completely provides for the necessities of the City so far as the properties of the company are concerned and that the responsibility will rest with you whether you will avail yourselves of the opportunity of acquiring what the City requires in the way of water supply from the Spring Valley Water Company, or whether you will decline to purchase because you cannot, at the same time, and for what we are convinced is an inadequate price, obtain lands which, according to the report of Mr. Freeman, are not at all needed, in addition to the lakes themselves, either in connection with the ordinary water supply of the city, or to provide against emergencies.

You express the hope that, after further consideration, the company will see its way clear to accept the offer submitted in your communication of August ninth, which you say you are convinced is fair to the company and to the city.

We cannot consider it fair to ask the company to surrender lands, which, according to the testimony of the most competent judges of values of real estate, have a present and prospective value which would make the price offered by the City entirely inadequate, solely that the City may

hereafter use these lands for park purposes, or for sale by itself at an enhanced valuation, without any need for them as a part of its proposed municipal supply.

The City Engineer has lately reported to your administration that "the City is now very much at a disadvantage in not knowing the real worth" of the property of our company. This report has in effect been adopted by the Board of Supervisors. In view of this action, it would appear that your administration does not feel that it is even now in possession of all of the facts which would enable it to arrive at a fair valuation of the property. In our letter of September fourteenth, we expressed regret that one of the two plans proposed to us by the City Advisory Committee for determining the value of the property of the company (and approved by us) was not pursued to a conclusion, and we suggest now that some form of arbitration under which due recognition could be given to the rights of the stockholders to the enhanced value of their real estate holdings, not needed for water supply purposes, would be the most satisfactory way of arriving at a fair adjustment of the differences between us.

In conclusion the Board of Directors can only repeat the reply conveyed to you in its letter of September 14th declining the offer contained in your letter of August Ninth.

Respectfully submitted,

SPRING VALLEY WATER COMPANY,

By (Sgd.) A. H. PAYSON,
First Vice-President.

Offer to Purchase Spring Valley Properties.

Whereupon Supervisor Vogelsang introduced the following Resolution and moved its adoption:

Resolution No. — (New Series), as follows:

Resolved, By the Board of Supervisors, that the City and County of San Francisco does hereby offer to Spring Valley Water Company the sum of \$37,000,000 United States gold coin for all of its properties wheresoever situate, excepting the following items:

a. 1850 acres of the tract owned by Spring Valley Water Company, surrounding Lake Merced.

b. The lake and surrounding lands owned by Spring Valley Water Company at Searsville, in Portola Valley, San Mateo County, comprising approximately 971 acres.

c. The lot of land at Market street

and Duboce avenue, in San Francisco, commonly known as the "reservoir site."

d. Cash on hand and accounts receivable, belonging to the Company.

Sec. 2. As a condition of this offer, all litigation between Spring Valley Water Company and the City and County of San Francisco, affecting water rates, shall be dismissed, and one-half of the money impounded, awaiting the termination of such litigation, shall be retained by the Company, and the other one-half shall be returned to the ratepayers.

Sec. 3. The purchase of said properties on the terms hereinabove mentioned, shall be subject to the conditions and limitations of the Charter, and to confirmation by two-thirds of the electors, at a special election to be held for the purpose of authorizing the acquisition of the said properties upon said terms, and the issuance of bonds to obtain money for the payment of the purchase price thereof.

Sec. 4. Resolved further that a copy of this Resolution be forthwith sent to Spring Valley Water Company.

Amendment.

Supervisor Maury moved as an amendment that Section 2 be stricken out.

Supervisor Koshland — Mr. President, I seconded the amendment to strike out any reference in this offer to the impounded money, the money impounded by the court in the rate litigation. If this amendment carries, I shall still reserve to myself the right to be against the whole proposition as it stands. But, in speaking to this amendment, I want to say that, two years ago, about, the Board of Supervisors compromised the rate case which was pending on the gas rates. Now, at that time a division of the money was made between the company and the consumers. I am convinced that a thorough prosecution of that case would have resulted in a victory for the people. A study of the figures on which that case was based would have actually given that money back to the people. I differ in this particular matter from Supervisor Vogelsang's opinion, because a study of the figures, and figures will convince courts, and, if they are properly presented, they should convince courts — I feel convinced that the city would win those rate cases. It might, perchance, lose the first year, but it should win every other case, without any question, and I think it should win all of them. Here is a statement, a graphic description of the income of the Spring Valley Water Company, under the rates collected from 1904 to 1911, inclusive. It shows how rapidly, how almost vertically it rose in the year

1909, and how it maintained this steady growth from that time on. Figures there to be seen, if taken in conjunction with the value of the property which we may assume to be in use, the value of which we may assume to apply to the property in use, would bear out a reasonable rate of income. But, in addition to that, the later court decisions, and the later knowledge in rate making, has led to a different basis. The people are entitled to get a reasonable rate, a fair and reasonable rate, one fair and reasonable to the people, as well as to the owner who furnishes the service. Now, water is not a monopoly, is not a thing which can be controlled by any individual, any more than can air. There will be no law ever created by the people or by any governmental authority which will dare to so monopolize water or air as to put a value upon it which would prevent the people from using it. Water rates must be reasonable to the people, above all, no matter what the value of the property in use. Property values rise by the growth of the community. They rise by the use of the water. It is not the reverse. Therefore, in this community, where water rates are already exceptionally high, the very extreme of a reasonable limit has been reached—I think it has been exceeded. Rates for water should not be based upon real estate values, nor are they today being based upon that any more, wherever legislation is being enacted, and where the courts are taking the modern view, or taking the reasonable view of the value of the thing. So it is held a necessity of life, which must not be controlled, which must not become too high and too great a burden to the people who must live upon it—it must be a reasonable rate. Supposing the property in use by the Spring Valley Water Company would rise, by any extraordinary influence whatever, to some extraordinary value. Would you say that, in order to give them 5 per cent or 6 per cent upon the value of their capitalization, you should raise your rates to the sky? Is it not a fair view, is it not a better view, to say that water has a natural value, beyond which it must not go, that the people must not be forced to pay more than that, no matter what the property from which it comes may be worth as such? Water rights have a natural limit of value. Water used has a natural limit of value. Water cannot be regulated in price by the law of supply and demand in a great community. Water must not be monopolized. I object to putting into the purchase of this property the proposition that we should adjudicate cases which are now

pending in court. We are not the judges. We are contending on one side, and we are contending for the citizens of San Francisco. The Supervisor said we would be blamed if the city should lose these cases in court. Possibly so. I should feel that I was entitled to greater blame if the city should be entitled to this money, as I believe it is entitled to it, to see the consumer lose it. I have letters from citizens in my pocket, stating that that money belongs to them individually, and we have no right to dispose of that money which is impounded in court, that it is their's, either to get back or to give to the company, if it is the company's by right. I take that stand. If the cases are going to be adjudicated in court justly and fairly, it may either all go to the Company, if it is legally and justly entitled to it; and if we are justly and legally entitled to it; that is, if the rate payers are, then it should all go to the rate payers. But to use that as a bait, either to the stockholders of the Spring Valley Water Company, on the one hand, or half of it as a bait to the voters of San Francisco to vote for any proposition which may be submitted to them, I say it is immoral. I won't stand for it. It should be excluded from any proposition to negotiate for the purchase of these properties, at whatever value.

Supervisor A. J. Gallagher—It is now moved, as I understand it, to exclude the impounded money from any proposition for compromise that may be made. How do the Supervisors reconcile their position with the first offer which they signed, giving the Company all of the impounded money?

Supervisor Koshland—I will answer that, Supervisor. In the offer of August 9th, the following sentence occurs, after mentioning the sum of thirty-eight million and a half, and this is on page 574 of the journal of the proceedings of the Board of Supervisors:

"This offer is made with the further understanding that all pending litigation between the City and your Company shall be dismissed, and the impounded rate funds released by the City; such settlement and release to be made, however, solely as a part of this compromise offer, and without prejudice to the right of the City to further litigate the question of the disposition of such impounded funds, in the event that this offer is not accepted."

Supervisor A. J. Gallagher—But it was an offer, nevertheless, of the impounded money.

Supervisor Koshland—It was an offer of the impounded money which was signed by all.

Supervisor A. J. Gallagher—Signed by all but one.

Supervisor Koshland—Yes; I always objected to giving that impounded money, to settling that question of the impounded money in that matter, but I did sign my name to the offer.

Supervisor Koshland—Now, speaking to the main question, I want to say that I appreciate just as much as Supervisor Gallagher, at least as much, the great efforts which have been made by the Advisory Water Committee, and the sense of responsibility which they have felt. I also appreciate the position of each member of the Board who differs from me in the advisability as to making this offer, and of naming such a price. I feel that each member of this Board, as each member of the Advisory Committee, feels fully the great responsibility which rests upon us to provide the City and County of San Francisco with an adequate water supply. There is a certain point up to which we agree, and up to which the Board was unanimous, and then we had a difference in our views, because our reasoning differed. We looked upon this thing from a slightly different point of view. To me it looks as if the offer which is now proposed is about four or five million dollars in excess of the offer of August 9, 1912; that is, the minimum difference in value of those offers is from \$4,000,000 to \$5,000,000, this offer being that much more than that made on August 9th for all of the properties of the Spring Valley Company. In what position does the City and County of San Francisco find itself? Its water is being supplied by a private corporation, which has not kept step with the growth of the City, but which has simply furnished to the citizens such water as they have had, whose supply of water today is inadequate, whose conduits and mains today if they had water to supply, would be inadequate to furnish the City of San Francisco with water. We find that a certain portion of the works has been in existence for over 35 years, some of it fifty years, and that very little of it is really very recent and new. We are confronted with the fact that great efforts have been previously made to purchase that property. We know that the efforts which have been recently made by the Board of Supervisors and its representatives have been earnest, that every fair means has been used to induce the Spring Valley Water Company to set upon their property a reasonable price. But never once have they even named a definite price. To the offer of August 9th, 1912, they replied by saying, "We will take the sum which you now offer

us, providing you let us keep all the Lake Merced lands." I say it was incumbent upon the Spring Valley Water Company to name a price in writing, and a fair price, a reasonable price, to the City of San Francisco. They have failed to do so. We have been asked constantly to set our own figure, and just as often as a figure has been set, it has been refused. I am opposed, therefore, to this method of action. I am opposed to the naming of a price, which, in my judgment, is far in excess of the value of the property. I also feel like Supervisor Gallagher and like others here, that, for the sake of peace, we should exceed the amount which we may consider the fair and legitimate value of that property in making an offer or recommending the acceptance of an offer from them to us. I am willing to exceed the price which I would consider the fair value of that property, and several millions of dollars added. But I am not willing to exceed it by such a great sum as to make the payment thereof a great burden on this community. Do you realize what a million dollars is? A million dollars is the work of two thousand men approximately for a period of six months, at the rate of \$3.00 a day. That is a million dollars. Do you realize what four million dollars is, which, in this offer, we are asked to pay the Spring Valley more than the 1912 offer? Four million dollars would almost pay the wages of construction of the Hetch Hetchy water supply. Now, I hesitate before I offer to pay any such sum. It has been suggested to us and we have been advised by eminent engineers that this offer is too great. It has been suggested to us that the Spring Valley Water Company today is unable to supply the City of San Francisco with more water, that if extensions were to be built in some portions of the City, they would have to find a way, make a proposed link, to develop the supply for us.

Supervisor Vogelsang—That is hardly correct.

Supervisor Koshland—How do you interpret it?

Supervisor Vogelsang—The statement is that it would require capital investment to further develop the present resources.

Supervisor Koshland—Now, Mr. President, to continue. On last Wednesday or Thursday, the Union Water Company purchased 2400 acres of land in the Niles country at \$400 an acre, which is considered an excessive price, a very large price for that land. It is bought by a rival concern of the Spring Valley Water Company, in order to prevent them from utilizing the Calaveras lines and the flow of water

that would go over that dam, if it were constructed. As a matter of fact, the Spring Valley Water Company has faced litigation, and is today and constantly facing litigation in Alameda County, to try to prevent it from taking any more water out of Alameda County. Why do you think they have reduced their supply from Alameda County by 50 per cent? Why do you think that they could furnish 16,000,000 gallons from their Alameda County properties a year or two ago and this year from 7 to 8,000,000? It is because the land owners over there have taken steps to stop them from taking that water, and because the water level in the lands over there has sunk to such a degree as to impoverish the land. And the City of San Francisco, if it acquires the Spring Valley Water Company's property, will meet such litigation, also. Is it wise for us to pay an excessive price for the purpose of fighting suits? I want to get this property and I want the City of San Francisco to buy this property and I want to pay the Spring Valley Water Company a fair and liberal price, I want to pay an extreme figure, and I am willing to pay something for the sake of peace, I am willing to pay some blood money. But there is a certain limit which I feel I can't go beyond, and it is that same limit which other members of this board, I am sure, cannot overstep. Now, are we to be in such a great rush? Must we do this today? What other opportunities have we? They tell us if we condemn the properties of Spring Valley which we need to supply San Francisco with water, that it will take a great number of years. However, we know that legislation is now being enacted which will facilitate methods of condemnation, possibly, or valuation. A great water property has recently been condemned in the State of Maine, and there were no such great difficulties and no such great delays as seem to be feared here. If it is true, as the representatives of the Spring Valley Water Company stated last week, that if they are to extend their pipe line in San Francisco today, and to enlarge their supply across the Bay, it would be two years before another drop could come in—is it wise for us to face the problem of providing all the parts of the City that need these extensions today with an inadequate supply? Is it wise to saddle upon our city that system at an exorbitant price? I say, let us buy the system, if we can buy it at the right price, but should we not consider the elements of it carefully, in a great problem of this kind? We are asked to pay \$37,000,000 for a water property yielding at the present about thirty-eight and a half million

gallons of water a day. Assuming that we can get a water supply yielding 400,000,000 gallons of water a day, and construct that for forty million dollars, may we not take that into consideration? And even if we should not get Hetch Hetchy, would it not be better and quicker and cheaper for the City of San Francisco to get the supply from some other part of the mountains, even if we paid more money for it, thus getting a supply of several hundred million gallons a day for a very little more money than this? If it takes two years to construct only a sufficient extension to a private system, why not take a year or two years longer and build a complete system? Why should we perpetually be held up by these people as they are holding us up? They say, "This is urgent. We must do it." I can't see that, from a study of the situation. In 1890, the per capita consumption of water in San Francisco was 68 gallons a day. In 1900 it was 74 gallons a day. In 1911, it was 87 gallons a day. Now, in every large city, there is a great waste in the use of water. That waste is being overcome by metering. If the City of San Francisco should meter its water used, it would save approximately six million gallons a day of water. That would give us sufficient relief for the time, it would make us either to condemn the property of the Spring Valley Water Company, or to construct our own water supply system elsewhere. Now, to show how excessive this offer would be. Before the August 9th offer, I want to show you in this report of the firm of J. G. White & Company, how the Lake Merced properties are valued. In this report there are two or three distinct parcels. One parcel is 1637 acres, lying in the City and County of San Francisco, one parcel of land, has 825.72 acres, lying in San Mateo County, then there is one parcel of 370 acres which are submerged and which form Lake Merced. Those three parcels of land are valued upon a distinct and separate basis. Those three parcels aggregate a total of 2833 acres, approximately, and each part of this land, according to its character and location, is valued separately from the remainder. So that you can't say that the two thousand acres or the 1850 acres which Spring Valley want to retain are worth the same sum per acre. They are not. Nor are they worth the same per acre as the acreage which is submerged and which forms Lake Merced. Nor are they worth the same as the acreage which lies in different localities. Let us see how radically different the value of those lands is. The 1637 acres lying in San Francisco are valued, for real estate and subdivision purposes, at

\$11,000 per acre. After deducting development costs, that would reduce the value of those lands to \$8,000 or \$9,000 per acre. The 370 acres of Lake Merced, the water land, are valued at a total of \$1,000,000, approximately \$2700 per acre. The 825 acres lying in San Mateo County are valued at approximately \$850 per acre. Now, gentlemen, if the City of San Francisco will agree to eliminate 1850 acres of this land, it will eliminate the greater portion, almost all the lands lying within the City and County of San Francisco, it will retain the lake, the 370 acres, which has a smaller value, and it will keep to itself the San Mateo lands, and to a very small extent, of course, the San Francisco lands. Now, according to the White report, this 2000 acres would be worth, as they stand today, something like ten million dollars, roughly speaking—probably somewhat more—ten or twelve million dollars. That would be in addition to the price of \$37,000,000. The Sears-ville lands, which are asked to be accepted, are valued in this report, that is only this portion of the lands, namely, 830 odd acres, are valued in this report at \$331,000. The Market street property, which is asked to be eliminated, is valued at \$374,000. The total is \$705,000 for those two last named properties. According to this report it must have been the intention of the company, then, to subdivide the Sears-ville land also for real estate purposes, they say that if the land were put on the market today that, within a few weeks, it could readily be placed upon the market, and, within a very short time, sold to net the company 450,000 to 500,000 dollars—that would be in addition to the present properties, if we eliminate these properties, which we want to divide, that the company has the use and benefit of, the company getting the use and benefit of this land because the cash value which it could sell them for is as suggested. Now, this shows a great deal in excess of the 1912 offer, and shows, indeed, how much in excess of the 1912 offer the present offer is. It is not a difference of one million or two million dollars, but it is a difference of many million dollars. The moment we begin to segregate these properties and take out that which becomes valuable from day to day with the growth of the City, that moment we should also segregate other properties which are unimproved and which lie in the interior which lie across the bay or down the line, which are rock hills, and worth not to exceed fifty cents or a dollar an acre—let us eliminate them, if we eliminate the others, or eliminate them in the proportionate value of our original offer, and add something more for the sake of peace—I am will to

agree to that. But I am not willing to exceed the original price, which was well considered, which had been studied for a long time by the Advisory Committee before we authorized them to offer it, by any such amount as is now suggested. Stop to consider. Shall we offer this price? We analyzed the elements which comprised that price, and we analyzed them and we said, "this thirty-eight million and a half offer is based upon the offer of 1910, thirty-five million dollars, asked by the Spring Valley Water Company, after all of their property, including the Lake Merced Rancho, including all the choice part of it, including that which sets it off as a jewel would be set off, and which we are now asked to eliminate—we took that \$35,000,000 that they were asking, their asking price for all of their properties, and added to that the sum of money which they had spent since then, \$2,219,270, and add to that \$1,280,523 for the sake of peace—exceeded their asking price before that time by the sum of \$1,280,523—offered them all of that, and offered them the impounded money. And upon another basis the thirty-eight million and a half offer includes six million dollars more than the Farrington valuation of 1903, six million dollars more than that valuation, and yet today we are asked to still exceed that by another great number of millions of dollars. There is a human limit to which one can go. Water, the cost and price of water, the value of it, comprises the limit. The value of this property has a limit. There is a limit upon it, and I am willing to undertake from J. G. White & Company's report to show that these properties we are asked to purchase today, or for which we are asked to make this offer are not worth any such sum as you offer, even according to J. G. White & Company's report: that they are worth quite a number of million dollars less than the amount which you intend to offer today—six million dollars less than that price. J. G. White & Company's report would show that the properties are worth that much less without the properties which you intend to give up. I am opposed to making this offer for all of those reasons. I should like to see the Spring Valley Water Company name to the City and County of San Francisco a price at which it will sell its properties as they stand, or put a price upon the separate parcels of its property and let the City choose and eliminate that which it does not require. If that can't be done, I am in favor of proceeding with condemnation, and I think by getting the properties which we actually need, we will buy that which we

need and we will buy the present supply of water, not real estate, nor anything else but water—we will buy that and the use of that for a much smaller sum than we are now asked to pay for it.

Motion Lost.

Whereupon, the question being taken upon Supervisor Mauzy's motion, same was *lost* by the following vote:

Privilege of the Floor.

City Engineer M. M. O'Shaughnessy was granted the privilege of the floor on motion of Supervisor Giannini and addressed the Board as follows:

"Mr. Mayor and members of the Board of Supervisors: It is rather late to go extensively into this subject. Since I have been appointed a City official, I have given a great deal of attention to the growth of the City and its consequent demand for water. Without abundance of water, we cannot grow. Some parts of the City, such as the Richmond section, are in a very deplorable condition at this time. There are now between 40,000 and 50,000 people living in that section, and the same water mains supply them that were installed fifteen years ago, when there were only about 3,000 people in that section. The same may be said of many other parts of the city, and the condition of the distributing system is simply deplorable. Now, if San Francisco is going to grow, it cannot go without water. We have practically half a million people at the present time here. There are about five millions of people in the City of New York. At the present time New York is engaged in extending its water service at a cost of \$185,000,000, scattered through a period of eight years, which means about \$23,000,000 or \$24,000,000 a year that the City of New York is expending to increase its water supply. San Francisco, with one-tenth of the population, and based on the same ratio, to keep in line, should spend at least two and a half million dollars a year to keep abreast of our requirements. I believe, and I think that nature had so fixed us, that we are going to be a great metropolitan city, if we only help to make it so. The past history of the water situation here has been recited by many of the members of this Board, and it is a very sad history. Three years ago, when this proposition to purchase at \$35,000,000 was before the people, I then wrote a

letter to the Merchants' Association, to the Chamber of Commerce, and took the stand that the defeat of that purchase was almost as bad for this city as the earthquake or the fire. The defeat of that purchase was made by the attitude of heartless men, who did not understand the subject, but who were just as pronounced and as strong in their convictions as those expressions I have heard from Supervisor Koshland here this evening. I believe that some of them sincerely believed they were right. But no matter what their belief was, their attitude has placed this city in a very bad situation. In the whole United States today there is not one city of the size of San Francisco that does not own its own water supply. In the United States today there is no property such as the Richmond section, worth \$100 or \$125 a front foot, with paved asphalt streets, a park on one side and a Presidio park on the other, with every advantage to live in, that has no water. Now, there is a great deal of the tactics of the Spring Valley that I do not like. I think there is a great deal about their tactics that this Board is unanimous in disapproving. I think myself their attitude in injecting themselves into this Hetch Hetchy proposition, in opposition to the city, has been extremely foolish. Because Hetch Hetchy or no Hetch Hetchy, this city ought to acquire the system of the Spring Valley Water Works. Now, to come to the question of price. The price agreed on two years ago, three years ago, the price at which this property was submitted was \$35,000,000 for all the properties. Since then this company has invested about \$2,300,000, principally in acquiring lands from the so-called Livermore-Pleasanton gravel bed, and buying out the rights of the Hupp Ranch around Pleasanton, so as to practically clear their titles, so that it could safely be said that all of their properties from the Calaveras water shed to the Bay of San Francisco, from Livermore down, are entirely clear. And because Mr. Tevis of the Union Water Company, or any other water company, buys some other piece of land lower down that is not appurtenant to the water or has riparian rights, is no reason why this city should be deterred in assuming any action on this question. I have looked over the records of consumption of water in this city for the past three years, and they show a steady growth of about two and a half million gallons of water a day each year."

Supervisor A. J. Gallagher: "Would you permit an interruption?"

Mr. O'Shaughnessy: "Yes."

Supervisor A. J. Gallagher: "What is the wastage shown?"

Mr. O'Shaughnessy: "The wastage shown could not be determined without the universal use of meters. At the present time I do not presume that 20 per cent of the services are metered. But there is no doubt that, if all the services were metered, which could be done at a cost of possibly \$600,000, that about 15 per cent of the consumption could be saved, or about 5,000,000 gallons per day. That would tide us over for possibly two years by making that expenditure of money. Now, if we are in litigation with the Spring Valley Water Company, it would be very hard to expect that they would install these meters. If we own the system, we can install those meters, we can lay these distributing pipes and we can proceed at once to take out what potentialities there are in this system. Mr. Freeman, in the report he made for the city, recommended the construction of the Calaveras dam and all the estimates he made of water supply from that source average about 30,000,000 per day of water. That dam would possibly take about three years to construct, it would take about two years to lay a large pipe line from that side of the Bay across to the city. But, by the expenditure incurred of \$10,000,000, there is no question but that we could take 30,000,000 gallons a day more water out of that system than it is providing now. In case those negotiations should fail and nothing come out of this project of purchase, my office is preparing for the worst. I am making a well study of all water bearing strata in the City of San Francisco. As to be able to get every drop of water available to tide us over a period of famine. But I sincerely hope, not only as a property owner, but as an officer of this city on whom you have seen fit to place trusts, that this Board will endeavor to arrange the purchase of the system for the sake of our future and of a greater San Francisco."

Supervisor Giannini: "At the price that has been offered? That is the point."

Mr. O'Shaughnessy: "Considering the offer of \$35,000,000 two years ago and the \$2,300,000 they have spent since then, that means \$37,300,000 on the old basis, and if you deduct half of the impounded money from that, it would make it \$36,600,000, plus the land around Lake Merced, 1800 acres, plus the Searsville land and the Market street land. And, speaking about land and about valuations, Supervisor Koshland quoted from the report of J. G. White & Company \$10,000 an acre as a value of those Lake Merced

lands. I participated in the condemnation suits of the 40 acres of land by the military post west of Lake Merced, some twelve years ago, and about a dozen real estate men testified under oath that the land was worth \$2500 to \$3000 an acre, while one real estate man, Mr. Thomas Magee, since dead, testified that the land was worth \$800 an acre, and the jury in the United States Circuit Court awarded practically \$1000 an acre. And I simply recite this fact to sustain my opinion, that of placing a very small amount of reliance upon the approximate estimates of these real estate values. But there is one fact about it that has impressed me in connection with the Twin Peaks tunnel more especially, that all this land that remains in the possession of the Company will be subject to assessment under the Twin Peaks tunnel project. That assessment we have not figured out exactly what it will come to, but I should think roughly from a million to a million and a quarter dollars."

Supervisor Giannini: "And the city is liable to be assessed on it, too, is it not?"

Mr. O'Shaughnessy: "The city, perhaps, under this tunnel law, will be exempt from assessment. But suppose they are liable to assessment, and suppose this property remains in the hands of the city, then it would be liable for this enormous assessment, and where that money would come from is more than I can tell, and it might possibly defer and delay the completion of this tunnel. And I think that tunnel is a matter of very great importance to the future welfare of San Francisco. The people now are crossing the bay in ferry boats instead of living on this peninsula, for want of transportation and home facilities."

Supervisor A. J. Gallagher: "What is the likelihood of the value of that land jumping materially by reason of the Southern Pacific coming up through that land that the possibilities of the Twin Peaks tunnel being finished?"

Mr. O'Shaughnessy: "I have never heard of any proposition of that kind. The motive of the Twin Peaks tunnel is to develop the property at the southwestern end."

Mr. Bancroft—I am glad to hear from Mr. O'Shaughnessy. I think the taxpayers, however, are entitled to hear from another engineer who is of at least equal prominence with Mr. O'Shaughnessy. But I won't say any more about that. I want to explain in a few words why I am going to vote against this \$37,000,000 offer. In the first place, I think the \$35,000,000 offer of a few years ago was very liberal. I

know there was more than one Supervisor on the Taylor Board who thinks an offer could have been secured at that time for \$32,000,000. Whether that impression is true or not, I am satisfied that the offer was liberal, probably several million dollars more than the property was worth at that time. But I voted for it, and will do so again, because I have always taken the stand that I am willing to give the company a good, liberal amount of money for their property—several million dollars, in fact—above its worth. I, as you all know, am in favor of immediate condemnation. I say that the difficulties of condemnation have been greatly exaggerated. The Building Committee and the City Attorney's office bought \$3,000,000 worth of property in the Civic Center, all within a year, and we certainly have had no difficulties at all in our way. Of course, the difficulties extending to Spring Valley would be more, but not as great, I don't think, as has been said. I think, and have good reason to base this statement, that by accepting certain properties of the Spring Valley Water Company which are not needed for water supply in San Francisco, by eliminating certain properties, we could buy the Spring Valley Water system, such as we need for our use, using it in connection with the Hetch Hetchy system, for not to exceed \$25,000,000, and I don't think that we ought to pay \$37,000,000 to buy a lot of property which is unnecessary, when I have reason to believe that for \$25,000,000 we could buy sufficient of the Spring Valley's property for our own purposes.

Adopted.

Whereupon the above Resolution, introduced by Supervisor Vogelsang, was adopted by the following vote:

Ayes—Supervisors Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Mauzy, McLeran, Murdock, Nolan, Payot, Vogelsang—13.

NEW BUSINESS.

Providing for Construction of Municipal Opera House.

Supervisor Payot presented:

Bill No. 2386, Ordinance No. — (New Series), entitled, "Providing for the construction by the 'Musical Association of San Francisco' of an opera house on a portion of the Civic Center to be known as the 'San Francisco Opera House' and authorizing the execution and delivery of an agreement for that purpose."

Motion.

Supervisor Andrew J. Gallagher moved to amend as follows:

"Strike out the word 'perpetuity' in the fourth line of Section 7, and substitute the following in sub-division 'A': Nine trustees to be members of said association who shall be appointed by its Board of Governors. Nine members to be appointed by the Mayor of the City and County of San Francisco; said nine appointees of the Mayor shall not be at the time of their appointment incumbents of any public office and if elected or appointed to other public office their term of appointment shall cease on the Board of Governors of the San Francisco Opera House. The term of office of each of the trustees named in this subdivision 'A' shall be three years, and they shall arrange their term of office by lot at their first meeting so that three trustees shall go out of office at the end of the first year, three shall go out of office at the end of the second year, and three shall go out of office at the end of the third year. Upon a vacancy occurring in the office of any of the trustees named in this sub-division 'A' by expiration of the term of office of such trustee, or otherwise, such vacancy shall be filled by appointment by a majority of the remaining trustees named in this subdivision 'A,' the purpose being to provide for perpetual succession of the said trustees named in this subdivision 'A' by the filling of all vacancies of said trustees by appointment by the remaining trustees herein named."

Whereas, An offer has been received from John Schultz to convey to the City and County of San Francisco certain land, being a portion of Gift Map Block No. 3, the said land being required for the opening and extension of Fair avenue, and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof, be it

Resolved, That the offer of John Schultz to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all incumbrances, including taxes:

For the purchase of said land and improvements, \$1,200.00; is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the southeasterly line of Coleridge street (formerly California avenue), distant thereon 354 feet southwesterly from the point formed by the intersection of the southeasterly line of Coleridge street with the southwesterly line of Coso avenue; running thence southwesterly and along the said southeasterly line of Coleridge street 16 feet; thence at a right angle southeasterly 122 feet 6 inches; thence at a right angle northeasterly 16 feet; thence at a right angle northwesterly 122 feet 6 inches to the said southeasterly line of

Coleridge street and point of beginning. Being part of Gift Map No. 3.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owner, free from all incumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerny Title has been procured or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the city and county upon the payment of the agreed purchase price as aforesaid.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hooks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

City Attorney to Commence Condemnation Proceedings for the Acquisition of Certain Lands Required by Opening and Extension of Fair Avenue and Lundy's Lane.

On motion of Supervisor Mauzy:

Resolution No. 9964 (New Series), as follows:

Whereas, The City Attorney was requested to solicit offers for the sale to the City and County of San Francisco of those certain portions of land in Gift Map No. 3, hereinafter described, for the purposes of the opening and extension of Fair avenue and Lundy's Lane; and

Whereas, All the offers received from the owners thereof to sell said described lands to the City and County of San Francisco are deemed unreasonable and the prices at which said lands are offered are in excess of the appraised valuation of said lands;

Therefore, Be it resolved by the Board of Supervisors of the City and County of San Francisco that public interest and necessity and use require the acquisition by the City and County of San Francisco of the following described lot, piece or parcel of land and all interests therein and right and claims thereto, to-wit:

All that certain lot, piece or parcel of land situated in the City and County of San Francisco, and particularly described as follows, to-wit:

Commencing at a point on the southeasterly line of Coleridge street (formerly California avenue), distant thereon 329 feet 8 inches southwesterly from the southwest line of Coso avenue; and running thence southwesterly along said southeasterly line of Coleridge street 24 feet 4 inches; thence at a right angle southeasterly 122 feet 6 inches; thence at a right angle northeasterly 24 feet 4 inches, and thence

at a right angle northwesterly 122 feet 6 inches to the said southeasterly line of Coleridge street and the point of commencement. Being a portion of Gift Map No. 3.

That said lot, piece or parcel of land is suitable, adaptable and necessary for a public use, to-wit., for the *opening and extension of Fair avenue* from Prospect avenue to Coleridge street; and be it further

Resolved, That public interest and necessity and use require the acquisition by the City and County of San Francisco of the following described lot, piece or parcel of land and any and all interests therein and rights and claims thereto, to-wit:

All that certain lot, piece or parcel of land bounded and particularly described as follows, to-wit:

Commencing at a point on the southeasterly line of Lundy's Lane, distant thereon 361 feet northeasterly from the northeasterly line of Esmeralda avenue (which said point is also the point of termination of the said southeasterly line of Lundy's Lane, and which said point is also located on the southwesterly line of the lot, piece or parcel of land standing of record in the name of L. Lobree, distant thereon 70 feet northwesterly from the northwest line of Prospect avenue), and running thence northeasterly along the extended southeasterly line of Lundy's Lane 28 feet; thence at a right angle northwesterly 35 feet; thence at a right angle southwesterly 28 feet; thence at a right angle southeasterly 35 feet to the said southeasterly line of Lundy's Lane and the point of commencement. Being a portion of Gift Map No. 3.

That all or said lot, piece or parcel of land last above described and the interests, rights and claims therein are suitable, adaptable and necessary for a public use, to-wit., for the *opening and extension of Lundy's Lane* northeasterly from its present termination to Fair avenue, as it is proposed to be opened and extended.

The City Attorney is hereby instructed to commence proceedings in eminent domain against the owners of said parcels, lots, tracts and pieces of land and any and all interest in and rights and claims thereto for the condemnation thereof, for the uses of the City and County of San Francisco as aforesaid.

Passed for Printing.

The following matters were *passed for printing*:

Ordering Street Work on Treat Avenue.

On motion of Supervisor Giannini:

Bill No. 2341, Ordinance No. — (New Series), entitled, "Ordering the paving of the roadway of the easterly half of Treat avenue between Twenty-fifth and Twenty-sixth streets with an asphalt pavement, granite curbs, etc., in accordance with specifications prepared therefor by the Board of Public Works, which specifications are hereby approved; authorizing and directing the Board of Public Works to enter into contract for the improvement of said street, and authorizing progressive payment to be made during the progress of said work."

Ordering Street Work on Twentieth Street.

Also, Bill No. 2392, Ordinance No. — (New Series), entitled, "Ordering the paving of the roadway of northerly one-half of Twentieth street, between Dolores and Church streets, with an asphalt pavement, granite curbs, etc., in accordance with specifications prepared therefor by the Board of Public Works, which specifications are hereby approved; authorizing and directing the Board of Public Works to enter into contract for the improvement of said street, and authorizing progressive payments to be made during the progress of said work."

Spur Track Permit, The John Center Co.

Also, Bill No. 2393, Ordinance No. —

(New Series), entitled, "Granting permission, revocable at will of the Board of Supervisors, to The John Center Company to construct, maintain and operate a spur track from the tracks of the Ocean Shore Railroad Company at a point in Mariposa street, distant about 47 feet west of Bryant street, and running across the northerly line of Mariposa street and into Potrero Block No. 27.

Be it ordered by the people of the City and County of San Francisco, as follows:

Permission, revocable at will of the Board of Supervisors, is hereby granted to The John Center Company to construct, maintain and operate a spur track, as follows:

Commencing at a point on the tracks of the Ocean Shore Railroad Company in Mariposa street, distant about 47 feet west of Bryant street, and running across the northerly line of Mariposa street and into Potrero Block No. 27.

Provided, That said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expense connected with the installation of the track, restoration of the pavement, and any additional requirements for the surface drainage be paid for by The John Center Company.

Provided, That car or cars shall be taken over said spur track between the hours of — and —.

Provided, That no car or train shall at any time be allowed to stand on said track so as to block or obstruct a street or street crossing to exceed five minutes.

Provided, That The John Center Company shall erect and maintain one all-night arc lamp at the crossing of Bryant and Mariposa streets.

Section 2. This ordinance shall take effect immediately.

Conditional Acceptance, Certain Streets.

Also, Bill No. 2394, Ordinance No. — (New Series), entitled, "Providing for conditional acceptance of the roadway of Seventeenth avenue between Cabrillo and Fulton streets; crossing of Geary street and Twentieth avenue; crossing of Geary street and Eighteenth avenue; crossing of Cabrillo street and Seventeenth avenue"; also, repealing Ordinance No. 2104 (New Series), relating to same subject.

Also, Bill No. 2395, Ordinance No. — (New Series), entitled, "Providing for conditional acceptance of the roadway of Huron avenue, between Mission street and Sickles avenue; Kansas street, between Sixteenth and Seventeenth streets; Cabrillo street, between Eleventh and Twelfth avenues; intersection of Union and Lyon streets."

Ordering Street Work.

Also, Bill No. 2396, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the following work:

That the westerly half of Masonic avenue opposite Golden Gate avenue be improved by constructing granite curbs, artificial stone sidewalks and a brick cesspool (catchbasin), with cast-iron frame, grating and trap and ten (10) inch, vitrified, salt-glazed, ironstone pipe culverts, and by paving the roadway thereof with a bituminous rock pavement consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface, and that the intersection of Golden Gate avenue and Masonic avenue be improved by constructing granite curbs and artificial stone sidewalks on the angular corners thereof; by paving the roadway thereof with a bituminous rock pavement, consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface and by constructing a brick cesspool (catchbasin) with cast-iron frame, grating and trap, and ten (10) inch vitrified, salt-glazed, ironstone pipe culvert on northeasterly angular corner thereof.

That the westerly one-half of Masonic avenue opposite McAllister street be improved by constructing granite curbs and artificial stone sidewalks and by paving the roadway thereof with a bituminous rock pavement, consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface, and that the intersection of Masonic avenue and McAllister street be improved by constructing granite curbs and artificial stone sidewalks on the angular corners thereof, and by paving the roadway thereof with a bituminous rock pavement, consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface.

That the crossing of Masonic avenue and Turk street be improved by constructing granite curbs, artificial stone sidewalks and catchbasins with cast-iron frames, gratings and traps and 10-inch vitrified, salt-glazed, ironstone pipe culverts on the angular corners thereof, and by the construction of a bituminous rock pavement, consisting of a 6-inch concrete foundation and a 2-inch bituminous rock wearing surface on the roadway thereof.

That Harrison street, between Twenty-first and Twenty-second streets, except on that portion required by law to

be kept in repair by the railroad company having tracks thereon, be improved by the construction of granite curbs where not already constructed, and an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface, where not already constructed.

Also, Bill No. 2397, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the terms of which provide for the following work:

That a twelve (12) inch, vitrified, salt-glazed, ironstone pipe sewer with thirty (30) Y branches and three (3) brick manholes with cast-iron frames and covers and galvanized wrought-iron steps be constructed along the center line of Lyell street from a line at right angles to the easterly line of Lyell street at its intersection with the southerly line of Bosworth street to a point three hundred and eighty (380) feet southerly therefrom.

That Ord street between Seventeenth street and a line one hundred and eighty (180) feet northerly therefrom be improved by the construction of granite curbs and a bituminous rock pavement, consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface with a seven (7) feet central strip of basalt block pavement on a sand foundation on either side of the center line, where not already constructed, and that Ord street from the last described line to its northerly termination be improved by the construction of granite curbs and a bituminous rock pavement, consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface, where not already constructed.

That Douglass street, between Twenty-third street and Alvarado street be improved by the construction of granite curbs, where not already constructed, and by paving the roadway thereof with a bituminous rock pavement, consisting of a six (6) inch concrete foundation and a two (2) inch bituminous rock wearing surface, where not already constructed.

That Madrid street, between Persia and Russia avenues, be improved by the construction of granite curbs, where not already constructed, and by the construction of an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface, where not already constructed.

That Persia avenue, between London and Paris streets, be improved by the

construction of granite curbs, where not already constructed, and the construction of asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface, where not already constructed.

That Johnston avenue, between Geary street and a line 120 feet southerly therefrom, be improved by the construction of granite curbs and an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface, where not already constructed, and that the remainder of the block from the last-described point to the northerly line of St. Rose's avenue be improved by the construction of granite curbs and an asphalt pavement, consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface with a 7-foot strip of basalt block pavement on either side of the center line, where not already constructed.

That Balboa street, between Forty-fifth and Forty-sixth avenues, be improved by grading to official line and grade.

Recommended.

The Following bill, laid over from last meeting, was taken up and on motion of Supervisor Giannini *recommended to Streets Committee*:

Regulation of Sidewalk Openings.

' Bill No. —, Ordinance No. — (New Series), entitled, "Regulating the use, maintenance, operation and construction of sidewalk elevators, trap doors and other openings in sidewalks, and providing penalty for the violation of the provisions of this ordinance."

Adopted.

The following resolutions were adopted:

Extension of Time.

On motion of Supervisor Giannini:

Resolution No. 9965 (New Series), as follows:

Resolved, That the City Street Improvement Company is hereby granted an extension of ninety days' time from and after January 14, 1913, within which to complete the contract for paving and curbing Kearny street, between Sacramento street and Columbus avenue.

This extension of time is recommended by the Board of Public Works, for the reason that contractor was delayed because the retaining walls had to be put back to allow the lowering of curbs.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Extension of Time.

Also, Resolution No. 9966 (New Series), as follows:

Resolved, That Daniel Constructing Company is hereby granted an extension of forty-five days' time from and after December 14, 1912, within which to complete contract for construction of Section C-2 of the North Point main sewer in Market street, from Sansome to Second streets, and Second street, from Market to Howard streets, under public contract No. 17.

This extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the only work remaining to be completed consists of repaving the street and cleaning up.

In back-filling and paving this trench it was necessary for the contractor to work in conjunction with the gas, electric and railway companies having pipes and tracks in this area.

Wet sand found at thirty feet below the street, required considerable care in excavation, and did not safely permit rapid progress.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Recommended.

The following resolutions were introduced by Supervisor Giannini, and on his motion *recommended to the Streets Committee*:

Ocean Shore Railway to Comply With Ordinance Relative to Rate of Speed, Flagmen at Crossings, Etc.

Resolution No. — (New Series), as follows:

Resolved, That the Ocean Shore Railroad Company is hereby directed to operate cars of the company from Twelfth and Mission streets along the line of said railroad to Twenty-fifth street and Potrero avenue at a rate of speed not to exceed — miles an hour.

Further Resolved, That the said Ocean Shore Railway Company be directed to discontinue propelling cars over the line of the railroad in Potrero avenue and other streets included in the franchise of the company by shoving said cars instead of propelling said cars with the locomotive in front of the cars.

Further Resolved, That the Ocean Shore Railway Company is hereby directed to maintain flagmen at the following locations, to-wit:

Crossing of Mariposa and Bryant streets.

Crossing of Sixteenth and Florida streets.

Board of Public Works to Direct the Ocean Shore Railway to Comply With Provisions of Section 6, Ordinance No.

1623, and Section 6 of Ordinance No. 1608.

Resolution No. — (New Series), as follows:

Resolved, That the Board of Public Works is hereby requested to direct the Ocean Shore Railroad Company to comply with the provisions of Section 6 of Ordinance No. 1623, which reads as follows:

"The character and general arrangement of all structures and poles herein referred to, the materials of which they are to be built and all work of whatsoever kind upon the streets will be subject to the supervision of the Board of Public Works when approved by the Board of Supervisors, and the nature and the character of the tracks to be used shall be prescribed by said Board of Public Works."

And also Section 6 of Ordinance No. 1808, which reads as follows:

"The character and general arrangement of all structures and poles herein referred to, the materials of which they are to be built, the nature and character of tracks to be used and all work of whatsoever kind upon the streets will be subject to the supervision of the Board of Public Works."

Referred.

The following resolution was introduced by Supervisor Caglieri and ordered referred to the Public Utilities Committee:

City Engineer to Determine to What Extent Water Can Be Developed from Water Bearing Strata in Outlying Districts.

J. R. No. —.

Whereas, Representatives of the Spring Valley Water Company stated before the Public Utilities Committee that in the event of the water mains

being extended into the outlying district there would not be water sufficient to supply the same, and

Whereas, There is urgent need for water in these same localities for domestic purposes, and

Whereas, A thorough report of the deep water bearing strata of this peninsula has never been made to this Board, be it

Resolved, That the City Engineer be requested to proceed to a careful and thorough investigation to determine to what extent water could be developed within the suffering districts themselves, and report the same to this Board; and be it further

Resolved, That, the City Engineer be authorized to engage expert advice if in his judgment the same be necessary; and be it further

Resolved, That the Finance Committee provide means out of the Urgent Necessity Funds for the payment of the same if said expert advice be deemed necessary.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Meeting of Committee of the Whole on Water Rates.

On motion of Supervisor Andrew J. Gallagher:

Resolution No. 9967 (New Series):

Resolved, That the Board of Supervisors commence an investigation, on Tuesday, February 11th, 1913, at 8 p. m., for the purpose of fixing and establishing water rates, for the year commencing July 1st, 1913, and ending June 30th, 1914, as required by the Charter of the City and County of San Francisco, and said investigation is hereby fixed as a special order of business for the day at said hour; further

Resolved, That the Clerk of this Board be and he is hereby directed to cite the representatives of the Spring Valley Water Company and such other persons, companies or corporations as the Board of Supervisors may direct to appear and give such testimony as may enable the Board to fix and establish said rates.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Board of Public Works to Appraise Value of Properties of Spring Valley Water Company.

Also Resolution No. 9968 (New Series):

Resolved, That the Board of Public Works be and is hereby directed to submit to the Board of Supervisors not later than February 1, 1913, an

appraisement of the properties of the Spring Valley Water Company actually used in furnishing the City and County of San Francisco, and the inhabitants thereof with a pure and wholesome supply of water, for the purpose of enabling said Board of Supervisors to establish a basis of valuation of said properties and upon which it may fix and determine water rates to be charged said City and County and its inhabitants for the fiscal year commencing July 1, 1913, and ending June 30, 1914.

In making said appraisement the Board of Public Works shall submit a list of all lands, water rights, reservoir sites and tangible property of all kinds of said company, together with a specific statement of valuation in each instance.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Intention to Close Certain Streets.

On motion of Supervisor Giannini: Resolution No. 9969 (New Series), as follows:

Resolution of Intention to Close Portions of Tenth Avenue, Eleventh Avenue, Twelfth Avenue and Rivera Street, in the City and County of San Francisco, State of California.

Whereas, A petition has been filed with the Board of Supervisors of the City and County of San Francisco, State of California, by property owners owning all of the frontage upon the portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, hereinafter more particularly described, and owning all of the property affected by the closing of said portion of said streets, for the closing and abandonment of said portions of said streets; and

Whereas, Public interest and convenience requires and would be conserved by said closing and abandonment; therefore, be it

Resolved, That it is the intention of said Board of Supervisors to close and

abandon said portions of said streets, more particularly hereinafter described as follows, to-wit:

First: That portion of Eleventh avenue which commences at a line drawn parallel to Quintara street one hundred (100) feet southerly at right angles therefrom, and which terminates with the termination of said Eleventh avenue at the northwesterly boundary line of San Miguel Rancho.

Second: That portion of Twelfth avenue which commences with the southerly line of Rivera street, and which terminates with a line drawn parallel to the northerly line of Santiago street, and distant two hundred and fifty (250) feet at right angles northerly therefrom.

Third: That portion of Rivera street which commences with the westerly line of Twelfth avenue, and terminates with the easterly line of Thirteenth avenue, and also that portion of Rivera street which commences with the easterly line of Twelfth avenue and terminates with the termination of said Rivera street, at the northwesterly boundary line of the San Miguel Rancho, including all that portion of Rivera street at the intersection of said Rivera street and Eleventh avenue.

Fourth: Commencing at a point on the westerly line of Tenth avenue distant thereon three hundred and sixty-nine (369) feet southerly from the southerly line of Quintara street; running thence southerly along said westerly line of Tenth avenue fifty (50) feet, more or less, to the northwesterly boundary of the San Miguel Rancho; thence northeasterly along said northwesterly boundary line of the San Miguel Rancho ninety (90) feet, more or less, to the southerly line of Mendosa avenue, as designated on the map of the Forest Hill Tract, now of record in the Recorder's office; thence southwesterly forty-seven (47) feet, more or less, to the westerly line of Tenth avenue and the point of commencement; being the southerly termination of Tenth avenue.

Be it further Resolved, That the exterior boundaries of the district of lands to be affected or benefited by said closing and abandonment of said portions of said streets, and to be assessed to pay the damages, costs and expenses thereof, are as follows, to-wit:

Commencing at a point on the easterly line of Eleventh avenue, distant thereon one hundred (100) feet southerly from the intersection of said easterly line of Eleventh avenue with the southerly line of Quintara street; running thence easterly and parallel to said southerly line of Quintara street one hundred and twenty (120) feet:

thence at right angles southerly and parallel with said easterly line of Eleventh avenue five hundred (500) feet to the northerly line of Rivera street; thence at right angles easterly along said northerly line of Rivera street to the northwesterly boundary line of the San Miguel Rancho; thence southwesterly along said northwesterly line of the San Miguel Rancho to its intersection with the westerly line of Eleventh avenue; running thence westerly and parallel to the northerly line of Santiago street, on a line one hundred (100) feet, at right angles northerly from said northerly line of Santiago street one hundred and twenty (120) feet; thence at right angles northerly one hundred and fifty (150) feet; thence at right angles westerly and parallel with the northerly line of Santiago street three hundred and ten (310) feet; thence at right angles northerly and parallel with the westerly line of Twelfth avenue two hundred and fifty (250) feet; thence at right angles westerly and parallel with the southerly line of Rivera street one hundred and twenty (120) feet to the easterly line of Thirteenth avenue; thence at right angles northerly along said easterly line of Thirteenth avenue two hundred and eighty (280) feet; thence at right angles easterly

and parallel with the northerly line of Rivera street four hundred and thirty (430) feet; thence at right angles northerly and parallel with the westerly line of Eleventh avenue four hundred (400) feet; thence at right angles easterly and parallel with the southerly line of Quintara street, one hundred and ninety (190) feet to the easterly line of Eleventh avenue and the point of commencement; being portions of Outside Lands Blocks 1036, 1037, 1038, 1110, 1111 and 1112, of the Sunset District, of the City and County of San Francisco.

And the Board of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, in the manner provided by law.

Ayes—Supervisors Bancroft, Caglieri, A. J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

ADJOURNMENT.

There being no further business, the Board at the hour of 6:45 p. m., adjourned.

The following resolution was introduced by Supervisor Bancroft and referred to the *Public Utilities Committee*:

City Engineer to Prepare List of Lands and Property of Spring Valley Water Company Necessary for Use of San Francisco as Source of Water Supply.

Referred.

J. R. No. —.

Resolved, That the City Engineer is hereby directed to prepare a list of properties belonging to the Spring Valley Water Company, including necessary lands, water rights, canals, reservoirs, dams, ditches, flumes, aqueducts and pipes or outlets, natural or otherwise, owned or held by said Spring Valley Water Company in the City and County of San Francisco and in the counties of Alameda, San Mateo, Santa Clara, Contra Costa and San Benito, which said lands, properties, etc., are actually necessary available

and useable for a source of water supply for the City and County of San Francisco, and which lands and other properties, including distributing system, can be made an integral part of a Sierra water supply.

Be it Further Resolved, That the City Engineer be directed to include in this list only those properties which are economically and scientifically available for the use of the said City and County of San Francisco in its acquisition of a municipal water supply and exclude therefrom all properties, water rights, etc., which are not economically valuable or useable as adjuncts to a Sierra supply.

Referred.

The following resolution was introduced by Supervisor George E. Gallagher and, on motion of Supervisor Vogelsang, *referred to the Telephone Rates Committee* by the following vote:

Railroad Commission to Assist in Fixing Telephone Rates.

Resolution No. — (New Series), as follows:

Whereas, Under the provisions of Section 14, Chapter II of Article II of the Charter, it is the duty of the Board of Supervisors of the City and County of San Francisco annually to fix and determine by Ordinance to take effect on the 1st day of July of each year, the rates or compensation to be collected by any person, company or corporation for telephonic service supplied to the City and County and the inhabitants thereof, and to prescribe the quality of such service; and

Whereas, The telephonic rates heretofore fixed by this Board and in effect since the first day of July of last year are alleged to be grossly exorbitant and greatly in excess of rates for such service collected elsewhere in the United States; and

Whereas, There is a universal demand from all classes of citizens of San Francisco for a substantial reduction of rates for telephonic service and for the improvement of such service, and

Whereas, The Railroad Commission of the State of California, by reason of its experience in determining and fixing rates, including telephonic rates charged by public service corporations in this State is peculiarly qualified to assist this Board in fixing telephonic rates in San Francisco and prescribing the quality of service; therefore, be it

Resolved, That the Railroad Commission be and it is hereby requested to assist the Board of Supervisors to as great an extent as its other duties will permit, in determining the rates

of compensation for telephonic service to be supplied to the City and County of San Francisco and the inhabitants thereof for the year commencing July 1st, 1913, and prescribing the quality of such service; and be it further

Resolved, That the Telephone Committee appointed to confer with said Railroad Commission to determine what, if any, assistance can be rendered by it in this matter, and what expenditures it will be necessary for the City to incur in providing for the detail work which will be necessary to be performed by the City.

Resolved, Further, That a copy of these resolutions be forthwith sent to said Railroad Commission.

Ayes—Supervisors Bancroft, Caglieri, Hayden, Hilmer, Hocks, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—14.

Noes—Supervisors Andrew J. Gallagher, George E. Gallagher, Giannini, Jennings—4.

The following resolution was introduced by Supervisor Giannini and, on his motion, ordered *referred to Streets Committee*:

City Engineer to Investigate Condition of Open and Unaccepted Streets and to Recommend Improvements Where Real Estate Valuation Warrants Assessment Therefor.

J. R. No. —.

Whereas, The progress and development of the City is being retarded in certain sections by non-compliance of property owners with provisions of the Charter requiring the improvement of streets, and

Whereas, It is desirable to do this development work at the earliest possible moment for the benefit of the whole city; be it

Resolved, That the Board of Public Works be requested to direct the City Engineer to investigate the conditions on all open and unaccepted streets where the real estate assessment is sufficient to stand the burden of initial street work, and make recommendations that the street work on the said unaccepted streets be commenced and completed within the earliest possible time.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Endorsing Congressional Bill Providing for Repair of "Portsmouth" and Stationing Her at San Francisco.

On motion of Supervisor Hayden:

J. R. No. 603.

Whereas, there is now pending in the House of Representatives, Bill No.

13006, entitled "To provide for the repairing of United States ship 'Portsmouth,' stationing her at San Francisco," and for other purposes; and

Whereas, the intent of this bill is to spend the sum of \$34,973.30, or so much thereof as may be necessary to place this ship in a seaworthy condition for the further purpose of conveying her through the Panama Canal (as the first ship to make that journey when the canal is ready), on her way to San Francisco where she is to be finally stationed; and

Whereas, the United States ship "Portsmouth" is indissolubly connected with the early history of San Francisco, being the first United States vessel to raise the American flag in this city on July 7, 1846, thereby taking possession of the City in the name of the United States Government; therefore, be it

Resolved, That this Board of Supervisors, representing the people of San Francisco, heartily endorses this bill, and further, requests the passage of same by Congress; and be it

Further Resolved, That a copy of this resolution be forwarded by wire to Hon. John E. Raker, member of Congress, and to the chairman of the Naval Committee of the House of Representatives.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Referred.

The following bill was introduced by Supervisor Jennings and referred to the Streets Committee:

All Sewer Work to Be Done in Streets Prior to Conditional or Full Acceptance.

Bill No. —, Ordinance No. — (New Series), entitled, "Requiring all sewers to be constructed in streets, and side sewers constructed to the curb line thereof prior to any conditional or full acceptance of the same."

Action Deferred.

The following bill was introduced by Supervisor Mauzy, laid over one week and, on motion of Supervisor Andrew J. Gallagher, ordered printed and sent to Supervisors:

Amending Tunnel Procedure Ordinance.

Bill No. —, Ordinance No. — (New Series), entitled, "Revising, re-enacting and amending 'The Tunnel Procedure Ordinance' of the City and County of San Francisco, being Ordinance No. 1651 (New Series), approved September 6th, 1911, as amended by Ordinance No. 1721 (New Series), approved November 6th, 1911, by Ordinance No. 1776 (New Series),

approved January 31st, 1912, by Ordinance No. 1929 (New Series), approved June 19th, 1912, and by Ordinance No. 2029 (New Series), approved September 25th, 1912, by re-enacting sections numbered consecutively 1 to 33, inclusive thereof, including Section 9a thereof, as heretofore amended, providing a method of procedure for the construction of any tunnel or tunnels in, on, under or over any accepted or unaccepted open public street, avenue, lane, alley, place or court within the City and County or any other land of the City and County, or in, on, under or over any land or water in which and where the City and County may then have an easement or right of way therefor and to levy the damages, costs and expenses thereof upon private property, and to levy an assessment thereon therefor and for the ascertainment and payment of damages, and for the manner in which protests against such assessment and damages awarded may be heard and determined, and for the manner in which such assessment may be collected and paid and property delinquent thereunder may be sold, and for fully and completely exercising the powers conferred in Section 1 of Chapter VIII of Article VI of the Charter of said City and County, and providing for the payment of any assessment levied in pursuance of the provisions thereof in annual installments covering a term not to exceed ten years, and the conditions thereof and the rate of interest to be paid on such payments.

And by adding a new section thereto, to be numbered and known as Section 34, providing the method of procedure where two or more tunnels are to be constructed in pursuance of one general plan in the same proceeding.

And by adding a new section thereto, to be numbered and known as Section 35, providing for sales of property for delinquent assessments.

And denominating and designating Sections 1 to 35, inclusive thereof, as "Part I, Tunnel Construction".

And by adding 14 new sections thereto, to be numbered consecutively from Section 40 to 53, inclusive, and to be denominated and designated as "Part II, Acquisition of Property", providing a method of procedure for the acquisition by purchase or condemnation and for acquiring by purchase or condemnation of any and all land or any easement or right of way therein, thereon, thereunder or thereover, and any property necessary and convenient for any purpose mentioned in Section 1 of Chapter VIII of Article VI of the Charter of said City

and County, and to levy the damages, costs and expenses thereof upon private property; and for the ascertainment and payment of damages, and for the manner in which protests against such assessments and damages awarded may be heard and determined, and for the manner in which such assessment may be collected and paid and property delinquent thereunder may be sold, and for fully and completely exercising the powers conferred in Section 2 of Chapter VIII of Article VI of the Charter of the City and County of San Francisco, and providing for the payment of any assessment levied in pursuance of the provisions thereof in annual installments covering a term not to exceed ten years, and the conditions thereof and the rate of interest to be paid on such payments. So that said "The Tunnel Procedure Ordinance" may also provide a method of procedure for such acquisition in the same proceeding as that provided for the construction of any tunnel or tunnels."

Prohibiting Use of Words "Municipal Clinic".

Supervisor Murdock introduced the following resolution under suspension of the rules:

J. R. No. —.

Whereas, The use of the word "Municipal" in connection with the Clinic conducted by individuals at 682 Commercial street is misleading, implying that the agency is conducted or controlled by the City Government; and

Whereas, The certificate of health issued by the Clinic is supposed to guarantee from arrest, violators of the law of the State—virtually constituting permission for the commission of acts prohibited by law—therefore be it

Resolved, That the use by any organization or individuals of the name

"Municipal Clinic" is hereby forbidden; and be it

Further Resolved, That the Board of Police Commissioners is hereby urged to give no official sanction to efforts of private citizens to protect the public health, when their acts or methods, directly or indirectly, justify or encourage the violation of law.

Motion.

Supervisor Andrew J. Gallagher moved *reference to Public Welfare Committee*:

Substitute.

Supervisor McCarthy moved as a substitute that the second "whereas" and all reference to the Police Commission be stricken out and that resolution as amended be *adopted*.

Adopted.

Whereupon, the above resolution, amended as follows, was *adopted* by the following vote:

Prohibiting Use of Word "Municipal Clinic."

On motion of Supervisor Murdock:

J. R. No. 604.

Whereas, the use of the word "Municipal" in connection with the clinic conducted by individuals at 682 Commercial street is misleading, implying that the agency is conducted by or controlled by the City Government; therefore, be it

Resolved, That the use by any organization or individuals of the name "Municipal Clinic" is hereby forbidden.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4.45 p. m., adjourned.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

TUESDAY, FEBRUARY 4, 1913, 8 P. M.

In Board of Supervisors, San Francisco, Tuesday evening, February 4, 1913, 8 p. m.

The Board of Supervisors met pursuant to Journal Resolution No. 584 for the purpose of taking testimony and of making such investigations as will enable it to establish telephone rates for the fiscal year commencing July 1, 1913.

His Honor Mayor Rolph being absent, Supervisor Hilmer was called to the Chair.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Andrew J. Gallagher, Giannini, Hilmer, Koshland, McLeran, Murphy—6.

COMMITTEE OF THE WHOLE.

On motion of Supervisor Murphy the Board resolved itself into a Committee of the Whole with Supervisor Hilmer, Chairman of the Telephone Rates Committee in the Chair.

The Committee of the Whole arose at 9:30 p. m., all members before noted being present, and reported as follows:

Report of the Committee of the Whole.

Your Committee of the Whole reports that it has met for the purpose of commencing the annual investigation held preliminarily to the fixing of telephone rates for the year commencing July 1, 1913; that it has heard the testimony of P. H. Coolidge, General Commercial Superintendent of the Pacific Telephone and Telegraph Company and that the following matter heretofore filed in the Clerk's office, Board of Supervisors, was presented, read and designated an exhibit in the pending investigation, to wit:

Exhibit A—Statements of the Pacific Telephone and Telegraph Co. showing earnings and expenses for 1912, plant and property statement for 1912 and plant and property additions for 1912.

Furthermore, your Committee reports progress and begs leave to sit again February 18, 1913.

ADJOURNMENT.

Whereupon the Board at the hour of 9:35 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

WEDNESDAY, FEBRUARY 5, 1913,
3:30 P. M.

In Board of Supervisors, San Francisco, Wednesday, February 5, 1913, 3:30 p. m.

The Board of Supervisors met pursuant to announcement of his Honor Mayor Rolph for the purpose of discussing with the directors of the Panama-Pacific Exposition Company the matter of developing adequate transportation facilities to the Exposition grounds at Harbor View.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Quorum present.

His Honor Mayor Rolph, presiding.

His Honor the Mayor announced the purpose of the meeting and presented Chas. C. Moore, president of the Panama-Pacific Exposition Company.

Privilege of the Floor.

Thereupon, *Chas. C. Moore*, president of the Panama-Pacific International Exposition, was granted the privilege of the floor and addressed the Board in part as follows:

"There are two problems before us that are almost paralyzing in their potential effects. The first is water, which we need not discuss now. Five million gallons of water will be required for every day the exposition is open.

"The principal trouble for the moment, though, is transportation."

He then referred to the great interest taken in the Exposition in every part of the world. "But is it within our province to have to meet these problems of water and transportation that are facing us?" he asked. "We never supposed that the question involving public utilities would ever come to our door. We thought that with our duty done the city government would say, 'Your duty is within your gates only; anything outside your gates is within the province of the city government.'"

He then explained that the people that he had in mind in referring to transportation facilities were those who would patronize street cars.

"I don't think that we are saying too much when we say that the burden belongs to the city government and not to us." He continued, "We want to tell you how desperate this is, how utterly and completely inadequate the present facilities are."

He disclaimed all knowledge of amendment 34, saying that he did not know where it came from. "With no street car facilities to the Exposition grounds our \$100,000,000 structure, built by our pride and our patriotism, so far from fruition, will be a sad thing to contemplate."

He concluded by saying that the burden of affording street car facilities to the Fair was not one that should be borne by the Exposition, but that it properly belonged on the shoulders of the Supervisors.

Frank L. Britton, attorney for the Exposition, also addressed the Board and stated that the bills recently brought before the Legislature relating to the granting of franchises were prepared by himself and were merely for the purpose of providing for any charter amendment that the city government might wish to present to the people, in order not to lose any time in the matter of providing for adequate transportation to the Exposition.

"I want to disabuse people's minds of the idea that this course was inspired or suggested by any body connected with the United Railroads or any other corporation," he continued. He then went on to state that he had never been retained by any corporation, nor had he ever received one penny from such companies. There never had been any suggestion that the bills had been submitted to benefit the United Railroads or any other corporation. The amendments, he contended, could do no harm whatever, as they merely opened the way for action by the people.

L. Hellman, Jr., chairman of the Transportation Committee of the Exposition, also addressed the Board and said that he did not believe the people realized how small the transportation facilities really are to the Exposition site. The Fillmore street cars, for instance, he pointed out, could not transport more than 2000 passengers an hour to the grounds. The Union street cars at present could not carry more than 6000 passengers an hour. Therefore there is a carrying capacity of only 8000 people an hour.

The Polk street cars now stop one block from the grounds, on Polk street. This, he said, is the best means of transportation, as under a full head-

way 16,000 people could be landed every hour within a block of the grounds. But that does not mean, he pointed out, that the people are being landed within a block of the main entrance. They would be a great many blocks away. Women and children who walked from the terminus to the main entrance would be very tired by the time they reached the grounds. An extension of the line is absolutely necessary in order to use the Polk-street cars with good effect.

The present transportation facilities, he asserted, cannot handle more than 22,000 people an hour, and no means are provided for getting to the grounds direct from the ferry, with practically no means from the western territory.

It leaves us with transportation that is absolutely useless for an exposition of the kind we planned, he continued. On January 1st we had a comparatively small crowd there, but the cars were overtaxed. It is childish to think that we can do anything with the present arrangements. It might almost be better to limit the scope of the Exposition or do something desperate. Without the crowds the Exposition will be a failure. The number of people who would get there in busses would be infinitesimal.

In St. Louis they had as many as 450,000 people at the fair in one day. With a carrying capacity of 20,000 an hour we would not get very far. As to the means of remedying the conditions, I don't want to go into the matter. If the city is prepared to carry out plans that will practically duplicate the present United Railroads system, you can bring your people to the grounds.

It has been suggested that the city build a line on Van Ness avenue. That with the Geary street line would help us very much. But even with three cars a minute, each car carrying 150 passengers, totalling 180 cars an hour, it would not help us terribly much on any big Exposition day.

I hold no brief for the United Railroads, but we have got to make a connection, unless we are ready to build our own lines so that people can be carried to the gates. You have got to amend your charter so that private enterprise may see an opportunity for an adequate return for its outlay, or else build the line yourselves.

In answer to a question, Mr. Hellman said that the ferry-boats could not be secured to help the situation materially.

P. B. Hale, Exposition director, also addressed the Board and said that the question had to be considered in an unbiased way. Past experience regarding transportation should be forgotten.

"You cannot expect the railroad com-

pany to put on extra cars or build more tracks, unless it can see a return for the money to be expended. I don't agree with the men who say that the crowd will be taken out in two or three hours. We ought to be prepared to take all back in an hour."

Every act of the Exposition officials, he said, would bear the light of day, and time alone would show that they had done their duty as they saw it. It was up to the Supervisors more than any other body to provide the transportation facilities to the ground, he contended.

Henry T. Scott, Exposition Director, stated that the situation was a serious one that should be squarely faced and a remedy provided at once.

W. H. Crocker, Exposition Director, said:

"This is the most serious question that has confronted the citizens of this city since the disaster of 1906. All differences ought to be buried now. Here is an opportunity for the Board of Supervisors and the Exposition directors to come together and decide that they are going to give adequate transportation to the Exposition ground."

E. E. Calvin of the Southern Pacific said Mr. Crocker had told him that there would be no ferryboats available for the purpose. The Southern Pacific and the Key Route lines would not have any spare boats, and there was none in course of construction. Calvin believed that 80 per cent of the people would go from the Ferry building. Calvin suggested that the best means of transporting that 80 per cent would be by an elevated railroad above the belt road now in existence. But that there would have to be a great many other routes as well.

Crocker suggested that some neutral party, such as Calvin, or any one else not interested in the matter, be asked to report to the Board of Supervisors and the Exposition directors. This would be the means of eliminating all friction that might exist between certain bodies.

In answer to a question Crocker said that Hellman would furnish the Board with the necessary data as to the number of people to be transported by street cars.

M. H. De Young, Exposition Director, addressed the Board, dissenting from the estimate of attendance made by Bion J. Arnold. He spoke in part as follows:

"There will be no water transportation. We have no money to build ferryboats, and I don't know anybody who is going to do it. Each boat costs \$325,000. Anyway, how many ferries

would be necessary to carry 96,000 passengers an hour? From Oakland or Alameda each trip to the grounds would take twenty minutes. That would mean forty minutes the round trip, each boat carrying 2000. In that I have not figured the time in embarking or disembarking.

"If we are not going to do better than Mr. Arnold estimates we had better not open. We should have 100,000 on at least two days each week. On special days there should be from 150,000 to 200,000. Mr. Arnold says 30,000 a day on ordinary days, with a larger amount on special days. He figures on two special days only. What about Fourth of July, Labor day, German day, Irish day, English day? We will have those days, and they must be reckoned with.

"If a family walks to the Exposition they will not walk much when they get there. I knew we could never get transportation to the present location, and I told them so. Thank God, I didn't agree with them in locating the Exposition at Harbor View. I think we had better leave the matter in the Supervisors' hands."

A. W. Foster, Exposition Director, also addressed the Board, saying in part:

"Like Mr. de Young, I did not vote for the Harbor View site, because I knew the difficulties of transportation. I don't own a share of the United Railroads stock, but I know that every line that now reaches the Exposition site is on a dangerous grade. I don't believe a street car system can be devised to carry the crowds. It will take a railroad system, either steam or electric. We must either furnish the transportation or quit and tell the world that we can't.

"Mr. Arnold may be a man of attainments, but this book of his is trash. It is an example of a man trying to talk on a subject of which he knows nothing.

"You can talk about the Municipal Railway, but let me tell you, and I want to be frank with you, I don't believe in it. No municipally owned public utility in the State is a success. The Geary street road may pay, but it wouldn't if it had to carry extensions and serve the whole city."

Thornwell Mullally, Exposition Director, stated that he appeared as an Exposition official and not as vice-president of the United Railroads and urged the necessity of providing immediately for transportation facilities to the Exposition.

"Our position is very simple. We did not bring about this situation. I did not vote for the Harbor View site. On the contrary, I presented to

the board of directors a statement in writing of the transportation difficulties that were to be encountered there. After doing that, I refuse to be held responsible for the difficulty that is now acknowledged.

"The United Railroads did not bring about, either, the present conditions in the City Charter, although you will notice they give the company a virtual monopoly, as no capital is going to invest here under those conditions. We would rather be farmers.

"In 1906 the United Railroads was pretty sick. Now all our debts are paid, and we do not intend to get into more difficulty by accepting franchises under impossible conditions.

"We did nothing for or against amendment 34. We never saw it until it was presented."

In reply to a question from Supervisor Andrew J. Gallagher he declared that if the City would provide for the granting of indeterminate franchises on a fair basis the company would do the rest.

Leon Stoss, Exposition Director, said:

"We must have transportation for a maximum day, and not an average day." He added that he believed that much better progress would be made if a small committee of the Board of Supervisors met a small committee of the Exposition directors. The question must be decided. "We don't care how it is arranged, so long as it is decided soon."

Jos. S. Tobin, Exposition Director, said:

"The problem of transportation is more in the hands of the Supervisors than in the hands of the Exposition directors. If any member of the Board has a plan to meet the difficulties, the board of directors will be only too glad to co-operate. The problem would not seem to be absolutely unsolvable. When the board gets down to working, some way will be found out of the difficulty."

Matt. I. Sullivan, State Commissioner of the Exposition, appeared as a representative of the Mission Promotion Association and voiced his opposition to the constitutional amendments relating to franchises recently introduced in the State Legislature by the attorney for the Exposition. He did not think any constitutional amendments were necessary and declared that if work was prosecuted on the construction of a municipal railway extension on Van Ness avenue to be later connected by way of Eleventh street with a line from the Mission, the question would in a large measure be solved. He criticized those members of the Public Utilities

Committee who had failed to support Supervisor George E. Gallagher's bill providing for the Van Ness avenue line and the Exposition officials for not urging it. He also suggested that the United Railroads be directed to put on five hundred more cars for the accommodation of the public. As to water for the Exposition, he said the inexhaustible resources of the ocean could be drawn upon for many purposes, and that according to many capable engineers there was a vast subterranean lake of fresh water under San Francisco that could be made available by digging wells.

C. C. Moore, president of the Exposition, closed the discussion by saying in part:

"We hope the next time Mr. Sullivan comes, he will be representing the interests of the Exposition. But I am glad to hear everything is all right. Expressing the same admiration for Mr. Sullivan that he does for us, I would say that if he were better informed he would not have made the statements he has.

"I now make a formal request on you to order the United Railroads to buy 500 more cars, and I shall go away happy on my own business, knowing that Mr. Sullivan says everything will be all right."

Motion.

Supervisor Giannini moved to submit the question to a joint meeting of the Public Utilities Committee with the transportation committee of the Exposition, a report of the plan devised by them to be submitted to the Board of Supervisors for its consideration.

Motion carried.

ADJOURNMENT.

There being no further business the Board at the Board adjourned.

J. S. DUNNIGAN,
Clerk.

MONDAY, FEBRUARY 10, 1913.

In Board of Supervisors, San Francisco, Monday, February 10, 1913, 2:30 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hooks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Payot, Nolan, Vogelsang—18.

Quorum present.

His Honor Mayor Rolph, presiding.

READING AND APPROVAL OF MINUTES.

The Journals of the meetings of January 27, 1913, and February 3, 1913, were read and approved.

ROLL CALL FOR PETITION FROM MEMBERS.

Arbitration Proposals in Matter of Purchase of Properties of Spring Valley Water Company.

His Honor the Mayor presented correspondence had with the Spring Valley Water Company, also two resolutions providing for arbitration in the matter of the purchase of the properties of said company, and requested that they be taken up as a Special Order of Business at 4:30 p. m. *There being no objection it was so ordered.*

Extensions of Municipal Railway on Van Ness Avenue and Other Streets.

The following communication was presented by his Honor the Mayor, read by the Clerk, ordered printed in the Journal and referred to the Public Utilities Committee:

San Francisco, Cal., February 10, 1913.

To the Honorable Board of Supervisors, San Francisco.

Gentlemen:

At the special meeting of your Honorable Board, held on the 5th instant, at which time the Board of Directors of the Exposition expressed their views regarding needed transportation to the Exposition grounds, it became clearly evident that prompt action is necessary, on the part of the Administration, to provide means of transportation to and from the Exposition.

With that necessity in mind, I respectfully recommend that you forthwith pass an ordinance ordering the construction of extensions of the Geary Street Municipal Railway along Van Ness avenue, between Market street and Bay street, and directing the Board of Public Works to prepare the necessary plans and specifications therefor.

I further recommend that you pass an ordinance, authorizing the Board of Public Works and the City Engineer to prepare plans and estimates for the construction of other extensions of said municipal railway system, which would help to solve the transportation problem incident to the Exposition. And that said Board of Public Works be authorized to estimate the number and cost of cars necessary for the municipal railway system, when so extended.

We should lose no time in solving this problem.

We have just two years before the Exposition gates swing open and every energy must be exerted to pro-

vide adequate transportation for the Exposition.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

(By request of Supervisor Vogel-sang, the Clerk was directed to notify the Exposition Directors and others interested to attend the Public Utilities meeting on Wednesday at 2:00 p. m.)

Suggested Municipal Railway Extensions.

The following matters were presented, read and referred as follows:

Communication—From C. D. Safield, suggesting certain extensions of the municipal street railway.

Ordered referred to the Public Utilities Committee:

Also, communication—From North Beach Improvement Association, suggesting certain extensions of municipal railway.

Ordered referred to Public Utilities Committee.

City Attorney's Explanation of Constitutional Amendments.

Also communication—From City Attorney, submitting explanation of manner in which three constitutional amendments were submitted to Legislature at end of first session, which amendments related to charter amendment elections, grants of franchises by charter amendment without ratification by Legislature and as to removing limitations preventing grant of franchises except under authority of charter.

Ordered referred to Judiciary Committee.

Protest Against Annulment and Forfeiture of Contract of Consolidated Construction Co. for Certain Sewer Work in Golden Gate Park and Forty-eighth Avenue.

Also, communication—From Consolidated Construction Company, protesting against annulment and forfeiture of contract of said company for certain sewer work in Golden Gate Park and Forty-eighth avenue, and requesting a hearing in the matter.

Ordered referred to Finance Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Releasing American Bonding Company of Baltimore as Surety on Bond of Bernard Joseph Judge, Property Clerk, Police Department.

Resolution No. 9993 (New Series), as follows:

Resolved, That the American Bonding Company of Baltimore, surety on the bond of Bernard Joseph Judge as property clerk of Police Department

of the City and County of San Francisco, issued on or about the twenty-third day of February, A. D. 1910, be released from further liability from and after the final passage of this Resolution.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Fire Committee, by Supervisor Giannini, Chairman.

Streets Committee, by Supervisor Geo. E. Gallagher, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Public Utilities Committee, by Supervisor Vogelsang, Chairman.

Lighting and Rates Committee, by Supervisor Edw. L. Nolan, Chairman.

Adopted.

The following report was presented, read by the Clerk and *adopted*:

Preliminary Report of Sub-Committee on Valuation.

The Sub-Committee on Valuation wishes to report that, on February 6th, 1913, at 10 o'clock a. m., it met with the members of the State Railroad Commission and discussed with them the feasibility of co-operation in the establishment of values and the fixing of rates for public service. The Commission agreed, cheerfully, to co-operate with this Board of Supervisors, and to give it access to all the data available within their jurisdiction; they also agreed to authorize their experts to supervise the work if the same to be undertaken by this Board of Supervisors through employees to be appointed by them, or they would agree to employ such men as are necessary to carry on this work, and have it done under the supervision of the experts of the Commission, on condition that the City and County of San Francisco pay the salaries of such appointees.

The process of valuation of the properties of a public service corporation is intricate and requires expert knowledge and a familiarity with the rules and decisions of such bodies as railroad commissions, public service commissions and the courts. This Committee has been at work upon a discussion of the theories and practices which underlie the work of valuation, and is now compiling its report

to be submitted at a later date to this Board of Supervisors.

We wish to call your attention to the fact that, as a basis for establishing rates for service, the rate making body should not consider only one form of valuation, but it should take into account all of the different measures of value which prevail, such as, for instance, the cost value, the market value, the duplication value, the reproduction value less depreciation, and the stock and bond value, and it should give due weight to each and all of these values, and then conclude therefrom what is a fair value of the property for the purpose for which it is used.

The rate making body is not required to specify what exact process of valuation they may follow, and the decisions of courts leave a great deal to the reasonability and the judgment of the rate making body in what they consider to be fair and reasonable.

If this Committee is to submit any tangible results and figures to the Rate Committees, it must be provided with such help as will enable it to check the data that have been submitted and that are to be collected, and to make the calculations required for the purpose.

We therefore recommend that the Board of Supervisors authorize this Committee to employ such assistants as it will require, and fix their salaries, and it will be understood that these assistants shall work under the direction of the experts of the State Railroad Commission who, however, shall receive no pay from the City.

ADOLPH KOSHLAND,

Chairman.

FRED. L. HILMER,

BYRON MAUZY.

Report of Public Health Committee.

The following report was presented and *read by the Clerk*:

San Francisco, February 10, 1913.
To the Honorable Board of Supervisors of the City and County of San Francisco.
Gentlemen:

In view of complaints that Ordinance No. 2126 (New Series) requiring the muzzling of dogs is generally disregarded by citizens, your Committee on Public Health respectfully recommends that it be amended, inasmuch as the police authorities say that it is impossible of enforcement in its present form. Chief of Police White has informed the Health Department that the men under him are unable to compel observance of the ordinance by reason of the limited and inadequate power granted them by that law, and has promised to at once rid the thoroughfares of all unmuzzled dogs running at large if authority is

given to kill them. The Health Officer has urged the granting of such authority to the police, and your Committee feels that public health and safety demand the passage of the Ordinance submitted to your Honorable Body in this regard.

A communication from the Health Officer, calling attention to the fact that eighteen of the public schools of the City have been deprived of the benefit of medical inspection by reason of the inspecting force being too small, was given careful consideration.

Representatives of the Congress of Mothers' Clubs were heard in advocacy of an appropriation to provide for the proper medical inspection of every public school, as an urgent health measure. It was stated by them that the schools not receiving inspection are in the outlying sections, where conditions demand that closer watch over pupils be kept, than in more favorably situated districts.

Health Officer Broderick explained the need of such inspection and said that with the employment of four additional inspectors he believed every school could be given proper attention.

Your Committee believing that the schools now neglected should be given the benefit of medical inspection, recommended to your Finance Committee that an appropriation of \$1500 be allowed to permit of the employment of four additional inspectors during the remainder of the present fiscal year.

Respectfully submitted,

GUIDO CAGLIERI,
ADOLF KOSHLAND,
HENRY PAYOT,
Public Health Committee.

Relative to Reduction of Number of Health Inspectors in Public Schools.
Privilege of the Floor.

Whereupon Mrs. Bush, President of the Congress of Mothers' Clubs, was granted the privilege of the floor and addressed the Board, requesting that the full quota of nurses provided for in the budget be restored to service in the school department. She declared that the children's lives were being endangered by threatened epidemics and urged that request be complied with as soon as possible.

Providing \$1500 for Medical Inspection in Schools.

Whereupon the following Resolution was introduced under suspension of the rules by Supervisor Caglieri and refused passage by the following vote:

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$1500.00 is hereby set aside, appropriated and authorized to be expended out of the Urgent Necessity Fund by the Board of Health, in the employment of four additional Health Inspectors of Schools

for the balance of the fiscal year 1912-1913.

Relative to Permit to United Railroads Through Fort Mason.

Privilege of the Floor.

Col. Williamson, representing U. S. War Department, was granted the privilege of the floor and addressed the Board, stating the Government permit to operate cars in Ft. Mason Reservation expires on the 17th inst. and requested that the Board pass a resolution granting a permit which the United Railroads can accept.

He requested that the Board avoid taking into account any of the lapses

of the United Railroads in the past or possible lapses in the future, but make it just, without reference to outside considerations, that it pay no attention to the conditions that have existed between the railroad company and the Board in the past or to come up in the future.

He suggested that the Board this afternoon pass a resolution similar to the resolution that was passed on December 2, with the omission of two clauses: 2a, which is the one relating to gross receipts, and 3, which is the one regarding paving the streets and requiring terminal facilities, and to substitute, if you want to, a new 3 requiring the United Railroads to pave and keep in repair the streets on the same terms as they now have to keep the street on Polk street, of which this is an extension.

Point of Order.

Supervisor Andrew J. Gallagher raised the point of order that there was nothing before the Board.

Referred.

The above point of order was sustained and the matter referred to the Public Utilities Committee.

NEW BUSINESS.

Adopted.

The following resolutions were adopted:

Accepting Offer of Goewey Investment Company to Sell for \$90,474 Certain Land Required for Civic Center Purposes.

**Confirming, Approving and Ratifying Contract With Rincon Publishing Com-
pany for Printing and Binding Report
of John R. Freeman on the Hetch
Hetchy Water Supply in the Matter of
the Order to Show Cause Why the
Hetch Hetchy Permit Should Not be
Revoked.**

On motion of Supervisor Vogelsang:
Resolution No. 9992 (New Series),
as follows:

Whereas, There was issued by the
Secretary of the Interior on the 25th
day of May, 1910, an order requiring
the City and County of San Francisco
to show cause why a certain permit
issued to the said City and County on
the 11th day of May, 1908, by the Se-
cretary of the Interior should not be
modified to the extent of restricting
the said City and County in its pro-
ject of acquiring a municipal water
supply to the regions known as Cherry
Valley reservoir site and Lake Eleanor
reservoir site in Tuolumne County,
California, and eliminating from the
said project the location known as the
Hetch Hetchy Valley reservoir site,
Tuolumne County, California; and

Whereas, On the 5th day of Febru-
ary, 1912, this Board, on the recom-
mendation of its Public Utilities Com-
mittee, did by resolution appoint a
special Advisory Committee upon the

acquisition of the Spring Valley water system to consider and report upon the entire subject matter of purchase of these properties, the said special Advisory Committee being composed of Honorable Curtis H. Lindley, his Honor the Mayor, James Rolph, Jr.; the City Attorney, Honorable Percy V. Long; the Chairman of the Finance Committee, Thomas Jennings, and the Chairman of the Public Utilities Committee, Alexander Vogelsang; and

Whereas, In order to obtain and prepare the necessary data for submission to the Secretary of the Interior on behalf of the said City and County in response to the said order to show cause, and properly to protect the interests of the said City and County at the hearing of said order to show cause, and further in order to ascertain the value of the Spring Valley Water Company's system and to obtain information for the use of the said Advisory Water Committee in its negotiations for the purchase of the plant of the said Spring Valley Water Company, the said City Attorney, acting for the said City and County and for the said Advisory Water Committee, did engage the services of John R. Freeman as an expert consulting engineer for the said City and County; and

Whereas, On the 28th day of October, 1912, this Board by Resolution No. 9781 (New Series), did confirm, approve and ratify the said employment of the said John R. Freeman; and

Whereas, In order that the interests of the said City and County should be properly represented and protected at the hearing of the said order to show cause, it was necessary to print the data constituting the showing submitted at the said hearing on behalf of the said City and County, so that the same could be presented and submitted to the Secretary of the Interior in printed form; and

Whereas, The said John R. Freeman, in pursuance of the said employment, and at the request of the said City Attorney, did prepare a report on the subject of the Hetch Hetchy water supply for the purpose of having the same presented and submitted to the Secretary of the Interior at the hearing of the said order to show cause, as well as for the purpose of enabling the said Advisory Water Committee to make use of the information and data obtained by the said John R. Freeman; and

Whereas, The said City Attorney, acting for the said City and County, did contract with Rincon Publishing Company, a corporation, for the printing and binding of a sufficient number of copies of the said report of the said John R. Freeman for filing with

the Secretary of the Interior at Washington, D. C., in compliance with the requirements of the said order to show cause, and for necessary distribution among other officers of the Government of the United States of America; and

Whereas, At the time when the said report of the said John R. Freeman was about to be printed the said Rincon Publishing Company was directed by this Board to print and bind and deliver for the use of the said Advisory Water Committee and for the benefit of the said City and County an additional number of copies of the said report, making the total number of copies thereof to be delivered by the said Rincon Publishing Company to officers of the said City and County twenty-five hundred copies; and

Whereas, Thereafter the said Rincon Publishing Company in compliance with the said request of the said City Attorney and as directed by this Board as aforesaid did deliver to the said City and County twenty-five hundred copies of the said report of the said John R. Freeman; and

Whereas, The said Rincon Publishing Company has heretofore presented to this Board a bill against the said City and County dated December 14, 1912, for the sum of \$7250 for the printing and binding of the said twenty-five hundred copies of the said report of the said John R. Freeman; and

Whereas, The said bill of the said Rincon Publishing Company was approved by this Board in the sum of \$7250, and ordered to be paid out of the Water Construction Fund, Bond issue 1910, by Resolution No. 9901 (New Series), duly, regularly and finally passed by this Board on the 6th day of January, 1913, which said Resolution was thereafter duly approved by his Honor the Mayor, James Rolph, Jr.; and

Whereas, The expense incurred on behalf of the said City and County for the said printing and binding was necessary for the proper representation of the interests of the said City and County at the hearing of the said order to show cause before the Secretary of the Interior at Washington, D. C., and in order to protect the rights of the said City and County in the Hetch Hetchy reservoir site, as well as for the purpose of enabling the said Advisory Water Committee and this Board to discharge their respective duties in connection with all of the matters hereinabove referred to; now therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the action of the said City Attorney in so contracting with the said Rincon Publishing Company for the printing and binding of the

said report of the said John R. Freeman, be and the same hereby is confirmed, approved and ratified; and be it further

Resolved, That the said bill of the said Rincon Publishing Company, heretofore approved by this Board as aforesaid, is a just and proper charge against the City and County, and is to be paid out of the said Water Construction Fund, Bond Issue 1910.

SPECIAL ORDER OF BUSINESS.

Spring Valley Purchase.

Motion.

Supervisor Bancroft moved the suspension of the rules for the consideration of the following matters:

The following matters were presented by his Honor the Mayor and read by the Clerk:

Spring Valley Water Company Declines City's Offer and Consenting to Arbitration.

February 7th, 1913.

To the Honorable, the Mayor, of the City and County of San Francisco, and the Board of Supervisors.

Gentlemen:

At a meeting of the Board of Directors of the Spring Valley Water Company held this day, on motion duly made and seconded, it was unanimously resolved that the secretary be instructed to address to the City and County of San Francisco a communication in writing as follows:

At a meeting of the Board of Directors of the Spring Valley Water Company, held on January 28, 1913, the report of the Negotiating Committee representing the company, in the recent negotiations with the committee representing the City of San Francisco, was placed before the board. A copy of the report of our Negotiating Committee is herewith enclosed.

The action of the company's committee, in declining the offer of the committee representing the city, was unanimously approved, and its request

to be relieved from further negotiations was acceded to with regrets.

A copy of Resolution No. 9970 (New Series) has been received. Our answer to it is set forth in the report of our Negotiating Committee, which has been approved as you have been advised.

The exigencies of the conditions of the water supply demand that we should continue to endeavor to harmonize differences, and to that end we formally make the City of San Francisco the following proposition, which, if accepted, will be made binding through action of the shareholders.

The Spring Valley Water Company will consent to arbitrate the value of its property, the arbitrators to decide what price the property should command on a sale by a willing seller to a willing buyer; the law of eminent domain to control the arbitrators. We make this offer to emphasize our confidence in the value of the property and our desire to have the opinion of absolutely disinterested parties placed of record before the public; the arbitration to be binding on the company, but not to be binding on the city.

If you will not accept arbitration we will endeavor to facilitate the speedy determination of a condemnation suit. If condemnation proceedings are instituted the element of time necessary for final judgment will depend entirely on the spirit in which the parties enter into the controversy. If we enter into interminable differences, your City Attorney agrees with our attorney that the proceedings may not be concluded in ten years. If you will commence condemnation proceedings and agree with us on a method by which the trial may be expedited, the interests of both sides will be promoted.

We desire to maintain the water supply of San Francisco. It can only be maintained under the condition expressed in our letter dated April 13, 1908 (a copy of which is enclosed herewith), i. e., by a plan of development to be undertaken by the company, or ownership by the City. Under existing conditions it is impossible for the company to undertake a complete plan of development of its water resources, but we believe with your reasonable co-operation a basis may be arrived at that will enable us to maintain and extend the supply until such time as our plant may be acquired by the City.

Respectfully,
SPRING VALLEY WATER COMPANY,

(Signed) By JOHN E. BEHAN,
Secretary.

Report of the Negotiating Committee
of the Spring Valley Water Company,
Submitted to the Directors January
28, 1913.

January 27, 1913.

To the President and Board of Directors of the Spring Valley Water Company:

On the 9th day of February, 1912, the undersigned were appointed a committee to represent the Spring Valley Water Company in negotiations with the City and County of San Francisco concerning the sale of the Company's property. After two or three meetings between this committee and the committee of the City, known as the Advisory Water Committee, and consisting of Messrs. Lindley, Rolph, Vogel-sang, Jennings and Long, we were informed by the chairman of the city committee that its members were tentatively considering a plan to appoint a board of three engineers which should be entrusted with the duty of determining and reporting to the Board of Supervisors the value of the property of the company. This suggestion met with our approval. We thought then, and still think, that the opinion of an impartial board of engineers would command respect and have very great educational value. At a later date we were informed that those representing the City had determined not to have an appraisement made in the manner theretofore suggested, but that they were considering, tentatively, a new plan by which a joint effort should be made to reach an agreement on value, and that, to accomplish this purpose, an engineer should be appointed by the city to act for it, and that one should be appointed by the Company to represent it; that these two engineers should agree upon values of all the elements of the Company's properties upon which they might be able to agree; that a list of properties as to which they could not reach an agreement be made; and that a third engineer be selected by the two, to act with them, and a majority of the three thus appointed should fix the values of any of the properties upon which the first two might not have been able to agree. This suggestion also met with the hearty approval of the Company, and it was considering the selection of an engineer when it received word from the chairman of the Advisory Committee that that committee had concluded not to recommend this plan, and, because of that notification, nothing further was done in that direction.

We have always considered it a matter of very great regret that one of these plans was not pursued. Al-

though a valuation arrived at as a result of either of them would not have been binding upon either of the parties, it would have commanded respect, and would probably have afforded a substantial basis for arriving at a price which the Company could afford to accept and which the City could afford to pay.

After we were advised that the city committee had determined not to endeavor to arrive at a valuation of the property by either of the methods previously suggested by them, and on the 9th day of August, 1912, the Company received an offer signed by the Mayor and the other members of the Advisory Water Committee and by seventeen members of the Board of Supervisors, which has heretofore been placed before you. The reply of the Company to that letter under date of September 14, 1912, was approved by you before it was transmitted to the city. On the 19th day of October, 1912, the city addressed us another communication, to which reply was made on the 13th of November, 1912, which correspondence has heretofore been submitted to you. After the letter from the city dated October 19, 1912, we had no communication whatever with the city committee until after the hearing before the Secretary of the Interior, in Washington, which began on the 25th of November, 1912. It may not be out of place to suggest here that at that hearing the Company offered to stipulate that it would sell its property to the city at a price to be fixed by the Secretary of the Interior. This suggestion did not receive the approval of those representing the city at the hearing.

Immediately after the return of the Mayor from Washington hearing, he expressed a desire for a meeting between the city Advisory Water Committee and the committee of the Company. Pursuant to that request a meeting was held on the 17th day of December, 1912, but no conclusion was reached. From that time until the 22nd day of January, 1913, several meetings were held by the two committees at which the subject of purchase was discussed at great length.

The original offer of the city was thirty-eight and one-half million dollars for all of the Company's property, the Company to have all of the impounded money. The original offer of the Company was to sell for thirty-eight and one-half million dollars all of its property except twenty-three hundred acres of the Lake Merced Ranch, the Company to have all of the impounded money, and when your committee recommended that this offer be made by the Company it was with the firm belief that it was so liberal

that it would be followed by an early acceptance by the city.

At one of the early meetings between the two committees after the Washington hearing, it was suggested by representatives of the city that if any portion of the Lake Merced property should be eliminated, the elimination should not exceed seventeen hundred acres, and that in that case the cash price should be reduced to thirty-six and one-half million dollars; the Company to have all of the impounded money.

In a spirit of give and take, we suggested that we would recommend thirty-seven and one-half million dollars, two thousand acres of Lake Merced, the Portola property, and the Market street lot, on condition that the Company should retain all of the impounded money. This was really dividing the difference between our offer and the figures suggested by the city.

When we made this offer we were encouraged by the attitude of the city committee—we do not intend by this to reflect upon their good faith or the honesty of their intentions—to believe that they considered the suggestion eminently fair and that after consideration an offer to purchase the property on those terms would be made.

We were much disappointed at the meeting following the one at which the last indicated suggestion was made, to be informed that the committee could not see its way clear to recommend an offer on the terms indicated, and that they considered that the city should have at least one thousand acres of the Lake Merced land.

After considerable discussion, and actuated by a desire to go to the greatest limit in an effort to reach the basis of an agreement, we stated that we would recommend that the Company accept thirty-seven and one-half million dollars, 1,850 acres of Lake Merced, the Portola property and the Market street lot, the Company to retain all of the impounded money; but this was coupled with the condition that the city would construct a boulevard from one hundred to one hundred and fifty feet in width around the outer edge of the portion of the Merced property which should be conveyed to it.

After a meeting of the two committees held on the 11th day of January, 1913, at which meeting we informed the city committee that it seemed useless to pursue the negotiations any further, we felt encouraged to believe that if we would recommend to the Company the acceptance of one of two offers, viz: (1) Thirty-seven and one-

half million dollars for all of the property except 1,850 acres of Lake Merced, the Portola property and the Market street lot, and one-half of the impounded money; or, (2) Thirty-seven million dollars for all of the property except 1,850 acres of Lake Merced, the Portola property and the Market street lot, and all the impounded money, the city committee would make the offer. This was after several meetings and after we had made material concessions in a spirit of compromise.

On the 13th day of January, a meeting took place at which the Mayor, who was the spokesman of the city committee, made the announcement that he was not able to induce the Board of Supervisors to consent to an offer of more than thirty-six and one-half million dollars and the division of the impounded money, to which we replied that it was useless to continue the negotiations on any such suggestion. We also made it plain to the members of the city committee that we would not approve any offer below thirty-seven and one-half million dollars, with the elimination suggested, and with all of the impounded money.

On the 22nd of January we were requested to attend at the Mayor's office to resume the negotiations, and at that time were informed that the ultimatum of the city was thirty-seven million dollars for all the property except 1,850 acres of Lake Merced, the Portola property and the Market street lot, and one-half of the impounded money. We were also told at that time that the committee was not inclined to agree to the suggestion that the boulevard should be located wholly on the portion of the Lake Merced property to be conveyed to the city, but that, according to the view of the city committee, one-half of it should be located on city property and the other half on the portion which the Company was to retain. To this we replied that we had previously told the committee that such an offer could not be entertained, and there was nothing for us to do but decline it, and to report back to our board the result of our negotiation and request to be discharged.

We have made a sincere effort to arrive at terms of purchase, liberal and generous to the city, and have in all our negotiations been controlled by a spirit of compromise and by knowledge of the condition of the water supply. We fear the spirit that actuated us was construed as an evidence of weakness.

We think we are quite correct in saying that no member of the city committee has ever said that the terms offered by the city are commensurate

with the value of the property which the city desires to acquire.

After the city's offer was declined, we informed the members of the city committee that the company would be glad to co-operate with them in an effort to agree upon the value of the property by arbitration, and suggested that we were quite willing to join the city in a request to the Secretary of the Interior to name one or three arbitrators to determine the price which the city should pay for the property, the same rules to obtain in such arbitration as would obtain in a condemnation proceeding. We also suggested that if the city was not inclined to join us in a request to the Secretary of the Interior to name an arbitrator or arbitrators it should be possible to agree upon some man or tribunal to whom the selection of arbitrators could safely be delegated. The reply to this was that the city would not agree to arbitration in any form. Thereupon, we suggested that if the city desired to institute a proceeding in eminent domain, we would be willing to participate in an effort to select five trial judges before whom the case should be tried without a jury. This suggestion did not meet with any response.

We cannot close this report without reading into the record that any suggestion of terms made by us was to be subject to the approval of the Board of Directors and the shareholders. We believe the report submitted by J. G. White & Company on January 21, 1913, represents the true, fair and impartial value of the property. Their valuation made as of January 1, 1912, was \$63,297,915. We believe that the sacrifice we would have asked the shareholders to make was one made necessary by exigencies apparently beyond the control of the Board of Directors.

We were willing to urge upon the directors and shareholders a sacrifice of their property, but we are unable to recommend the sacrifice which the acceptance of the city's ultimatum would entail.

We ask to be relieved from any further service in the premises.

Respectfully submitted,

A. H. PAYSON,
FRANK B. ANDERSON,
EDW'D J. McCUTCHEN.

Report of the Advisory Committee on
Acquisition of Spring Valley Water
Company Properties.

Mayor's Office, San Francisco.

San Francisco, Cal.,

January 27, 1913.

To the Honorable Board of Supervisors,
San Francisco.

Gentlemen:

Regarding Negotiations for Purchase of Properties of Spring Valley Water Company.

The City Advisory Water Committee, appointed by you, by Journal Resolution No. 59, adopted February 5, 1912, to conduct negotiations for the purchase of the properties of Spring Valley Water Company, now reports and recommends, as follows:

Your committee opened negotiations with Spring Valley Water Company, and held several conferences with the committee appointed by the Company, consisting of Messrs. A. H. Payson, Frank B. Anderson, Edward J. McCutchen and S. P. Eastman.

After several conferences, all held in the Mayor's office, we submitted a proposal in writing, by letter dated August 9, 1912, a copy of which letter is annexed hereto, and marked "Exhibit A." By this proposal we offered, on behalf of the City, the sum of thirty-eight million five hundred thousand dollars for the entire properties of Spring Valley Water Company, and offered to permit the Company to retain all the money impounded during the pending water rates litigation between the City and the Water Company. This offer was rejected by Spring Valley Water Company in a communication dated September 14, 1912, a copy of which is marked "Exhibit B," and annexed hereto. In this communication, the Company offered to sell for \$38,500,000 all of its properties, except:

(a) About 2,350 acres of the Lake Merced Tract, and six blocks adjacent thereto.

(b) All money and personal property owned by the Company.

As a condition of this offer, the Company insisted that it be permitted to take judgment in all water-rate litigation with the City, and to retain all the impounded money. This offer, made by the Company, was limited to expire October 20, 1912, unless, before that date, the Supervisors should have taken the initial proceedings to submit to the voters the propositions to buy the properties on the terms stated in the offer, in which case the offer was continued in force until January 1, 1913; and the further condition was added that, if the offer should be accepted through the necessary votes of the people, the purchase must be consummated by March 1, 1913.

In reply to this proposal the Company, the Mayor, acting for the committee, sent to Spring Valley Water Company a letter, dated October 19, 1912 (a copy of which, marked "Exhibit C" is annexed hereto), rejecting the Company's offer, made in its letter of September 14, 1912, and expressing

the hope that, after further consideration, the Company would see its way clear to accept the offer submitted by the City, in your committee's communication of August 9, 1912.

In reply to your committee's communication of October 19, 1912, Spring Valley Water Company, under date of November 13, 1912, addressed to your Advisory Committee a communication, of which a copy, marked "Exhibit D," is annexed hereto. In this communication the Company, after some argument, repeated the reply contained in its letter of September 14, 1912, declining the offer contained in your committee's letter of August 9, 1912.

On December 19, 1912, December 21, 1912, January 11, 1913, January 20, 1913, and January 22, 1913, conferences were held at the Mayor's office, between your advisory water committee and the committee representing Spring Valley Water Company. On the last mentioned date, your committee offered, subject to the approval of your Honorable Board and confirmation by the necessary two-thirds of the electors, at a special election to be held for that purpose, to pay to the Company \$37,000,000 for all the Company's properties, except:

(a) 1,850 acres of Lake Merced tract.

(b) 971 acres surrounding and including the Searsville Lake, in Portola Valley, San Mateo County.

(c) The lot of land, commonly known as the "Reservoir site," at the junction of Market street and Duboce avenue, San Francisco.

We further offered, in consideration of the acceptance of this offer by the Company, to permit the Company to retain one-half of the money impounded pending the water rates litigation, the other one-half to be returned to the rate payers.

In reply to this offer of your advisory committee, the committee representing Spring Valley Water Company, replied, in substance, that the offer of the City left the committee no course except to decline the offer, and go back to the directors, report, and ask to be discharged from any further consideration of the negotiations. Spring Valley Water Company's committee had previously indicated that, if the City would pay \$37,500,000, and permit the Company to retain 1850 acres of land in the Lake Merced tract, the 971 acres of the Searsville Lake lands, and the reservoir site at Market street and Duboce avenue, they would recommend to the board of directors of their company, the acceptance of such an offer. This proposal did not provide for any disposition of the impounded money, and the Company's committee stated that they were not authorized to con-

sent to a return to the ratepayers of any portion of that money.

Your advisory committee recommends that the proposal made orally by your committee to the Company's committee, on January 22, 1913, be made in writing to the Company, by the Board of Supervisors, by appropriate resolution, and subject to the provisions of the Charter, so that the record may show clearly and definitely the terms offered by the City to the Company, and so that you may draw from the Company a reply in writing, either accepting or rejecting the offer.

The formal submission to the Company, by your Honorable Board, of the offer made by your committee, on January 22, 1913, will be, of course, submitted to the people, and subject to confirmation by the necessary two-thirds of the electors, in the event that the Company accepts the offer.

Yours respectfully,
JAMES ROLPH, JR.,
Mayor,

For the City Advisory Water Committee.

Letter From the President of the Spring Valley Water Company to the Special Committee of the Board of Supervisors on Water Supply.

San Francisco, April 13, 1908.

To the Special Committee of the Board of Supervisors on Water Supply:

Gentlemen:—At the conclusion of the interview on the evening of April 7th, between your Committee and officials of the Spring Valley Water Company, it was suggested that certain propositions which had been made at that meeting, in behalf of the company, should be reduced to writing, and in compliance with this request, we beg to submit the following summary of these propositions, and to outline to you the grounds upon which we ask you to establish rates for the coming fiscal year.

The physical conditions of the water supply may be summarized as follows:

The present safe capacity of the plant for distribution in San Francisco

is thirty-five million gallons per day, and the consumption of the City approximates that quantity. The average consumption is at least thirty-two million gallons daily, but during the months of September and October of last year, exceptional days reached a consumption of thirty-six million.

By the expenditure of approximately two hundred thousand dollars in the erection of a new pump at Ocean View, and an additional force pipe line from Ocean View to Lake Honda, the delivery to San Francisco can be increased to forty million gallons per day, including the supply now taken from Lake Merced, and this work can be completed within the next four months, if undertaken immediately.

By distributing forty million gallons, we are trenching to the extent of five million gallons a day upon the reserve in the company's reservoirs. In the present condition of these reservoirs, this is not a serious matter, in view of the fact that an additional expenditure of from two hundred thousand to two hundred and fifty thousand dollars, which need not necessarily be undertaken this year, would make the company's daily yield of water actually deliverable in San Francisco fully equal to forty million gallons a day. As was explained to your Committee, this additional five million gallons per day will be obtained by the installation of pumps at Ravenswood, which will increase the pressure upon the submarine pipes across the bay.

The City is in immediate and urgent need of the additional five million gallons daily, which can only be had—beginning at the expiration of four months from date—by the expenditure of five hundred thousand dollars spread over the coming two years.

Having reached this limit of forty million gallons, however, we are confronted with the fact that any further supply calls for the very large expenditure of money involved in one or the other of the plans for storage reservoirs in the Calaveras water shed, and the still greater expenditure involved in the construction of a necessary conduit for conveying this water to the City limits.

It is impossible, under present conditions, to predict, with any approximation to certainty, the growing necessities of San Francisco, and hence impossible to say when the City will be confronted by an absolute necessity for a greater supply than forty million gallons daily. It would take from three to four years, depending upon the seasonal rainfall, to provide these additional storage reservoirs in the Calaveras watershed and establish the

conduits for bringing that water to San Francisco.

Under these circumstances, is it not self-evident, even under the lowest calculation of the City's growth in consumption, that immediate steps must be taken for the protection of the City against a water famine?

The water supply upon which the City must rely for at least ten years, can only be had from the Spring Valley system, as at present developed, and in the additional development of these Calaveras sources, which, if utilized to their utmost capacity would afford a daily delivery of from one hundred million to one hundred and fifty million gallons and at much less cost than this additional water could be secured from any other source. There can be no question that this additional development will provide an ample supply for this City for the next forty years. (See Col. Heuer's report, page 8.)

The above summary of the physical conditions brings us to the question of how these additions to the property are to be provided for. This can be done only under two plans:

First: The acquisition of the plant by the City and its development under the City's control;

Second: Its development by the company.

PLAN FIRST.

As has heretofore been stated, the directors will recommend to the stockholders the sale of the property to the City for the face value of the issued bonds and the outstanding stock, approximating thirty-two million dollars; or if the City does not desire the Lake Merced property to be included in the sale, there may be a deduction of four million dollars from the price named, with the privilege to the City of using this Lake Merced property for purposes of a water supply only, for such time as this may be desirable, not exceeding ten years, on payment to the company of a net return of four per cent per annum on this four million dollars.

These are positively the lowest terms at which the directors will recommend to the stockholders the sale of the property, and if it is to be purchased by the City, it may as well be taken for granted, once and for all, that these are the best terms on which it can be obtained. I have repeatedly stated to you that the directors and stockholders firmly believe that this price is far below the actual value of the property, but considerations, which have been stated and made plain to you, have induced a willingness on their part to dispose of the property on these terms. The City does not

permanently need Lake Merced as a source of water supply, and could not well use it for anything else than a public park. The land has a speculative value, which would be an inducement to the stockholders to retain it and thus, in a measure, compensate themselves for what they feel is a lower price than their property should command.

VALUATION BASED ON ESTIMATES.

The present City Engineer, in his estimate of value, expressly stated that he had not included that additional element of value which attached to the Calaveras properties by virtue of the fact that their permanent "serviceability" has been demonstrated by continuous use since the estimate made by Mr. Grunsky in 1901, from which Mr. Manson's figures were exactly taken.

From Mr. Grunsky's report, we quote the following:

"What element of value the lands on which the gravel beds of Sunol and the artesian wells near Pleasanton are located, may have acquired by reason of water development is difficult to answer with any degree of precision, particularly in view of the fact that in the one case the value depends upon the amount of water obtained and permanently obtainable and, in the other, largely upon the permanent serviceability of the natural filter."

In his report, Mr. Manson says:

"One other factor of moment which this office has not been able to consider is the value of the Alameda system as a permanent supply which has only been brought out by continued use."

This is a vital omission, and establishes, beyond the possibility of doubt, the fact that the valuation assumed by Mr. Manson is less than the real value of the property by whatever additional amount this permanent reliability of the Calaveras sources, as at present developed, may have established. As the permanent product of this part of the system now practically equals the product of the peninsula system, which was valued by Mr. Grunsky at about ten million dollars, it seems a fair assumption that approximately these figures should be taken as the present value of the transbay system, even though there be left out of the question its possibilities as a source of additional supply.

It is to be remembered, further, that the possibility of supplying the city with water for the next ten years rests absolutely upon the future development of these properties and that this prospective value, upon which the security of the city's supply rests, is an im-

portant element, which has been entirely omitted in the valuation assumed by the City Engineer.

The lowest estimates of the value of the company's property have been made by the city engineers or by experts employed by the city. The highest estimates of value have been made by the company's engineer or by experts employed by the company. Admitting that all are striving to reach a fair end, it must be conceded that each party approaches the matter from a different point of view. For estimates of value by different engineers you are referred to Col. Huer's report. You are occupying a position of neutrality as between the city and the company, and are charged with an obligation to deal fairly as between them. Is it not quite as unfair to the company for you to take the valuation of the city's experts, and close your eyes to the company's estimates, as it would be to the city for you to disregard its estimates and be controlled entirely by the company's valuations?

VALUATION BASED ON COST.

The actual expenditure for the creation of the system was over twenty-eight million dollars. An allowance for interest during construction added to the twenty-eight million dollars' actual investment will probably exceed the price at which the property can be purchased by the city. This (twenty-eight million dollars) represents the actual cost of properties purchased over a period of more than forty years, the cost of development and the cost of the distributing system. The value of these properties during the last forty years has greatly enhanced. An additional element of value rests in the demonstrated fact that they are now one complete homogeneous water producing system; and still another element of value over the cost is established business. The actual market value today of the Lake Merced lands alone over cost represents several million dollars.

VALUATION BASED ON PRICE OF SECURITIES.

The market quotations of stocks and bonds of the company have little to do with their actual value. Market quotations are controlled by supply and demand, financial conditions, income and municipal political conditions. The late Board of Supervisors passed a confiscatory rate for the sale of water, and passed an ordinance for the forfeiture of the franchise of the company. Such attacks affect market quotations, but they do not affect actual value. Is it not a matter of common knowledge that, in the present depressed condition of the money market, securities of many corporations can be bought in

small lots at prices at which it would be altogether impossible to obtain a substantial holding?

VALUATION BASED ON COST OF REPRODUCTION.

While estimates of engineers and actual cost are aids in determining the value of such a property, after all, its value to the city is the amount of money necessary to be expended to reproduce a system capable of rendering an equivalent service. To reproduce a system capable of supplying to San Francisco forty million gallons of water daily, with potentialities of increase so as to admit of a delivery approximating one hundred and fifty million gallons daily, would cost far in excess of any estimate of value placed upon the company's property, and far in excess of the actual cost of the same to the company, and this without taking into consideration the element of established business.

It is interesting to note, in reference to the question of values, that the city of New York is now developing an increased storage and conduit supply to furnish the municipality with an additional one hundred and fifty million gallons per day at an estimated cost of one hundred and eighty million dollars.

PLAN SECOND.

The development of the Spring Valley water system by the company depends on the re-establishment of the credit of the company.

The re-establishment of the credit of the company depends fundamentally on the adoption of a schedule of rates that will, within the not distant future, allow a fair and reasonable return on the value of the property.

In fixing rates two elements must be considered:

First—What is the value of the property?

For consideration of the value of the property, we refer to what has been said heretofore under the heading "Plan First."

Second—What is a fair and reasonable return on the value?

The legal rate of interest in this State is seven per cent. Interest rates in this community on loans amply secured are from six to seven per cent. We cannot—for the purposes of this investigation—undo the existing law regarding the fixing of rates, no matter how illogical or unjust it may be. The law itself makes our income insecure (as evidenced by the treatment of the company by the late Board of Supervisors). This warrants the classing of the investment as somewhat hazardous, and hence entitled to a greater return than would be expected by an investor whose income was secured. Under the

existing conditions of the investment, we are entitled, in all fairness, to a net return of seven per cent.

We ask you to fix rates that will yield a net income, in the not far distant future, or six or seven per cent on the actual value of the property necessarily used in providing and distributing the water to consumers. The rates we ask you to establish will not now yield, on a proper basis of accounting, a fair and reasonable income, but they will be accepted in the hope that they will tend to re-establish credit, promote co-operation between the city and the company and insure the community an abundant water supply.

THE RATES OF 1902.

To determine whether the 1902 schedule should be adopted, comparisons are absolutely necessary.

	1902.	1907.
Operating expenses ..\$	454,013.77	\$ 607,232.07
Taxes	236,828.97	314,933.07
Total	\$ 690,842.74	\$ 922,165.14
Gross revenue,	\$1,980,651.72	\$1,907,272.20
Deduct operating expenses and taxes	690,842.74	922,165.14

Revenue less operating expenses and taxes	\$1,289,808.98	\$ 985,107.06
---	----------------	---------------

The net result to the company on these three items was \$304,701.92 better in 1902 than in 1907, notwithstanding the following capital expenditures for additional construction from 1902 to 1907, viz:

1902	\$ 678,478.25
1903	680,767.01
1904	494,729.20
1905	566,114.08
1906	262,645.76
1907	355,493.21
Total	\$3,038,227.51

A new and important increase in the operating expenses of the company has resulted from changed conditions arising from the earthquake and fire, in the increased and increasing consumption in the high-level districts of the city, which has necessitated the installation of two additional pumping plants operated at an annual expense of approximately fifty thousand dollars and whose capacity, in the near future, must be further enlarged to meet the pressing demands of the city.

The increase in cost of operation, aside from this, is easily accounted for

by the greater cost of labor, which is forty per cent higher than in 1902, and the additional cost of oil, other materials and, indeed, every element of expense entering into the operation of the property.

The company has always paid the highest rate of wages and secured the most efficient labor. It has enjoyed an unbroken record of tranquil relations with its employees. It has believed in good wages and good service.

In this connection it should not be forgotten that the taxes for 1908 will be three hundred and seventy-five thousand dollars, that is to say, one hundred and thirty-eight thousand dollars in excess of those for 1902, and sixty thousand dollars in excess of those for 1907.

It must also be borne in mind that the 1902 schedule made no allowance for depreciation or replacement.

In taking the 1902 rate as a basis, no consideration has been given to

Increased taxes,

Increased operating expense,

Capital expenditures since 1902,

Depreciation and replacement.

Is there any honest or intelligent reason, or any rule of equity, for the denial to the company of proper allowances for these items?

RATE FOR 1908.

We have asked you for a fifteen per cent increase over the rates of 1902, except for shipping and contractors, a five-dollar city hydrant rate, and two hundred thousand dollars for a depreciation fund. Two hundred thousand dollars is ten per cent on an income of two million dollars. We will, therefore, assume, for the purpose of placing our requests clearly before you, that a twenty-five per cent increase on the 1902 rates, a five-dollar city hydrant rate and sixty thousand dollars for city parks, school buildings, etc., are to be allowed, and place before you the estimated return to the company on such a schedule.

This balance of \$1,621,927 yields:

5 per cent on a valuation of \$32,000,000; 5.4 per cent on a valuation of \$30,000,000; 5.79 per cent on a valuation of \$28,000,000; 6.2 per cent on a valuation of \$26,000,000; and 6.4 per cent on a valuation of \$25,000,000.

The above results are only obtained by charging an inadequate depreciation or replacement fund.

Whatever differences of opinion may exist as to valuations, the company is nevertheless entitled to the rates asked. In other words, even though the property be worth no more than the City Engineer's estimate, the income on the rates requested by us will be no greater than the stockholders are fairly entitled to receive.

A critical and vital stage has now been reached in the relations between the city and the company, on whose property the city depends for its water supply. The credit of the company has been seriously impaired by attacks made on the valuation of its property, by misrepresentations of its resources, by the agitation for a municipal water supply, by an insufficient income caused by low water rates, and by the effort of the late Board of Supervisors to forfeit its franchise. For years past the relations between the city and the company have been strained. If, in the past, the company were ever "in politics," for years its relations with the city have been free from any just criticism. The effort of the late Board of Supervisors to wreck the company is within your knowledge, and the straightforward manner in which that effort was met by the management is also within your knowledge. Is it at all likely that if the company had been "in politics" this confiscatory effort would have been made?

Early in 1906 changes in management were effected, and the company is now in the hands of representatives of the shareholders, who are themselves very large owners of stock. For years, the shareholders, numbering about two thousand, nearly all of whom are residents of San Francisco, have received but a small income

from their property, and since January, 1906, they have not only had no dividends, but have paid in assessments eight hundred and forty thousand dollars, which was largely employed to repair damage caused by the earthquake. It seems to be assumed by some of your members that no credit is to be given for this item in arriving at the rates to which the company is entitled. An idea exists that the maximum rate of return to the shareholders is to be limited by the amount of dividends that will satisfy a buyer of gilt-edge securities, and yet that, if any unusual expense must be incurred to enable the company to furnish the service to the city, that expense must be borne by the company. It is only necessary to state this position to show its fallacy. If there were no limit to the return which the shareholders might receive, it would be entirely proper to expect them to meet all expenses of every nature, but it is unfair, unjust and absolutely illogical to limit the company's income and compel it to meet, out of the pockets of the shareholders, an expense which, had the plant been owned by the city, would have been met by the consumers through the city treasury.

No business can thrive unless losses can be taken care of out of income. This is a fundamental business principle, which no one will controvert and without adherence to which no business man can long keep out of the bankruptcy court. No sane man would invest his money in an enterprise, the income from which was the lowest return which a first-class investment should command, if he knew in advance that the income could, in no event, be increased, but might be reduced, or indeed entirely wiped out, by losses incurred in the conduct of the business. If it is confiscatory to deny to a public service corporation a fair return for the service rendered, it is equally confiscatory to limit dividends to the lowest return for which money can be had in a safe enterprise, and yet say to the stockholders that they must use such dividends to meet expenditures without which the service cannot be rendered.

How unfair to say to a public service corporation, which, by act of God, has suffered a loss, that it is its duty to the community to repair the damage, and that in the fixing of rates the public agency will not take into account the cost of such repair, but will allow only the minimum income which a safe investment would surely return, leaving the company to meet the cost of repair out of the pockets of its stockholders.

If the Interstate Commerce Commission were to exclude any allowance for

loss by wrecks and collisions and to fix rates upon a basis which would yield only the minimum dividend on stock, how many of the great railroads would long remain out of the hands of a receiver? And yet wrecks and collisions are not, as a rule, caused by the act of God. The Interstate Commerce Commission, which is the latest and most scientific development in governmental regulation, not only allows for actual losses of this nature, but makes provision for depreciation and replacement.

This amount of eight hundred and forty thousand dollars was used for replacement, no fund for which has ever been allowed or provided in rate schedules adopted by the Supervisors. Future rates must provide a replacement fund.

A review of the past also tends to show other just causes for grievance by the company. Taxes in 1908 will amount to one hundred and thirty-eight thousand dollars more than in 1902. The city has, from year to year for the last seven or eight years, consistently reduced the allowance to the company for water furnished the municipality. Receipts for water furnished the city have dwindled from about two hundred and forty thousand dollars in 1901 to seventy-nine thousand five hundred and fifty-nine dollars in 1907, although the quantity consumed has constantly increased. Since 1902 the company has annually brought suit to annul the rate schedule adopted by the Supervisors.

Last year the Federated Committee, the Chairman of whose Executive Committee was Col. Heuer, recommended an additional appropriation for hydrants of one hundred and eighty thousand dollars. We were explicitly promised this appropriation by the Chairman of the Finance Committee of the Supervisors, and on the strength of that promise the company made large expenditures. The appropriation was not made, and that amount remains today a moral obligation on the part of the city.

The policy of the present management is to upbuild the property. It seeks co-operation of the city authorities, and to that end will give the utmost publicity to its accounts. It will pursue a policy to promote the friendship of the public, and to remove prejudices, many of which have been caused by misrepresentation. If the rates asked for are granted, dividends for the fiscal year 1908 will be limited to four per cent, and if those rates are continued for the fiscal year 1909 the dividend shall not exceed five per cent; and when the dividends have reached six per cent there will be reduction in rates. We assume, if, no increase unless there shall be a

after this investigation, your Committee shall take such action as will result in the enactment for the year 1908 of the rates we ask, that they will be continued for 1909. If they are adopted we shall, during the coming two years, expend at least five hundred thousand dollars in betterments so as to enable the company to meet all the needs of the consumers; this expenditure to begin immediately.

We are before you in good faith. We ask for your co-operation in maintaining, extending and improving the property upon which the city depends for its water supply. Granting our request will go far toward restoring our credit, the establishment of friendly relations with the administration will make that credit secure, and it will be out hope that the company, which for many years has been the subject of bitter hostility, may be conducted in a manner so honorable and efficient as to deserve and receive commendation, thus enabling the officials and employees to devote themselves strictly to the business of furnishing an abundant supply of water, and to ultimately attain low rates for consumers and security for investing shareholders.

A. H. PAYSON,

President Spring Valley Water Company.

Suggestion and Alternative Offer by His Honor Mayor Rolph.

San Francisco, Cal.,

February 10, 1913.

To the Honorable Board of Supervisors, San Francisco, Cal.

Gentlemen—In response to the offer made by your Honorable Board upon the recommendation of the City Advisory Water Committee in their report to you of January 27, 1913, and the resolution adopted at the meeting of your Honorable Board on the same day and transmitted to the Spring Valley Water Company, I now beg to hand you herewith a reply from the Spring Valley Water Company, dated San Francisco, February 7, 1913, in which they reject the offer of the city and make certain propositions for your consideration, for the reason set forth by them in their said communication, "The exigencies of the conditions of the water supply demand that we should continue to endeavor to harmonize differences."

When the City Advisory Water Committee, appointed by you, submitted to you their report under date of January 27, 1913, they had not then been in possession, nor were they cognizant in any way of the details of a report of the negotiating committee of the Spring Valley Water Company, dated January 27, 1913, and submitted to the directors of said company on January 28, 1913.

Since the receipt of a copy of said report, the City Advisory Water Committee will, at the proper time, submit to you a further detailed report giving a full account of the facts and how they arrived at the price and terms offered by the city to the Spring Valley Water Company.

The Negotiating Committee of the Spring Valley Water Company, during the negotiations with the City Advisory Water Committee, indicated that they would recommend to their Board of Directors the acceptance of an offer of \$37,000,000, with all of the impounded money and the excluded lands; or \$37,500,000 and one-half of the impounded money and the excluded lands. The City Advisory Water Committee used every possible argument to reach an agreement whereby the question of the impounded money should be settled by decision of the courts. Failing in this endeavor, no other equitable settlement of the existing legal controversy could be reached by the City Advisory Water Committee than to insist upon an equal division of the sum in dispute. The difference, therefore, in one sense, between the Negotiating Committee of the Spring Valley Water Company and the City Advisory Water Committee has been a settlement of the impounded rate money, and if the Spring Valley Water Company are willing to abide by the declaration in their letter of February 7th, 1913, that "the exigencies of the conditions of the water supply demand that we should continue to endeavor to harmonize differences", they should, in my opinion, reconsider their action and agree to allow the rate cases in court to continue to a determination by the courts, and accept the City's offer of \$37,000,000 and the excluded lands agreed upon.

The suggested boulevard which the Company wants the City to build wholly on the property to be conveyed to the City, is in the nature of a detail for future consideration by the City authorities. Whether the City at this time should commit itself to build a boulevard, is not material to the question at issue regarding the purchase of the works by the City.

I respectfully suggest, therefore, that the City's offer of January 27th, 1913, be repeated to the Spring Valley Water Company with the modification that the distribution of the impounded rate money be left for decision by the courts.

If the Company refuses to accept this amended offer, subject to the provisions of the Charter, then, as a sign of the City's concurrence in the sentiments expressed by the Spring Valley Water Company that "the exigencies of the conditions of the water supply

demand that we should continue to endeavor to harmonize differences", and in the hope of reaching a speedy agreement for submission to the people, I respectfully suggest that the following alternative offer be also submitted to the Company in response to its reply of February 7th, 1913:

The City of San Francisco, under date of January 27th, 1913, made an offer of \$37,000,000 for all the properties of the Spring Valley Water Company, wheresoever situated, excepting the following items:

a. 1850 acres of the tract owned by Spring Valley Water Company, surrounding Lake Merced.

b. The lake and surrounding lands owned by Spring Valley Water Company at Searsville, in Portola Valley, San Mateo County, comprising approximately 971 acres.

c. The lot of land at Market street and Duboce avenue, in San Francisco, commonly known as the "Reservoir site."

d. Cash on hand and accounts receivable, belonging to the Company.

As a condition of this offer, it was stipulated that all litigation between Spring Valley Water Company and the City and County of San Francisco, affecting water rates, shall be dismissed, and one-half of the money impounded, awaiting the termination of such litigation, shall be retained by the Company, and the other one-half shall be returned to the rate-payers.

The purchase of said properties on the terms hereinabove mentioned was to be subject to the conditions and limitations of the Charter, and to confirmation by two-thirds of the electors at a special election to be held for the purpose of authorizing the acquisition of the said properties upon said terms, and the issuance of bonds to obtain money for the payment of the purchase price thereof.

The Company agreed to accept the City's offer, provided the price were increased to \$37,500,000. The minds of the representatives of the City and of the Company met on the items of property that were to be retained by the Company, and on all the terms of the bargain, except the amount of cash to be paid by the City.

Let the question whether the proposal to be submitted to the people shall be the City's offer of \$37,000,000 or the Company's offer of \$37,500,000, be determined by three arbitrators to be selected in the usual manner; it being agreed that the Board of Supervisors shall submit to the people at an election to be called for the purpose, the one of those two proposals favored by the arbitrators; it being agreed also that the Company will bind itself to sell all its properties with the exceptions hereinabove noted,

for the amount fixed upon by the arbitrators in the event of the ratification of the proposal by the electors of the City and County.

It will be distinctly understood, of course, when the question is submitted to arbitration, that the arbitrators shall be restricted to the two proposals above mentioned, and shall make no finding or recommendation other than a determination which of those two definite proposals should be submitted to the people.

The final determination of this arbitration, as the result of the bond election, will rest with the people of San Francisco.

There should be presented to this Board of Arbitration no other question save that of the two offers—the one by the City and the one by the Spring Valley Water Company. This plan would economize time and secure an early conclusion.

The Negotiating Committee of the Spring Valley Water Company and the City Advisory Water Committee should appear before the Board of Arbitration at hearings, open to the public, and from the discussions and presentations, the people, prior to their being called upon to act, will be informed of the facts.

By this policy, needless delays will be obviated, and matter of detail, gone over at great length in previous negotiations, will be largely eliminated, there being but one issue—the fairness of \$37,000,000 or the fairness of \$37,500,000.

The people—the jury that is to determine the matter—will be possessed of all the information necessary to vote on this all-important subject, and the whole problem will be simplified.

For these reasons, I recommend that this proposal be made in writing to the Company by your Honorable Board, by proper resolution, and a copy of same be transmitted forthwith to the Spring Valley Water Company.

Respectfully submitted,

JAMES ROLPH, JR.,
Mayor.

Providing for Arbitration of City's Offer and Company's Price and the Submission of Result to Electors.

Whereas, The City and County of San Francisco, by Resolution No. 997 (New Series) of the Board of Supervisors, adopted January 27th, 1913, made an offer of \$37,000,000 for all of the properties of the Spring Valley Water Company wheresoever situate, excepting the following items:

a. 1850 acres of the tract owned by Spring Valley Water Company, surrounding Lake Merced.

b. The lake and surrounding lands owned by Spring Valley Water Company at Searsville, in Portola Valley,

San Mateo County, comprising approximately 971 acres.

c. The lot of land at Market street and Duboce avenue, in San Francisco, commonly known as the "Reservoir site."

d. Cash on hand and accounts receivable, belonging to the Company; and

Whereas, As a condition of said offer, it was stipulated that all litigation between Spring Valley Water Company and the City and County of San Francisco affecting water rates, should be dismissed, and one-half of the money impounded, awaiting the termination of such litigation, should be retained by the Company, and the other one-half should be returned to the rate payers; and

Whereas, The purchase of said properties on the terms herein stated was to be subject to the conditions and limitations of the Charter, and to confirmation by two-thirds of the electors at a special election to be held for the purpose of authorizing the acquisition of the said properties upon said terms, and the issuance of bonds to obtain money for the payment of the purchase price thereof; and

Whereas, The Spring Valley Water Company, by its representatives, agreed to accept the said offer made by the City and County, provided the price to be paid by the City and County were increased to \$37,500,000; and

Whereas, The City and County of San Francisco and the Spring Valley Water Company have agreed upon all the terms of the purchase of the properties of the Spring Valley Water Company, as set forth in Resolution No. 9970 (New Series), except the price to be paid by the City, and the City and County of San Francisco has refused to offer more than \$37,000,000, and the Spring Valley Water Company has refused to accept less than \$37,500,000; therefore be it

Resolved, That if the Spring Valley Water Company is willing, the question whether the proposal to be submitted to the people, at a special election in accordance with the terms of the offer made by the City and County to the Spring Valley Water Company, as set forth in Resolution No. 9970 (New Series), shall be the City's offer of \$37,000,000 or the Company's offer of \$37,500,000, be determined by three arbitrators to be selected in the usual manner: that is to say, one by the City and County of San Francisco, one by the Spring Valley Water Company, and the third by the other two so selected; and that the Board of Supervisors shall submit to the people, at a special election to be called for that purpose, the one of these two proposals favored by the arbitrators.

Section 2. By accepting this offer to arbitrate, the Spring Valley Water Company shall bind itself to sell all its properties, with the exceptions and on the terms and conditions in said Resolution No. 9970 (New Series) noted, for the amount fixed upon by the arbitrators in the event of the ratification of the proposal by the electors of the City and County. As a part of the said question to be submitted to the said arbitrators, it shall be specified that the arbitrators shall be restricted to the two proposals above-mentioned, to-wit: the City's offer to give \$37,000,000 and the Company's offer to take \$37,500,000 for all the properties of the Spring Valley Water Company wheresoever situate, with the exceptions set forth in said Resolution No. 9970 (New Series), and shall make no finding or recommendation other than a determination which of those two definite proposals shall be submitted to the people.

Section 3. Resolved, further, That a copy of this Resolution be forthwith sent to Spring Valley Water Company.

Alternative Offer.

Resolution No. — (New Series), as follows:

Resolved, By the Board of Supervisors, that the City and County of San Francisco does hereby offer to Spring Valley Water Company the sum of \$37,000,000 United States gold coin for all of its properties wheresoever situate, excepting the following items:

a. 1850 acres of the tract owned by Spring Valley Water Company, surrounding Lake Merced.

b. The lake and surrounding lands owned by Spring Valley Water Company at Searsville, in Portola Valley, San Mateo County, comprising approximately 971 acres.

c. The lot of land at Market street and Duboce avenue, in San Francisco, commonly known as the "Reservoir site."

d. Cash on hand and accounts receivable, belonging to the company.

Section 2. The purchase of said properties on the terms hereinabove mentioned shall be subject to the conditions and limitations of the Charter, and to confirmation by two-thirds of the electors, at a special election to be held for the purpose of authorizing the acquisition of the said properties upon said terms, and the issuance of bonds to obtain money for the payment of the purchase price thereof.

Section 3. Resolved, further, That a copy of this Resolution be forthwith sent to Spring Valley Water Company.

Whereupon, Supervisor McCarthy presented the following substitute resolution:

Board of Supervisors to Consent to Arbitration in Re Purchase of Spring Valley Water Company and Naming State Railroad Commission as Arbitrators.

J. R. No. 623.

Whereas, In the pending negotiations between the City and County of San Francisco and the Spring Valley Water Company, the latter in its reply of February 7, 1913, has expressed its willingness "to continue to harmonize differences" and to arbitrate the value of its properties, stating "we make this offer to emphasize our confidence in the value of the property and our desire to have the opinion of absolutely disinterested parties placed on record before the public;" therefore, be it

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco hereby accept the offer of the Spring Valley Water Company to arbitrate the value of its properties, and nominate the State Railroad Commission as a proper, disinterested and competent tribunal before which to determine the value of such properties which the City may determine necessary or desirable for the purposes of a municipal water supply; and be it further

Resolved, That this offer shall expire at midnight, February 20, 1913.

Hearing of Appeal from Assessment for Sewer Work.

The hearing of appeal from assessment issued by the Board of Public Works for sewer work in Rhode Island street between Nineteenth and Twentieth streets fixed for the hour of 3 p. m., this day, was proceeded with.

Privilege of the Floor.

James Kennealy, property owner, was granted the privilege of the floor and addressed the Board protesting against the assessment for the reason that the work was done on the top of the hill instead of at the bottom and connected with the outlet sewer there.

J. Shimer, representing the Bureau of Engineering, stated that the sewer was provided with a temporary outlet, was constructed properly and duly accepted.

A. Donovan, representing the Board of Public Works, stated that all the proceedings required by law had been complied with and notices properly posted.

Adopted.

Whereupon, the following resolution was introduced by Supervisor George E. Gallagher and adopted by the following vote:

Denying Appeal and Sustaining Assessment.

Resolution No. 9994 (New Series), as follows:

Resolved, That the appeal of James Kennedy et al., against the assessment issued for the construction of a sewer in Rhode Island street, between Nineteenth and Twentieth streets, is hereby denied; and be it further

Resolved, That Assessment No. 480, issued January 16, 1913, for the construction of a sewer in Rhode Island street, between Nineteenth and Twentieth streets, is hereby confirmed.

Cancellation of Assessment Against Steamer "Washington."

On motion of Supervisor Jennings:

J. R. No. 627.

Whereas, it appears from the communication of John Ginty, Assessor of the City and County of San Francisco, that the assessment of the steamer "Washington" as assessed to M. S. Scammel in unsecured roll 17, page 131, subdivision 12, is invalid and was erroneously assessed for the reason that said steamer "Washington" was not registered in the City and County until April 8, 1912, and the City Attorney having consented to the cancellation of such assessment; therefore be it

Resolved, That the assessment aforesaid of said steamer "Washington" as assessed to M. S. Scammel in unsecured roll 17, page 131, subdivision 12, is hereby ordered cancelled and the

Auditor is directed to enter the cancellation upon the assessment roll for 1912-13.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Resolved, That the Board of Public Works be requested to submit to the Board of Supervisors a preliminary

plan, with approximate estimates of cost, designed to furnish to the Panama-Pacific Exposition a fully adequate municipal system of street railway service to include equipment thereof. Said Board to take into consideration the practical utilization of the Union street line and its connection. Said Board to also include separately an estimate of the cost of installation of curves at all points of intersection of the entire municipal system with the lines of the United Railroads; also, that said Board of Public Works submit similar plans and estimates of such additional extensions of the Municipal Railway as may be deemed presently necessary and desirable and sufficiently profitable to insure no subsequent charge upon the general funds of the city, and that said Board of Public Works utilize to the fullest extent all data, compilations and researches of the Arnold bureau of transit investigation.

Since time is of vital importance to the work, and since rails, rolling stock and special work must be purchased from eastern mills, which are reported to be already far behind in deliveries, said Board is hereby urged to complete its preliminary report at the earliest practicable date, and further requesting that it advise this Board of the time probably required to build and equip such lines as may be embraced in the plans suggested.

Reply of Spring Valley Water Company to City's Acceptance of Company's Offer to Arbitrate Purchase Price of Plant and Selection of State Railroad Commission as Arbitrator.

The following communication was presented and read by the Clerk:

SPRING VALLEY WATER CO.
735 Sutter Street

San Francisco, Cal., Feb. 17, 1913.

To the Honorable, the Mayor, and the Board of Supervisors of the City and County of San Francisco:

Gentlemen—At a regular meeting of the Board of Directors of the Spring Valley Water Company held this day, on motion, duly made and seconded, it was unanimously resolved that the Secretary be instructed to address a communication to you as follows:

We beg to acknowledge receipt of a letter from the Clerk of the Board of Supervisors enclosing a copy of Resolution No. 624 (New Series).

The attitude of this company with regard to the proposal contained in the resolution was well known to all the members of the Board of Supervisors. We learn from the public press that when the vote was taken on the resolution the members of the Board were evenly divided, and that the resolution was formally declared carried by a change of vote, at the request of the Mayor, by one of the members who had proposed it. We cannot understand the purpose of a resolution proposing a plan of arbitration which, it was well known in advance, would not be accepted by this company.

Respectfully,

SPRING VALLEY WATER CO.

By (Signed) John E. Behan,
Secretary.

Motion.

Supervisor Koshland moved that the above communication be *filed*.

So ordered.

And by adding a new section thereto to be numbered and known as Section 35, providing for sales of property for delinquent assessments;

And denominating and designating Sections 1 to 35 inclusive thereof as "*Part 1, Tunnel Construction*";

And by adding fourteen new sections thereto to be numbered consecutively from Section 40 to 53 inclusive, and to be nominated and designated as "*Part II, Acquisition of Property*," providing a method of procedure for the acquisition by purchase or condemnation and for acquiring by purchase or condemnation of any and all land or any easement or right of way therein, thereon, thereunder or thereover, and any property necessary and convenient for any purpose mentioned in Section 1 of Chapter VIII of Article VI of the Charter of said City and County, and to levy the damages, costs and expenses thereof upon private property; and for the ascertainment and payment of damages and for the manner in which protests against such assessments and damages awarded may be heard and determined, and for the manner in which such assessment may be collected and paid and property delinquent thereunder may be sold and for fully and completely exercising the powers conferred in Section 2 of Chapter VIII of Article VI of the Charter of the City and County of San Francisco, and providing for the payment of any assessment levied in pursuance of the provisions thereof in annual installments covering a term not to exceed ten years and the conditions thereof and the rate of interest to be paid on such payments. So that said "The Tunnel Procedure Ordinance" may also provide a method of procedure for such acquisition in the same proceeding as that provided for the construction of any tunnel or tunnels.

COMMITTEE OF THE WHOLE—TELEPHONE RATES, 1913-1914.

Thereupon the Board at the hour of 9:35 p. m., on motion of Supervisor Hayden, resolved itself into a Committee of the Whole for the purpose of fixing and determining telephone rates for the fiscal year commencing July 1, 1913, and ending June 30, 1914, Supervisor Hilmer, Chairman of the Telephone Rates Committee presiding.

The Committee of the Whole arose at 10:45 p. m., all members before noted being present.

Report of the Committee of the Whole.

Thereupon the following report was presented:

Your Committee of the Whole begs leave to report that it has considered the matter of fixing and determining telephone rates for the fiscal year commencing July 1, 1913, and ending June 30, 1914.

That the following matters have been presented in evidence, duly considered and marked exhibits in the pending investigation, to-wit:

Exhibit A—Communication from State Railroad Commission, transmitting draft of ordinance fixing telephone rates for fiscal year 1913-1914. (Filed February 10, 1913.)

Exhibit B—Communication from State Railroad Commission answering certain questions in re telephone rates and containing various schedules, data, reports and analyses of telephone rates.

Exhibit C—Communication from Mayor, stating that complaint has been made to him by A. A. Smith of 101 Judson street, representing Sunnyside Improvement Club, calling attention to difficulty people in Sunnyside District have in obtaining telephone service in their homes.

Your Committee also reports that it has heard James T. Shaw, telephone engineer and assistant rate expert of the California Railroad Commission in re proposed rate, and also Eugene E. Smith, vice-president of the Electrical Workers of Portland, Ore., in regard to the wage dispute of electrical workers' organization with the Pacific Gas and Electric Company; also P. H. Coolidge, commercial superintendent of the Pacific Gas and Electric Company, who requested two weeks' time to analyze the figures submitted by the Railroad Commission.

Furthermore, your Committee recommends that the telephone rates investigation now be ordered closed and the Telephone Committee directed to report on Monday to the Board of Supervisors a Bill fixing and deter-

mining telephone rates for the fiscal year commencing July 1, 1913.

Adopted.

Supervisor Murphy moved the adoption of report.

So ordered.

ADJOURNMENT.

There being no further business the Board at the hour of 10:45 p. m. adjourned.

Report of Finance Committee on Proposed Appropriation of \$1500 for Additional School Inspection.

Supervisor Jennings presented the following report:

February 24, 1913.

To the Hon. Board of Supervisors.

Pursuant to the desire of the Board, the Finance Committee, Friday last, gave careful consideration to the request for an additional appropriation of \$1500 for the employment of more Health Inspectors in the Public Schools.

Mr. Arthur H. Barendt, President of the Board of Health, was present, and the matter was gone into in great detail. The Finance Committee is again compelled to report that the Budget allowances for Departments are inelastic, and that increases to Departments cannot be made in the middle of the fiscal year; in this connection, attention is called to the requirement of the Charter which provides that Budget estimates, before being fixed by the Supervisors, must be reported by the heads of Departments. In this matter of additional nurses for the public schools, the estimates were made last year, and the number of inspectors was fixed at 16—that is, 14 nurse inspectors, and 2 medical inspectors. In the administration of its affairs the Health Department has got along up to the present with 11 nurses. These facts are recited, not in criticism of the Board of Health, but to place before this Honorable Board the exact status of the matter.

The time for fixing the Budget for the fiscal year 1913-14 is rapidly approaching, and the Finance Committee will take up the matter of health inspection of the public schools, give it thorough consideration, and report to the Board; the Board will then have full jurisdiction in the matter to readjust any conditions which may now appear to be in need of change.

To place the immediate subject matter before the Board of Supervisors, your committee includes in this report statements of Mr. Barendt, President of the Board of Health, as follows:

Mr. Barendt. "We are willing to appoint additional nurses, but at the same time we are prepared to get along to the end of the fiscal year without them; we have made up our minds to the inevitable. At the end of the year we were intending to ask for additional medical school inspectors and additional meat inspectors."

Supervisor Jennings. "Is there any particular need of this right now—any great epidemic, or great need?"

Mr. Barendt. "The school nurses are for children's diseases when most prevalent, but these diseases are waning now; they are usually heavier in

January and February than at any other time of the year; the same as in the Tubercular Hospital and the Isolation Hospital, and the Relief Home. Children's diseases are heaviest in January and February, and begin to wane as spring comes. While the nurses are very hard worked during the term, in the vacation period they have very little to do—in fact, it is almost a holiday for them when the schools are closed."

Supervisor Jennings. "The Budget gives 2 medical school inspectors and 14 health inspectors."

Mr. Barendt. "We have three medical school inspectors."

Supervisor Jennings. "The Budget calls for 2. Of the school nurses you have 11 out of 14—in other words, there are 3 short."

Mr. Barendt. "I think we have had no more than 11 at any time. Miss Phelan, who was one of our nurses, resigned some two or three months ago, and we saw a chance to use that \$75, in effecting a saving—we simply did not fill the place, that is all."

Supervisor Jennings. "You do not think there is any dangerous number of cases of smallpox, mumps and chicken-pox—that there is anywhere near an epidemic or anything unusual at this time of the year?"

Mr. Barendt. "I don't think so from what Dr. Wimple told us the other day."

Supervisor Jennings. "These diseases are on the wane?"

Mr. Barendt. "On the wane, yes. Dr. Wimple could give you the exact statistics."

Supervisor Jennings. "Cannot nurses be transferred from one school to another, where they are needed?"

Mr. Barendt. "Yes, we can do that."

Mr. Barendt. "I really think there is more pressing need for one more meat inspector than four school inspectors. I would rather have some of that money—if you would give two more school inspectors and one more meat inspector to relieve these men who are working overtime without pay—I think it is more important."

Supervisor McCarthy. "You think there is no particular need for additional school nurses?"

Mr. Barendt. "I don't think there is any great pressing need; in fact, I would have been more urgent, and I think the Board of Health would be, in the matter of meat inspection than school inspection, as much as we would like to have the latter."

Supervisor Jennings. "We have no additional funds to appropriate at this time, and we have got to live up to the Budget. I think this recommendation came from Dr. Broderick."

Mr. Barendt. "I don't think it did.

It came entirely from the outside because it took me by surprise, because, when it was first called to my attention, I rang the Doctor up and said 'where did this come from?' There was no recommendation from the Board at all. We could legitimately use more meat and school inspectors, and a plumbing inspector."

Supervisor McCarthy. "Your idea is, if you were given the option of the \$1500 appropriation, you would rather have it for meat inspectors than school inspectors—you think meat inspectors more urgent?"

Mr. Barendt. "I think meat inspection is more urgent. I don't think \$1500 is necessary, but I would like to have one more meat inspector. If it comes to a showdown, which you would have—two school inspectors or one meat inspector, I would say, one meat inspector; simply because the meat inspectors are working overtime every day in the month, for which they get no pay."

Supervisor Jennings. "We want to take care of these matters in the Budget, when we have a chance to do it."

President Barendt further stated to the committee that nurses will be transferred from schools where inspection is least needed to those schools of which complaint has been made.

In view of the foregoing facts the committee therefore recommends that this subject matter be referred to the Budget.

Respectfully submitted,
THOS. JENNINGS,
WM. H. MCCARTHY,
D. C. MURPHY,
Committee.

Motion.

Supervisor Andrew J. Gallagher moved that the report of the Finance Committee be disapproved and that the Board set aside the sum of \$1500 for additional inspection in the schools.

Amendment.

Supervisor Bancroft moved as a substitute that the report be placed on file.

Privilege of the Floor.

Theo. Printher, representing the South of Army Street Improvement Association, was granted the privilege of the floor and addressed the Board, requesting an additional appropriation for school inspection.

Mrs. Bush, representing the Mothers' Club, also addressed the Board, urging an additional appropriation. She said she did not understand why the Board of Health did not appear before the Supervisors in support of the appropriation and that upon inquiry she had been advised by Mr. Coffey that

the Board of Health had been instructed to stay away.

Edward Coffey, representing the Board of Health, upon request of his Honor, the Mayor, appeared and stated that Mrs. Bush had misunderstood him. He said that he advised her that the request had not emanated from the Board of Health officially but from an outside source and that was the reason the Board was not in attendance in support of it.

Report Filed.

Whereupon, the question being taken on Supervisor Bancroft's substitute to Supervisor Andrew J. Gallagher's, the same was *carried* by the following vote:

Ayes—Supervisors Bancroft, George E. Gallagher, Giannini, Hayden, Hilmer, Jennings, Koshland, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—14.

Noes—Supervisors Caglieri, Andrew J. Gallagher, Hocks, Mauzy—4.

Motion.

Supervisor Koshland moved that the Health Committee investigate through the Board of Health the necessity of school inspection.

So ordered.

TELEPHONE RATES, 1913-1914.

Report of Telephone Rates Committee.

The following matters were presented and *read by the Clerk*:

San Francisco, February 24, 1913.
To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Committee on Telephone Rates presents today the report of the Committee of the Whole of the Board of Supervisors in the matter of fixing and determining the maximum rates for telephonic service in the City and County of San Francisco for the year commencing July 1, 1913.

The method of investigating the capitalization and operating expenses of the telephone service preparatory to drafting an ordinance fixing rates, was conducted in a manner this year different than heretofore. The Board is advised that the Telephone Committee requested the State Railroad Commission to supply information which it had and which has been of inestimable value in arriving at the conclusions here presented.

The members of your Telephone Committee personally conferred with the Railroad Commission, and finding that desired information was at hand, requested the State Board to compile analysis and data on which to base a rate. This procedure effected a saving both in time and money—as it would have been necessary by any

other procedure to employ high priced experts who would have taken months of time to acquire and analyze the data which has been placed before this Board by Mr. James T. Shaw, through the courtesy of the Railroad Commission.

Therefore the Telephone Committee incorporates in and makes a part of this report, the report of February 10th by H. H. Sanborn and James T. Shaw, which was presented to Fred L. Hilmer, Chairman of the Telephone Rates Committee. Copies of this report have been placed in the hands of each Supervisor, are in the transcript of proceedings of the Committee of the Whole, and have been furnished the public press. It is therefore not thought necessary to transcribe the entire document into this formal report to the Board. Members of the Board have also received copies of the ordinance based on the findings in reports above mentioned. This ordinance has been carefully analyzed by your Telephone Rates Committee, and is recommended for passage to print today.

The Committee deemed it advisable to change the telephone ordinance in certain particulars aside from making reductions in rates. Service is more definitely specified and your attention is called to provisions providing that the telephone company shall be required to answer calls within a proper time limit.

So far as the proposed reductions are recommended, your Committee, after receiving Mr. Shaw's report and listening to the representatives of the telephone company, recommends reductions in the classified rates except as to the residential rate. Mr. Shaw reports and your Committee confirms that the residential rate is reasonable at this time.

In presenting the readjusted rates in the ordinance, your Committee earnestly believes that the telephone company will receive adequate return on its investment notwithstanding large reduction in the gross earnings.

Subsequent to last Friday's meeting, the Telephone Committee again conferred with Mr. Shaw, and finding that the time allowance for making switches was exceedingly close, the limitations were extended in paragraphs 2 and 3 of section 2, "Quality of Service," in order that the telephone company might not be required to comply with too small a time limit. Also, the percentage of operating errors was reduced from 98 to 97, as set forth in subdivision 1 of section 2.

Hearings were held as the Board is advised, and on last Friday a special meeting was called at the request of the officials of the telephone company,

but when the Board was called to order, requested further time in which to prepare their analysis of the proposed ordinance. Acceding to this request, the Committee directed that the subject matter be made a special order of business for 3:30 this afternoon, and directed the representatives of the telephone company to appear and present their arguments and data before the whole Board.

While the matter of the initiative ordinance pending before the Election Commission, on the petition of the Telephone Users' Association, is of no concern to this Board, your Committee feels it proper to report that this matter is pending in court and was set for hearing as of last Friday. His Honor Judge Seawell has granted a continuance of another week before hearing the legal points raised in opposition to the holding of the telephone election. A writ has been asked for by interested parties to restrain the Election Commission from holding the proposed election.

This matter, however, does not come under the jurisdiction of the Board of Supervisors, and your Telephone Rates Committee has no further interest in the matter than to make this statement of the condition of the case.

Respectfully submitted,

FRED L. HILMER,

Chairman,

J. EMMET HAYDEN,

OSCAR HOCKS,

Telephone and Rates Committee.

Communication from the Pacific Telephone and Telegraph Company, Requesting Action on Telephone Ordinance Be Delayed One Week and Rate Schedule Be Given Further Consideration.

San Francisco, February 24, 1913.

Mr. F. L. Hilmer, Chairman,
Telephone Rates Committee,

Board of Supervisors,
San Francisco, Cal.

Dear Sir:

In accordance with a provision in the City Charter, the telephone rates in San Francisco must be fixed each year for the year beginning July 1st. In the past the work of fixing such rates has been commenced early in February, shortly after the telephone company's report has been filed with the city, and has continued, as has appeared necessary, until some time in May. This year an attempt has been made to secure an earlier settlement of the matter than has been customary in the past. At a hearing before the Telephone Rates Committee, held on Tuesday, February 18th, a proposed ordinance, fixing telephone rates for the year July 1, 1913, to July 1, 1914, was handed to the company, which contained a schedule of rates

prepared by the city's expert, indicating a reduction in revenue of \$269,000.00. This schedule of rates was unfortunately based upon a statement of the company's business in San Francisco which it was the intention of the company to supplement, as in previous years, during the progress of the rate hearings. However, through a misunderstanding on the part of the telephone company, this additional information was not furnished to the Telephone Rates Committee in time to be considered by the Committee's expert.

The matter has progressed so far that the company does not feel justified in asking to have the entire case reopened, and as a method of securing a prompt settlement of the rate question, suggests that the Committee's expert, using his previous report as a basis, be requested to make such revision of it as may be justified by a consideration of the following items not contained in the statement originally submitted by the company:

First.—The introduction of the company's plan for pensions, sick benefits, accident benefits and life insurance for all employees, which became effective on January 1st of this year. This plan will involve an additional expense during the year 1913 of nearly \$51,000 in San Francisco alone.

Second.—The increase in linemen's wages, which on the basis of offers made by the company, will amount to about \$48,000 in San Francisco during the coming year.

Third.—The increase in operating expense due to increases in operators' wages and other changes effective during the latter part of the year 1912. If the same conditions had existed throughout the entire year, the operating expense shown on the statement submitted would have been greater by approximately \$90,000.

Fourth.—Interest charges on working capital amounting to about \$400,000. Such interest charges are a necessary element in all business operations and should have been included in the company's statement.

Fifth.—The increased plant investment during 1912. In the company's statement an increase of \$6,373,138.30 was shown. Your expert, in view of the company's expressed intention of including in its San Francisco investment only such portions of the Home Telephone Company's plant as had been brought into use in connection with its own system, very properly rejected this statement in so far as it included a large part of the purchased plant, and in the absence of definite figures from the company, estimated that the increase in the value of the plant actually in service had been

roughly, \$537,272.00. An examination of the company's expenditures for additions to its own system shows, however, that the actual increase in plant investment was \$650,000. The discrepancy between this figure and your expert's estimate is readily explained by the abnormal congestion of the plant during the latter part of the year 1911 and the early part of the year 1912. In addition to the above, the crowded condition of the working quarters in several offices was relieved by the transfer of a large number of employees to the purchased building. Without this relief it would have been necessary to rent additional quarters for San Francisco employees at an annual expense of approximately \$36,000.

A summation of the preceding items indicates that the company should have credit for expenses, in addition to those indicated on the statement originally submitted, which amount to a total of about \$263,000; of which amount increased payments to employees alone are responsible for \$189,000. The increased payments to employees have willingly been made by the company on the basis of repeated assurances not only from the Board of Supervisors, but also from the Railroad Commission that such increases would be given full consideration in all rate investigations. In view of this showing, the company feels that further consideration should be given to the rate schedule, and, on its part, will agree that all necessary facts and figures will be submitted to this committee or its representatives within one week's time.

Yours truly,
HENRY T. SCOTT,
President.

TELEPHONE ORDINANCE.

Thereupon, Supervisor Hilmer presented:

Bill No. 2433, Ordinance No. — (New Series), Fixing and determining the maximum rates or compensation to be collected for telephonic service in the City and County of San Francisco for the year commencing July 1, 1913, and ending June 30, 1914, and prescribing the quality of said telephonic service during said year.

Whereas, The Telephone Rates Committee of the Board of Supervisors has investigated the character and quality of the service of the Pacific Telephone and Telegraph Company, being the only company furnishing telephonic service to the City and County of San Francisco and its inhabitants, together with the rates charged for such service, and has carefully considered the statements presented by the said Pacific Telephone and Telegraph Company, and after carefully considering various

and sundry matters in connection therewith, has concluded that the following schedule of rates to be charged by the said Pacific Telephone and Telegraph Company for service to its patrons in the City and County of San Francisco affords a reasonable return upon the capital invested after making due allowance for operating expenses, depreciation and other proper deductions; therefore

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. The maximum rates or compensation to be collected by any person, company or corporation for telephonic service supplied to the City and County of San Francisco, or to the inhabitants thereof, for the year commencing July 1, 1913, and ending June 30, 1914, shall be as follows:

Business and Professional Rates.

The following maximum charges shall be made for business or professional measured service:

For a single party line telephone, business or professional, including one hundred (100) exchange switches, four dollars and fifty cents (\$4.50) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed four cents (4c) each.

For a single party line telephone, business or professional, including two hundred (200) exchange switches, seven dollars (\$7.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed three and one-quarter cents (3¼c) each.

For a single party line telephone, business or professional, including three hundred (300) exchange switches, eight dollars and fifty cents (\$8.50) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed two and one-half cents (2½c) each.

For a single party line telephone, business or professional, including four hundred and fifty (450) exchange switches, eleven dollars (\$11.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed two and one-quarter cents (2¼c) each.

For a single party line telephone, business or professional, including six hundred (600) exchange switches, thirteen dollars and fifty cents (\$13.50) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed two cents (2c) each.

For a single party line telephone, business or professional, including eight hundred (800) exchange

switches, sixteen dollars (\$16.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed one and one-half cents ($1\frac{1}{2}$ c) each.

For a single party line telephone, business or professional, including twelve hundred (1200) exchange switches, eighteen dollars (\$18.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed one cent (1c) each.

Business or Professional Service With Coin Collecting Attachment.

The following maximum charges shall be made for business or professional measured service with coin or token collecting attachment:

For a single party line telephone, business or professional, including one hundred (100) exchange switches, four dollars and fifty cents (\$4.50) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed four cents (4c) each.

For a single party line telephone, business or professional, including one hundred and seventy-five (175) exchange switches, seven dollars (\$7.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed three and one-half cents ($3\frac{1}{2}$ c) each.

For a two party line telephone, business or professional, including seventy (70) exchange switches, three dollars and fifty cents (\$3.50) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed four cents (4c) each.

For a two party line telephone, business or professional, including sixty (60) exchange switches, three dollars (\$3.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed four cents (4c) each.

For a four party line telephone, business or professional, including sixty (60) exchange switches, three dollars (\$3.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed four cents (4c) each.

For a four party line telephone, business or professional, including twenty (20) exchange switches, one dollar (\$1.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed five cents (5c) per switch.

Extension Telephones.

For each extension telephone on business or professional lines, the maximum charge shall be a sum not to exceed fifty cents (50c) per month.

Private Branch Exchange and Extension Service.

The following charges shall be made for private branch exchanges and for extension telephones connected with said exchanges, and equipped and installed.

Monthly Rental Rates.

For each switchboard and operator telephone, a sum not to exceed five dollars (\$5) per month.

For each trunk line connecting a private exchange with the telephone company's exchange, a sum not to exceed two dollars (\$2.00) per month.

For each additional telephone connected with a private exchange and installed in the same premises (except in hotels) a sum not to exceed fifty cents (50c) per month.

For each additional telephone installed in hotels and connected with the private exchange therein, fifty cents (50c) per month each for the first fifty (50) telephones or less; twenty-five cents (25c) per month each for telephones over fifty (50).

For each desk set in place of wall set, ten cents (10c) per month in addition to the above rates.

Monthly Switching Rates.

For exchange switching over trunk lines of private branch exchanges, a sum not to exceed two and one-half cents ($2\frac{1}{2}$ c) per month for the first one thousand (1,000) exchange switches, or less, made in any one month; for the second and third thousand exchange switches, or less, made in any one month, a sum not to exceed two cents (2c) per switch; and for all exchange switches in excess of three thousand (3,000), made in any one month, a sum not to exceed one and one-half cents ($1\frac{1}{2}$ c) per switch, except that in the case of hotels the charge shall not exceed two and one-half cents ($2\frac{1}{2}$ c) for each and every exchange switch.

Public Telephone Service.

The charge for a single exchange switch from any telephone located in the City and County of San Francisco shall not exceed five cents (5c), and all persons, companies or corporations engaged in the business of supplying telephonic service in the City and County are hereby expressly forbidden to authorize or permit any of their lessees, subscribers or patrons to charge any person more than five cents (5c) for a single exchange switch; provided, however, that from any telephone in a hotel room connected with a hotel private branch exchange the charge for a single exchange switch shall not exceed ten cents (10c).

Residence Rates—Unlimited Exchange Switching.

The following maximum charges shall be made for residence flat rate service:

For a single party line residence telephone, including unlimited exchange switching, three dollars and fifty cents (\$3.50) per month.

For a two party line residence telephone, including unlimited exchange switching, three dollars (\$3.00) per month.

For a four party line residence telephone, including unlimited exchange switching, two dollars and fifty cents (\$2.50) per month.

Residence Measured Service.

For a single party line residence telephone, including one hundred and twenty-five (125) exchange switches, three dollars (\$3.00) per month, and for all exchange switches in excess of the number included in this rate, a sum not to exceed two cents (2c) each.

Residence Service With Coin-Collecting Attachment.

The following maximum charges shall be made for residence measured service with coin or token-collecting attachment:

For a two party line residence telephone, including two (2) exchange switches per day, seven and one-half cents (7½c) per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed three cents (3c) each.

For a four party line, residence telephone, including one (1) exchange switch per day, five cents (5c) per day, and for all exchange switches in excess of the number included in this rate, a sum not to exceed five cents (5c) each.

Extension Telephones.

For each extension telephone on a residence telephone line, the maximum charge shall be a sum not to exceed fifty cents (50c) per month.

Names in Telephone Directory.

Any person, company or corporation supplying telephonic service in this City and County shall, at least three (3) times a year, furnish free of charge to each subscriber a complete directory of all subscribers in San Francisco, and an additional copy of said directory for each extension telephone; provided, however, that for every name listed in said directory under a telephone number of said subscriber in excess of the number of main and extension telephones installed on the premises of the subscriber, a sum not to ex-

ceed twenty-five cents (25c) for each such name shall be charged.

Private Lines.

The following maximum charges shall be made for private telephones and lines not connected with the telephone exchange:

For private line telephones, a sum not to exceed fifty cents (50c) per month each.

For private lines, a sum not to exceed two dollars and fifty cents (\$2.50) per mile per month.

Quality of Service.

Section 2. The term "Telephone," as used in this Ordinance, is hereby defined to mean a transmitter, receiver and an induction coil with the essential accessories so assembled and mounted as to be an efficient instrument for rendering the respective grades of service to the accomplishment of which they may be assigned.

It shall be optional with the person demanding telephonic service to elect to take or use either portable or stationary apparatus, and it shall be the duty of the person, company or corporation supplying telephonic service in the City and County of San Francisco to furnish such apparatus without additional cost except as in this Ordinance provided.

The term "Exchange Switch," as used in this Ordinance, is hereby defined to mean an availing call, that is to say, a call whereby an outgoing conversation or message is transmitted from one telephone station within the City and County of San Francisco and received at another telephone station within the City and County of San Francisco.

The term "telephone service," as used in this Ordinance is hereby defined as being the comprehensive term by which switching is referred to either in the aggregate or the individual switch, together with the efficient co-ordination of sufficient apparatus and efficient manual service as to result in a telephone service that shall conform to the following as minimum average standards:

1st. The percentage of calls not affected by operating errors shall not be less than ninety-seven per cent (97%).

2nd. The average time for answering line signals shall not be more than four (4) seconds.

3rd. The average time for the disconnection of completed calls shall not be more than four and five-tenth (4.5) seconds.

The above minimum standards shall apply under normal conditions only.

No switching charge shall be made for an unavailing call, and when a nickel or token is deposited in a coin-

collecting attachment for an unavailing call, the same shall be returned to the person by whom it was deposited.

Single conversations on party lines shall not exceed five (5) minutes, and it shall be the duty of the person, company or corporation contracting to render this class of telephone service to prominently display this regulation on every contract written for this class of service.

Upon the application in writing of the owner or occupant of any building or premises distant not more than three hundred (300) feet from any underground conduit or pole line of the person, company or corporation furnishing telephonic service, and payment by the applicant of all moneys due from him, the person, company or corporation must within ten (10) days from the date of accepting a signed contract supply telephonic service as required for such building or premises unless the installation involves equipment other than standard individual substations, and cannot refuse on the ground of any indebtedness of any former owner or occupant thereof unless the applicant has undertaken to pay the same.

Service contracted for under conditions other than those above described shall be made with reasonable promptness.

No restrictions shall be placed by any company, person or corporation supplying telephone service upon the right of subscribers to employ operators, provided that any operator or substitute operator to be employed and paid by the subscriber shall conform to the reasonable rules and regulations pertaining to the service of such person, company or corporation.

No contract shall be exacted, made or enforced that will exclude or in any manner prohibit or restrict any patron or subscriber from receiving telephonic service from any other person or corporation engaged in such business, or from installing and using in any manner that may be desired the telephones or instruments of two or more different telephone systems; nor shall telephonic service be refused for the reason that the person requesting same is a patron of another person or corporation, or using another or different telephone system.

The telephone company shall print on the reverse side of their billheads the schedules of rates, showing the various grades of monthly rental, contract switching and excess switching, so that the same can be easily understood by subscribers, and on the front of such billheads shall appear in large type the words, "See Schedule of Rates on other side."

Upon demand of any person, com-

pany or corporation using business or professional measured telephone service (excepting prepayment service), every person, company or corporation supplying telephonic service within the City and County shall install and maintain, in connection with each such measured service line, a meter which shall prove effective in actual use for accurately and correctly recording the number of outgoing messages and conversations over said line, and said meter shall be subject to inspection at all reasonable times by the subscriber upon whose line the same is installed.

Section 3. Any person, company or corporation, or any officer or agent of any person, company or corporation, violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars (\$500.00), or by imprisonment in the County Jail, not exceeding six (6) months, or by both such fine and imprisonment, and such person, company or corporation, or officer or agent of any such person, company or corporation, shall be guilty of a separate offense for every day that such violation shall continue, and shall be subject to the penalty imposed by this section for each and every separate offense.

Section 4. This Ordinance shall take effect and be in force from and after July 1, 1913.

Privilege of the Floor.

Jas. T. Shaw, representing the Railroad Commission, was granted the privilege of the floor and addressed the Board and stated that the points raised in the communication from the Telephone Company were matters of policy with the company. It did not point out any vital error in his calculation that would warrant delay in the passage of the ordinance. The latitude allowed in arriving at an equitable rate was more than sufficient to cover all points raised, he said, and although he was willing to have the bill laid over he did not see any use unless company advanced some good reason.

P. H. Coolidge, commercial superintendent of the Pacific Telephone and Telegraph Company, was granted the privilege of the floor and stated that he believed that the rate proposed would not net the company more than four and one-half or five per cent. The letter was sent in the hope that the Telephone Rates Committee would defer action on the bill and would ask Mr. Shaw to consider the matter in the light of the new information the company had to offer.

Mrs. Ross was also granted the privi-

lage of the floor and addressed the Board. She suggested that a rate be fixed in which every one paid a phone rental of \$1.50 per month for trunk line connection and fifty cents extra for each extension, and in addition pay a flat switching rate of two or two and one-half cents or whatever committee might determine as proper, and which shall be equal for all telephone users. She joined with Telephone Committee in requesting delay of one week in order that she might present her idea properly.

Passed for Printing.

Whereupon, the above bill was, on motion of Supervisor Hilmer, passed for printing by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Adopted.

Whereupon the following Resolution was introduced under suspension of the rules by Supervisor Bancroft and adopted:

Thanking Railroad Commission and Its Telephone Expert, James T. Shaw, for Services in Fixing Telephone Rates.

J. R. No. 633.

Resolved, That the Board of Supervisors express its thanks to the Railroad Commission of the State of California for the valuable assistance rendered to the Board of Supervisors, through its staff and particularly through its telephone expert, Mr. James T. Shaw, in the matter of fixing the telephone rates for San Francisco.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

PRESENTATION OF PROPOSALS.

Adopted.

The following resolution was introduced by Supervisor Mauzy under suspension of the rules and adopted:

Rejecting Bids for Lease of City Land in Eighth Avenue, Between Cabrillo and Balboa Streets.

On motion of Supervisor Mauzy:

J. R. No. 645.

Whereas, the bid of H. L. Hatch, received in open session of the Board on February 17, 1913, for lease of the certain lot of land belonging to the City and County, situate at Eighth avenue, between Cabrillo and Balboa streets, was referred to the Lands and Tunnels Committee for report thereon; and

Whereas, the said Committee reports that H. L. Hatch, the highest bidder therefor, has expressed a desire to be released from his bid, as his intention to use the premises for storage of house moving apparatus has brought about a protest from the residents in the district; therefore, be it

Resolved, That the bid of said H. L. Hatch and all other bids for the leasing of said lot of land are hereby rejected, and the Clerk is directed to return to said H. L. Hatch the certified check on deposit in the sum of \$500.00; and be it

Further Resolved, That the lease of said lot of land be again submitted for bids.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Feb. 24, 1913—No bid. Ordered withdrawn from Calendar.

Parcel No. 5. Lot on the westerly line of Eighth avenue, distant thereon 285 feet southerly from the southerly line of Balboa street, of dimensions southerly 30 feet, westerly 120 feet, northerly 30 feet, easterly 120 feet. Being a portion of Outside Lands Block No. 373.

Feb. 24, 1913—Bid of \$6.00 per mo. received from J. S. Gleeson of the Park Richmond Improvement Club, and action laid over one week.

UNFINISHED BUSINESS.

Reconsideration and Final Passage.

The following Bill, heretofore refused final passage, was taken up, and on motion of Supervisor Geo. E. Gallagher was reconsidered:

Municipal Railway on Van Ness Avenue.

Bill No. 2420, Ordinance No. 2192 (New Series), Ordering the construction of extensions of the Geary Street Municipal Railway along Van Ness avenue and directing the Board of Public Works to prepare the necessary plans and specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The construction is hereby ordered of extensions to the Geary Street Municipal Railway to consist of a double track, standard gauge electric railway, with the necessary switches, turnouts, cross-overs and appurtenances from Geary street northerly along Van Ness avenue to the Bay of San Francisco and from Geary street southerly along Van Ness avenue to Market street, and the necessary switches, turnouts, etc., over United Railroads tracks to Eleventh and Mission streets.

Section 2. The Board of Public Works is hereby directed to prepare the necessary plans and specifications for the above described work, and to report to this Board an estimate of the cost thereof with its recommendation that the sum so estimated be set aside and appropriated therefor.

Section 3. This Ordinance shall take effect immediately.

Final Passage.

Whereupon Supervisor George E. Gallagher moved the final passage of the foregoing Bill:

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Excused—Supervisor Giannini—1.

Closing Streets in Exposition Grounds.

The following Bill, heretofore passed for printing, was taken up:

Bill No. 2426, Ordinance No. — (New Series), entitled, "Providing for the closing of certain streets within the site selected for the holding of the Panama-Pacific International Exposition, and the use thereof, until January 1, 1917."

Motion.

Supervisor Andrew J. Gallagher moved to amend as follows:

"Section 4. The Board of Public Works shall estimate the approximate damages to said streets because of their use by the Panama-Pacific International Exposition Company, its successors or assigns, and shall require a bond in the amount of twenty-five per cent of the estimated cost of replacing said streets in the same condition that they were prior to their use in connection with the Panama-Pacific International Exposition Company, its successors or assigns; and this Ordinance shall not become effective until said bond has been filed and approved by the Mayor."

Privilege of the Floor.

Frank S. Britton, attorney for the Exposition Company, was granted the privilege of the floor, and declared that all the judgments in condemnation proceedings and all the leases made by the Exposition Company provided for restoring the streets to their original condition. He also stated that there will be enough property left on the grounds and reachable by law to cover any claim that might be made by the City.

Amendment Lost.

Whereupon, the question being taken, the amendment was lost by the following vote:

Ayes—Supervisors Andrew J. Gallagher, George E. Gallagher, Hocks, Nolan—4.

Noes—Supervisors Bancroft, Cagliari, Giannini, Hayden, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Payot, Vogelsang—14.

Final Passage.

Thereupon, the above Bill No. 2426 was finally passed as Ordinance No. 2193 (New Series) by the following vote:

Ayes—Supervisors Bancroft, Cagliari, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

No—Supervisor Andrew J. Gallagher—1.

PRESENTATION OF BILLS AND ACCOUNTS.

Demands on the Treasury amount-

ing to \$22,417.97, numbered consecutively 34922 to 35295, inclusive, were presented, read and ordered *referred to Finance Committee.*

REPORT OF FINANCE COMMITTEE.

The Finance Committee, by Supervisor Jennings, chairman, reported in favor of allowing the demands heretofore read and referred said committee having duly examined and approved the same, and on his motion, said demands were so allowed and ordered *paid* by the following vote:

Ayes—Supervisors Bancroft, Caglieri, A. J. Gallagher, G. E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

NEW BUSINESS.

Passed for Printing.

The following Bill was passed for *printing*:

Ordering Construction of Academic Building, Polytechnic High School.

On motion of Supervisor Bancroft: Bill No. 2434, Ordinance No. — (New Series), entitled, "Ordering the construction of an Academic Building of the Polytechnic High School, in accordance with plans and specifications prepared therefor by the Board of Public Works, and approving said plans and specifications; authorizing and directing the Board of Public Works to enter into contract for the construction of said building and authorizing progressive payments to be made during the progress of said work."

Adopted.

The following Resolutions were *adopted*:

Disapproving Removal of Chief Building Inspector John Horgan.

On motion of Supervisor Bancroft: Resolution No. 10011 (New Series), as follows:

Whereas, it has been reported to members of this Board that the Board of Public Works contemplates the dismissal of the Chief Building Inspector of said Board, John Horgan, and the filling of the vacancy so caused by the appointment of an engineer; and

Whereas, the office of Chief Building Inspector of the Board of Public Works has been held for a consecutive period of thirteen years by John Horgan, who has always proved himself to be a capable and efficient official in the conduct of his responsible office, under various administrations, and who has conducted his office without complaint from his superiors or the general public; therefore, be it

Resolved, That this Board of Supervisors not approve of the removal of John Horgan from the Chief

Building Inspectorship, deeming that such change would be unjustifiable, and not be for the betterment of public service, and would be contrary to the policy of the present administration.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Koshland, McCarthy, McLeran, Murphy, Payot—13.

Noes—Supervisors Jennings, Mauzy, Murdock, Vogelsang—4.

Excused from voting—Supervisor Nolan—1.

Mayor to Sell Shack Building Adjoining Fire House on Mint Avenue.

On motion of Supervisor Bancroft: J. R. No. 635.

Resolved, That his Honor the Mayor is hereby authorized and requested to sell at public auction, in accordance with provisions of the Charter, the certain shack building located on City property at the northerly line of Mint avenue, west of Fifth street, adjoining the engine house.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Use of California Stone in Municipal Buildings at Civic Center.

On motion of Supervisor Bancroft: J. R. No. 636.

Whereas, a communication from his Honor the Mayor was filed, transmitting a letter from the Secretary of the San Francisco Labor Council, bringing to attention a protest of the Granite Cutters' Local Union of this City and the Journeymen Stonecutters' Association of San Francisco, against the use of any other stone for the municipal buildings to be erected in the Civic Center than that quarried in the State of California, and personally expressing himself as being in favor of the use of California stone; and

Whereas, various representatives of the San Francisco Labor Council, the Granite Cutters' and Journeymen Stonecutters' associations, and also the Home Industry League of California, were heard before the Public Buildings Committee of the Board; therefore, be it

Resolved, That this Board concurs in the expression of his Honor the Mayor in favoring the use of California stone in the construction of said buildings, providing the difference in cost in favor of California stone would not be prohibitive, and the attention of the Board of Public Works is hereby called to the provisions of this resolution.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E.

Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

City Attorney to Enter Legal Stipulation Whereby Leases of Tenants on the Vandenberg Property in Civic Center May Be Extended.

On motion of Supervisor Bancroft:
J. R. No. 637.

Declaring Intention, Fillmore Street Tunnel Construction and Acquisition of Lands in Connection Therewith.

On motion of Supervisor Mauzy:

Resolution No. 10004 (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco deems that the public interest and convenience requires the construction for public uses of the tunnel within said City and County hereinafter described:

That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the construction of a tunnel in or under Fillmore street in said City and County in the place and in the manner hereinafter specified, and that the following is a general description of the construction contemplated, to-wit:

Said tunnel including the approaches shall extend in or under Fillmore street, as hereinafter described, from a line adjacent to or near the northerly line of Sutter street to a line adjacent to or near the southerly line of Filbert street.

The southerly portal of said tunnel shall be in Fillmore street to the south of and near the southerly line of Bush street.

The northerly portal of said tunnel shall be in Fillmore street to the north of and near the northerly line of Union street.

The points to be connected by said tunnel are as hereinbefore specified and the districts to be connected by said construction are the two districts of land in said City and County hereinafter described and designated respectively as the "Southerly District" and the "Northerly District."

The bore of said tunnel shall extend from the above mentioned southerly portal to the above mentioned northerly portal. Said bore of said tunnel shall be properly and suitably lined with masonry, to be reinforced where necessary and faced with proper material and shall have all appurtenances necessary to make such tunnel fit for public use, including proper means of ventilation and drainage.

Generally the said bore shall be constructed to be approximately 58 feet

wide in the clear; said bore shall be divided longitudinally by a division wall of about four feet thick into two compartments; the easterly compartment shall be about 25 feet wide with a maximum height of about 22 feet, and shall be constructed for a permanently paved roadway for vehicular traffic; the westerly compartment shall be about 29 feet wide with a maximum height of about 22 feet; the floor of said westerly compartment shall be constructed for a trackway about 22 feet wide on its westerly side and a permanently paved artificial stone sidewalk about 7 feet wide on its easterly side, extending longitudinally the full length of said bore.

The floor of said bore and the surface of the approaches thereto shall be so laid that they shall connect the hereinbefore mentioned termini of said tunnel and approaches at the grade elevations of said termini by proper and suitable gradients between said two terminal points.

The approaches to said tunnel shall be constructed as follows:

(1) At the southerly end of said tunnel there shall be constructed between the southerly portal of said tunnel and the northerly line of Sutter street an open cut in the center of Fillmore street and having approximately the width of the bore of said tunnel; the westerly portion of the floor of said open cut shall be for a trackway and the easterly part of the floor of said open cut shall be a permanently paved roadway; the remaining portions of the floor of said open cut consisting of the space between said trackway and roadway shall be a permanently paved artificial stone sidewalk, curbed with granite curbs, said sidewalk to be a continuation of the sidewalk in and through the bore of said tunnel hereinbefore described. The sides of said open cut shall be supported by proper and suitable retaining walls with proper coping and ballustrade of masonry, reinforced where necessary.

On each side of said open cut and from the northerly line of Sutter street to the southerly line of Bush street and upon and over lands to be acquired therefor, as hereinafter provided, there shall be constructed a highway of the width of about 33 feet to take the place of such portion of Fillmore street as may be used in the construction of said tunnel, including its portals and approaches, and to restore to the street surface travel thereon. Said highway shall be graded to conform to the grade of Fillmore street between Sutter street and Bush street and the said highway shall be suitably constructed as a permanently paved artificial stone sidewalk, curbed

with granite curbs, and a permanently paved roadway.

(2) At the northerly end of said tunnel there shall be constructed between the northerly portal of said tunnel and the southerly line of Filbert street an open cut in the center of Fillmore street and having approximately the width of the bore of said tunnel; the westerly portion of the floor of said open cut shall be for a trackway and the easterly part of the floor of said open cut shall be a permanently paved roadway; the remaining portions of the floor of said open cut consisting of the space between said trackway and roadway shall be a permanently paved artificial stone sidewalk, curbed with granite curbs, said sidewalk to be a continuation of the sidewalk in and through the bore of said tunnel hereinbefore described. The sides of said open cut shall be supported by proper and suitable retaining walls with proper coping and ballustrade of masonry reinforced where necessary.

On each side of said open cut and from the southerly line of Filbert street to the northerly line of Union street and upon and over lands to be acquired therefor, as hereinafter provided, there shall be constructed a highway of the width of about 33 feet to take the place of such portion of Fillmore street as may be used in the construction of said tunnel, including its portals and approaches, and to restore to the street surface travel thereon. Said highway shall be graded to conform to the grade of Fillmore street between Filbert street and Union street and the said highway shall be suitably constructed as a permanently paved artificial stone sidewalk, curbed with granite curbs, and a permanently paved roadway.

That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the acquisition in fee simple and to acquire and condemn the lands hereinafter described, which said lands are deemed by said Board of Supervisors necessary and convenient for the purpose of the said proposed tunnel construction and which the Supervisors deem necessary to take the place of such portion of Fillmore street as may be used in the construction of said tunnel, including its portals and approaches and to restore to said street surface travel thereon, to-wit:

Supervisor Bancroft presented the following Resolution heretofore introduced by him and referred to the Public Utilities Committee, same not having been reported within thirty days allowed under the rules:

Resolution No. — (New Series), as follows:

Resolved, That the City Attorney be, and he is hereby directed, for and on behalf of the City and County of San Francisco, to institute proceedings against the Spring Valley Water Company to condemn all or the necessary portions of all lands, water rights, canals, reservoirs, dams, ditches, flumes, aqueducts and pipes or outlets, natural or otherwise, owned by the said Spring Valley Water Company in the City and County of San Francisco, and in the Counties of Alameda, Marin, San Mateo, Santa Clara, Contra Costa and San Benito, in the State of California, such right of condemnation to be exercised for the purpose of acquiring an adequate supply of water for the said City and County of San Francisco and the inhabitants thereof.

Substitute Resolution.

Whereupon, Supervisor McCarthy presented the following substitute Resolution, which was accepted by Supervisor Bancroft in lieu of the foregoing:

Resolution No. — (New Series). Whereas, After one year's negotiations with the Spring Valley Water Company, the City Advisory Water Committee has been unable to secure a fair offer for the properties of the Spring Valley Water Company, despite the fact that the Committee's last offer aggregated in the minimum at least \$42,125,000; and

Whereas, The Spring Valley Water Company has peremptorily terminated negotiations with the City by accepting the resignation of its negotiating committee and subsequently arbitrar-

ily repudiating in its refusal to accept the State Board of Railroad Commissioners its offer to arbitrate the value of its properties before a fair and impartial board; therefore be it

Resolved, That the City Attorney is hereby instructed to furnish the Board of Supervisors at the earliest possible moment the form of procedure to be followed in condemnation proceedings for the acquisition of such holdings and properties of the Spring Valley Water Company as may be necessary to acquire for a municipal water supply.

Motion.

Supervisor Hayden moved to strike out the preamble in the substitute Resolution.

Motion lost by the following vote: Ayes—Supervisors Caglieri, Hayden, Hilmer, Hocks, Jennings, Mauzy, Murdock, Payot, Vogelsang—9.

Noes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Koshland, McCarthy, McLeran, Murphy, Nolan—9.

Ruling of the Chair on Segregation of the Question.

Supervisor Andrew J. Gallagher moved that the question be segregated and the preamble and resolve voted upon separately.

Chair ruled that preamble and resolve pertained to but one subject and could not be segregated.

Motion to Lay on Table.

Supervisor Hayden moved that entire matter lay on the table.

Motion lost by the following vote:

Ayes—Supervisors Caglieri, Hayden, Hilmer, Hocks, Mauzy, Murdock, Nolan, Vogelsang—8.

Noes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Jennings, Koshland, McCarthy, McLeran, Murphy, Payot—10.

Motion.

Supervisor Murdock moved as a substitute that matter go over one week.

Amendment.

Supervisor Andrew J. Gallagher moved as an amendment that question be made special order for 2:30 p. m.

Action Deferred.

Whereupon, there being no objection, the entire subject matter was laid over until March 3, 1913, and made a special order of business for 2:30 p. m. that day.

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Fire Committee, by Supervisor Giannini, Chairman.

Streets Committee, by Supervisor G. E. Gallagher, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Public Utilities Committee, by Supervisor Vogelsang, Chairman.

Lighting and Rates Committee, by Supervisor Edw. L. Nolan, Chairman.

Report of Lands and Tunnels Committee on Progress in Tunnel Construction.

The following report was presented by Supervisor Mauzy, read by the Clerk and ordered spread at length in the Journal.

San Francisco, Cal.,
February 28, 1913.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Committee on Lands and Tunnels, to which matters pertaining to tunnel construction were referred, begs leave respectfully to present the following progressive report upon the following tunnel projects:

Stockton Street Tunnel.

The proceedings in the construction of this tunnel have developed regularly in accordance with the provisions of the "Tunnel Procedure Ordinance" to the conclusion of the collection of assessment benefits by the Tax Collector, and of your Honorable Board directing the Board of Public Works to call for bids and enter into contract for construction.

The report of the Tax Collector shows as follows:

To assessments,	
charges to be collected . . .	\$631,879.00
By assessments paid in full..	\$318,201.91
By assessments on installments	244,616.17
By assessments, State of California	8,839.79
By amount due from City and County and	

for property
struck off and
sold to it.... 60,035.86

\$631,879.00

Your Board is familiar with the court proceedings in the Stockton street tunnel assessment matters and the decision of Judge Seawell sustaining the ordinance; after said decision this Board passed the necessary "construction" ordinance on February 17, 1913, and bids thereon are expected April 2, 1913.

Fillmore Street Tunnel.

From north line of Sutter street to a point south of Filbert street.

This project advanced to the passage of a resolution of intention, No. 9521 (New Series), by the Board of Supervisors, approved June 25, 1912, and posted on the premises by the Board of Public Works. Borings were made along the route of the tunnel to test the character of the soil.

As it was apparent and necessary that Fillmore street, at its southerly and northerly portals, would have to be widened so as to permit of a thoroughfare either side of the portals upon the construction of a street wide tunnel. Land will have to be acquired, approximately thirty feet either side from Sutter to Bush streets at the southerly portal, and thirty feet either side from Union to Filbert at the northerly portal for street widening purposes.

The Charter being conflicting in its provisions relative to the acquisition of lands and the opening and widening of streets in connection with tunnel construction, an amendment to the Charter was presented and adopted by the people at the recent Charter Amendment election and confirmed by the State Legislature. Accordingly, all proceedings heretofore taken, as above stated, relative to the construction of this tunnel are insufficient and will have to be commenced anew.

Your Honorable Board has re-enacted the "Tunnel Procedure Ordinance," including some fourteen amendments, in accordance with the Charter Amendments under which this project can be more expeditiously terminated, and in accordance therewith a resolution of intention, No. 10004 (New Series), was passed by your Honorable Board February 24, 1913, and the Board of Public Works is providing to post notices in the assessment district.

Twin Peaks Tunnel.

Resolutions of intention have been passed and posting of notices complied with by the Board of Public Works throughout the assessment district prescribed. Borings and test holes

have been made along the route of the tunnel.

Since the passage of this resolution it has become necessary to re-enact a resolution of intention for the construction of this tunnel, to legally harmonize with the Charter amendments recently adopted by the people, whereby the acquisition of necessary lands and construction of the tunnel can be enacted under the one proceeding.

Your Committee is desirous of urging expedition in the construction of this tunnel, as it is felt that the needs of a great residential section of the city will be benefited as well as the business and mercantile interests in the down town districts. We also regard this as the premier tunnel project, opening up as it does a vast territory, and we therefore urge proceeding in this matter with all speed consistent with safety.

The Broadway Tunnel.

The tunnel as proposed to commence at the westerly line of Mason street and extend through and under the so-called Russian Hill to about the easterly line of Larkin street.

An assessment district has been outlined for the project, but as yet the required resolution of intention has not been passed.

Petitions are pending with your Committee from various civic organizations, also accompanied by the usual protests from other citizens, for the tunneling of Twentieth street and Folsome street hills, and it is the intention to have a hearing in these matters at an early date.

In conclusion your Committee would respectfully state that while many sections of the city may feel the advisability of constructing tunnels, nevertheless these projects must be guided largely by the expense involved. The only legal means being at hand is the district assessment plan, and many of our citizens fail to see the burden placed upon them until the benefit assessments are levied, when considerable dissatisfaction becomes expressed, for the reason that many property owners disclaim a benefit to their properties and any increase in its market value. It is true that such disposition arises when the people affected are met with increased taxes, street assessments and other municipal expenses: they feel the burden and necessarily retard progress after action has been commenced.

Realizing these difficulties, your Committee is disposed to invite hearings at all times in the matter of such petitions, so that the districts directly concerned, and the taxpayers who must pay the expense realize the un-

dertakings, that thereafter they may only feel that the Board of Supervisors are perpetuating and legally and successfully terminating their requests.

We do not believe that tunnels should be bored through hills to satisfy visionary ideas; we think that an imperative need of a tunnel must be shown before your Board is called upon to start proceedings, so that the burden of taxation involved in tunnel construction may not unnecessarily fall upon property owners. We are attempting to keep pace with proceedings to also settle the question of railway transportation in these tunnels so that a satisfactory transportation scheme may be worked out and in readiness at the earliest moment; we have asked for the opinion of the City Attorney on the right of the Supervisors to require railroads to pass through these tunnels, and we have asked the United Railroads to advise us as to its policy in relation to the proposed Fillmore street tunnel and the routing of cars through same. We are also attempting to obtain an approximate estimate of the tax burdens which will fall on property owners in the proposed districts—taking into consideration not only the approximate tunnel assessment, but also the probable increase in the ordinary tax rate, as well as any contemplated street assessments, so that when a tunnel is decided upon property owners will be able to know as near as possible what the tax burden will be before they petition this Board to start proceedings.

Respectfully submitted,

BYRON MAUZY,
PAUL BANCROFT,
ANDREW J. GALLAGER,

Committee on Lands and Tunnels.

PRESENTATION OF PROPOSALS.

Adopted.

The following resolution was introduced by Supervisor Mauzy under suspension of the rules and *adopted*:

Rejecting Bid of Geo. Vranizan to Lease City Lot on Jackson, Near Front Street.

On motion of Supervisor Mauzy:

J. R. No. 646.

Whereas, it is reported by the Land and Tunnels Committee of this Board that the bid of Geo. Vranizan received in open board on February 24, 1913, in the sum of \$11.00 per month for the lease of the certain land belonging to the City and County and situate at the northerly line of Jackson street, distant thereon 139 feet easterly from Front street, of dimensions 20 by 60, is not deemed a sufficient compensation for the use of this property for a

period of twenty years, and that the bid be rejected and new bids be taken; therefore, be it

Resolved, That the said bid of Geo. Vranizan in the sum of \$11.00 per month for said land, is hereby rejected, and lease of said land again be submitted for bids; and be it

Further Resolved, That the clerk of this Board is hereby directed to return to said George Vranizan the certified check in the sum of \$500.00 heretofore deposited by him.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, Geo. E. Gallagher, Giannini, Havden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Action Deferred.

Thereupon, on motion of Supervisor Mauzy, the sale of the lease of the following described property was *laid over one week*:

Parcel No. 1. Lot on the northerly line of Jackson street, distant thereon 139 feet easterly from the easterly line of Front street, of dimensions easterly 20 feet, northerly 60 feet, westerly 20 feet, southerly 60 feet. Being a portion of 50 Vara Block No. 6.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Accepting on Certain Conditions Bid of Park-Richmond Improvement Club for Lease of City Lot on Eighth Avenue.

On motion of Supervisor Mauzy:

J. R. No. 647.

Whereas, a bid was received in open session of this Board, February 24, 1913, from the Park-Richmond Improvement Club in the sum of \$6.00 per month for lease of certain City land, situate at the westerly line of Eighth Avenue, distant thereon 285 feet southerly from Balboa street, of dimensions 30 by 120 feet; and

Whereas, the Land and Tunnels Committee of this Board, to which said bid was referred, has returned the same with recommendation thereon: therefore, be it

Resolved, That the bid of said Park-Richmond Improvement Club be accepted, and his Honor the Mayor is hereby authorized and requested to enter into a lease with the Park-Richmond Improvement Club in the sum of \$6.00 rental per month for lease of said land for a period of twenty years. It is further conditioned, and to be made a part of said lease, that the Park-Richmond Improvement Club agrees to prevent the use of the premises for any other purpose than matters pertaining to improvement club

work or social gatherings, and that in the event of the City being at any future time authorized by law to sell said property before the expiration of the lease, said improvement club will cancel the lease and vacate the premises upon equitable compensation being allowed for its improvements.

SPECIAL ORDER—2:30 P. M.

The following resolution, laid over from last meeting, made a special order of business for 2:30 p. m. this day, was taken up:

City Attorney to Advise as to Procedure in Acquisition of Spring Valley by Condemnation.

Resolution No. — (New Series). Whereas, After one year's negotiations with the Spring Valley Water Company, the City Advisory Water Committee has been unable to secure a fair offer for the properties of the Spring Valley Water Company, despite the fact that the Committee's last offer aggregated in the minimum at least \$42,125,000; and

Whereas, The Spring Valley Water Company has peremptorily terminated negotiations with the City by accepting the resignation of its negotiating committee and subsequently arbitrarily repudiating in its refusal to accept the State Board of Railroad Commissioners its offer to arbitrate the value of its properties before a fair and impartial board; therefore be it

Resolved, That the City Attorney is hereby instructed to furnish the Board of Supervisors at the earliest possible moment the form of procedure to be followed in condemnation proceedings for the acquisition of such holdings and properties of the Spring Valley Water Company as may be necessary to acquire for a municipal water supply.

Motion.

Supervisor McLeran moved that matter be laid over until 2:30 p. m. two weeks from today, and that question be definitely settled at that time.

Motion carried by following vote:

Ayes—Supervisor Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Mauzy, McLeran, Murdock, Nolan, Payot, Vogelsang—13.

Noes—Supervisors Bancroft, Andrew J. Gallagher, Koshland, McCarthy, Murphy—5.

Motion.

Supervisor Bancroft moved that his

resolution providing for condemnation come up at the same time.

So ordered.

NEW BUSINESS.

Adopted.

The following resolutions were adopted:

Accepting Offer of Eliza Baum et al. to Sell for \$8150 Certain Land Required for Civic Center Purposes.

On motion of Supervisor Bancroft: Resolution No. 10018 (New Series), as follows:

Whereas, an offer has been received from Eliza Baum et al., to convey to the City and County of San Francisco certain land, being a portion of City Hall Block, the said land being required for City Hall and Civic Center purposes, and

Whereas, the price at which said parcel of land is offered is in accordance with the appraised value thereof, be it

Resolved, That the offer of Eliza Baum et al. to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all incumbrances including taxes:

For the purchase of said land \$8150.00 is hereby accepted, the said land being described as follows, to-wit:

Commencing at the southeast line of City Hall avenue, distant thereon 148 feet 11 1/3 inches northeasterly from the easterly line of Larkin street, running thence at a right angle southeasterly 31.257 feet; thence easterly 30.810 feet; thence northwesterly 49.264 feet to the said southeasterly line of City Hall avenue; thence southwesterly along said southeasterly line of City Hall avenue 25 feet to the point of commencement. Being a portion of City Hall Blocks.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owners, free from all incumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Mayor to Enter Into Agreement for Removal of Heald's Business College From Civic Center Site.

On motion of Supervisor Bancroft:

J. R. No. 650.

Resolved, That his Honor the Mayor is hereby authorized and requested to

enter into an agreement with the owners of Heald's Business College, situate in premises recently purchased and owned by the City and County in the Civic Center and located at the southwest corner of Polk and McAllister streets, whereby the City will pay to said Heald's Business College the sum of \$5,000.00 for moving expenses from said premises.

The said amount is to be paid out of the City Hall and Civic Center Bond Fund to the said party, after entire removal of effects from said premises, and conditioned that the City is released from any further obligation or expense or liability that may be occasioned by such removal.

And further conditioned that the Heald's Business College permit the City and County to remove a portion of the building occupied by said Heald's Business College during the occupancy of said building by said Heald's Business College in order to permit the erection of the new City Hall, the amount of rental to be paid to the City by said Heald's Business College after said alteration has begun, to be determined later.

Ayes—Supervisors Bancroft, Caglieri, A. J. Gallagher, G. E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Mayor to Enter Into Agreement for Removal of Heald's Business College from Civic Center Site.

The following resolution was presented:

J. R. No. —

Resolved, That his Honor the Mayor is hereby authorized and requested to enter into an agreement with the owners of the Heald's Business College, situate in premises recently purchased and owned by the City and County in the Civic Center and located at the southwest corner of Polk and McAllister streets, whereby the City will pay to said Heald's Business College the sum of \$5000.00 for moving expenses from said premises.

The said amount is to be paid out of the City Hall and Civic Center bond fund to the said party, after entire removal of effects from said premises, and conditioned that the City is released from any further obligation or expense or liability that may be occasioned by such removal.

Substitute Adopted.

The following substitute for the above was presented by Supervisor Bancroft and adopted:

Fixing Sidewalk Widths on Montgomery Street.

Supervisor George E. Gallagher presented:

Bill No. —, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled, "Regulating the width of sidewalks," approved December 18, 1903, by adding thereto a new section to be numbered five hundred and three.

Be it Ordained by the People of the City and County of San Francisco.

Ordinance No. 1061, entitled, "Regulating the width of sidewalks," approved December 18, 1903, be and is hereby amended in accordance with communication of the Board of Public Works, filed in this office February 27, 1913, by adding thereto a new section to be numbered five hundred and three, and to read as follows:

Section 503. The width of sidewalks on Montgomery street, between Market street and Washington street, shall be twelve (12) feet.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect and be in force from and after its passage.

Privilege of the Floor.

Charles K. Cushing stated that personally he represented eighty feet on Montgomery street and was opposed to the proposed reduction of sidewalk widths. He declared that the street was now only in a formative condition and at certain hours of the day the street was crowded to its fullest capacity. When office buildings are constructed in the empty lots every foot of sidewalk space will be necessary. He believed that automobile owners who wished to use the street for storing their machines were responsible for the movement to reduce

the sidewalk widths on Montgomery street.

Daniel Curran, attorney, representing G. H. Umbesen, twenty-five feet, stated that it was a matter of pedestrian vs. automobile and that he believed the rights of the pedestrian were paramount. He declared that even now the street is crowded—hardly elbow room at the First National Bank. Ten thousand people go in and out each day. Hydrants and electric poles occupy two feet of the width.

Wm. Gutzkow, representing the Russ Building, stated that the movement was fathered by the San Francisco Real Estate Board. He declared that when the proposed Occidental, Standard Oil and Hillman Buildings were constructed that the pedestrian traffic would be greatly increased and that every inch of sidewalk space would be required. He objected to the passage of the ordinance.

John Overmire, representing the Mills Building, opposed the passage of the proposed ordinance, but suggested that two feet of the present width might be cut off to the advantage of traffic.

A. Rhine, representing the San Francisco Real Estate Board and twenty-three property owners on Montgomery street, favored the proposed reduction of sidewalks.

H. Behlow also favored the proposed bill and declared that what San Francisco needed badly was rapid transportation. The proposed measure was a step in the right direction.

Louis H. Mooser stated that the San Francisco Real Estate Board did not initiate the movement to reduce the sidewalk. That had been done by the North Central Improvement Association. He declared that the majority of the property owners favored the reduction. He believed it would be a good thing and he favored the removal of the street car line.

Lieutenant Mathewson, Police Traffic Squad, also addressed the Board and stated that unless traffic conditions were relieved on streets north of Market access to the Exposition from Third and Townsend street depot would be greatly hampered. He declared that there was no law against autos standing in the street.

Motion.

Supervisor Hayden moved that bill be laid over one week.

Motion lost by the following vote:

Ayes—Supervisors Hayden, Hilmer, Hocks—3.

Noes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Jennings, Koshland, Mauzy, McCarthy, McLeran, Mur-

Amending Plan for Proposed Twin Peaks Tunnel and Providing for Acquisition of Additional Lands.

Resolution No. 10020 (New Series):

Resolved, That the Board of Supervisors of the City and County of San Francisco deems that the public interest and convenience requires the construction for public uses of the tunnel within the City and County herein-after described.

That it is the intention of the Board of Supervisors to order the construction of a tunnel with appurtenances under the elevation known as the Twin Peaks Ridge in the City and County of San Francisco, State of California, in the place and in the manner herein-after specified and that the following is a general description of the construction contemplated, to-wit:

The northeasterly portal of said tunnel shall be situated to the east of and adjacent to or near the easterly line of Collingwood street at a point approximately sixty-four feet southerly thereon from the southerly line of Seventeenth street at such grade as to give convenient and necessary head-room so that said tunnel may pass beneath and under the surface of Collingwood street.

Access to said portal shall be ob-

tained by means of an approach consisting of an open cut extending from Seventeenth street near the westerly line of Castro street to said portal, providing a grade from the street level at the northeasterly end of said cut or approach to the tunnel level at said portal.

The southwesterly portal of said tunnel shall be situated at a location or place in the San Miguel Rancho in said City and County described as follows:

Commencing at a point 864.93 feet distant southerly and at right angles from the center line of Taraval street (if extended and produced) and 564.31 feet distant easterly and at right angles from the center line of Twelfth avenue (if extended and produced), thence northeasterly along a line deflected $36^{\circ} 46' 13''$ to the right from a line parallel with Twelfth avenue to a point 550 feet distant; thence at a right angle southeasterly 150 feet; thence at a right angle southwesterly 550 feet; thence at a right angle northwesterly 150 feet to the point of beginning.

Access to said portal shall be obtained by means of an approach consisting of an open cut so constructed as to continue the grade of said tunnel to the surface of the ground.

The bore of said tunnel shall extend from the above mentioned northeasterly portal to the above mentioned southwesterly portal, the route of said tunnel following straight and curved lines, in, under and through lands, easements and rights of way therefor, to be acquired therefor, and herein-after described, as being necessary and convenient for the purpose of the said proposed tunnel construction; and in, under and through lands of the City and County, and intersecting streets, avenues, lanes, alleys, places or courts, in such manner as to connect the said two termini of said proposed construction by proper gradients between said two terminal points.

Other entrances to said tunnel shall be provided, leading into said main tunnel from the surface of the ground and leading into said tunnel by means of stairways, or grade slopes, or otherwise, at points where said tunnel will run under Eureka street and where said tunnel will run under the southwesterly boundary line of the Relief Home Tract (formerly Alms House Tract) as per map adopted by the Board of Supervisors by Ordinance No. 807 (New Series), June 14, 1909, between the second and third angle points northerly from the most southerly boundary line of said tract.

Generally the main bore of said tunnel shall be constructed to be approximately twenty-four feet wide in

the clear and to be properly bored and properly and suitably lined with masonry where necessary, said masonry to be reinforced where necessary, and with suitable and convenient excavations for, and construction of stations at said tunnel entrances above mentioned, properly lined and faced with suitable material, with convenient and suitable platforms and passageways and conveniences; the sides of said approaches by means of open cuts to be properly supported with proper and suitable retaining walls or bulkheads with proper coping and balustrades or railings constructed of masonry to be reinforced where necessary, and said portals or entrances to be properly constructed of masonry; said tunnel to be furnished with proper shafts for ventilation at necessary points and with suitable provision for drainage and to be provided with all appurtenances necessary to make said tunnel fit and convenient for public use.

The points to be connected thereby are as hereinbefore specified and the districts to be connected by said construction are the two districts hereinafter described, and designated respectively as the "Northeasterly District" and the "Southwesterly District."

That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the acquisition in fee simple and to acquire and condemn the lands hereinafter described, which said lands are deemed by said Board of Supervisors necessary and convenient for the purpose of the said proposed tunnel construction and which includes lands which the Supervisors deem necessary to take the place of such portion of Seventeenth street as may be used in the construction of said tunnel, including its portals and approaches, and to restore to said street surface travel thereon, to-wit:

All that real property situate in the City and County of San Francisco, State of California, and described as follows:

First: Commencing at a point 864.93 feet distant southerly and at right angles from the center line of Taraval street (if extended and produced) and 564.31 feet distant easterly and at right angles from the center line of Twelfth avenue (if extended and produced); thence northeasterly along a line deflected $36^{\circ} 46' 13''$ to the right from a line parallel with Twelfth avenue to a point 550 feet distant; thence at a right angle southeasterly 150 feet; thence at a right angle southwesterly 550 feet; thence at a right angle northwesterly 150 feet to the point of beginning.

Second: Commencing on the southwesterly boundary line at the second

angle point northerly from the extreme southerly boundary line of the Relief Home Tract (formerly Alms House Tract), said second angle point being 1,370 feet distant, more or less, westerly and at right angles from the most easterly boundary line and 370 feet distant, more or less, northerly and at right angles from the most southerly boundary line (if extended and produced westerly) of the Relief Home Tract (formerly Alms House Tract); thence running along the boundary line of said tract, as per map adopted by the Board of Supervisors by Ordinance No. 807 (New Series) June 14, 1909, N. $38^{\circ} 14' 41.6''$ E. 192.72 feet; thence N. $39^{\circ} 34' 18.4''$ W. 421.707 feet to a point on said boundary line, thence S. $17^{\circ} 24' 18.4''$ E. 499.28 feet distant and to the point of beginning.

Third: Commencing at a point N. $17^{\circ} 24' 18.4''$ W. 51.13 feet distant from the second angle point northerly from the extreme southerly boundary line of the Relief Home Tract (formerly Alms House Tract), as per map adopted by the Board of Supervisors by Ordinance No. 807 (New Series), June 14th, 1909, said second angle point being 1,370 feet, more or less, distant westerly and at right angles from the easterly boundary line and 370 feet, more or less, northerly and at right angles from the most southerly boundary line (if extended and produced westerly) of the Relief Home Tract (formerly Alms House Tract), thence running N. $17^{\circ} 24' 18.4''$ W. 33.63 feet distant; thence S. $45^{\circ} 42' 58''$ W. 175.21 feet, thence S. $14^{\circ} 17' 02''$ E. 30 feet; thence N. $45^{\circ} 42' 58''$ E. 160 feet to the point of beginning.

Fourth: Commencing at a point where the northerly line of Eighteenth street intersects the easterly line of Hattie street and running thence easterly along the northerly line of Eighteenth street 99 feet $11\frac{1}{2}$ inches distant; thence running northeasterly along a line deflected to the left $36^{\circ} 40' 127$ feet $9\frac{1}{4}$ inches distant; thence running northeasterly along a line curved to the right with a radius of 1,134 feet 10 feet $8\frac{3}{4}$ inches to a point on the westerly line of Clara street 82 feet $7\frac{1}{4}$ inches northerly from a point where the westerly line of Clara street intersects the northerly line of Eighteenth street; thence northerly along the westerly line of Clara street 109 feet $3\frac{3}{4}$ inches distant; thence southwesterly along a curved line, radius 1224 feet parallel with and 90 feet at right angles from the course heretofore described whose radius is 1134 feet 75 feet $11\frac{3}{4}$ inches distant; thence southwesterly along a line 185 feet $4\frac{3}{4}$ inches to a point on the easterly line of Hattie street 37 feet $9\frac{1}{2}$ inches northerly from a point where

the northerly line of Eighteenth street intersects the easterly line of Hattie street; thence southerly along the easterly line of Hattie street 37 feet 9½ inches to the northerly line of Eighteenth street and the point of commencement, being a portion of Block A, Park Lane Tract and Block 203 of Horner's Addition.

Fifth: Commencing at a point on the easterly line of Clara street 123 feet 2¾ inches northerly from a point where the easterly line of Clara street intersects the northerly line of Eighteenth street; running thence northerly along the easterly line of Clara street 105 feet 1½ inches distant; thence northeasterly along a curved line to the right with a radius of 1224 feet 151 feet 9 inches to the westerly line of Douglass street, 295 feet 5¼ inches northerly from a point where the westerly line of Douglass street intersects the northerly line of Eighteenth street; thence southerly along the westerly line of Douglass street 98 feet 3 inches distant; thence southwesterly along a curved line to the left with a radius of 1134 feet, 154 feet 11¼ inches to the easterly line of Clara street and point of commencement, being a portion of Block 204, Horner's Addition.

Sixth: Commencing at a point on the easterly line of Douglass street 222 feet 5¾ inches northerly from a point where the easterly line of Douglass street intersects the northerly line of Eighteenth street; running thence northeasterly along a curved line to the right with a radius of 1134 feet, 259 feet 1½ inches distant to a point on the westerly line of Eureka street 288 feet 5¼ inches northerly from a point where the westerly line of Eureka street intersects the northerly line of Eighteenth street; thence northerly along the westerly line of Eureka street 90 feet 10½ inches distant; thence southwesterly along a line deflected to the left 97° 48' 15" 3 feet 8½ inches distant; thence southwesterly along a curved line to the left with a radius of 1224 feet, 254 feet ½ inch to a point on the easterly line of Douglass street, 318 feet 6¾ inches northerly from a point where the easterly line of Douglass street intersects the northerly line of Eighteenth street; thence southerly along the easterly line of Douglass street 96 feet 1 inch to the point of commencement, being a portion of Block 205, Horner's Addition.

Seventh: Commencing at a point on the easterly line of Eureka street, distant thereon one hundred and thirty-two feet, five and three-eighths inches (132' 5¾") southerly from the intersection of the southerly line of Seventeenth street with the easterly

line of Eureka street; thence southerly and along said easterly line of Eureka street ninety feet, ten and one-eighth inches (90' 10⅛"); thence deflecting to the left an angle of ninety-seven degrees, forty-eight minutes and fifteen seconds (97° 48' 15") and running easterly along said deflected line two hundred and fifty-two feet, four inches (252' 4") to a point on the westerly line of Diamond street, said point being one hundred and eighty-nine feet and three-eighths inches (189' ¾") southerly from the intersection of the southerly line of Seventeenth street with the westerly line of Diamond street; thence northerly and along said westerly line of Diamond street ninety feet ten and one-eighth inches (90' 10⅛"); thence deflected to the left an angle of ninety-seven degrees forty-eight minutes and fifteen seconds (97° 48' 15") and running westerly along said deflected line two hundred and fifty-two feet four inches (252' 4") to the easterly line of Eureka street and point of commencement. Being part of Horner's Addition, Block 296.

Eighth: Commencing at a point on the easterly line of Diamond street, distant thereon eighty-nine feet five inches (89' 5") southerly from the intersection of the southerly line of Seventeenth street with the easterly line of Diamond street; thence southerly and along said easterly line of Diamond street ninety feet, ten and one-eighth inches (90' 10⅛"); thence deflecting to the left an angle of ninety-seven degrees, forty-eight minutes and fifteen seconds (97° 48' 15") and running easterly along said deflected line to a point one hundred and thirty-five feet six inches (135' 6") distant; thence running along a line curved to the left with a twelve hundred foot (1200') radius, one hundred and seventeen feet nine and three-quarters inches (117' 9¾") to a point on the westerly line of Collingwood street, said point being one hundred and forty feet, one and seven-eighths inches (140' 1⅞") southerly from the intersection of the southerly line of Seventeenth street with the westerly line of Collingwood street; thence northerly and along said westerly line of Collingwood street to a point one hundred and four feet, two and three-quarters inches (104' 2¾") distant; thence deflecting to the left an angle of one hundred and eight degrees one minute and thirty-three seconds (108° 01' 33") and running westerly along a line curved to the right (to which curved line said deflected line is tangent) with a radius of twelve hundred feet (1200') to a point two hundred and fourteen feet, one inch (214' 1") distant; thence westerly on a straight line tangent to said curved

line forty-two feet (42') to a point on the easterly line of Diamond street and the point of commencement. Being a part of Horner's Addition, Block 198.

Ninth: Commencing at the intersection of the southerly line of Seventeenth street with the easterly line of Collingwood street and running thence southerly along said easterly line of Collingwood street to a point one hundred and twenty-four feet (124') two and one-eighth inches ($2\frac{1}{8}$ ") distant; thence deflecting to the left an angle of one hundred and six degrees, twenty-three minutes and forty seconds ($106^{\circ} 23' 40''$) and running easterly along a line curved to the left (to which curved line said deflected line is tangent) with a radius of twelve hundred feet (1200') to a point two hundred and thirty-eight feet six and five-eighths inches ($238' 6\frac{5}{8}$ ") distant; thence along a reverse curve to the right, with a radius of twenty feet (20') forty-one feet (41') one and three-eighths inches ($1\frac{3}{8}$ ") to a point on the westerly line of Castro street, distant thereon fifty-two feet three and three-quarters inches ($52' 3\frac{3}{4}$ ") southerly from the intersection of the southerly line of Seventeenth street with the westerly line of Castro street; thence northerly along said westerly line of Castro street fifty-two feet three and three-quarters inches ($52' 3\frac{3}{4}$ ") to the intersection of the southerly line of Seventeenth street with the westerly line of Castro street; thence deflecting to the left an angle of ninety degrees (90°) and running westerly along southerly line of Seventeenth street two hundred and fifty feet (250') to the intersection of said southerly line of Seventeenth street with the easterly line of Collingwood street and the point of commencement. Being a part of Horner's Addition, Block 197.

Tenth: Commencing at the intersection of the northerly line of Seventeenth street with the westerly line of Castro street and running thence northerly and along said westerly line of Castro street to a point thereon ninety-three (93') feet distant, thence deflecting to the left at an angle of one hundred and fourteen degrees, seventeen minutes and fifty seconds ($114^{\circ} 17' 50''$) and running southwesterly along said deflected line two hundred and twenty-six feet and one-quarter of an inch ($226' 0\frac{1}{4}$ ") to a point on the northerly line of Seventeenth street, distant thereon two hundred and six feet (206') westerly from the intersection of the northerly line of Seventeenth street with the westerly line of Castro street; thence easterly along said northerly line of

Seventeenth street two hundred and six feet (206') to its intersection with the westerly line of Castro street and the point of commencement.

And that it is the intention of the Board of Supervisors of the City and County of San Francisco to order the acquisition of and to acquire and condemn an easement or right of way for, and as being necessary and convenient for, the purpose of the said proposed tunnel construction.

The lands deemed necessary and convenient to be taken therefor and for said purpose are described as follows:

Being an easement and right of way for a subterranean or sub-surface tunnel or tunnels under, beneath and through that certain real property situate in the City and County of San Francisco, State of California, and described as follows, to-wit:

A strip of land 90 feet wide extending for 24 feet northwesterly and 66 feet southeasterly (both measured at a right angle) of a line parallel to the center line of said strip, which parallel line is described as follows:

Commencing at a point on the southerly line of Eighteenth street and distant thereon 96.864 feet westerly from the easterly line of Hattie street (measured along the southerly line of Eighteenth street); thence southwesterly along a line deflected to the left 36.40' from the said southerly line of Eighteenth street 6,773.198 feet distant, to a point of curve 54.588 feet (measured along said line if produced) easterly from a point on the southwesterly boundary line of the Relief Home Tract (formerly Alms House Tract) if extended and produced S. $39^{\circ} 34' 18.4''$ E. 8 feet distant from the third angle point northerly from the southerly boundary line of said tract, said third angle point being 1,240 feet, more or less, westerly and at right angles from the easterly boundary line and 500 feet, more or less, northerly and at right angles from the southerly boundary line (if extended and produced) of the said Relief Home Tract, as per map adopted by the Board of Supervisors by Ordinance No. 807 (New Series) June 14th, 1909, thence running along a line curved to the left, the radius of which is 5,729.65 feet; degree 1° , central angle $15^{\circ} 20' 30''$ and length 1,534.186 feet to a point of tangency; and running along a line tangent to preceding curve 1,237.72 feet to a point on the northwesterly boundary line and 81 feet southeasterly (measured along said boundary line) from the most northerly corner of the parcel of land "First" hereinbefore described. Saving, excepting and excluding therefrom all public streets, avenues,

alleys and ways therein included and contained.

The damages, costs and expenses of said work and tunnel construction and of said acquisitions, including all damages and compensation to be ascertained, awarded and paid to the owner or owners or persons interested in the lands and easements to be acquired as aforesaid, including damages to improvements thereon, shall be assessed upon private property.

The following is a description and specification of the exterior boundaries of the two districts of land to be benefited by such construction and acquisitions and to be assessed to pay the damages, costs and expenses of said tunnel construction and of said acquisitions:

NORTHEASTERLY DISTRICT.

All that certain land situate in the City and County of San Francisco, State of California, and described as follows:

Commencing at the point formed by the intersection of the northerly line of Nineteenth street with the easterly line of Douglass street, and running thence northerly along said easterly line of Douglass street to the southerly line of Seventeenth street; thence easterly along said southerly line of Seventeenth street to the easterly line of Castro street; thence northerly along said easterly line of Castro street to the southerly line of Fifteenth street; thence easterly along said southerly line of Fifteenth street to the easterly line of Noe street; thence northerly along said easterly line of Noe street to the southerly line of Duboce avenue; thence easterly along said southerly line of Duboce avenue to the westerly line of Sanchez street; thence northerly to the point formed by the intersection of the northerly line of Duboce avenue with the easterly line of Steiner street; thence northerly along the easterly line of Steiner street to the southerly line of Oak street; thence easterly along said southerly line of Oak street to the easterly line of Gough street; thence northerly and along said easterly line of Gough street to the southerly line of Fell street; thence easterly along said southerly line of Fell street to the easterly line of Van Ness avenue; thence northerly along said easterly line of Van Ness avenue to the southerly line of Post street; thence easterly along said southerly line of Post street to the westerly line of Powell street; thence southerly along said westerly line of Powell street and said westerly line extended southerly, to the northwesterly line of Market street; thence southwest-
erly along said northwesterly line of

Market street to a point where said northwesterly line of Market street is intersected by the southwesterly line of Fifth street if projected northwesterly; thence southeasterly along said last named line and along the southwesterly line of Fifth street to the northwesterly line of Folsom street; thence southwesterly and southerly along the northwesterly and westerly line of Folsom street (following the curve thereof) to the point formed by the intersection of said westerly line of Folsom street with the northerly line of Seventeenth street; thence westerly along the said northerly line of Seventeenth street to the westerly line of Guerrero street; thence southerly along said westerly line of Guerrero street to the northerly line of Nineteenth street; thence westerly along said northerly line of Nineteenth street to the easterly line of Douglass street and the point of commencement.

Saving, excepting and excluding from said district all public streets, avenues, alleys and ways therein included and contained.

Board of Public Works to Initiate Improvement of San Bruno Avenue—Procedure Outlined.

On motion of Supervisor Jennings:
J. R. No. 661.

Whereas, The Budget for the current fiscal year contains an appropriation of \$75,000 for the improvement of San Bruno road, and the Board of Supervisors is anxious to have this highway improved at the earliest possible moment, and

Whereas, Litigation and lack of agreement among property owners has so far prevented inauguration of this work, and

Whereas, Property in certain portions of San Bruno avenue is not sufficiently assessed to pay for the completion of this important highway under public proceedings, be it

Resolved, That the Board of Public Works be requested to initiate improvement of San Bruno avenue at the earliest possible moment under the following procedure:

1. The property owners to be required to grade, gutter and curb all of said San Bruno avenue in the

blocks designated by the Board of Public Works and the Board of Supervisors and when this work shall have been completed to the satisfaction of the Board of Public Works the City shall immediately proceed to pave said roadway and install catch basins therein.

2. In blocks to be designated by the Board of Public Works and the Board of Supervisors the property owners shall be required to deposit with the Treasurer fifty per cent of the estimated cost of the improvements and the City will supply the other fifty per cent.

3. The Board of Public Works and the Board of Supervisors shall adopt a procedure as to intersections and portions of the road as will meet the conditions imposed by the Charter in the matter of the fifty per cent valuation in accordance with the appropriation of \$75,000 which was intended to assist property owners in improving one of the main arteries of the City.

Be it further Resolved, That the initial proceedings under this policy shall apply to that portion of San Bruno roadway between Army and Twenty-fifth streets, in which portion work shall be separated into approximately half and half, as per estimates of City Engineer, i. e., that the grading, curbing and guttering plus 14 feet of asphalt paving in the center, represents fifty per cent, and the catch basins and surfacing represents fifty per cent.

Be it further Resolved, That the Clerk of the Board of Supervisors be directed to mail a copy of this Resolution to all interested property owners, thereby notifying said property owners that when the work required under this procedure to be done by the property owners has been completed, the City will proceed immediately to do its portion, and not until the said property owner has complied herewith.

Calling Special Referendum Election, Lower Market Street Settlement.

Bill No. 2460, Ordinance No. — (New Series), as follows:

Calling a special election to submit to the qualified voters of the City and County of San Francisco, for their approval or rejection, a certain ordinance heretofore adopted and passed by the Board of Supervisors of the City and County of San Francisco, known and designated as "Ordinance No. 2096 (New Series)," entitled, "Ordinance No. 2096 (New Series), granting the Sutter Street Railway Company, or its assigns, permission to operate cars and maintain an overhead

trolley over the tracks jointly owned by the City and County of San Francisco and said company, or its assigns, on Market street, between Sansome and Sutter streets, to the Ferry for a period ending midnight November 14, 1929."

Whereas, upon the 18th day of February, 1913, the Board of Election Commissioners of the City and County of San Francisco did pursuant to the provisions of the Charter of said City and County determine that a certain petition requesting that the above mentioned ordinance be submitted to the electors of said City and County at an election to be held to determine the question of the approval or repeal of said ordinance in the manner provided by the Charter of said City and County in the case of referendum petitions was signed by the requisite number of qualified electors required by the said Charter, to-wit, three thousand nine hundred and fifty registered voters authorized to sign the same and did certify such determination and decision to the said Board of Supervisors; now therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That a special election is hereby called and ordered to be held in and for the City and County of San Francisco upon the 22d day of April, 1913, for the purpose of submitting to the qualified voters of said City and County at such election the question of the approval or rejection of the above designated and entitled ordinance.

The special election hereby called and ordered to be held shall be held and conducted and the votes thereof received and canvassed and the returns thereof made and the results thereof ascertained, determined and declared, and all other proceedings in connection therewith be had in the manner required for the holding and conducting, returning and canvassing of the "RECALL ELECTION" which is to be held upon said 22d day of April, 1913, pursuant to the provisions of a call for said last mentioned election adopted by the said Board of Election Commissioners upon the 3d day of March, 1913, except as herein otherwise provided.

Section 2. The ballots to be used at such special election hereby ordered, shall be the same ballots which are used at such "RECALL ELECTION," save and except that immediately after the words "RECALL MUNICIPAL ELECTION—CITY AND COUNTY OF SAN FRANCISCO, INSTRUCTIONS TO VOTERS," as the said quoted words shall appear upon such ballots, shall be inserted in the same

type as said last quoted words the additional words "AND SPECIAL ELECTION TO VOTE UPON A PROPOSITION, INSTRUCTIONS TO VOTERS." But if at said date for such special election the Board of Election Commissioners shall have submitted to the qualified voters at the election to be held on said 22d day of April, 1913, another and additional proposition to be voted upon on said day, then and in such event the last above matter specified in quotation marks and capital letters shall read as follows: "AND SPECIAL ELECTION TO VOTE UPON PROPOSITIONS, INSTRUCTIONS TO VOTERS."

The said proposition to be voted upon under the order and call for such special election, hereby made, shall be printed and placed upon the said recall ballot at such place thereon as the Board of Election Commissioners may determine, consistent with law and the provisions of said Charter.

Immediately following the instructions, instructing voters how to vote for candidates upon said recall ballot, shall be printed in the same sized type the following instructions to voters:

"To vote for any proposition below stated upon this ballot respectively, stamp a cross (X) in the blank space to the right of word "Yes."

To vote against any proposition below stated upon this ballot respectively, stamp a cross (X) in the blank space to the right of the word "No."

The proposition to be submitted at such special election pursuant to this ordinance shall be printed upon such ballot in the words following:

"PROPOSITION ONE. Shall the following described ordinance be approved? Ordinance No. 2096 (New Series), entitled: 'Granting to the Sutter Street Railway Company, or its assigns, permission to operate cars and maintain an overhead trolley over the tracks jointly owned by the City and County of San Francisco and said company, or its assigns, on Market street, between Sansome and Sutter streets, to the Ferry for a period ending midnight, November 14, 1929,' approved December 10, 1912, which ordinance grants to the Sutter Street Railway Company, or its assigns, permission to maintain and operate cars by an overhead trolley over tracks to be jointly owned by the City and County of San Francisco on Market Market street, from Sansome and Sutter streets, to the City Front, for the period ending midnight, November 14, 1929, said permission not to be exercised until the Supreme Court shall have affirmed the judgment in the case of People ex rel. D. S. O'Brien

vs. Sutter Street Railway Company, as provided in a certain agreement entered into November 19, 1912, between the City and County of San Francisco, the United Railroads of San Francisco and the Sutter Street Railway Company, which agreement provides:

1. The Sutter Street Railway Company consents to the affirmation of the judgment aforesaid.

2. The United Railroads waives all objections to the use by the City and County of Market street, from Geary street to the City Front, for the operation of a Municipal Railway.

3. The Sutter Street Railway Company and the City and County to have joint ownership of the outer tracks and appurtenances (except poles) in Market street, between Sansome street and the City Front, the City and County to pay one-half the value thereof (not exceeding \$25,000), and one-half the cost of maintaining same shall be paid by each party.

4. The Sutter Street Railway Company or its assigns may operate cars over the tracks jointly owned as aforesaid, such operation shall be confined to cars running on Sutter street to Central avenue, the cars on the "Sutro line," and Jackson street cars switched into Sutter street at Fillmore, and the interval between cars shall never be less than one and one-half minutes.

5. The City to string its wires from the poles of the United Railroads.

6. The cost of electricity used to be paid by City on a car mileage basis, but not in excess of the rate being paid by the City.

7. Reciprocal transfers shall be made between the Geary street line at Divisadero and Fillmore streets. The City may elect to exchange transfers at Larkin street and Kearny street, such transfers to be redeemed by the City at three cents and by the United Railroads at two cents. The City may abrogate the transfer agreements at any time. The City reserves the right to exercise any legal right to require transfers at any point.

8. Geary street cars may run on tracks to be constructed on Market street, from Geary street, connecting with outer tracks now existing from Sansome street to City Front, and in case of blockade of outer tracks may use inner tracks of the United Railroads.

9. City has right to use the loops at the City Front.

10. The City shall have the right to use the tracks of the United Railroads on Geary street from Thirty-third avenue to Forty-eighth avenue on payment of half the value thereof and half the cost of maintenance. The City does not waive any of its power to regulate street railway service. And

for further particulars reference is made to said Ordinance No. 2096 (New Series), a copy of which is printed and mailed to the voters as required by the Charter.

To the left of any proposition as it appears upon such ballot the same shall be numbered by the Election Commissioners *seriatim* by figures commencing with the figure 1. And to the right of any such proposition as it appears upon such ballot shall be placed near the top thereof in a square or appropriate enclosure of lines, in capital or larger letters, the word "Yes." And directly beneath the lines enclosing said last mentioned word as herein provided shall be enclosed and printed in a similar manner at an appropriate distance to the right of such proposition in a similar enclosure of lines, the word "No." And to the immediate right of each of said words shall be a voting square similar in size to the enclosure enclosing said words respectively, for the purpose of stamping a cross (X).

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners as required by said Charter or law, and shall be the same sample ballots supplied for said recall election.

Any qualified elector of the City and County of San Francisco may vote at said special election, for or against any proposition herewith or hereby submitted, by stamping a cross (X) in the manner herein required to be stamped upon such ballots.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of the proposition opposite to which such cross (X) is stamped.

Each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote against the proposition opposite to which such cross (X) is stamped.

Section 3. The election precincts and numbers, names, enumerations, boundaries and descriptions thereof for such special election, and the places of voting and the officers to conduct such election and all other necessary proceedings in their behalf shall be respectively as required for said recall election and shall be as defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco.

All other proceedings necessary or proper in the holding or conducting of said special election hereby called, shall be had, held and conducted in such manner as may be provided by

the said Board of Election Commissioners consistent with law.

1. From the northeast corner of Second and Howard streets to the building at No. 583 Howard street, a distance of 215 feet, a little more or less.

2. From a point on the northerly side of Market street opposite the end of Twelfth street to a point on the northerly side of Market street opposite the end of Brady street, a distance of 450 feet, a little more or less, with two manholes, one 5 by 5 feet in the middle of the block, and one 7 by 7 feet at the corner; and also the installation of one electric arc light, to be erected and maintained by the City Electric Company, at a point to be designated by the Lighting Committee of the Board of Supervisors.

3. From a point on the west side of Larkin street, opposite the end of Willow avenue, to the corner of Ellis and Larkin streets, a distance of 265 feet, a little more or less, with two 6 by 6 foot manholes at the corner of Larkin and Ellis streets.

It is further provided, that the City Electric Company shall strictly comply with all the provisions of Ordinance No. 2201 (New Series), in the installation of these conduits.

Also further provided, that the City and County may at any time take over the conduits constructed under this permit at the appraised value at the time of taking over.

Also further provided, that these underground conduit extensions shall be subject to any provisions or ordinances, constitutional amendments or City Charter franchise provisions which may be hereafter adopted.

Also provided, that the City Electric Company shall, on the completion of the work permitted under this permit, file with the Board of Public Works a verified statement of the actual cost of construction of these three extensions.

Also provided, that the service and equipment for these extensions be maintained at the highest practicable standard of efficiency.

Also provided, that in determining the value no allowance be made for going concern, franchise value or good will.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS OR MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Monuments in Civic Center.

Privilege of the Floor.

Marshal Hale, Fairfax Whelan and Senator Charles Belshaw, were granted the privilege of the floor and requested the co-operation of the Board of Supervisors in commemorating with suitable monuments in the Civic Center the names of early heroes of California's history, especially Col. E. D. Baker and Senator David Broderick. It was explained that what was proposed was not to provide a burial place, but merely to erect monuments. The committee did not request an appropriation for this purpose, but stated that funds would be secured by private subscriptions. The committee's verbal request was supplemented by the following communication:

San Francisco March 10, 1913.
To the Honorable Board of Supervisors, San Francisco—Gentlemen:

We, the undersigned committee, respectfully request that your honorable body shall appoint three of your members to act in conjunction with this committee and a committee to be appointed by the Native Sons of the Golden West for the purpose of taking the necessary steps to secure a proper site, preferably in the Civic Center, and to erect a monument or monuments in recognition of the inestimable services rendered to

our State and the honor conferred upon it by Colonel Edward Dixon Baker and Senator David Broderick. Funds for the carrying out of this worthy project are to be secured by voluntary subscriptions from the citizens of our City and State.

MARSHAL HALE,
FAIRFAX WHELAN,
CHAS. BELSHAW,
F. L. SLOSSON, JR.

Committee.

Thereupon, the following resolution was introduced by Supervisor Koshland:

J. R. No. —.

Resolved, That it is the sense of this Board that in the erection of the Civic Center group of buildings and squares proper provision should be made to commemorate the names of those who have done some great or lasting service to the City, State or Nation.

Referred.

Whereupon, the entire subject matter was ordered referred to *Public Buildings Committee*.

Adopted.

The following resolutions were introduced under suspension of the rules and adopted:

Observance of Good Friday.

On motion of Supervisor Hayden:

J. R. No. 664.

Resolved, That his Honor the Mayor is hereby requested to issue a proclamation declaring Good Friday, March 21, 1913, between the hours of 12 noon and 3:00 o'clock p. m., a municipal holiday, and to permit all those employed by the City who desire to participate in the religious exercises of that day to do so between the hours above mentioned.

City Engineer to Advise as to the Economy of the City Furnishing Rails and Ties to Contractor Constructing Stockton Street Tunnel and Cost Thereof.

On motion of Supervisor McLeran:

J. R. No. 665.

Resolved, That the City Engineer be requested to furnish this Board the following information:

Would it economize the cost of the Stockton street tunnel were the City to furnish the contractor with rails and ties over which the material excavated could be removed?

Would it economize the cost or time of construction of the street railway

in Stockton street were the rails and ties to be used in connection with the Stockton street tunnel?

In the event that the City property could be utilized in this manner, how much would the rails and ties cost?

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Calling Special Referendum Election, Lower Market Street Settlement.

Bill No. 2460, Ordinance No. 2226 (New Series), as follows:

Calling a special election to submit to the qualified voters of the City and County of San Francisco, for their approval or rejection, a certain ordinance heretofore adopted and passed by the Board of Supervisors of the City and County of San Francisco, known and designated as "Ordinance No. 2096 (New Series)," entitled, "Ordinance No. 2096 (New Series), granting the Sutter Street Railway Company, or its assigns, permission to operate cars and maintain an overhead trolley over the tracks jointly owned by the City and County of San Francisco and said company, or its assigns, on Market street, between Sansome and Sutter streets, to the Ferry for a period ending midnight November 14, 1929."

Whereas, upon the 18th day of February, 1913, the Board of Election Commissioners of the City and County of San Francisco did pursuant to the provisions of the Charter of said City and County determine that a certain petition requesting that the above mentioned ordinance be submitted to the electors of said City and County at an election to be held to determine the question of the approval or repeal of said ordinance in the manner provided by the Charter of said City and County in the case of referendum petitions was signed by the requisite

number of qualified electors required by the said Charter, to-wit, three thousand nine hundred and fifty registered voters authorized to sign the same and did certify such determination and decision to the said Board of Supervisors; now therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That a special election is hereby called and ordered to be held in and for the City and County of San Francisco upon the 22d day of April, 1913, for the purpose of submitting to the qualified voters of said City and County at such election the question of the approval or rejection of the above designated and entitled ordinance.

The special election hereby called and ordered to be held shall be held and conducted and the votes thereof received and canvassed and the returns thereof made and the results thereof ascertained, determined and declared, and all other proceedings in connection therewith be had in the manner required for the holding and conducting, returning and canvassing of the "RECALL ELECTION" which is to be held upon said 22d day of April, 1913, pursuant to the provisions of a call for said last mentioned election adopted by the said Board of Election Commissioners upon the 3d day of March, 1913, except as herein otherwise provided.

Section 2. The ballots to be used at such special election hereby ordered, shall be the same ballots which are used at such "RECALL ELECTION," save and except that immediately after the words "RECALL MUNICIPAL ELECTION—CITY AND COUNTY OF SAN FRANCISCO, INSTRUCTIONS TO VOTERS," as the said quoted words shall appear upon such ballots, shall be inserted in the same type as said last quoted words the additional words "AND SPECIAL ELECTION TO VOTE UPON A PROPOSITION, INSTRUCTIONS TO VOTERS." But if at said date for such special election the Board of Election Commissioners shall have submitted to the qualified voters at the election to be held on said 22d day of April, 1913, another and additional proposition to be voted upon on said day, then and in such event the last above matter specified in quotation marks and capital letters shall read as follows: "AND SPECIAL ELECTION TO VOTE UPON PROPOSITIONS, INSTRUCTIONS TO VOTERS."

The said proposition to be voted upon under the order and call for such special election, hereby made, shall be printed and placed upon the said re-

call ballot at such place thereon as the Board of Election Commissioners may determine, consistent with law and the provisions of said Charter.

Immediately following the instructions, instructing voters how to vote for candidates upon said recall ballot, shall be printed in the same sized type the following instructions to voters:

"To vote for any proposition below stated upon this ballot respectively, stamp a cross (X) in the blank space to the right of word "Yes."

To vote against any proposition below stated upon this ballot respectively, stamp a cross (X) in the blank space to the right of the word "No."

The proposition to be submitted at such special election pursuant to this ordinance shall be printed upon such ballot in the words following:

"PROPOSITION ONE. Shall the following described ordinance be approved? Ordinance No. 2096 (New Series), entitled: 'Granting to the Sutter Street Railway Company, or its assigns, permission to operate cars and maintain an overhead trolley over the tracks jointly owned by the City and County of San Francisco and said company, or its assigns, on Market street, between Sansome and Sutter streets, to the Ferry for a period ending midnight, November 14, 1929,' approved December 10, 1912, which ordinance grants to the Sutter Street Railway Company, or its assigns, permission to maintain and operate cars by an overhead trolley over tracks to be jointly owned by the City and County of San Francisco on Market Market street, from Sansome and Sutter streets, to the City Front, for the period ending midnight, November 14, 1929, said permission not to be exercised until the Supreme Court shall have affirmed the judgment in the case of People ex rel. D. S. O'Brien vs. Sutter Street Railway Company, as provided in a certain agreement entered into November 19, 1912, between the City and County of San Francisco, the United Railroads of San Francisco and the Sutter Street Railway Company, which agreement provides:

1. The Sutter Street Railway Company consents to the affirmation of the judgment aforesaid.

2. The United Railroads waives all objections to the use by the City and County of Market street, from Geary street to the City Front, for the operation of a Municipal Railway.

3. The Sutter Street Railway Company and the City and County to have joint ownership of the outer tracks and appurtenances (except poles) in Market street, between Sansome street and the City Front, the City and County to pay one-half the value thereof

(not exceeding \$25,000), and one-half the cost of maintaining same shall be paid by each party.

4. The Sutter Street Railway Company or its assigns may operate cars over the tracks jointly owned as aforesaid, such operation shall be confined to cars running on Sutter street to Central avenue, the cars on the "Sutro line," and Jackson street cars switched into Sutter street at Fillmore, and the interval between cars shall never be less than one and one-half minutes.

5. The City to string its wires from the poles of the United Railroads.

6. The cost of electricity used to be paid by City on a car mileage basis, but not in excess of the rate being paid by the City.

7. Reciprocal transfers shall be made between the Geary street line at Divisadero and Fillmore streets. The City may elect to exchange transfers at Larkin street and Kearny street, such transfers to be redeemed by the City at three cents and by the United Railroads at two cents. The City may abrogate the transfer agreements at any time. The City reserves the right to exercise any legal right to require transfers at any point.

8. Geary street cars may run on tracks to be constructed on Market street, from Geary street, connecting with outer tracks now existing from Sansome street to City Front, and in case of blockade of outer tracks may use inner tracks of the United Railroads.

9. City has right to use the loops at the City Front.

10. The City shall have the right to use the tracks of the United Railroads on Geary street from Thirty-third avenue to Forty-eighth avenue on payment of half the value thereof and half the cost of maintenance. The City does not waive any of its power to regulate street railway service. And for further particulars reference is made to said Ordinance No. 2096 (New Series), a copy of which is printed and mailed to the voters as required by the Charter.

To the left of any proposition as it appears upon such ballot the same shall be numbered by the Election Commissioners seriatim by figures commencing with the figure 1. And to the right of any such proposition as it appears upon such ballot shall be placed near the top thereof in a square or appropriate enclosure of lines, in capital or larger letters, the word "Yes." And directly beneath the lines enclosing said last mentioned word as herein provided shall be enclosed and printed in a similar manner at an appropriate distance to the right of such proposition in a similar

enclosure of lines, the word "No." And to the immediate right of each of said words shall be a voting square similar in size to the enclosure enclosing said words respectively, for the purpose of stamping a cross (X).

Sample ballots containing the above matter required to be printed thereon shall be supplied to the electors of said City and County by the Board of Election Commissioners as required by said Charter or law, and shall be the same sample ballots supplied for said recall election.

Any qualified elector of the City and County of San Francisco may vote at said special election, for or against any proposition herewith or hereby submitted, by stamping a cross (X) in the manner herein required to be stamped upon such ballots.

Each cross (X) stamped in the square to the right of the word "Yes" shall be counted as a vote in favor of the proposition opposite to which such cross (X) is stamped.

Each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote against the proposition opposite to which such cross (X) is stamped.

Section 3. The election precincts and numbers, names, enumerations, boundaries and descriptions thereof for such special election, and the places of voting and the officers to conduct such election and all other necessary proceedings in their behalf shall be respectively as required for said recall election and shall be as defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco.

All other proceedings necessary or proper in the holding or conducting of said special election hereby called, shall be had, held and conducted in such manner as may be provided by the said Board of Election Commissioners consistent with law.

SPECIAL ORDER, 2:30 P. M.

The following matters, made a Special Order for 2:30 p. m. this day, were taken up:

City Attorney to Commence Condemnation Suit for Acquisition of Spring Valley Water Company Properties.

Supervisor Bancroft's Resolution.
Resolution No. — (New Series), as follows:

Resolved, That the City Attorney be, and he is hereby directed, for and on behalf of the City and County of San Francisco, to institute proceedings against the Spring Valley Water Company, to condemn all or the necessary portions of all lands, water rights, canals, reservoirs, dams, ditches, flumes, aqueducts and pipes or outlets, natural or otherwise, owned or held by said Spring Valley Water Company in the City and County of San Francisco, and in the counties of Alameda, Marin, San Mateo, Santa Clara, Contra Costa and San Benito, in the State of California, such right of condemnation to be exercised for the purpose of acquiring an adequate supply of water for the said City and County of San Francisco, and the inhabitants thereof.

January 6, 1913—Introduced by Supervisor Bancroft and referred to Public Utilities Committee February 24, 1913.

February 24, 1913—Called up out of committee by Supervisor Bancroft, thirty days allowed under rules having expired, Supervisor McCarthy's stitute therefor accepted.

City Attorney to Outline Procedure for the Acquisition by Condemnation of the Properties of the Spring Valley Water Company.

Supervisor McCarthy's Substitute Resolution.

Resolution No. — (New Series):

Whereas, After one year's negotiations with the Spring Valley Water Company, the City Advisory Water Committee has been unable to secure a fair offer for the properties of the Spring Valley Water Company, despite the fact that the committee's last offer aggregated in the minimum at least \$42,125,000; and

Whereas, The Spring Valley Water Company has peremptorily terminated negotiations with the City by accepting the resignation of its negotiating committee and by subsequently arbitrarily repudiating, in its refusal to accept the State Board of Railroad Commissioners its offer to arbitrate the value of its properties before a fair and impartial board; therefore, be it

Resolved, That the City Attorney is hereby instructed to furnish the Board of Supervisors at the earliest possible moment, the form of procedure to be followed in condemnation proceedings for the acquisition of such holdings and properties of the Spring Valley Water Company as may be necessary to acquire for a municipal water supply.

February 24, 1913—Laid over and made a Special Order of Business for 2:30 p. m., March 3, 1913.

March 3, 1913—The above Resolution, together with original of Supervisor Bancroft, made Special Order for 2:30 p. m. this day.

Adopted.

Whereupon, the following resolution was introduced by Supervisor Bancroft as a substitute for the whole and adopted:

City Attorney to Advise as to Procedure Necessary in Event of Condemnation Proceedings for Acquisition of Properties of Spring Valley Water Company.

On motion of Supervisor Bancroft: J. R. No. 668.

Resolved, That the City Attorney be and he is hereby instructed to furnish the Board of Supervisors with the form of procedure necessary to be followed in condemnation proceedings in the event that this Board hereafter determine to condemn all or the necessary portions of all lands, water rights, canals, reservoirs, dams, ditches, flumes, aqueducts and pipes or outlets, natural or otherwise, owned or held by said Spring Valley Water Company in the City and County of San Francisco, and in the counties of Alameda,

Marin, San Mateo, Santa Clara, Contra Costa and San Benito, in the State of California, such right of condemnation to be exercised for the purpose of acquiring an adequate supply of water for the said City and County of San Francisco and the inhabitants thereof.

Denying Boiler and Laundry Permit.

Supervisor Giannini presented:

J. R. No. 670.

Resolved, That, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied J. P. Mirassou to maintain and operate a boiler and conduct a laundry in premises situate at 3031 Twenty-second street.

Ayes—Supervisor Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—16.

Noes—Supervisors Caglieri, Payot—2.

Privilege of the Floor.

P. A. Bergerot, attorney representing J. P. Mirassou, was granted the privilege of the floor and stated that the building in which proposed laundry was to be conducted was especially constructed for laundry purposes; that it had been turned over by former occupant in a dilapidated condition and that unless permit was granted his client's income would be destroyed. He declared that the Board of Health and the Fire Marshal had reported favorably on the application.

W. Casey was also granted the privilege of the floor and objected to the granting of the permit. He declared that the neighborhood had increased heavily in population since the fire and was no longer a desirable location for a laundry business.

Adopted.

Whereupon, the question being taken, the above resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—16.

Noes—Supervisors Caglieri, Payot—2.

Adopted.

Closing Portions of Tenth Avenue, Eleventh Avenue, Twelfth Avenue and Rivera Street.

On motion of Supervisor George E. Gallagher:

Resolution No. 10047 (New Series), as follows:

Closing and Abandonment of Portions of Tenth Avenue, Eleventh Avenue, Twelfth Avenue and Rivera Street.

Whereas, This Board has by Resolution No. 9969 (New Series) declared its intention to close and abandon portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, hereinafter more particularly described; and

Whereas, Proper notice of said resolution and of said proposed closing and abandonment of said portions of said streets was duly given by the Board of Public Works, of said City and County, by publication and posting in the manner provided by Section 3 of Title III of Article VI of the Charter of this City and County; and

Whereas, More than ten (10) days has elapsed after the expiration of the time of publication of said notice; and

Whereas, No objections to the said closing and abandonment of said portions of said streets were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the

closing and abandonment of said portions of said streets; and

Whereas, The said work is for closing up said portions of said streets, and it appears that no assessment is necessary therefor; now therefore, be it

Resolved, That the said closing and abandonment of said portions of said streets be, and the same is hereby ordered and the said portions of said streets be and the same are hereby closed and abandoned as public streets.

That said portions of said streets hereinabove referred to are more particularly bounded and described as follows, to-wit:

First: That portion of Eleventh avenue which commences at a line drawn parallel to Quintara street one hundred (100) feet southerly at right angles therefrom, and which terminates with the termination of said Eleventh avenue at the northwesterly boundary line of the San Miguel Rancho;

Board of Public Works to Recommend Sewer in Twenty-eighth Street, Between Diamond and Castro Streets.

J. R. No. —.

Resolved, That the Board of Public Works is hereby directed to recommend the construction of a sewer in Twenty-eighth street between Diamond and Castro streets.

Passed for Printing.

The following bill was introduced under suspension of the rules by Supervisor George E. Gallagher, and *passed for printing*:

Revoking Bay and Laguna Street Railway Permit.

Bill No. 2471, Ordinance No. — (New Series), Repealing Ordinance No. 2108 (New Series), to wit: Granting permission revocable at will of the Board of Supervisors, to the United Railroads of San Francisco, to use portions of Bay and Laguna streets for street railway purposes, subject to the conditions imposed herein.

Whereas, On December 16, 1912, the Board of Supervisors finally passed Ordinance No. 2108 (New Series), granting permission to the United Railroads to use certain portions of Bay and Laguna streets for street railway purposes;

Whereas, The United Railroads has declined to accept this permit, thus retarding installation of transportation to the Panama-Pacific Exposition and to the Transport Dock of the United States Government; and

Whereas, The conditions included in Ordinance No. 2108 (New Series) were not burdensome upon the railroad company and were necessary to conform with the mandates of the Charter; therefore,

Be It Ordained by the People of the City and County of San Francisco as follows:

Section 1. That Ordinance No. 2108 (New Series), granting permission revocable at will of the Board of Supervisors, to the United Railroads of San Francisco, to use portions of Bay and Laguna streets for street railway purposes, be and is hereby repealed.

Section 2. This ordinance shall take effect immediately.

Resignation of Curtis H. Lindley, Chairman of the Advisory Water Committee.

The following communication was presented by his Honor the Mayor and read by the Clerk:

San Francisco, March 13th, 1913.

To the Honorable the Mayor and the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I herewith respectfully tender my resignation as a member of the Advisory Water Committee, and as Special Counsel for the City in its water matters. Such resignation to take effect immediately.

It is impossible for me to further act in the above capacities, owing to a recent serious illness and the accumulation of professional duties which demand all the time and strength which I may possess.

I thank you for the honors conferred upon me, and trust that you will be able to satisfactorily solve the important and pressing problems involved in the City's water supply.

Sincerely yours,

CURTIS H. LINDLEY.

Motion.

Supervisor Giannini moved that the above resignation be accepted and that a resolution expressing the regrets of the Board and its appreciation of the services of Curtis H. Lindley be prepared for adoption.

The following communication was presented by his Honor the Mayor and read by the Clerk:

San Francisco, Cal., March 24, 1913.
To the Honorable the Mayor and the Board of Supervisors of the City and County of San Francisco.
Gentlemen:

Your letter of March 18, 1913, enclosing copy of certain proposed resolutions, was laid before our Board of Directors at a meeting held this day and this reply is made in accordance with a resolution unanimously passed at said meeting:

We have no comment to make upon the proposed resolutions. They deal with questions which you will determine for yourselves. We desire to suggest, however, that the exigencies of the existing situation make it important to arrive at an early solution of pending questions if possible. Subject to your approval we propose that committees, representing the city and the company, resume negotiations, in the hope that some acceptable plan may be found which will lead to an early adjustment of differences.

Very truly yours,
SPRING VALLEY WATER COMPANY.

(Signed) JOHN E. BEHAN,
Secretary.

Ordered referred to the Advisory Water Committee.

Revoking Bay and Laguna Street Rail-
way Permit.

Bill No. 2471, Ordinance No. 2237
(New Series), Repealing Ordinance No.
2108 (New Series), to wit: Granting
permission revocable at will of the
Board of Supervisors, to the United
Railroads of San Francisco, to use
portions of Bay and Laguna streets for
street railway purposes, subject to the
conditions imposed herein.

Whereas, On December 16, 1912, the
Board of Supervisors finally passed
Ordinance No. 2108 (New Series),
granting permission to the United
Railroads to use certain portions of
Bay and Laguna streets for street
railway purposes;

Whereas, The United Railroads has
declined to accept this permit, thus re-
tarding installation of transportation
to the Panama-Pacific Exposition and
to the Transport Dock of the United

States Government; and

Whereas, The conditions included in Ordinance No. 2108 (New Series) were not burdensome upon the railroad company and were necessary to conform with the mandates of the Charter; therefore,

Be It Ordained by the People of the City and County of San Francisco as follows:

Section 1. That Ordinance No. 2108 (New Series), granting permission revocable at will of the Board of Supervisors, to the United Railroads of San Francisco, to use portions of Bay and Laguna streets for street railway purposes, be and is hereby repealed.

Section 2. This ordinance shall take effect immediately.

NEW BUSINESS.

Adopted.

The following Resolution laid over from last meeting was taken up and on motion adopted by the following vote:

Board of Public Works to Turn Over Bronze Lamp Posts to Greenwich Street Improvement Association for Installation on Greenwich Street, Between Hyde and Leavenworth Streets.

J. R. No. 681.

Whereas, A communication has been filed by the Greenwich Street Improvement Association, requesting that certain lamp standards at present surrounding the old City Hall site, be permitted to be transferred for installation in the roadway of Greenwich street, between Hyde and Leavenworth streets; therefore be it

Resolved, That the Board of Public Works is hereby authorized and directed to turn over to the control and custody of the Greenwich Street Improvement Association, four small bronze and two iron light standards and two granite pedestal balls to be installed in Greenwich street, between Hyde and Leavenworth streets; it being understood and provided that the said improvement association shall assume the entire expense without cost whatsoever to the City, of the removal from the present location and the installation of said standards and pedestal balls in the said roadway of Greenwich street, between Hyde and Leavenworth streets.

Ayes—Supervisors Bancroft, Cagliheri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Fire Department Horses Displaced by Motor Vehicles to Be Placed at Disposal of Board of Public Works.

Supervisor Murdock presented:

J. R. No. —

Whereas, a report from the Bureau of Efficiency established the fact that of the 392 horses owned by the Fire Department 101 average less than 24 hours per year of actual service, and that at the central stable at Tenth and Division streets there are kept 49 idle relief horses, a number apparently largely in excess of any probable requirements, and

Whereas, in proportion to population we spend more than twice as much for fire protection as do Los Angeles or Baltimore, calling for any retrenchment not prejudicial to efficiency of service, and

Whereas, the Board of Public Works owns sprinkling carts, street sweepers and wagons to operate which they now hire 24 double teams at \$3.50 per day each, a number of which could apparently be safely furnished by the Fire Department, effecting a considerable saving, which should properly be divided between the two departments, and

Whereas, the result of the experiment would establish or disprove the wisdom of a general policy of gradually transferring to the Board of Public Works the horses superseded by the introduction of motor driven apparatus, replacing some of the 300 now hired, and

Whereas, it would appear that 17 horses would be a sufficient number to be continuously held in reserve for relief, therefore be it

Resolved, That the Board of Fire Commissioners are hereby requested to furnish the Board of Public Works 32 horses daily, in addition to the four now supplied, unless through sickness or accident the Fire Department should have actual use for more than 17 relief horses, in which case the number furnished shall be reduced from day to day by such number as may be required for actual use by the Fire Department, it being suggested that for the present the Board of Public Works pay \$2 per day to the Fire Department for each team furnished—an arrangement which for the 32 horses would effect an annual saving of \$11,200 to the Fire Department and \$8,400 to the Board of Public Works.

Motion.

Supervisor Murdock moved foregoing matter be referred to the Fire Committee and that said committee take up with Fire Commission advisability of action proposed.

Recommended.

Supervisor Giannini moved as an amendment that the Resolution be recommended to the Efficiency Committee:

So ordered.

Board of Public Works to Fix Six Dollars Per Day as Price for Double Teams.

Supervisor Murdock presented:

J. R. No. —.

Whereas, the report of the Bureau of Efficiency on teaming in the Board of Public Works shows that it is common practice by leading teaming contractors to pay \$6 per day for nine hours of work for a good double team, teamsters receiving \$3 per day, and for the City to pay \$6.50 per day for eight hours of work with a half holiday at full pay, and

Whereas, in the judgment of this Board the City should not be subjected to any such excess of cost and \$6 per day would still be paying considerable more per team hour, and a sufficient amount to command teams of a high standard of excellence, therefore be it

Resolved, That the Board of Public Works is requested to fix \$6 per day as the price to be paid for a double

team, or in lieu of such action to acquaint this Board with the reasons that make this reduction inadvisable or impossible.

Motion.

Supervisor McLeran moved as an amendment that the Resolution be referred to the Board of Public Works.

Motion lost by the following vote:

Ayes—Supervisors Caglieri, Hayden, Hilmer, Hocks, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot—9.

Noes—Supervisors Bancroft, Andrew J. Gallagher, George E. Gallagher, Giannini, Jennings, Koshland, Mauzy, McCarthy, Vogelsang—9.

Privilege of the Floor.

Thos. W. Butcher, representing property owners, was granted the privilege of the floor and addressed the Board. He declared that it was no fault of the property owners that Mason street had been paved before conduits for the electroliers were installed. He said that the question of the installation of electroliers on Mason street has been before the Lighting Committee of the Board for over a year. He declared that Mason street, owing to the theaters in the neighborhood, has become an important thoroughfare and should be properly illuminated.

D. N. Randolph, property owner, also addressed the Board, urging the importance of the adoption of the resolution even if it did mean the tearing up of the street again.

(At this time in the proceedings his Honor the Mayor appeared and assumed the chair.)

Extension of Underground Electrical Conduit System, Universal Electric and Gas Company.

Resolution No. 10061 (New Series), as follows:

Resolved, That the Universal Electric and Gas Company, a corporation, is hereby granted permission to open Market street, between Third and Fourth streets, and lay an electrical underground conduit for the purpose

of extending its distribution system in the City and County of San Francisco to the Mutual Bank Building, as per diagrams filed with the Clerk of the Board of Supervisors, said extension to approximate one hundred feet, provided that the said Universal Electric and Gas Company comply with the following conditions:

1. That the work of opening Market street shall be completed within the earliest possible moment, said work to be commenced Sunday morning next following the granting of this permit and immediately completed, and every effort be made to cause as little obstruction to traffic as possible.

2. That the Universal Electric and Gas Company shall strictly comply with all of the provisions of Ordinance No. 2201 (New Series) in the installation of this conduit.

3. That the City and County may at any time take over the conduit constructed under this permit at the appraised value at the time of taking over, and that in determining the value no allowance shall be made for going concern, franchise value or good will.

4. That this conduit service extension shall be subject to any provisions or ordinances, constitutional amendments or City charter franchise provisions which may be hereafter adopted.

5. That the Universal Electric and Gas Company shall on the completion of the work permitted under this permit, file with the Board of Public Works a verified statement of the actual cost of construction of this conduit.

6. That the service and equipment for these extensions be maintained at the highest practicable standard of efficiency.

The following bill was introduced by Supervisor George E. Gallagher and on his motion ordered *referred to the City Attorney*:

Accepting Deed From Southern Pacific Company to Sewer Right of Way on Niagara Street.

Also, Bill No. —, Ordinance No. — (New Series), entitled, "Approving and accepting a deed of easement from Southern Pacific Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way beneath the property of the Southern Pacific Company on Niagara street."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The following deed from the Southern Pacific Company (a corporation) to the City and County of San Francisco (a municipal corporation) of a sewer right of way beneath the property of the Southern Pacific Company on Niagara street, is hereby approved and accepted, to-wit:

THIS AGREEMENT made this — day of —, 1913, between SOUTHERN PACIFIC COMPANY, a corporation, created by and existing

under the laws of the State of Kentucky, and doing and duly authorized to do business in the State of California, party of the first part, and CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation of the State of California, party of the second part,

WITNESSETH:

THAT the party of the first part hereby grants unto the party of the second part, and its corporate successors, the right to construct, reconstruct, maintain and operate a fifteen-inch vitrified, iron-stone pipe sewer beneath the surface of the permanent way and railroad of the party of the first part, along the center line of Niagara street upon the line described as follows:

Commencing at the point of intersection of the westerly line of the permanent way of the party of the first part and the center line of Niagara street, and running thence southeasterly along the center line of Niagara street to its point of intersection with the easterly line of the permanent way of the party of the first part, said line of said sewer being shown in red upon the blueprint map hereto attached and made part hereof.

TOGETHER with the right to enter upon the premises of the party of the first part for the purposes of constructing, reconstructing, maintaining repairing and inspecting said sewer.

The rights above mentioned are granted by the party of the first part and accepted by the party of the second part upon the following terms and conditions, to-wit:

1. Said sewer shall be constructed, reconstructed, maintained and repaired in a good, workmanlike and rapid manner of first class material and at such a depth as the party of the first part shall specify below the surface of said permanent way railroad of the party of the first part.

2. Upon the completion of said sewer as much as possible of the earth removed from the trench therefor shall be thrown back into the said trench and thoroughly packed, so that the earth will not sink or cave in, and whatever remains, together with tools, implements and other materials, shall be removed from said premises by said party of the second part. Said party of the second part hereby agrees that it will not construct manholes for the purpose of maintaining said sewer along the property of the party of the first part, across which this grant of easement is made.

3. That said right to enter upon said land or any portion thereof shall not give nor be deemed or construed to give the party of the second part the right to do or perform any work

whatsoever at any time upon or in connection with said sewer that will render unsafe the use by the party of the first part of its said permanent way and railroad now or hereafter existing, or weaken or injure same for the operation of its trains, cars or locomotives or for its other purposes; and the party of the second part agrees to indemnify and save harmless the party of the first part and its lessors from and against any and all loss, damage, cost and expense which it may sustain or bear or to which it may be put resulting in any manner from said sewer being located on its property.

4. The party of the first part shall not be liable to the party of the second part for any damage to said sewer caused by the operation of its railroad, or for or from any other cause whatsoever.

5. As to the sewer herein mentioned, it is further understood and agreed that in the event said party of the second part shall discontinue the use thereof or shall abandon the same, or shall fail to keep, observe and perform any covenant on its part herein contained, all rights hereby granted shall forthwith cease and determine, and the party of the second part shall thereupon remove said sewer and restore said premises to their present condition. Should the party of the second part, in such event, fail, neglect or refuse to so remove said sewer and so restore said premises to their present condition such removal and restoration may be performed by the party of the first part at the expense of the party of the second part, which expense the party of the second part agrees to pay to the party of the first part on demand.

6. This indenture shall be binding upon and inure to the benefit of the successors and assigns of the respective parties hereto.

It is further expressly understood and agreed that the party of the second part shall, at its own sole cost and expense, make, provide, install and maintain adequate and proper supports for the railroad tracks of the party of the first part during the construction of said sewer beneath said tracks, such supports to be installed and maintained under the supervision and to the satisfaction of the party of the first part.

It is further expressly understood and agreed that if, at any time or times any work of any kind or character is to be performed or done by a contractor for the party of the second part, party of the first part hereby reserves the right to require any such contractor to enter into a writ-

ten agreement with party of the first part satisfactory to it and to also require any such contractor to give an indemnity bond in favor of the party of the first party in such amount as party of the first part shall specify before permitting any such contractor to perform or do any of said work on property of the first part or its lessor.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be executed by their respective officers thereunto duly authorized, and their respective corporate seals to be hereunto affixed, the day and year first above written.

Acquisition of Properties of Spring Valley Water Company.

The following matters heretofore introduced by Supervisor Koshland and on his motion made a special order of business for 2:30 p. m. this day, were taken up:

Proposition No. 1.

Referendum—Condemnation of Spring Valley Water Company Properties.

By virtue of the authority conferred by Section 13, Chapter III, Article XI of the Charter of the City and County of San Francisco, a majority of the Board of Supervisors (or six members thereof, as the case may be) hereby submits to the electors of the City and County of San Francisco, to be voted on at the election to be held therein on Tuesday, April 22nd, 1913, the following declaration of policy, viz:

Shall the City and County of San Francisco proceed to acquire by condemnation proceedings such portions of the properties of the Spring Valley Water Company as are economically useful in supplying the City and County with water, in connection with a Sierra source of supply?

Proposition No. 2.**Referendum—Acceptance of Offer of Spring Valley Water Company.**

By virtue of the authority conferred by Section 13, Chapter III, Article XI of the Charter of the City and County of San Francisco, a majority of the Board of Supervisors (or six members thereof, as the case may be) hereby submits to the electors of the City and County of San Francisco, to be voted on at the election to be held on Tuesday, April 22nd, 1913, the following declaration of policy, viz:

Shall the City and County accept the offer of the Spring Valley Water Company, made to the Water Advisory Committee of the Board of Supervisors to sell to the City and County for the sum of \$37,500,000, all of its properties, except 1850 acres of Lake Merced property, the Portola property amounting to approximately 900 acres and the so-called Market street lot; on condition, that the company shall retain all the impounded money in the water rate suits amounting to approximately \$1,500,000?

Privilege of the Floor.

Thos. V. Cator. Election Commissioner, was granted the privilege of the floor, and declared that in his opinion the submission of the above matters at the coming election would be invalid.

Motion to Withdraw.

Supervisor Koshland moved that he be permitted to withdraw the foregoing matters:

Motion carried by the following vote:

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

City to Commence Condemnation Proceedings Against Spring Valley Water Company if Satisfactory Price Is Not Agreed Upon Within Two Weeks.

Whereupon, the following resolution was introduced by Supervisor Giannini under suspension of the rules and adopted:

Resolution No. 10064 (New Series).
Whereas, A letter has been received by the Board of Supervisors from the Spring Valley Water Company wherein it is requested that the Advisory Water Committee of the City and County of San Francisco and the Negotiating Committee of the Spring Valley Water Company continue negotiations; therefore be it

Resolved, That if through such negotiations an offer is not submitted within two weeks which will be satisfactory to this Board, the City Attorney is hereby directed to prepare condemnation proceedings for the acquisition of all or the necessary portions of the Spring Valley Water Company's

properties required for a water supply for the City and County of San Francisco.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**Adopted.**

The following resolutions were introduced under suspension of the rules and adopted:

Rescinding Blasting Permit—City Street Improvement Company.

On motion of Supervisor George E. Gallagher:

J. R. No. 688.

Resolved, That Resolution No. 10044 (New Series), approved March 18, 1913, granting permission to the City Street Improvement Company to explode blasts in De Haro street, between Twenty-second and Twenty-third streets, be rescinded, for the reason that the street work can be done without exploding blasts.

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Petition for Passage of a Resolution Deeding City's Interest in Certain Abandoned and Closed Streets to Union Trust Company—Purpose to Open New Streets of Easy and Accessible Grade.

Supervisor George E. Gallagher presented:

To the Honorable Board of Supervisors of the City and County of San Francisco, State of California:

The undersigned, your petitioners, by Messrs. Melone & Vaughan, their agents, thereunto duly authorized, and the undersigned Larsen Heights Land Company, by Curtis Hillier, its president, hereby respectfully petition your Honorable Board, and for cause of petition allege:

I.

That on Monday, the 17th day of March, 1913 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), your Honorable Board duly adopted Resolution No. 10047 (New Series), a copy of which is attached hereto and marked Exhibit "A", closing and abandoning portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, in the City and County of San Francisco, State of California; that on the

18th day of March, 1913, said resolution was duly approved by the Mayor of the City and County of San Francisco, as shown by said Exhibit "A".

II.

That your petitioners own all the real property affected by the said closing and abandonment of said portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, more particularly described in said resolution, and all the real property affected by the opening of the new streets hereinafter referred to.

III.

That your petitioners will, as soon as convenient and practicable, deed all their right, title and interest in and to said property so owned by them and fronting on said streets, as aforesaid, to the Union Trust Company of San Francisco, with the following instructions, to-wit:

To hold said deeds until a deed properly authorized by resolution as herein prayed has been executed by the City and County of San Francisco and placed in escrow with the City Attorney conveying the title to said portions of said streets so closed and abandoned, as aforesaid, then to record said deeds and thereafter execute and deliver to said City and County, a deed conveying to it the title to certain new streets to be laid out in accordance with the map now on file with your Honorable Board, which said map will, in the meantime, have been certified, approved and recorded as required by law.

IV.

That said new streets, so to be laid out and deeded to said City and County, as aforesaid, will constitute ample compensation to said City and County for its deed of said abandoned streets, and will be of much greater practical value, both to the said City and County and to the general public than the old abandoned streets, because they will allow for the peculiar grades and hilly ground over which they will be laid and will constitute curved and winding streets with easy grades in lieu of the straight, precipitous and practically impassable streets that have been abandoned.

Wherefore your petitioners pray that your Honorable Board pass a resolution authorizing said City and County of San Francisco to deed its interest in said portions of said streets so abandoned and closed, as aforesaid, to the Union Trust Company of San Francisco, which will, at the time of the delivery of said deed, be the owner of all the lands adjacent to said portions of said streets so abandoned, as aforesaid.

Your petitioners further pray that the resolution provide for the execu-

tion of such deed in the name of the City and County and by the Mayor and Clerk of the Board of Supervisors thereof.

Whereas, This Board has by Resolution No. 9969 (New Series) declared its intention to close and abandon portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, hereinafter more particularly described; and

Whereas, Proper notice of said resolution and of said proposed closing and abandonment of said portions of said streets was duly given by the Board of Public Works of said City and County, by publication and posting in the manner provided by Section III, of Title III of Article VI of the Charter of this City and County; and

Whereas, More than ten (10) days has elapsed after the expiration of the time of publication of said notice; and

Whereas, No objections to the said closing and abandonment of said portions of said streets were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portions of said streets; and

Whereas, The said work is for clos-

ing up said portions of said streets, and it appears that no assessment is necessary therefor; now, therefore, be it

Resolved, That the said closing and abandonment of said portions of said streets be, and the same is hereby ordered and the said portions of said streets be and the same are hereby closed and abandoned as public streets.

That said portions of said streets hereinabove referred to are more particularly bounded and described as follows, to-wit:

First: That portion of Eleventh avenue which commences at a line drawn parallel to Quintara street one hundred (100) feet southerly at right angles therefrom, and which terminates with the termination of said Eleventh avenue at the northwesterly boundary line of the San Miguel Rancho.

Second: That portion of Twelfth avenue which commences with the southerly line of Rivera street, and which terminates with a line drawn parallel to the northerly line of Santiago street, and distant two hundred and fifty (250) feet at right angles northerly therefrom.

Third: That portion of Rivera street which commences with the westerly line of Twelfth avenue, and terminates with the easterly line of Thirteenth avenue, and also that portion of Rivera street which commences with the easterly line of Twelfth avenue and terminates with the termination of said Rivera street, at the northwesterly boundary line of the San Miguel Rancho, including all that portion of Rivera street at the intersection of said Rivera street and Eleventh avenue.

Fourth: Commencing at a point on the westerly line of Tenth avenue, distant thereon three hundred and sixty-nine (369) feet southerly from the southerly line of Quintara street; running thence southerly along said westerly line of Tenth avenue fifty (50) feet, more or less, to the northwesterly boundary of the San Miguel Rancho; thence northeasterly along said northwesterly boundary line of the San Miguel Rancho ninety (99) feet, more or less, to the southerly line of Mendoza avenue, as designated on the Map of the Forest Hill Tract, now of record in the Recorder's office; thence southwesterly forty-seven (47) feet, more or less, to the westerly line of Tenth avenue and the point of commencement; being the southerly termination of Tenth avenue; as the same appear on the official map of the City and County of San Francisco. Be it further

Resolved, That the Clerk of this Board transmit a certified copy of this

resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the "Daily Journal of Commerce" as required by law.

Adopted—Board of Supervisors, San Francisco, March 17, 1913.

Adopted.

Whereupon, the following resolution was introduced under suspension of the rules by Supervisor George E. Gallagher and adopted:

Resolution Authorizing Execution of a Deed by Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco.

Resolution No. 10065 (New Series):

Whereas, this Board, on Monday, the 17th day of March, 1913 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 10047 (New Series), a copy of which is attached hereto and marked Exhibit "A," closing and abandoning portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, in the City and County of San Francisco, State of California; and

Whereas, on the 18th day of March, 1913, said resolution was duly approved by the Mayor of the City and County of San Francisco, as shown by said Exhibit "A"; and

Whereas, the following named persons own all the real property affected by the said closing and abandonment of said portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, more particularly described in said resolution, being all the real property affected by the opening of the new streets hereinafter referred to:

I. M. Lettich and A. Lettich, Anna C. Sutkamp, Clara Sutkamp, by A. C. Sutkamp; Anne E. Gavigan, A. Djuric, E. J. Behre, F. M. Warren, F. A. Fiedler, Gideon H. Smith, Ann Mabel Coghlan, by John P. Coghlan; Henry T. Mitchell, Carl Cramer, R. C. Jewell, Rae T. Smith, Mrs. W. H. Mead, Mrs. H. W. Jackson, Mrs. Susie B. Pharo, Miss Carrie R. Mead, by Wm. T. Mead; Wm. T. Mead, Larsen Heights Land

Co., by Curtis Hillyer, President.

And Whereas, said parties will as soon as convenient and practical deed all their right, title and interest in and to said property so owned by them and fronting on said streets as aforesaid, to the Union Trust Company of San Francisco, with the following instructions, to-wit:

To hold said deeds until the deed herein authorized by resolution has been executed by the City and County of San Francisco and placed in escrow with the City Attorney conveying the title to said portions of said streets so closed and abandoned, as aforesaid, then to record said deeds and thereafter execute and deliver to said City and County a deed conveying to it the title to certain new streets to be laid out in accordance with the map now on file with your Honorable Board, which said map will, in the meantime, have been certified, approved and recorded as required by law; and

Whereas, said new streets, so to be laid out and deeded to said City and County, as aforesaid, will constitute ample compensation to said City and County for its deed of said abandoned streets, and will be of much greater practical value, both to the said City and County and to the general public than the old abandoned streets, because they will allow for the peculiar grades and hilly ground over which they will be laid and will constitute curved and winding streets with easy grades in lieu of the straight precipitous and practically impassable streets that have been abandoned;

Now, therefore, the Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County of San Francisco, are hereby authorized and instructed to execute and place in escrow with the City Attorney a deed conveying all the right, title and interest of said City and County in said portions of said streets, so abandoned and closed as aforesaid, to the Union Trust Company of San Francisco, said deed to be held in escrow by said City Attorney, subject to the following instructions, to-wit:

To deliver said deed to the Union Trust Company of San Francisco, the grantee named therein, when and only when said Union Trust Company shall have become the owner of all the lands adjacent to said portions of said streets so abandoned and closed as aforesaid, and fronting thereon, and when and only when said Union Trust Company of San Francisco shall have executed and delivered to said City and County of San Francisco good and sufficient conveyances, vesting in such City and County the title to said

new streets so to be laid out as aforesaid

Adopted, Board of Supervisors, San Francisco, March —, 1913.

Ayes:

..... Clerk.

Approved, San Francisco, March —, 1913.

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

Endorsement of Portola Festival—Mayor to Issue Proclamation.

On motion of Supervisor Hayden: J. R. No. 689.

Whereas, the Portola Festival Committee, in their successful celebration in October, 1909, of the 140th anniversary of the discovery of the Bay of San Francisco by Gaspar de Portola, merits the confidence of the people of San Francisco and California, and

Whereas, it is the intention of the Portola Festival Committee to continue their festival week as an annual event, and

Whereas, in this year the aforesaid committee will use as their historical motive the 400th anniversary of the discovery of the Pacific Ocean by Balboa. The period beginning October 22, up to and including October 25, being selected for such celebration.

Whereas, these annual celebrations will be the means of advertising San Francisco and the Panama-Pacific Exposition, and, at the same time, celebrating the great rehabilitation of our city;

Therefore, be it Resolved, That the Board of Supervisors does hereby extend to the Portola Festival Committee its approval of their organization and their plans for the coming celebration of the discovery of the Pacific Ocean by Balboa, and

Resolved, That this Board does hereby request the Mayor to issue forthwith a proclamation designating the period from October 22 to 25, both inclusive, to be known as Portola Festival Week, and for the further purpose of celebrating the discovery of the Pacific Ocean by Balboa, and calling upon all Californians and all San Franciscans, wherever they may be, to join in the merrymaking of this festival, inviting all the world, as well, to share in its pleasures, and urging all the civic, fraternal and other organizations, and all its loyal citizens, as individuals, to assist in making Portola Festival Week such a success as will redound to the credit of the community at home and abroad, and add greatly to its prosperity.

Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

Celebration or Completion of Belt Line Railroad.

Supervisor Hayden reminded the members that on Saturday, March 29, 1913, at 11:30 a. m., the Board of Harbor Commissioners would celebrate the completion of the Belt Line Railroad, and that the Supervisors had been invited to attend. He said that there would be a bay trip on the "Slocum" for officials participating and dinner at the San Francisco Commercial Club under the auspices of the Panama-Pacific International Exposition.

Budget Hearings for Departments.

Supervisor Jennings announced that on Tuesday, at 2 p. m., and every succeeding Tuesday at the same time until the budget is finally determined, the Finance Committee would meet for the purpose of hearing various municipal departments in the matter of their budget requirements for the ensuing fiscal year.

Relating to Changing Eastern Portal of Twin Peaks Tunnel.

Supervisor Mauzy announced that Lands and Tunnels Committee would meet on Thursday for the purpose of considering the changing of the eastern portal of the Twin Peaks Tunnel.

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

Appreciation of Services of Curtis H. Lindley, Chairman Advisory Committee on Water Supply.

On motion of Supervisor Murdock:

J. R. No. 690.

Whereas, the Board of Supervisors has been compelled to accept the resignation of Honorable Curtis H. Lindley as a member of the Advisory Water Committee, therefore be it

Resolved, That the Board expresses its sincere regret at the illness that has made necessary the resignation of Judge Lindley. It wishes also to express its profound respect for his character and ability, and its warm appreciation of the highly valuable service he has rendered.

When a busy practitioner devotes many days of his valuable time to public service, declining all remuneration, his unselfishness and sterling patriotism are entitled to the fullest acknowledgment.

We recognize in Curtis H. Lindley a man of the highest public spirit, who has devoted a great deal of time and strength to the service of the City, and in behalf of its citizens we beg him to accept this expression of gratitude and appreciation.

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

**Endorsement of Assembly Bill No. 747—
"Mount Tamalpais Game Refuge."**

Supervisor Murdock presented the following resolution under suspension of the rules and moved its adoption:

J. R. No. —.

Resolved, That the Board of Supervisors of San Francisco, mindful of the direct interests of its citizens in the magnificent domain included in the contemplated "Mount Tamalpais Game Refuge," approves the passage of Assembly Bill No. 747, now under consideration by the State Legislature, and urges the representatives of the City to thoroughly consider its provisions, and to vote for the measure if in their judgment the public interest will be thereby conserved.

Mount Tamalpais and its surroundings constitute a feature of beauty distinctly a valuable asset to San Francisco, attractive to visitors and a delight to residents. It is hoped that it may eventually become a part of the park system of our City, and every effort to preserve the birds and animals that add to its charm deserves our hearty support from self-interest as well as humane sentiment.

Promiscuous slaughter by irresponsible pot-hunters also endangers human life, while permission to the privileged few to maintain private reservations within the prescribed district is an invidious and uncalled-for discrimination.

The provisions of the bill under consideration seem to be in every way reasonable, affording proper protection without undue severity or hardship to the individual.

The interests of the City can only be protected by Legislative Act, and we respectfully appeal to representatives of the State to enact this measure of wise protection.

Motion lost by the following vote:

Ayes—Supervisors Caglieri, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, Murdock, Payot, Vogelsang—11.

Noes—Supervisors Bancroft, George E. Gallagher, McCarthy, McLeran, Murphy—5.

Absent—Supervisors Andrew J. Gallagher, Nolan—2.

Referred.

Whereupon, the foregoing resolution was referred to the Public Welfare Committee.

Adopted.

The following resolution was introduced under suspension of the rules and adopted:

Permitting Sierra and San Francisco Power Company to Change Its Transmission Wires at Buchanan and Beach Streets for Convenience of Exposition Without Prejudice to Its Rights to Restore Them.

On motion of Supervisor McCarthy: Resolution No. 10066 (New Series), as follows:

Whereas, The Sierra and San Francisco Power Company have at the date hereof transmission lines extending from their power house situated at the corner of Buchanan and Beach streets, in the City and County of San Francisco, which said transmission lines, after leaving the said power house extend along Buchanan street from Beach street in a southerly direction to the northwest corner of Buchanan and Bay streets; thence westerly to the northeast corner of Webster and Bay streets, and thence southerly along the westerly side of Webster street to the northwest corner of Francisco and Webster streets; thence at right angles westerly along the north side of Francisco street to the northeasterly corner of Fillmore and said Francisco streets; thence southerly along Fillmore street; and

Whereas, The Panama-Pacific International Exposition Company is constructing buildings and doing other work in the vicinity of said lines as above described; and

Whereas, It may become necessary for said company to have the lines as so described changed so as to conform to the plans of the said Exposition Company; now, therefore, it is hereby

Resolved, That if the said Sierra and San Francisco Power Company changes the position of its said lines as above described at any time by request of said Panama-Pacific International Exposition Company, that the said Power Company shall not lose its vested rights in the premises, and may, after any interference ceases by reason of structures of the said Exposition Company, restore said lines to their original position as above described.

Communication From Tax Collector Recommending Passage of Ordinances Providing for Appointment of Assistant Cashiers and Superintendent of Licenses.

The following matters were presented by his Honor the Mayor and referred to the Finance Committee:

San Francisco, March 20, 1913.

Hon. James Rolph, Jr., Mayor, San Francisco.

Dear Sir: Withdrawing the request contained in my letter of July 29, 1912, I now beg to ask that in accord-

ance with the provisions of Section 35 of Article XVI of the Charter, you will recommend to the Board of Supervisors the passage of an ordinance or ordinances allowing the Tax Collector to appoint in his office two additional assistant cashiers and a superintendent of licenses, each at a salary of \$150 per month; all appointments to be made from the Civil Service employees attached to the Tax Collector's office, and said appointments to date from July 1, 1913.

These positions I consider necessary to the efficiency of the Tax Collector's office.

Respectfully yours,

J. O. LOW,

Tax Collector.

Bill No. —, Ordinance No. — (New Series), as follows:

Authorizing the Tax Collector to appoint two assistant cashiers and a superintendent of licenses, and fixing the compensation of the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Tax Collector of the City and County is hereby authorized to appoint two additional assistant cashiers and a superintendent of licenses in the office of Tax Collector, which positions are hereby created in accordance with the request of the Tax Collector and the recommendation of the Mayor. The compensation of each such additional cashier and superintendent of licenses is hereby fixed at one hundred and fifty dollars per month.

Section 2. This ordinance shall take effect immediately.

Telegram Offering Assistance to Omaha.

The following telegram was sent by his Honor Mayor Rolph, and its sentiments concurred in by unanimous vote of the Board of Supervisors, to the city of Omaha, Nebraska, on the occasion of the awful tornado which devastated that city on the 24th of March, 1913.

Hon. James C. Dahlmann, Mayor of Omaha, Omaha, Nebraska:

Our citizens feel deeply your sad misfortune. Can we help you in any way? We are ready to respond to your call. We are ever mindful of your generosity to us in our hour of trouble.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Investigation of Proposed East Portal of Twin Peaks Tunnel.

The following matter was presented and read by the Clerk:

Communication—From Eureka Valley Improvement Association, inviting members to attend inspection at Nineteenth and Douglass streets for purpose of determining best location for easterly entrance of Twin Peaks tunnel.

Motion.

Supervisor Andrew J. Gallagher moved that invitation be accepted and that members assemble at an appointed place on Thursday between 10 and 12 o'clock.

So ordered.

Ordinance No. 2197 (New Series), Providing for Sale by Treasurer Over Counter of Market Street Railway Bonds, Finally Passed.

It appearing that upon the final passage of Ordinance No. 2197 (New Series) on February 25, 1907, that said ordinance received but eleven votes on the question of final passage thereof, the question of the final passage of said ordinance was on motion of Supervisor Jennings reconsidered by

unanimous consent. The question recurring upon final passage of Ordinance No. 2197 (New Series) the same was finally passed by the following vote:

Bill No. 2431, Ordinance No. 2197 (New Series), Reciting that certain Market Street Railway Bonds of the the issue of 1910 remain unsold after having been advertised for sale, no bids therefor having been received, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price at which such bonds may be sold by the said Treasurer of the City and County.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors on the 3d day of February, 1913, did adopt a resolution by which resolution the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County, that on the 17th day of February, 1913, said Board would receive and consider bids for the purchase of Market Street Railway Bonds, issue of 1910, amounting to \$120,000, and comprising six bonds of each year's maturity from 1915 to 1934 inclusive.

That in compliance with said resolution said Clerk did cause to be published in the official newspaper for a period of ten days prior to said 17th day of February, 1913, an advertisement and notice of such sale of said described Market Street Railway Bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever have been received for the purchase of said described bonds, and that the entire issue of said bonds so advertised for sale remain unbid for and unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the Market Street Railway Bonds advertised for sale and remaining unsold as above described and set forth, be placed on

sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. This ordinance shall take effect immediately.

Finally passed—Board of Supervisors. San Francisco, February 25, 1913.

Ayes—Supervisors Caglieri, A. J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Mauzy, McLeran, Murdock, Nolan, Vogelsang—11.

Absent—Supervisors Bancroft, G. E. Gallagher, Hocks, Koshland, McCarthy, Murphy, Payot—7.

J. S. DUNNIGAN, Clerk.

Report of Telephone and Rates Committee on Payment of Moneys to Telephone Users' Association by Pacific Telephone and Telegraph Committee.

San Francisco, March 29, 1913.
To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:—Your Committee, on Telephone Rates respectfully reports that in accordance with Journal Resolution No. 667, adopted March 17, 1913, it has made a thorough investigation into the payment of \$1542.50 by the Pacific Telephone and Telegraph Company to the Telephone Users' Association, which prepared the initiative telephone rates ordinance which will be submitted to the voters at a special election on April 22, 1913.

The testimony of the several witnesses, given under oath, shows that the money was entrusted to M. Kollman, who gave a portion of it to Algernon Crofton, President of the Telephone Users' Association and largest shareholder in the corporation, and used the remainder in settling with solicitors who had been engaged by Crofton to secure signatures to the initiative petition. Crofton when on the witness stand, refused to divulge the names of those associated with him in the Telephone Users' Association, or to furnish information as to the number of contracts held by him, whereby he is to receive 50 per cent of any saving made by subscribers for telephone service, through the initiative ordinance now being exploited by him.

Kollman, who acted in the dual capacity of representative of both Crofton and the Telephone Company, in the negotiations last December, admitted that if he had been successful in his attempt to bring together the Telephone Company and the Crofton Association he was to have received \$1500 from Crofton and \$2500 from the Pacific Telephone and Telegraph Company. He had planned to have the Telephone Users' Association, present an initiative rate ordinance that would be satisfactory to the Telephone Company and at the same time put Crofton in position to collect on his 50 per cent contracts without contest.

On Monday evening, December 9, 1912, Kollman submitted to George B. Bush, Assistant General Manager of the Pacific Telephone Company, a copy of an initiative rate ordinance prepared by Crofton and which was intended for circulation for signatures at the special election to be held the following days. Bush said he wanted time to have the ordinance considered by the directors of the Company and asked Kollman to arrange to have the petition withheld until after it could be examined. Kollman immediately got in touch with Crofton by phone, with the result that Crofton agreed to the delay, provided the Telephone Company paid \$1542.50, the amount he claimed would be required to settle with the canvassers who had been engaged to work at the polls the next day, and to pay the additional expense of a canvass for signatures later, should it be necessary.

It was then that Kollman sought to have Crofton consider the matter of submitting to the voters an initiative rate ordinance satisfactory to the Telephone Company. Furnished with a rate schedule prepared by the Telephone Company he called on Crofton the next day and told him that if the rates were incorporated in the initiative ordinance, the Company would abide by them and make no contest on the question of the legality of fixing rates by initiative proceedings. The original schedule which was presented to Crofton was offered in evidence. It provided for a reduction of \$69000, but was not accepted by Crofton.

Kollman also testified that a few days after the 11th day of December, 1912, he was told by Mr. Crofton that for the sum of \$30,000 he would be willing to have submitted by the Telephone Users' Association an ordinance embodying the rates submitted by the Telephone Company.

Kollman communicated that offer to Mr. Bush of the Pacific Telephone & Telegraph Company, and the witness testified that Bush refused to consider the proposition. Kollman then communicated the answer of Mr. Bush to Crofton.

On the occasion that Mr. Crofton made the \$30,000 offer to Mr. Kollman he explained to Kollman that he could arrange it with the people who had signed contracts, by making the statement to them in the following words:

"The Telephone Company and the Board of Supervisors having agreed upon a rate which is a substantial cut on the existing rates, the Telephone Users' Association has accomplished its purpose and has decided to quit on the ordinance so as to save the City an expense of \$35,000."

The above statement was made to

Mr. Kollman and repeated by him so as to fix it in his mind, and he immediately returned to his own office, across the street from Crofton's office, and dictated it to a stenographer.

Some little time after the Telephone Users' Association had filed with the Registrar of Voters its initiative ordinance, Mr. Crofton told Mr. Kollman that if he could obtain \$100,000 from the Pacific Telephone & Telegraph Company that he (Crofton) would fight and defeat the initiative ordinance filed by the Telephone Users' Association.

Kollman testified that Crofton said to him that the Telephone Company was foolish not to deal with him (Crofton), for the reason that if the initiative ordinance failed this year that he (Crofton) would introduce an ordinance every year until the courts had decided that the initiative ordinance was illegal.

The testimony of all the witnesses is clear on the point that only one rate schedule was submitted to Crofton and that it provided for a reduction of \$69,000, thus proving the utter falsity of the statement contained in a circular letter sent out by the Telephone Users' Association, that the rate ordinance passed by the Board of Supervisors, and which will go into effect on July 1st, is identical or similar with the one submitted to Crofton on December 10, 1912. The rate ordinance passed by your Honorable Board, makes a reduction of \$272,000 in the revenue of the Telephone Company, practically four times the reduction provided for in the schedule offered to Crofton.

Among the witnesses examined was J. H. Zemansky, Registrar of Voters, and his testimony was highly interesting, as he identified Crofton as the person who represented himself as C. E. Ward when filing the initiative petition. C. E. Ward is a young woman employed by Crofton as a stenographer.

The books and records of the Pacific Telephone and Telegraph Company show that the \$1542.50 paid to the Telephone Users' Association has been charged to general expenses. This should not be. The expenditure should be charged to profit and loss and has no place among the legitimate expenses incurred in conducting the Company's business.

Respectfully submitted,

FRED L. HILMER,
J. EMMET HAYDEN,
OSCAR HOCKS,

Telephone Rates Committee.

Referred to Grand Jury.

Supervisor Vogelsang moved that report be called to the attention of the Grand Jury officially.

So ordered.

Communication from Telephone Users' Association.

The following communication was presented and read by the Clerk:

San Francisco, March 29, 1913.

Honorable James Rolph, Jr., Mayor,
and Honorable Board of Supervisors, City,

Gentlemen:—This association recently charged that the telephone rate ordinance passed by the supervisors, made only some minor reductions which were proposed by the telephone company itself to this association when the company was endeavoring to effect a compromise last December. This was a serious charge.

Since that time, your telephone committee (aided by Supervisor Giannini), has displayed a considerable, even a perfervid excitement. Its proceedings, in fact, have been calculated to generate heat where light is needed.

We understand that the committee will report to you that it has investigated our charges and found them to be ill-founded. In other words, your committee will find itself not guilty.

Now this fight on the exorbitant telephone rates squeezed out of San Francisco, may go further than is yet anticipated, and in the future some supervisors may desire to amend the present record.

We, therefore, repeat our charges, and invite you to prove their truth or falsity by any disinterested body, but not by your telephone committee. The members are only human, and it is not to be expected that they will condemn themselves. Their ordinance was confessedly prepared by a gentleman recently in the employ of the San Francisco telephone company.

Our charges are that the supervisors' ordinance contains practically nothing but those reductions which the telephone company long ago offered to make voluntarily if we would withdraw our initiative ordinance.

Out of a total of 28 flat rates appearing in the supervisors' ordinance, 25 are absolutely identical with those suggested by the telephone company to us, and admitted under oath. This is a matter of simple counting.

Out of 49 telephone charges of all descriptions, 35 are identical, and many of the remaining 14 are trifles such as cutting the rate for an excess switch one quarter of a cent, while in the case of the class 36 residence telephone, the flat rate has been actually increased from the rate the telephone company volunteered.

The alleged saving of \$272,000 in the supervisors' ordinance has been cunningly computed. It is based on the impossible assumption that every subscriber will use every month from 20 to 100 excess switches over his present number.

(Even so, a cut of \$272,000 would be a cut of less than 7 per cent in the telephone company's gross income of \$4,000,000 annually).

No matter how the real issue be befogged by the united efforts of the telephone company, Mr. Shaw and the committee, the following stubborn facts remain:

The supervisors' ordinance makes no reduction in residence telephones. It makes practically no reduction in private exchange phones. It reduces some business phones 20 per cent. If that is too much, the courts will set the ordinance aside, and the supervisors' ordinance will stand. The telephone company does not fear confiscation. What it really fears is an exposure of its financing.

These statements will doubtless be omitted from your committee's report, and it may be that the supervisors will decide not to investigate them, altho' their truth can be demonstrated by any schoolboy in thirty minutes.

But on our part, we refuse to remain entirely silent, while your telephone committee defends its own negligence by impugning our motives and distorting testimony.

The submission at an election of our initiative ordinance reducing telephone rates, may be regarded by your committee as a usurpation of their authority, and we admit that it is apparently painful to the telephone company.

Nevertheless, we beg to remind your committee that they were given their authority in the first place by the citizens of San Francisco, who reserved to themselves the right to do by direct vote, when they choose, anything they allow the supervisors to do. And when 15,000 citizens petition for an election to reduce telephone rates, and 2000 business houses make it possible to provide the funds, those rates are going to be genuinely reduced whether some committee likes this association or not.

The final result will be reached with equal disregard of how much money the telephone company spends to prevent the principle being established that reasonable rates may be fixed by the initiative when the people so decide.

Yours very respectfully,
TELEPHONE USERS' ASSOCIATION.

ALGERNON CROFTON, Pres.

Award of Contract—Official Advertising.

The following report was presented and read by the Clerk:

San Francisco, March 31, 1913.
To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: Your Committee on

Publicity and Interurban Relations respectfully reports, that it has carefully considered the two bids presented for "Official Advertising", and recommends that the contract for printing "Official Advertising" from April 1, 1913, to April 1, 1914, be awarded to the "Daily Journal of Commerce" at a price of 19 cents per square, set in 6 point type.

The bids presented were:

"Daily Journal of Commerce," 19 cents per square.

"Evening Post Publishing Co.," 35 cents per square.

The "Evening Post Publishing Company" filed a protest against awarding the contract to the "Daily Journal of Commerce" and in support of said protest presented the affidavit of its manager, based on information and belief, that the "Daily Journal of Commerce" had not bought sufficient paper to publish 8000 copies daily, as required by the Charter.

The protest was met by the "Daily Journal of Commerce" with the affidavit of its circulation manager, who positively deposes that the circulation of the paper has been 8000 copies daily. This evidence was further supplemented by the testimony, under oath, of Justus Wardell, that the daily circulation of the "Daily Journal of Commerce" exceeds 8000 copies; also that said paper had complied with all the requirements of the proposal notice.

Counsel for the "Evening Post Publishing Company" requested the issuance of John Doe subpoenas, to produce testimony in support of the allegations in its protest, but said request was denied by your committee.

After full consideration of the testimony and affidavits presented, your committee recommends that the contract be awarded to the "Daily Journal of Commerce" for 19 cents per square, and that all other bids received for said printing be rejected.

Respectfully submitted.

J. EMMET HAYDEN,
OSCAR HOCKS,

Committee on Publicity and Interurban Relations.

Motion.

Supervisor Andrew J. Gallagher moved that matter be recommitted to Publicity Committee with instructions to committee to subpoena witnesses and make a thorough investigation into charges made that "Daily Journal of Commerce" has not the requisite circulation of 8000 as required by Charter.

Motion lost by the following vote:

Aye—Supervisor Andrew J. Gallagher—1.

Noes—Supervisors Bancroft, Cagliari, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran,

Murdock, Murphy, Nolan, Payot, Vogsang—17.

Report Adopted.

Thereupon, on motion of Supervisor Hayden, the foregoing report was adopted by the following vote:

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogsang—17.

No—Supervisor Andrew J. Gallagher—1.

Resolution Adopted.

Whereupon, the following resolution was introduced under suspension of the rules and adopted:

Resolution No. 10068 (New Series), as follows:

Resolved, That the contract for doing official advertising for the City and County of San Francisco for one year from April 1, 1913, to and including April 1, 1914, in a daily newspaper in the City and County of San Francisco which has a bona fide daily circulation of at least 8,000 copies and has been in existence at the time of letting such contract for at least two years, and to deliver daily to the office of the Board of Supervisors and to any other office or department of the City and County authorized to advertise, as many copies of the "official newspaper," not to exceed one hundred and fifty, as may be directed by the Clerk of the Board of Supervisors, and must also deliver as directed by said Clerk at least ten and not to exceed one hundred and twenty-five copies or slips of all orders, ordinances, resolutions or notices, published by order of the Board of Supervisors, or by any other department or officer of the municipal government authorized or permitted to advertise in said "official newspaper"; also deliver at least one hundred copies of all resolutions, orders, ordinances or notices published by order of any of the offices or departments of the City and County (other than the Board of Supervisors) to such office or department causing said publication in strict accordance with the specifications and the advertisement inviting proposals thereon, is hereby awarded to the Journal Publishing Company to be published in the "Daily Journal of Commerce," which is hereby designated as the "official newspaper," provided the sureties on its bond, which is hereby fixed at ten thousand (\$10,000) dollars, are satisfactory to his Honor the Mayor, who is hereby authorized to enter into said contract, the said "Daily Journal of Commerce" being the lowest responsible

bidder therefor, at the following price, viz.:

For each insertion in 6 point type per square, 19 cents.

All other bids received for the above are hereby rejected.

The "Daily Journal of Commerce" newspaper is hereby declared and designated to be the official newspaper of this City and County for one year from April 1, 1913, to and including April 1, 1914.

Ayes—Supervisors Bancroft, Caglieri, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogsang—17.

No—Supervisor Andrew J. Gallagher—1.

Privilege of the Floor.

Frank C. Drew, attorney, representing the Evening Post Publishing Company, was granted the privilege of the floor and stated that the above matter had at no time received the consideration of a full committee, and that he was refused permission to summon witnesses to establish the fact that the "Daily Journal of Commerce" has not the requisite circulation. He requested that privilege from the Board of Supervisors. He also requested that subpoenas be issued summoning witnesses to appear and testify.

John Nourse, attorney representing the "Daily Journal of Commerce," declared that all statements made before Committee were based on information and belief. The Committee refused to subpoena witnesses, that was all; it did not refuse to consider protest of Evening Post Publishing Company. The Committee considered the affidavit of the successful bidder to be true unless proved otherwise by protestants and believed that their objections were more of a fishing expedition than anything else brought for the purpose of inspecting books of rival firm.

Statement to Electors—Lower Market Street Franchise Agreement.

The following circular was presented by Supervisor Murphy, adopted by the following vote and ordered transmitted to the Registrar of Voters for delivery to the electors with sample ballot for referendum election in matter of ratification of Lower Market street franchise agreement, to-wit:

Reasons why the electors should approve the proposed compromise agreement regulating the street railway question on Lower Market street.

The City on one side and the United Railroads and the Sutter Street Railway Company on the other side have

agreed on a proposed compromise settling the street railway situation on lower Market street.

In view of misstatements which have been made concerning the terms and effect of the proposed compromise, this concise statement of the articles of the compromise and the reasons why it should be approved is presented.

If you want an actual, going municipal railway, running from the ocean to the ferry, paying its own way, established on a profitable, commercial basis, and demonstrating the practicability of efficient ownership and operation, vote YES on the proposed compromise.

By the proposed compromise the following results will be obtained:

1. *Litigation, which, however it may ultimately result, will prevent the City for an indefinite time from running the municipal cars to the ferry, is terminated and the municipal cars obtain immediate access to that great source of revenue, the ferry terminal.*

2. The inhabitants of the territory served by the Sutter street railway system get the advantage of a direct service to the ferry. It must be kept in mind that the municipal government is something more than a corporation controlling a publicly owned street railway competing with the United Railroads. The municipal government must consider the interests of every district, including the districts not yet served by the municipal railway.

3. United Railroads and Sutter Street Railway Company waive all claim to a right to object to the use by the City for the municipal railway on Market street from Geary street to the ferry.

4. City acquires half interest in present outer tracks and appurtenances and overhead equipment in lower Market street from Sutter street to the ferry upon payment of one-half of the actual value; this actual value to be determined by arbitration, but in no event shall the City pay more than \$25,000 for its half interest. At the expiration in 1929 of existing United Railroads' franchises in lower Market street the City shall have the right to buy the other half interest in the outer tracks and equipment for one-half the then value.

5. City gets the right to string its wires in lower Market street on United Railroads' poles.

6. City gets the right to take its power for the operation of the mu-

nicipal cars in lower Market street from the United Railroads at cost. If such cost exceeds the price paid for other power by the City the United Railroads must supply power at that lower price, even though it be below cost to the United Railroads.

8. Municipal railway gets and gives transfer privileges at intersection of Geary with Divisadero, and with Fillmore during the life of the agreement on equal terms, and at intersection of Larkin, and with Kearny for five years, by splitting the fare so that two cents goes to the City and three cents to the United Railroads; this division of the fare being based, roughly, on the mileage of the lines exchanging transfers. The City has the right to abrogate the transfer arrangement at all or any of the intersecting points, but the United Railroads is bound to exchange transfers so long as the City does. By these transfer privileges the Geary street line gains access to the Hall of Justice, the Third and Townsend street depot, the Exposition grounds, North Beach, the Western Addition, and other important points and districts.

8. In the event of blockade or interruption of traffic on the outer tracks in lower Market street the municipal cars have the right to use the inner tracks of the United Railroads to the ferry, but in case of blockade on the inner tracks the United Railroads shall not be permitted to operate its cars on the outer tracks.

9. City acquires the right to operate municipal cars on Geary street from Thirty-third avenue to Forty-eighth avenue over tracks of the United Railroads and thence to Cliff avenue, whenever it desires, upon payment of an equal proportion of the value of the tracks and appurtenances used by the City, to be determined by arbitration. After joint operation commences the City shall pay half the cost of maintenance and replacement, and shall pay for the electric power as on lower Market street.

10. In consideration of all the above stated advantages to the City the Sutter Street Railway Company gets the privilege of operating the Sutter street cars over the outer tracks in lower Market street by means of an overhead trolley system (the same system used by the municipal railway) until November 14, 1929, the date when the present franchises of the United Railroads in lower Market street expire, and no longer. The headway of the Sutter street cars on the outer tracks in lower Market street shall never be less than ninety seconds; so that it

will be easy to operate on the outer tracks a sufficient number of cars of the municipal railway.

The agreement provides expressly that it is without prejudice to the general powers of the municipality to regulate street railways and that it shall not be construed to validate any rights, privileges or franchises of the United Railroads or the Sutter Street Railway Company that may have become invalid.

In reply to statements as to the effect of the dismissal of proceedings in the United States Circuit Court, it is sufficient to say that the action of the United States Circuit Court, in so dismissing the injunction suits was based entirely upon the ground that the United Railroads should first have begun their proceedings in the State courts. The merits of the question were not considered and the companies are now at liberty to resort to the State courts for injunction and determination of their rights, as though no suits had ever been commenced in the United States courts.

The sample ballot contains a complete analysis of the proposed settlement ordinance. Read it, and then vote YES.

Ayes—Supervisors Bancroft, Cagliari, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—17.

No—Supervisor Andrew J. Gallagher—1.

Chairman.

At this point in the proceedings Supervisor McCarthy withdrew as presiding officer and Supervisor Murdock assumed the chair.

"This Indenture, made this 12th day of March, 1913, between Alex. J. Young, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part.

Witnesseth: That the said party of the first part, for and in consideration of the sum of one dollar (\$1.00), gold coin of the United States of America, to him in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, has granted, and by these presents does grant unto the said party of the second part and to its successors and assigns forever, as and for an ease-

ment for a sewer right of way, all that certain lot, piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, and bounded and particularly described as follows, to wit:

All that strip of land ten (10) feet in width lying five (5) feet on each side of the following described center line: Commencing at the point of intersection of the center line of Waterloo street, produced, and the westerly line of Loomis street; thence easterly along the center line of Waterloo street, produced, for a distance of one hundred thirty (130) feet, more or less; thence at an angle to the south of fifty-seven (57) degrees with the last described line for a distance of one hundred eighty (180) feet, more or less, to Islais Creek channel.

With the right of the said party of the second part to construct, reconstruct and maintain a sewer and its appurtenances therein, together with the right of free ingress to and egress from said described right of way at all times by said party of the second part through its authorized representatives.

The use to the surface of the said described right of way is hereby reserved unto the said party of the first part, but such use thereof is to be without detriment to the construction, reconstruction or maintenance of such sewer or its appurtenances or the free and unobstructed use of said right of way for such purposes by the said party of the second part.

To have and to hold all and singular the said premises, together with the appurtenances unto the said party of the second part and to its successors and assigns forever for the purposes aforesaid.

In witness whereof the said party of the first part has hereunto signed his hand and seal, the day and year first above written.

(Signed) ALEX. J. YOUNG.

State of California, City and County of San Francisco—ss.

On the 12th day of March, in the year one thousand nine hundred and thirteen, before me, A. K. Daggett, a Notary Public in and for the said City and County, residing therein, duly commissioned and sworn, personally appeared Alex. J. Young, known to me to be the person whose name is subscribed to the within instrument, and he acknowledged to me that he executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal, at my office in the City and County of San Francisco, the day and year in this certificate first above written.

(Signed) A. K. DAGGETT,

Notary Public in and for the City and County of San Francisco, State of California."

Ordering Street Work.

Bill No. 2483, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors March 22, 1913, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of Chapter 2, Article VI of the Charter, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That Clayton street between Seventeenth street and Parnassus avenue be improved by constructing granite curbs, where not already constructed, and by paving the roadway thereof with an asphalt pavement, consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface, where not already constructed, except on that portion thereof required by law to be kept in repair by the railroad company having tracks thereon.

That the intersection of Ashbury street and Downey street be improved by constructing granite curbs and artificial stone sidewalks on the angular corners thereof, and by paving the roadway thereof with an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface, except on that portion required by law to be kept in repair by the railroad company having tracks thereon.

That Ashbury street from Downey street to Clayton street be improved by constructing granite curbs where not already constructed, and by paving the roadway thereof with an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch

asphaltic wearing surface, except on that portion thereof required by law to be kept in repair by the railroad company having tracks thereon.

That the intersection of Ashbury and Clayton streets be improved by constructing granite curbs and artificial stone sidewalks on the angular corners thereof, and by paving the roadway thereof with an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface, excepting on that portion required by law to be kept in repair by the railroad company having tracks thereon.

That an 8-inch vitrified, salt-glazed, iron-stone pipe sewer with 24 Y branches and 3 brick manholes with cast-iron frames and covers and galvanized wrought-iron steps be constructed along the center line of Grand View avenue from the center line of Twenty-first street, produced, to the center line of Twenty-second street, produced; that a 12-inch vitrified, salt-glazed, iron-stone pipe sewer with 5 Y branches and one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps be constructed along the center line of Twenty-first street, produced, from the center line of Grand View avenue to the westerly line of Worth street, produced; and that a 15-inch vitrified, salt-glazed, iron-stone pipe sewer with 2 Y branches be constructed along the center line of Twenty-first street from the westerly line of Worth street, produced, to a point 4 feet easterly from the easterly line of Worth street, produced.

That the following vitrified, salt-glazed, iron-stone pipe sewers and appurtenances be constructed: A 12-inch with 7 Y branches along the center line of Charter Oak avenue from the northerly line of Burrows street, produced, to a point 137.75 feet northerly therefrom; a 12-inch with one Y branch along the center line of Charter Oak avenue between the northerly and center lines of Burrows street, produced; an 18-inch with one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps along the center line of Charter Oak avenue between the center and southerly lines of Burrows street, produced; an 18-inch with 14 Y branches and one brick manhole with cast-iron frame and cover and galvanized wrought-iron steps along the center line of Charter Oak avenue from the southerly line of Burrows street, produced, to the center line of Egbert avenue, produced; an 18-inch with 15 Y branches along the center line of Egbert avenue from the center line of Charter Oak avenue to the northwest-

erly line of Phelps street, and an 18-inch along the center line of Egbert avenue between the northwesterly and center lines of Phelps street.

Resolution Authorizing Execution of a Deed by Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco.

On motion of Supervisor George E. Gallagher:

Whereas, This Board, on Monday, the 17th day of March, 1913 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 10047 (New Series), a copy of which is attached hereto and marked Exhibit "A," closing and abandoning portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, in the City and County of San Francisco, State of California; and

Whereas, On the 18th day of March, 1913, said resolution was duly approved by the Mayor of the City and County of San Francisco, as shown by said Exhibit "A," and

Whereas, The following named persons own all the real property affected by the said closing and abandonment of said portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, more particularly described in said resolution, being all the real property affected by the opening of the new streets hereinafter referred to:

And Whereas, Said parties will as soon as convenient and practical deed all their right, title and interest in and to said property so owned by them and fronting on said streets as aforesaid, to the Union Trust Company of San Francisco, with the following instructions, to-wit:

To hold said deeds until the deed herein authorized by resolution has been executed by the City and County of San Francisco and placed in escrow with the City Attorney conveying the title to said portions of said streets so closed and abandoned, as aforesaid, then to record said deeds and thereafter execute and deliver to said City and County, a deed conveying to it the title to certain new streets to be laid out in accordance with the map now on file with your Honorable Board, which said map will, in the meantime, have been certified, approved and recorded as required by law; and

Whereas, Said new streets, so to be laid out and deeded to said City and County, as aforesaid, will constitute ample compensation to said City and County for its deed of said abandoned streets, and will be of much greater practical value, both to the said City and County and to the general public than the old abandoned streets, because they will allow for the peculiar grades and hilly ground over which they will be laid and will constitute curved and winding streets with easy grades in lieu of the straight, precipitous and practically impassable streets that have been abandoned;

Now therefore, the Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County of San Francisco, are hereby authorized and instructed to execute and place in escrow with the City Attorney, a deed conveying all the right, title and interest of said City and County in said portions of said streets, so abandoned and closed, as aforesaid, to the Union Trust Company of San Francisco, said deed to be held in escrow by said City

Attorney, subject to the following instructions, to-wit:

To deliver said deed to the Union Trust Company of San Francisco, the grantee named therein, when and only when said Union Trust Company shall have become the owner of all the lands adjacent to said portions of said streets so abandoned and closed as aforesaid, and fronting thereon, and when and only when said Union Trust Company of San Francisco shall have executed and delivered to said City and County of San Francisco good and sufficient conveyances, vesting in such City and County the title to said new streets so to be laid out as aforesaid.

**Endorsement of Assembly Bill No. 747—
"Mount Tamalpais Game Refuge."**

J. R. No. 695.

Resolved, That the Board of Supervisors of San Francisco, mindful of the direct interests of its citizens in the magnificent domain included in the contemplated "Mount Tamalpais Game Refuge," approves the passage of Assembly Bill No. 747, now under consideration by the State Legislature, and urges the representatives of the City to thoroughly consider its provisions, and to vote for the measure if in their judgment the public interest will be thereby conserved.

Mount Tamalpais and its surroundings constitute a feature of beauty distinctly a valuable asset to San Francisco, attractive to visitors and a delight to residents. It is hoped that it may eventually become a part of the park system of our City, and every effort to preserve the birds and animals that add to its charm deserves our hearty support from self-interest as well as humane sentiment.

Promiscuous slaughter by irresponsible pot-hunters also endangers human life, while permission to the privileged few to maintain private reservations within the prescribed district is an invidious and uncalled-for discrimination.

The provisions of the bill under consideration seem to be in every way reasonable, affording proper protection without undue severity or hardship to the individual.

The interests of the City can only be protected by Legislative Act, and we respectfully appeal to representatives of the State to enact this measure of wise protection.

So ordered.

Relating to Destruction of Unmuzzled Dogs.

The following communication was presented, read by the Clerk and on motion *ordered referred to Health Committee:*

March 18, 1913.

Board of Supervisors, San Francisco, Cal.

Gentlemen:

Your attention is respectfully called to the following copy of a resolution adopted by the Board of Health on March 11th, 1913.

"Whereas, The Board of Public Health is in receipt of a copy of the Coroner's verdict in the case of Nellie Overpack, which reads as follows:

"That said death was the result of a bite from a pet dog.

"We further find from the testimony of Drs. Broderick and Kellogg that there have been several deaths in this City during the past year from rabies and that 150 persons who had been bitten by dogs have received the Pasteur treatment, and that out of 400 dogs examined by the Health Board 270 were found to be infected with rabies. We therefore recommend to the Board of Supervisors that an ordinance be immediately drafted and passed empowering all police officers to shoot all dogs found on the streets that are not properly muzzled, irrespective of whether the dog carries a license or not. And we further recommend that the utmost publicity

be given these facts so that the public may become acquainted with the conditions at present existing among the dogs in our city," and

"Whereas, The Board of Health is in full accord with the recommendations therein contained, therefore be it Resolved, That the Board of Health in meeting assembled this 11th day of March, 1913, herewith endorses the recommendation of the Coroner's jury in the case above mentioned, particularly with reference to the destruction of all unmuzzled dogs, and be it further

"Resolved, That a copy of this resolution be forwarded to the Board of Supervisors and the Coroner of the City and County of San Francisco.

"BOARD OF HEALTH,

"By R. G. BRODERICK, Health Officer."

Referred.

The following Resolution was introduced by Supervisor McCarthy and on motion *referred to the Lands and Tunnels Committee:*

Reconsideration of Matters Pertaining to Construction of Fillmore Street Tunnel.

J. R. No. —

Whereas, The Board of Supervisors are receiving hundreds of protests from property owners against the assessments to be levied upon them for the construction of the proposed Fillmore street tunnel, and

Whereas, The Board of Supervisors in passing the necessary ordinances and resolutions ordering this work acted on advice and information from the engineering department, and did not have available outline maps delineating the district and

Whereas, These protests are in such number and importance that some further action appears to be required from this Board in this important matter, therefore be it

Resolved, That all matters relating to the Fillmore street tunnel construction be reconsidered.

ADJOURNMENT.

There being no further business the Board at the hour of 4:40 p. m. adjourned.

†Director General's report estimates loss occasioned by President McKinley's tragic death, in attendance 2,521,000 people, in revenue from admissions \$1,132,000 and concessions \$475,000; total \$1,589,000.

‡219 days include 31 Sundays.

The Panama-Pacific Exposition is to remain open 288 days. The probable population of San Francisco during the year 1915 is estimated by Mr. Bion J. Arnold (see page 30 of Preliminary Report No. 19) as 485,000.

Taking into consideration the limited territory in the immediate vicinity of San Francisco from which attendance will be drawn to the Exposition, the

difference between the climate of San Francisco and that of other cities in which expositions have been held, and the greater number of days during which the Panama-Pacific Exposition is to remain open, Mr. Arnold's estimate (see page 9 of Preliminary Report No. 10) of 30,000, or $6\frac{1}{4}$ per cent of the local population, as the probable average daily paid attendance at the Exposition seems reasonable. This will make the total paid attendance at the Exposition 8,640,000, 17.85 times the local population. This apparently low percentage of average daily attendance compared with that of other expositions is based on the fact that the Panama-Pacific Exposition is to remain open for a longer period than any previous exposition. While the estimated percentage of average daily attendance is low, attention is directed to the fact that the relation between local population and total attendance is greater than either at the Chicago or Seattle expositions and is only slightly less than at the St. Louis Exposition.

The records of previous expositions show that the number of free admissions (for concessionaires, attendants, officers of the exposition, etc.) has been about one-third of the paid attendance. Assuming that the average daily paid attendance will be 30,000 and that the free admissions will bear the same proportion to the paid admissions as at previous expositions, there will be 10,000 free admissions, making the total average daily attendance 40,000. Of these 40,000, probably one-fourth, or 10,000, will reach the Exposition grounds by walking or by vehicles other than street cars. The remaining 30,000 will have to be transported by street cars, or if street car facilities are not provided, by other means. Mr. Arnold estimates (see page 10 of Preliminary Report No. 10) that one-third of this 30,000 will be transported by means of ferry boats, but since Mr. Arnold's report was made it has been announced that ferry boats will not run to the Exposition. Assuming that fully adequate street railway transportation will be available and that an average of thirty thousand persons per day will travel to and from the Exposition by this means, the gross income to be derived from the traffic will average \$3,000 per day, or for 288 days during which the Exposition will be open, will amount to \$864,000.

In addition, an average of 10,000 workmen per day will have to be transported to and from the Exposition grounds during the year preceding the opening of the Exposition and another 2,500 will have to be transported during the year after the Exposition. The income to be derived from the transportation of these workmen for the year preceding the Exposition will be \$300,000 and during the year following the Exposition \$75,000. This makes the total income to be derived from the transportation of passengers to and

from the Exposition for the year preceding the Exposition.....	\$300,000
For the 288 days during which the Exposition will be open.....	864,000
And for the year following the Exposition.....	75,000
	<hr/>
	\$1,239,000

The operating expenses will average two-thirds of the gross income, leaving one-third, or \$413,000, as the gross profit to be derived from the estimated traffic.

The following table shows the number of days on which the paid attendance considerably exceeded the average at the Chicago, St. Louis and Seattle expositions:

	Chicago.	St. Louis.	Seattle.
Maximum paid attendance.....	717,000	358,403	111,000
Per cent of population.....	56	57 $\frac{1}{2}$	50
More than 40% of population.....	1	1	1
Between 30% and 40% of population.....	0	0	1
Between 20% and 30% of population.....	7	9	5

The following table shows the value in numbers of various percentages of the local population, as estimated by Mr. Bion J. Arnold for the year 1915:

	50%	40%	30%	20%
Population 485,000	242,500	194,000	145,500	97,000

From these two tables, it appears that there will be at least one day during which the paid attendance at the Exposition will be in the neighborhood of 250,000 and that it is not likely that the attendance on more than 20 days will be in excess of 100,000.

In addition to the paid attendance there will be approximately 15,000 persons connected with the management of the Exposition and concessions to be transported on the day of maximum attendance, but as the majority of these will go to the Exposition grounds before the gates are open in the morning and will leave after the Exposition is closed at night, their transportation need not be considered in this connection.

Arbitrarily assuming that 30,000 visitors who will be in San Francisco will attend the Exposition on the day of largest attendance, and that the remaining 220,000 will be drawn from the residents of this City and vicinity, in proportion to the population, 155,000 of the 250,000 who will attend the Exposition will come from San Francisco, 79,000 will come from across the bay and be landed at the foot of Market street, and 16,000 will come from the Peninsula and be landed at Third and Townsend streets.

Complete data as to the rate at which it has been necessary to transport people to previous expositions is not available, but judging from such information as can be obtained, it appears probable that the maximum hourly rate will be from 20 to 25 per cent of the attendance or from 50,000 to 62,500 per hour.

This traffic will originate as follows:

From San Francisco.....	31,000 to 38,750 per hour
Foot of Market street.....	16,000 to 19,750 per hour
Third and Townsend streets.....	3,000 to 4,000 per hour

From the estimates given below, it is apparent that the cost of construction and equipment of street railways to provide adequate transportation for the large number of persons who will desire to attend the Exposition during the few days of maximum attendance without the co-operation of the United Railroads will far exceed any possible profit to be derived from the operation of such street railways, and that after the close of the Exposition the City will be left with a large amount of equipment on hand, for which no profitable use can be found for a number of years afterwards.

In order to show clearly the amount of the expenditure necessary to equip the proposed street railways to provide adequate transportation facilities during the days of maximum attendance at the Exposition, this report includes estimates of the cost of building and equipping the proposed street railways for three different methods of operation, as follows:

First, for building and equipping the proposed street railways to provide ample transportation facilities under conditions such as will exist after the Exposition shall have closed and the buildings torn down.

Second, for building and equipping the proposed street railways in such a manner that when operated independently of other street railways, adequate transportation will be furnished on all except the one or two days at which the attendance at the Exposition will be a maximum, and on those days the transportation furnished, while not fully adequate, will be the best practicable under the ordinary conditions which will prevail.

Third, for building and equipping the proposed street railways in such a manner that when operated jointly by the municipality and other street railroads, the transportation furnished will compare favorably with that which could be furnished under the second plan of operation.

DISCUSSION OF ROUTES.

In Part I of Preliminary Report No. 10, Mr. Arnold has described all of the routes over which it would be practicable to construct street railways connecting with the Panama-Pacific Exposition grounds.

With the exception of the Franklin-Gough-Broadway route, which has been omitted for the reasons that the maximum grade, 12.4%, is too great to permit of the safe operation of cars on a ½-minute headway, and that after

the expiration of the Exposition such a road would not be a profitable investment on account of its being near and parallel to the proposed Van Ness avenue line and the Polk street line, this report includes all of the routes discussed by Mr. Arnold.

The estimates of cost herein are based upon the following assumptions: The roadbed will consist of rock ballast 8 inches thick under ties of standard track, and 15 inches thick under ties of track special work, thoroughly compacted by rolling before ties are placed.

All ties will be of split redwood 8 inches wide, 6 inches deep, and 8 feet or more long, spaced 2 feet centers.

Straight track will be constructed with 106 pound 9 inch girder groove rail with continuous joints, except in the Fillmore street and Broadway tunnels, where 70 pound T rail will be used.

Curved track will be 132 pound 9 inch guard rail with channel joints.

Steel tie plates, tie rods and copper joint and cross bonds will be used throughout.

Track special work will be solid manganese steel.

Pavement, except in double-bore tunnels and temporary terminals, will be standard asphalt pavement with basalt block headers. Pavement in terminals will be rolled crushed rock.

All permanent trolley feeders will be laid underground. Temporary trolley feeders for use during the Exposition period only will be placed overhead.

Trolley wires will be 0000 hard drawn, grooved copper wire with standard tubular steel side-poles, and galvanized steel wire suspension, except on Van Ness avenue and Potrero avenue. On Van Ness avenue, reinforced concrete, center-pole construction is proposed, and on Potrero avenue, the poles of the Ocean Shore Railway Company will be used.

Cars will be similar to those purchased for the Geary Street Municipal Railway.

Car barns will be of reinforced concrete throughout, similar in construction to the present Geary street car barn. The estimated costs of cars and car barns include the cost of real estate, which is estimated at \$700 per car.

As the construction of the Fillmore street and Broadway tunnels have not been definitely decided upon, this report includes summaries of the cost of three different combinations of routes in the order of their desirability. The cost of any other combination of routes can be readily arrived at by adding together the cost of the separate routes as contained herein.

The maximum carrying capacity of the various railways, as given below, may at first glance seem small, but in view of the fact that it is expected to operate cars on so short a headway as to render is improbable that each car will be loaded to its full capacity, and that Mr. Arnold, in his recent investigation of street railway conditions in San Francisco, found the maximum number carried on Market street during the rush hours to be 12,000 per hour, it does not appear that the figures given below can be exceeded.

FILLMORE STREET TUNNEL LINE.

It is proposed to construct a double track street railway on Fillmore street from Geary street to Chestnut street, through the Fillmore street tunnel, a length of 1.15 miles.

Cars can be operated on this railway at a ½-minute headway, provided arrangements can be made to keep the cars at present on Fillmore street off this portion of the road. If constructed for ordinary operation this railway should be equipped with 7 cars, and if so equipped will have a maximum carrying capacity of about 3,000 per hour.

If it is desired to operate independently of the United Railroads at its maximum capacity, 35 cars will be required, and the maximum carrying capacity will be 12,000 per hour, but in this event it will be necessary to construct a temporary terminal on Hamilton Square at which passengers can be loaded and unloaded.

Should it be decided to operate the road in conjunction with the United Railroads, it would be necessary that additional switches be installed on

Fillmore street at Sutter street, O'Farrell street, Ellis street, Eddy street, Turk street and McAllister street, and that the capacity of the trolley feeders be increased.

The following estimates do not include the cost of these switches nor the additional trolley feeders, as they would be installed by the United Railroads.

If the Fillmore street tunnel is not constructed, the safe carrying capacity of the line at present operated over Fillmore street hill is 1,500 per hour.

VAN NESS AVENUE LINE.

It is proposed to construct a double track street railway on Van Ness avenue from Market street to North Point street, a distance of 2.07 miles.

Cars can be operated on this line at a ½-minute headway, making the maximum carrying capacity 12,000 passengers per hour.

In order to avoid disfiguring the street to any greater extent than is absolutely necessary it is proposed to construct this road with the track centers 14' 6" apart and to support the trolley wires by means of reinforced concrete poles in the center of the street. These poles will be designed so as to present a pleasing appearance and will be constructed so that electric lamps for lighting the street can be mounted on each pole, thus doing away with the necessity of maintaining the present gas lamps at the curb line. It is believed that by doing away with the poles at the curb lines the appearance of the street will be improved rather than injured by the construction of the proposed railway.

For ordinary operation this railway should be equipped with 12 cars and will have a maximum carrying capacity of 3,000 per hour. If it is desired to operate it independently of the United Railroads at its maximum carrying capacity of 12,000 per hour, 62 cars will be required, and it will also be necessary to construct a loop from Van Ness avenue and Fell street to Franklin street, thence to Oak street and thence returning to Van Ness avenue in order that passengers may be loaded and unloaded and the direction in which cars are traveling reversed without interfering with the headway.

Should it be decided to operate the road in conjunction with the United Railroads, it will be necessary that connections be made with the United Railroads tracks at Market street in order that eastbound cars on Market street can be deflected to Van Ness avenue, and southbound cars on Van Ness avenue to the westbound tracks of the United Railroads on Market street. If the Fillmore street tunnel is constructed, additional connections between the United Railroads' tracks and this railway will not be necessary, but if the Fillmore street tunnel is not constructed turnouts should be installed at Sutter street, O'Farrell street, Ellis street, Eddy street, Turk street, McAllister street, and Hayes street, so that eastbound cars of the United Railroads can be deflected into Van Ness avenue and southbound cars on Van Ness avenue can be deflected to the westbound United Railroads' tracks.

POTRERO AVENUE LINE.

Among the extensions of the street railway system reported by Mr. Bion J. Arnold to be immediately necessary, is the construction of a street railway along Potrero avenue (see Part II of Preliminary Report No. 10).

- Such a street railway will be valuable in connection with the Exposition in furnishing transportation to persons living south of Market street and after the Exposition will furnish additional transportation in a district at the present time much in need of such transportation.

It is therefore proposed to construct an extension to the Van Ness avenue line along Market street from Van Ness avenue to Twelfth street, thence along Twelfth street over Florida street, Mariposa street and Potrero avenue to Twenty-fifth street, a distance of 2.2 miles. Along Market street additional tracks will be constructed outside of the tracks of the United Railroads.

From Twelfth and Mission streets to Potrero avenue and Twenty-fifth street the single track of the Ocean Shore Railway Company will be used and one additional track will be constructed. The track of the Ocean Shore Railway Company will, however, have to be reconstructed with 141 pound grooved girder rails and since it will be necessary to operate northbound Ocean Shore trains over the new track which it is proposed to construct, that also should be built with rails of the same character.

If equipped for ordinary operation 13 cars will be necessary for this extension. For traffic during the Exposition 27 cars will be required. This is a smaller number of cars per mile than is recommended for Van Ness avenue for the reason that it is not proposed to operate cars on this portion of the line under so short a headway as on the northern portion.

Under the franchises of the Ocean Shore Railway Company the City has a right to operate cars of a municipally owned street railway over the tracks of the Ocean Shore Railway Company from Twelfth and Mission streets to Vermont and Army streets without expense for cost or maintenance of track to the City. The City also has the right to require the Ocean Shore Railway Company to reconstruct their tracks in a proper manner. The following estimate, therefore, includes only the cost of the additional track and such new construction as will have to be built by the City, and does not include the outlay necessary to be made by the Ocean Shore Railway Company to comply with its franchise requirements.

ESTIMATED COST OF POTRERO AVENUE LINE—2.2 MILES.

STOCKTON STREET TUNNEL LINE.

It is proposed to construct a double track street railway on Stockton street through the proposed Stockton street tunnel from Market street to Columbus avenue, a distance of 1.00 miles.

If the Broadway tunnel is constructed a turnout should be installed at Broadway so that cars can be deflected through the Broadway line described below and operated over the tracks of the Presidio and Ferry Railroads and an extension on Franklin or Gough street to the Exposition. In the event of this being done, cars can be operated on the Stockton street line under a ½-minute headway, making the maximum carrying capacity of that line 12,000 per hour. If the Broadway tunnel is not constructed, so that it will be necessary to operate cars over Columbus avenue in conjunction with cars from the ferry, the capacity of the line will be cut in half, in other words, reduced to 6,000 per hour, provided arrangements are made with the United Railroads to cease the operation of the Broadway and Powell street lines on Columbus avenue, or will be reduced to 4,000 per hour if such arrangements cannot be made.

For ordinary operation that portion of the railway from Market street to Columbus avenue should be equipped with 6 cars and will have a maximum carrying capacity of 3,000 per hour.

If it is desired to operate the road independently of the United Railroads at its maximum capacity of 12,000 per hour, 30 cars will be required.

Should it be decided to operate the road in conjunction with the United Railroads it will be necessary that connections be made between the tracks at Stockton and Market streets and the United Railroads' tracks on Fourth street. By this means cars can be operated directly from Third and Townsend streets to the Exposition.

BROADWAY TUNNEL LINE.

It is proposed to construct a double track street railway connecting with the Stockton Street tunnel line at Broadway, running thence along Broad-

way through a tunnel to Larkin street, thence along Larkin street to Vallejo street, where connections will be made to the tracks of the Ferry & Presidio Railway, a distance of .69 mile.

For operation under ordinary conditions this line shall be equipped with 4 standard cars. If it is desired to operate it at its maximum capacity, independently of the United Railroads, 21 cars will be required.

In discussing the use of this route it should be borne in mind that no proceedings have yet been undertaken by the Board of Supervisors to construct this tunnel.

UNION STREET LINE.

It has been proposed that the City shall take over the Union street line when the franchise expires in December, 1913, and reconstruct it from the Ferry to the Presidio. The length of double track route which is covered by this franchise and will be useful is 3.78 miles.

The estimate given below is made upon the assumption that it will be necessary to tear up and reconstruct all of the old track, to purchase new cars and construct new overhead work. However, all of this old track except .437 mile from Union and Pierce streets to Gough and Baker streets, the cars and most of the overhead work, is in such condition as to be useful, and provided arrangements can be made with the present owners of the franchise to purchase them at a reasonable price the cost of construction can be considerably reduced.

During the exposition standard cars should be operated on this line from the Ferry, over Columbus avenue to Union street, and thence they should be deflected along Columbus avenue and North Point street to Van Ness avenue. A discussion of the North Point street extension is given below.

In the event of the Broadway tunnel being built cars from the Stockton street tunnel will also be operated over the tracks of this line from Larkin and Vallejo streets to Union and Franklin or Gough streets.

For operation under ordinary conditions this line should be equipped with 12 standard cars. If it is desired to operate it at its maximum capacity independently of the United Railroads, 58 cars will be required, if the Broadway tunnel is constructed, or 29 cars if this tunnel is not constructed.

It will be necessary, in order to operate this road at its maximum capacity, to arrange with the United Railroads to cease the operation of the Broadway cars and Powell street cable cars on Columbus avenue during such period. The capacity of the road is estimated at 12,000 per hour if the Broadway tunnel is constructed, 6,000 per hour if it is not constructed, provided suitable arrangements can be made with the United Railroads to cease operation of the Broadway and Powell street roads, or 8,000 per hour if the Broadway tunnel is constructed; 4,000 per hour if it is not constructed, and arrangements cannot be made with the United Railroads to cease operations on Columbus avenue.

NORTH POINT STREET EXTENSION TO UNION STREET LINE.

It is proposed to construct an extension to the Union street line on Columbus avenue from Union street to North Point street, thence along North Point street to Van Ness avenue, where the tracks will be joined to the tracks of the Van Ness avenue line, a total length of 1.05 miles.

The maximum carrying capacity of this portion of the street railway will be 12,000 per hour.

For operation under ordinary conditions this portion of the street railway should be equipped with 6 cars. If it is desired to operate it independently of the United Railroads at its maximum carrying capacity of 12,000 per hour, 31 cars will be necessary.

FRANKLIN OR GOUGH STREET EXTENSION TO UNION STREET LINE.

If the Broadway tunnel is built and the Stockton street line constructed through the tunnel, as recommended above, an extension should be built from Union street to Chestnut street along either Franklin or Gough streets, a distance of .261 mile. This extension will be temporary, to be removed after the Exposition.

It will not be necessary to provide cars for this extension for the reason that the Steiner street extension will require more cars than this and both will not be operated at maximum capacity at the same time.

STEINER STREET EXTENSION.

An extension of the Union street line should be built from Union street along Steiner street to Greenwich street, thence to Scott street and thence to Chestnut street, a distance of .531 mile.

This would enable cars from the Broadway tunnel or Van Ness avenue to be deflected to the tracks of the Ferry and Presidio Railway and thence over this extension to the main gates of the Exposition.

For operation under ordinary conditions 4 cars will be sufficient and if it is desired to operate it independently of the United Railroads at maximum carrying capacity, 17 cars will be required.

CHESTNUT STREET LINE.

It will be absolutely necessary, in order to provide transportation which can in any sense of the word be considered adequate, to construct a street railway on Chestnut street from Van Ness avenue to Divisadero street, a distance of one mile.

During the daytime cars can be operated over this extension from Van Ness avenue and from the Ferry to deliver passengers near the main gates of the Exposition. During the evening cars can be operated from Van Ness avenue to Fillmore street in order to provide transportation for persons leaving the concessions and desiring to reach the Richmond District.

For operation under ordinary conditions this road should be equipped with 6 cars. For operation independently of the United Railroads at maximum capacity, 30 cars will be required.

CHURCH STREET LINE.

In Part II of Preliminary Report No. 10, Mr. Bion J. Arnold has recommended the construction of a street railway along Church street, into the heavily settled Noe valley district, which he states (see paragraph 22, page 8), "requires additional service perhaps more than any other district in the city".

Means of overcoming the steep grades on Church street, between Eighteenth and Twenty-second streets, by means of a short diversion at Mission

Park and a tunnel through private property are suggested by Mr. Arnold. This method is open to the very serious objection that it will partially destroy the Mission Park. Other means of accomplishing the same purpose have also been suggested, but before the best method can be determined upon it will be necessary to make further studies of the contour of the ground and the cost of the various methods. These studies are now under way and we hope to be able to report on them shortly.

The cost of opening a new street or constructing a tunnel should be borne by the property owners benefited in the same manner as that proposed for the various tunnels now under consideration by the Board of Supervisors.

In the event of means being found to provide a suitable right of way for the road, it is proposed to construct an extension of the Van Ness avenue line from Market and Twelfth streets along Market street to Church street, thence along Church street to its termination at Thirtieth street, a distance of 2.45 miles.

For operation under ordinary conditions this road should be equipped with 15 cars, or for operation at capacity sufficient to supply adequate transportation to the Exposition on days of maximum attendance, with 37 cars.

On account of the uncertainty as to the method of overcoming the grades on Church street, between Eighteenth and Twenty-second streets, the estimated cost of this road has not been included in any of the combinations of routes given below. Should the Board of Supervisors decide that its immediate construction is desirable, its estimated cost should be added to such other routes as may be selected.

ESTIMATED COST CHURCH STREET LINE—2.45 MILES.

	Ordinary Operation	Extraordinary Operation	Joint Operation
Twelfth and Market streets to Thirtieth and Church streets—			
Construction	\$325,500	\$325,500	\$325,500
Additional electric work	14,000	14,000
Cars and car barn (15 cars)	172,500	172,500
Cars and car barn (37 cars)	425,500
Total	\$498,000	\$755,000	\$512,000

POLK STREET LINE.

The Panama-Pacific Exposition Company has no ground within the Exposition which can be placed at the disposal of the City for terminal purposes. The United Railroads, however, own a block of such land in the vicinity of their power house between North Point, Beach, Laguna and Buchanan streets. If suitable arrangements can be made, the United Railroads should be permitted to extend their Polk street line to this block and construct a terminal thereon. It would also be an advantage if turnouts from the municipal railways could be connected with this extension so that passengers from the Ferry or Van Ness avenue might be landed at or taken away from that terminal.

No estimate of the cost of this extension is included in this report for the reason that the United Railroads are undoubtedly better informed as to the cost to them of such an extension than is this office.

TERMINALS.

Unusual difficulties will be experienced in operating these roads at maximum capacity for the reason that at times all of the passengers carried will desire to leave the cars at the Exposition grounds and at other times practically all of the passengers carried will desire to board the cars at the Exposition grounds.

This condition will make it impossible to operate the cars on so rapid a

headway as 30 seconds unless proper facilities are provided for loading and unloading passengers.

It is proposed, therefore, to construct three-track loops as follows:

Van Ness avenue and North Point street—

One terminal for Ferries and Presidio line.

Chestnut street at Franklin or Gough streets—

One terminal for Van Ness avenue line.

One terminal for Frankling or Gough street line.

One terminal for Fillmore street line via Chestnut street.

Fillmore street near Chestnut street—

One terminal for Fillmore street line.

Chestnut and Divisadero streets—

One terminal for Van Ness avenue via Chestnut street.

One terminal for Steiner street extension to Ferry and Presidio line.

The cost of these terminals, including ground rental, is estimated at \$18,000 each.

COMBINATION OF ROUTES RECOMMENDED, THEIR CAPACITY AND SUMMARY OF COST—ORDINARY AND MAXIMUM CARRYING CAPACITY.

Combination I.

Assuming construction of tunnels on Fillmore street, Broadway, and Stockton street:

	Ordinary Capacity Per Hour	Maximum Capacity Per Hour
Fillmore street tunnel route.....	3,000	12,000
Van Ness avenue route	3,000	12,000
Polk street route	3,000	12,000
Stockton street tunnel route.....	3,000	12,000
Ferry & Presidio route	3,000	12,000
Hyde street line	3,000	13,000
	<hr/> 18,000	<hr/> 63,000

These maximum capacities can be attained only if suitable arrangements can be made with the United Railroads to stop the operation of the Broadway and Powell street cars on Columbus avenue during rush hours. If such arrangements cannot be made the maximum capacities should be reduced by 4,000 per hour, making a total of 59,000 per hour.

Combination II.

Assuming construction of tunnels on Broadway and Stockton street but not on Fillmore street—

	Ordinary Capacity Per Hour	Maximum Capacity Per Hour
Fillmore street line	1,500	1,500
Van Ness avenue route.....	3,000	12,000
Polk street route	3,000	12,000
Stockton street tunnel route.....	3,000	12,000
Ferry & Presidio route.....	3,000	12,000
Hyde street route	3,000	3,000
	<hr/> 16,500	<hr/> 52,500
Total	16,500	52,500

—if Broadway and Powell street cars are not operated on Columbus avenue during rush hours, and 48,500 per hour if Broadway and Powell street cars are operated on Columbus avenue.

Combination III.

Assuming construction of Stockton street tunnel but not of Broadway and Fillmore street tunnels—

	Ordinary Capacity Per Hour	Maximum Capacity Per Hour
Fillmore street route	1,500	1,500
Van Ness avenue route	3,000	12,000
Polk street route	3,000	12,000
Hyde street route	3,000	3,000
Stockton street route	3,000	6,000
Ferry & Presidio route	3,000	6,000

Total 16,500 40,500

—if operation of cars on Broadway and Powell street lines is stopped on Columbus avenue during rush hours, or 36,500 per hour if operation of cars of Broadway and Powell street lines is not stopped.

ESTIMATED COST OF CONSTRUCTION—COMBINATION I.

Assuming construction of tunnels on Fillmore street, Broadway and Stockton street.

Route	Estimated Costs		
	Ordinary Operation	Extraordinary Operation	Joint Operation

5 terminals	90,000	90,000
Total	\$2,437,000	\$4,354,900	\$2,626,900
Ordinary operation		2,437,000	2,437,000
Excess of cost over cost for ordinary operation		\$1,917,900	\$189,900

The above estimates do not include the cost of sub-stations or equipment, for the reason that it is believed that suitable arrangements can be made with power companies now operating in San Francisco to furnish electric current cheaper than the City can generate it.

If it is decided to construct sub-stations, they and their equipment will cost as follows:

	Ordinary Operation	Extraordinary Operation	Joint Operation
Combination I	\$150,000	\$500,000	\$150,000
Combination II	140,000	450,000	140,000
Combination III	130,000	350,000	130,000

SUMMARIES.

For convenience of reference, summaries of the above estimates are given below:

	Combination I	Combination II	Combination III
Ordinary capacity	18,000	16,500	16,500
Maximum capacity	63,000	52,500	40,500

Resolution No. 9995 further requests the Board of Public Works to report as to the time which will probably be required to build and equip such lines as may be embraced in the plan suggested.

Four months will be required in which to prepare plans and specifications, so that contracts can be entered into for the construction of cars and car barns and for the delivery of the material necessary for the construction of the roadbed, trolley feeders and overhead work. It is proposed to enter into contracts for the construction of the cars and car barns and the purchase of all materials as soon as plans and specifications are completed, and to enter into contracts for the construction of the roadbeds as soon as the material commences to arrive.

The Van Ness avenue line will be commenced first, then the Potrero avenue extension of the Van Ness avenue line, and the remaining lines as fast as material arrives. It is estimated that the Van Ness avenue line can be completed within 12 months after contracts for the delivery of material are entered into, and the remaining lines, with the exception of the Church street line, in 16 months. This will make the time required for the construction of the Van Ness avenue line 16 months after the date upon which the preparation of plans and specifications is commenced, and for the remaining lines 20 months.

The above estimates are based upon the assumption that whatever tunnels may be decided upon will be completed at sufficiently early dates as not to delay the construction of street railways through them; that no unnecessary delays will be permitted in the prosecution of the work; that the policy of the City in reference to the extent and type of construction will be decided upon before the preparation of plans and specifications is commenced, and once decided upon will be followed without change. If that policy is not fully decided, or if it is changed after the preparation of plans and specifications has been commenced, or if unnecessary delays in the prosecution of the work are tolerated, the time required will be increased proportionately to such delays as may occur.

As the Panama-Pacific Exposition is to open on February 20, 1915, a little over 22 months from the present date, it will be seen that it is imperative that the policy of the City concerning these lines be decided at the earliest possible moment.

It is suggested that as soon as the Board of Supervisors can decide upon what street railways it is desirable be built and the method by which the roads shall be operated, means be found to place at the disposal of this office a sufficient sum of money to enable it to proceed with the preparation of plans and specifications, so that as soon as the money from the proposed bond issue becomes available, the actual work of construction can be started. The preparation of these plans and specifications would cost approximately \$15,000, provided no changes are made in the policy to be pursued after the work is started. If such changes are made, this cost will be increased and may possibly be more than doubled.

The Board of Supervisors should at once take up the consideration of tunnels on Fillmore street and Broadway, and if it is decided to construct them, should push the necessary legal proceedings to a conclusion with all possible expedition.

Respectfully submitted,

M. M. O'SHAUGHNESSY,
City Engineer.

Prohibiting Use of Common Drinking Cups in Public Places.

Bill No. 2480, Ordinance No. 2246 (New Series), Prohibiting the use of the common drinking cup or common receptacle for drinking water in any public place, park or square, or in any public institution, hotel, theater, factory, department or other store, public hall or public school, or in any railway station in this City and County or the furnishing of such common drinking cup or common receptacle for use of any such place and providing a penalty for a violation thereof.

Whereas, The use of the common drinking cup is conceded by all authorities to be a menace to the health of the residents of any community, and a source of dissemination of disease, particularly diphtheria, influenza and other contagious diseases; therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The use of the common drinking cup or common receptacle for drinking water in any public place, park or square, or in any public institution, hotel, theater, factory, department or other store, public hall or public school, or in any railway station in this City and County or the furnishing of such common drinking cup or common receptacle for use of any such place, as herein mentioned is hereby prohibited.

Section 2. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not exceeding \$50.00 or by imprisonment in the County Jail not to exceed 30 days, or by both such fine and imprisonment.

Section 3. This ordinance shall take effect immediately.

Resolution Authorizing Execution of a Deed by Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco.

Resolution No. 10087 (New Series), as follows:

Whereas, This Board, on Monday, the 17th day of March, 1913 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 10047 (New Series), closing and abandoning portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, in the City and County of San Francisco, State of California; and

Whereas, On the 18th day of March, 1913, said resolution was duly approved by the Mayor of the City and County of San Francisco, as shown by said Exhibit "A," and

Whereas, The following named persons own all the real property affected by the said closing and abandonment of said portions of Tenth avenue, Eleventh avenue, Twelfth avenue and Rivera street, more particularly described in said resolution, being all the real property affected by the opening of the new streets hereinafter referred to:

J. M. Lettich and A. Lettich.

Mrs. Susie B. Pharo.
Miss Carrie R. Mead, by Wm. T. Mead.

Wm. T. Mead.
Larsen Heights Land Co., by Curtis Hillyer, President.

And Whereas, Said parties will as soon as convenient and practical deed all their right, title and interest in and to said property so owned by them and fronting on said streets as aforesaid, to the Union Trust Company of San Francisco, with the following instructions, to-wit:

To hold said deeds until the deed herein authorized by resolution has been executed by the City and County of San Francisco and placed in escrow with the City Attorney conveying the title to said portions of said streets so closed and abandoned, as aforesaid, then to record said deeds and thereafter execute and deliver to said City and County, a deed conveying to it the title to certain new streets to be laid out in accordance with the map now on file with your Honorable Board, which said map will, in the meantime, have been certified, approved and recorded as required by law; and

Whereas, Said new streets, so to be laid out and deeded to said City and County, as aforesaid, will constitute ample compensation to said City and County for its deed of said abandoned streets, and will be of much greater practical value, both to the said City and County and to the general public than the old abandoned streets, because they will allow for the peculiar grades and hilly ground over which they will be laid and will constitute curved and winding streets with easy grades in lieu of the straight, precipitous and practically impassable streets that have been abandoned:

Now therefore, the Mayor and Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County of San Francisco, are hereby authorized and instructed to execute and place in es-

crow with the City Attorney, a deed conveying all the right, title and interest of said City and County in said portions of said streets, so abandoned and closed, as aforesaid, to the Union Trust Company of San Francisco, said deed to be held in escrow by said City Attorney, subject to the following instructions, to-wit:

To deliver said deed to the Union Trust Company of San Francisco, the grantee named therein, when and only when said Union Trust Company shall have become the owner of all the lands adjacent to said portions of said streets so abandoned and closed as aforesaid, and fronting thereon, and when and only when said Union Trust Company of San Francisco shall have executed and delivered to said City and County of San Francisco good and sufficient conveyances, vesting in such City and County the title to said new streets so to be laid out as aforesaid.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, Murdock, Nolan, Payot, Vogelsang—16.

Engaging Services of John Galen Howard, Consulting Architect.

Also, Resolution No. — (New Series), as follows:

Whereas, This Board of Supervisors deems it necessary in the planning, designing, execution and completion of the Civic Center and the buildings to be erected therein, including the City Hall, to receive and have the advice of a competent consulting architect on those matters connected with said Civic Center and the construction of said buildings over which this Board has jurisdiction and as to which this Board must decide important questions; and

Whereas, The Board of Public Works did, on the 29th day of March, 1912, pass Resolution No. 16838, whereby John Galen Howard was appointed consulting architect with Frederick Meyer and John Reid Jr., the compensation of said John Galen Howard being fixed in said resolution, at a retaining fee of \$2500.00 and the sum of \$25.00 a day for every working day; and

Whereas, Said John Galen Howard did accept said engagement and has performed all the duties required of

him under said engagement, to the twenty-ninth day of March, 1913; and

Whereas, Said John Galen Howard has not been paid said compensation and said retaining fee and there is now due said John Galen Howard on account of said retaining fee, and said compensation, the sum of \$9100.00, which said amount said John Galen Howard fully earned from the date of his engagement by said Board of Public Works, to March twenty-ninth, 1913; now therefore be it

Resolved, That said John Galen Howard be, and he is hereby engaged by this Board as Consulting Architect to this Board in the matter of the planning, designing, execution and completion of the Civic Center and the buildings to be erected therein, including the City Hall, and that the compensation of said John Galen Howard be, and the same is, hereby fixed as follows:

A retaining fee of \$9100.00 shall be paid said John Galen Howard upon his acceptance of this engagement, said sum being the amount that would be due said John Galen Howard under and by virtue of the terms of Resolution No. 16838 of the Board of Public Works. In addition to said retaining fee, said John Galen Howard shall be paid the sum of \$25.00 for every day that said John Galen Howard performs services under this resolution; provided, however, that before said John Galen Howard receives said retaining fee he shall execute and file with the City and County of San Francisco a release of any and all demands of any nature whatsoever which said John Galen Howard claims or may have on account of, or by virtue of said Resolution No. 16838, adopted on the 29th day of March, 1912, by the Board of Public Works, and shall waive any future claim or right under and by virtue of said Resolution No. 16838 of the Board of Public Works. The fund out of which said compensation shall be paid to said John Galen Howard is hereby designated as the Civic Center Bond Fund.

The following Resolutions were adopted:

Relative to Proposed Closing of Channel Street.

Supervisor George E. Gallagher introduced the following resolution under suspension of the rules:

Resolution No. 10090 (New Series), as follows:

Whereas, There is now before the State Legislature Assembly Bill No. 1333, the purpose of which is to close and fill in the channel between Second and Seventh streets, being navigable waters of nearly one mile long with wharves on both sides, and

Whereas, There are 307,000,000 feet of lumber, 230,000 tons of crushed rock, 25,000 tons of hay, 50,000,000 brick and 90,000 barrels of lime, representing a total value of \$6,000,000, being discharged over the wharves of the channel, supplying directly thirty-two different firms employing over one thousand men, and

Whereas, All of these industries are dependent upon water transportation close to the center of the city in order to carry on their business, and that destroying this water front would virtually drive many of them out of this city to other points more advantageous for manufacturing purposes, and

Whereas, The objectionable features of this channel are now overcome by diverting the sanitary sewers which were filling up the channel and causing dredging from time to time, into the North Beach sewer, which now

practically leaves the channel a clear water-way, and

Whereas, The Division street sewer, now carrying storm water only, empties into the channel, which is the old Mission Creek bed and the natural way for this water to run, the city will be saved \$525,000.00 which would be required to build a sewer to carry this water to the seawall in case the channel was filled up, and

Whereas, It is estimated that the cost of filling this channel would be approximately \$886,000.00,

Therefore be it Resolved, That we protest against the passage of this bill in any form, and that the manufacturing and commercial industries of this city demand the maintenance of this water-way running into the heart of its industrial center.

Therefore be it Resolved, That the alternative plan of placing the power to close the channel now, or in the future, with the State Board of Harbor Commissioners whenever they deem it advisable, as has been suggested, would work a great hardship upon the portion of our industrial district located on, or near the channel; inasmuch as the uncertainty of the situation would be such that no improvements or extensions could be made; and the unsettled condition of things would drive many manufacturing plants, lumber, brick and building material concerns out of the city entirely.

Therefore be it Resolved, That to protect the industrial, commercial, shipping and other interests of this city, this valuable section of our water front, known as Channel street, must and shall be preserved and maintained for all time.

Privilege of the Floor.

F. W. Knower was granted the privilege of the floor. He believed the maintenance of a waterway in Channel street was a joke and favored the proposition to fill it in.

Matt Harris, Jr., also addressed the Board. He stated that he was one of a committee appointed to appear before the Legislature in opposition to the filling in of the channel. He declared the channel was a great convenience to firms in its vicinity. Thirteen lumber laden vessels are given berths by the channel. He said the move was a destructive rather than a constructive one. He requested that the resolution be adopted so that the committee would be fortified by it when they appeared before the Legislature.

Adopted.

Whereupon, the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, George E.

Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Supervisor Nolan was delegated to represent the city before the Legislature in the foregoing matter.

Adopted.

Granting United Light and Power Company Permission to Make Certain Extensions of Its Underground System.

On motion of Supervisor Vogelsang:
Resolution No. — (New Series), as follows:

Resolved, That the United Light and Power Company, a corporation, is hereby granted permission to open streets and lay electrical underground conduits for the purpose of extending its distribution system in the City and County of San Francisco, in the places and in the manner as follows, to-wit:

1. Southwest corner of Sixth and Market streets, to the building at No. 1033 Market street, a distance of approximately 137 feet, with one man-

hole at the corner of Sixth and Market streets.

2. From the main line on Minna street where it crosses Second street north along Second street to Stevenson street and west along Stevenson street to the rear of the building known as the Merchants National Bank Building, a distance of approximately 700 feet.

It is Further Resolved, That the United Light and Power Company shall strictly comply with all the provisions of Ordinance No. 2201 (New Series), in the installation of these conduits.

Also further provided, that the City and County may at any time take over the conduits constructed under this permit at the appraised value at the time of taking over.

Also further provided, that these underground conduit extensions shall be subject to any provisions or ordinances, constitutional amendments or city charter franchise provisions which may be hereafter adopted.

Also provided, that the United Light and Power Company shall, on the completion of the work permitted under this permit, file with the Board of Public Works a certified statement of the actual cost of construction of these extensions.

Also provided, that the service and equipment for these extensions be maintained at the highest practicable standard of efficiency.

Also provided, that in determining the value no allowance be made for going concern, franchise value or good will.

Also provided, that the United Light and Power Company shall install and maintain two arc lights at a point on their lines, to be designated by the Lighting Committee of the Board of Supervisors.

Also, provided that the United Light and Power Company shall resurface that portion of the south side of Market street between Fifth and Sixth streets, which was not resurfaced by the Street Repair Department.

Blasting Permit.

On motion of Supervisor George E. Gallagher:

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted to Williams and Finnigan to explode blasts during the construction of a sewer in Winfield street between Coso and Esmeralda avenues; provided that said permittee shall execute and file a good and sufficient bond in the sum of six thousand (\$6000.00) dollars, as fixed by the Board of Public Works, and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this resolution be violated by the said Williams & Finnigan, then the privilege and all rights accruing thereunder shall immediately become null and void.

Clerk to Prepare Ordinance Providing for Sale of Relief Home Lands.

Supervisor George E. Gallagher presented:

Resolution No. — (New Series), as follows:

Whereas, At a special municipal election held on the tenth day of December, 1912, Charter Amendment No. 22 was ratified by the electors of the City and County of San Francisco, which authorized the Board of Supervisors of the City and County of San Francisco to sell a portion of the Relief Home Tract, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company; and

Whereas, The City Attorney and City Engineer advised this Board that the tract of land consisting of about twenty-six acres should be sold in one parcel; now, therefore, be it

Resolved, That the Clerk prepare an ordinance in accordance with Section 9, Chapter 2, Article 2 of the Charter, providing for the sale of a portion of the lands in the Relief Home Tract shall contain two propositions.

PROPOSITION NO. 1.

That the lands in the Relief Home Tract, being a portion of the Rancho San Miguel, consisting of about twenty-six acres, be offered for sale in parcel.

PROPOSITION NO. 2.

That the lands in the Relief Home

Tract, being a portion of the Rancho San Miguel, consisting of about twenty-six acres, be offered for sale in one parcel, with a provision that a street of about 1.4 acres, more or less, shall be reserved and designated as a public street, such reserved portion to be paved, sewerd, etc., under direction of the Board of Public Works, in accordance with the lines and grades furnished by the City Engineer.

Offer to Construct Street Through Relief Home Tract.

The following matters were then read by the Clerk:

Communication—From Newell-Murdock Company, offering to construct a street sewer, etc., from Ninth avenue and Pacheco street across Relief Home Tract to connect with Pacheco street in Forest Hill, in accordance with recommendations of City Engineer made in September, 1912; provided city grants right of way before Relief Home property is offered for sale.

Read and ordered *filed*.

Permit to Open Street Would Decrease Value of Land to Be Sold.

Also, *Communication*—From Assistant City Attorney, A. E. Graupner, stating that he has been advised by city's appraisers that the granting of a permit to extend a street through that portion of the Relief Home Tract which city desires to sell would materially decrease the value of the remaining portion and would reduce the amount received from sale.

Read and ordered *filed*.

Also, *Communication*—From Wm. A. Schadde, advising that it would be extremely unwise for the city to project street through Relief Home Tract before same is offered for sale.

Read and ordered *filed*.

Report of Advisory Water Committee on Acquisition of Properties of Spring Valley Water Company.

The following report was presented and read by the Clerk:

San Francisco, California,

April 7th, 1913.

To the Honorable Board of Supervis-

ors of the City and County of San Francisco.

Gentlemen: Since the 24th ult., date of receipt by you of communication from the Spring Valley Water Company, proposing to reopen negotiations with your honorable body for the purpose of agreeing upon terms of sale to the city of the properties of the company, your Advisory Committee has had several conferences with the committee representing the company. The committees have been unable to agree upon the amount of purchase price to be paid by the city. They have, however, agreed, subject to your approval, upon the following plan for the acquisition by the city of the company's properties:

1. The City Engineer shall proceed forthwith to ascertain and determine what properties belonging to the Spring Valley Water Company are necessary for a water supply for the City and County of San Francisco.

2. When the City Engineer shall have filed his report, the city shall commence an action in the Superior Court of the City and County of San Francisco, to condemn such properties of the Spring Valley Water Company, wherever situate, as shall be found necessary for a water supply for the City and County.

3. The company will, without delay, file its answer in the case, and will consent to the condemnation by the city of the properties described in the complaint filed by the city.

4. The parties to the action agree to waive trial by jury, and to try the case before three judges of the Superior Court of the State of California, to be selected by unanimous approval of the Advisory Water Committee and the committee representing the company.

5. The action shall be commenced and in all respects prosecuted in accordance with the law, and rules of practice relating to cases under the law of eminent domain, and each party agrees to avoid dilatory tactics.

6. Either party may appeal from the judgment, if dissatisfied with the same, but the appeal must be taken immediately upon entry of judgment, and shall be prosecuted diligently.

7. The Board of Supervisors shall recommend to the voters the purchase of the properties at the price determined by final judgment in the action, and shall recommend the issuance of bonds to pay the purchase price.

Respectfully submitted,

(Signed)

ADVISORY WATER COMMITTEE.
By MATT I. SULLIVAN, Chairman.

Motion.

Supervisor Giannini moved to amend

by providing for unanimous agreement of Advisory Committee in selection of judges.

Passed for Printing.

The following Bill was introduced under suspension of the rules and *passed for printing* by the following vote:

Unsold Bonds Placed on Sale With Treasurer.

On motion of Superior Jennings:

Reciting that certain sewer bonds, school bonds, hospital bonds and garbage system bonds of the issue of 1908, and City Hall bonds of the issue of 1912, and Polytechnic High School bonds of the issue of 1910, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price and the conditions under which such bonds may be sold by the said Treasurer of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting to \$400,000 and com-

prising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; City Hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said Clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold.

Sec. 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco it is hereby ordered that all the aforesaid Polytechnic High School bonds, advertised for sale and remaining unsold, as above described and set forth, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and said Treasurer is hereby authorized to sell said described Polytechnic High School bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Sec. 3. Pursuant to the provisions of the Charter of the City and County of San Francisco the Treasurer is hereby authorized to sell all of the bonds described herein other than the Polytechnic High School bonds in manner and form and at the price herein set forth, viz.:

Sealed bids shall be received and opened by said Treasurer on Friday, April 18, 1913, up to the hour of 3 o'clock p. m. of said day, for the purchase of all of said bonds and he shall

sell to the highest bidder who shall offer to take all of said bonds for not less than the par value thereof together with accrued interest thereon at the date of delivery, and who will agree to receive and pay for the same at such times as may be ordered by the Finance Committee of the Board of Supervisors. Upon the acceptance of such bid the successful bidder shall forthwith deposit with the Treasurer the sum of \$10,000 to be retained by him until all of the bonds so bid for are fully paid for.

Sec. 4. If no bid shall be received by the Treasurer as in Section 3 provided, then on said 18th day of April, 1913, at 3 o'clock p. m., said Treasurer shall offer to sell and he is hereby authorized to sell before the hour of 4 o'clock p. m. of said day Civic Center bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, to the person who shall offer in writing to take the same and pay therefor the highest price which shall not be less than par value and accrued interest thereon at date of delivery and to receive and pay for the same within three days thereafter. A payment of ten thousand dollars of the purchase price thereof shall be made at the time such bid is accepted by said Treasurer. The person so purchasing said bonds and paying the price therefor as herein provided shall have an option to purchase the remaining unsold portion of said bonds at the prices, in the manner and at the time herein stated, to-wit: City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, on or before the first day of May, 1913, at the rate or price therefor of par and a premium of one-fourth of one per cent of the face value thereof and accrued interest thereon at date of delivery; City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, on or before the sec-

ond day of June, 1913, at the rate or price therefor of par and a premium of three-eighths of one per cent of the face value thereof and accrued interest thereon at date of delivery; sewer bonds to the amount of \$400,000, comprising ten bonds of each year's maturity, 1915 to 1954 inclusive; School bonds to the amount of \$300,000, comprising twelve bonds of each year's maturity, 1914 to 1938 inclusive; Hospital bonds to the amount of \$300,000, comprising fifteen bonds of each year's maturity, 1913 to 1932 inclusive, and eight garbage system bonds maturing July 1, 1913, on or before the first day of July, 1913, at the rate or price therefor of par and a premium of one-half of one per cent of the face value thereof and accrued interest thereon at date of delivery; City Hall bonds to the amount of \$660,000, comprising fifteen bonds of each year's maturity, 1917 to 1960 inclusive, and Garbage System bonds to the amount of \$136,000, comprising eight bonds of each year's maturity, 1914 to 1930 inclusive, on or before the first day of August, 1913, at the rate or price thereof of par and a premium of three-fourths of one per cent of the face value thereof and accrued interest thereon at date of delivery.

A notice of ten days shall be given to the Board of Supervisors and to the Treasurer of the intention of the purchaser to exercise any option herein provided for.

Sec. 5. This ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Cagliari, A. J. Gallagher, G. E. Gallagher, Hayden, Hilmer, Jennings, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Pavot, Vogelsang—15.

WEDNESDAY, APRIL 9, 1913.

In Board of Supervisors, San Francisco, Wednesday, April 9, 1913, 8 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of continuing the investigation preliminary to the fixing of heat, light and power rates for the ensuing fiscal year.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Caglieri, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Jennings, Mauzy, McLeran, Murdock, Nolan, Vogelsang—11.

Quorum present.

His Honor Mayor Rolph presiding.

Committee of the Whole—Heat, Light and Power Rates Investigation.

On motion of Supervisor Hayden, the Board thereupon resolved itself into Committee of the Whole, with Supervisor Nolan, chairman of the Lighting and Rates Committee, in the chair, and proceeded to the investigation in the matter of fixing and determining heat, light and power rates for the fiscal year 1913-1914.

The committee rose at 10:30 p. m., all members before noted being present.

Report of the Committee of the Whole.

The committee, by Supervisor Nolan, reported as follows:

The Committee of the Whole reports that it has commenced the investigation preliminary to fixing heat, light and power rates for the fiscal year commencing July 1, 1913, and ending June 30, 1914.

That certain statements and data have been filed, which matters have been duly considered and designated exhibits, as follows:

Exhibit No. 7—Statement of Southside Light and Power Company, showing gross earnings and cost of manufacture, capital invested, bonds issued and floating debt; also advising that company operates leased plant.

(Filed April 1, 1913.)

Exhibit No. 8—Statement of Equitable Light and Power Company, showing gross receipts and cost of manufac-

ture of electricity and steam, capital invested, bonds outstanding and floating debt; also advising as to original cost of plant.

(Filed April 1, 1913.)

Exhibit No. 9—Statement of Consumers Light and Power Company, showing gross receipts and cost of manufacture of electricity and steam, capital invested, bonds outstanding and floating debt; also advising as to original cost of plant.

(Filed April 1, 1913.)

Engaging Services of John Galen How-
ard, Consulting Architect.

Resolution No. 10099 (New Se-
ries), as follows:

Whereas, This Board of Supervis-
ors deems it necessary in the plan-
ning, designing, execution and com-
pletion of the Civic Center and the
buildings to be erected therein, in-
cluding the City Hall, to receive and
have the advice of a competent con-
sulting architect on those matters
connected with said Civic Center and
the construction of said buildings
over which this Board has jurisdic-
tion and as to which this Board must
decide important questions; and

Whereas, The Board of Public
Works did, on the 29th day of March,
1912, pass Resolution No. 16838,
whereby John Galen Howard was ap-
pointed consulting architect with
Frederick Meyer and John Reid Jr.,
the compensation of said John Galen
Howard being fixed in said resolution
at a retaining fee of \$2500.00 and the
sum of \$25.00 a day for every work-
ing day; and

Whereas, Said John Galen Howard
did accept said engagement and has
performed all the duties required of
him under said engagement, to the
twenty-ninth day of March, 1913; and

Whereas, Said John Galen Howard
has not been paid said compensation
and said retaining fee and there is
now due said John Galen Howard on
account of said retaining fee, and said
compensation, the sum of \$9100.00,
which said amount said John Galen
Howard fully earned from the date
of his engagement by said Board of

Public Works, to March twenty-ninth,
1913; now therefore be it

Resolved, That said John Galen
Howard be, and he is hereby engaged
by this Board as Consulting Architect
to this Board in the matter of the plan-
ning, designing, execution and com-
pletion of the Civic Center and the
buildings to be erected therein, in-
cluding the City Hall, and that the
compensation of said John Galen How-
ard be, and the same is, hereby fixed
as follows:

A retaining fee of \$9100.00 shall be
paid said John Galen Howard upon
acceptance of this engagement, said
sum being the amount that would be
due said John Galen Howard under
and by virtue of the terms of Resolu-
tion No. 16838 of the Board of Public
Works. In addition to said retaining
fee, said John Galen Howard shall be
paid the sum of \$25.00 for every day
that said John Galen Howard per-
forms services under this resolution;
provided, however, that before said
John Galen Howard receives said re-
taining fee he shall execute and file
with the City and County of San
Francisco a release of any and all de-
mands of any nature whatsoever
which said John Galen Howard claims
or may have on account of, or by vir-
tue of said Resolution No. 16838,
adopted on the 29th day of March,
1912, by the Board of Public Works,
and shall waive any future claim or
right under and by virtue of said
Resolution No. 16838 of the Board of
Public Works. The fund out of which
said compensation shall be paid to
said John Galen Howard is hereby
designated as the Civic Center Bond
Fund.

Unsold Bonds Placed on Sale With Treasurer.

Bill No. 2489, Ordinance No. 2250 (New Series), as follows:

Reciting that certain sewer bonds, school bonds, hospital bonds and garbage system bonds of the issue of 1908, and City Hall bonds of the issue of 1912, and Polytechnic High School bonds of the issue of 1910, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price and the conditions under which such bonds may be sold by the said Treasurer of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; school bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; garbage system bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; City Hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School bonds, issue of 1910, amounting to \$144,000 and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said Clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the re-

quirements of the charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold.

Sec. 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco it is hereby ordered that all the aforesaid Polytechnic High School bonds, advertised for sale and remaining unsold, as above described and set forth, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and said Treasurer is hereby authorized to sell said described Polytechnic High School bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Sec. 3. Pursuant to the provisions of the Charter of the City and County of San Francisco the Treasurer is hereby authorized to sell all of the bonds described herein other than the Polytechnic High School bonds in manner and form and at the price herein set forth, viz.:

Procedure for Care of Injured on Municipal Railway.

Resolution No. — (New Series), as follows:

Resolved, That the following procedure be followed by the management of the Geary Street Municipal Railway and the Board of Health of the City and County of San Francisco in cases of accidents occurring incidental to the operation of the Geary Street Municipal Railway:

1. First aid shall be given to any persons so injured as in other accidents.

2. Patients brought to an Emergency Hospital, who are so severely injured as to need further hospital care shall be transferred to the Central Emergency Hospital. The medical care of all such cases shall be furnished free by the City, through its emergency service, under the direction of the Chief Surgeon.

3. Patients who have been injured and who have been taken directly to their homes shall be visited and examined by a doctor of the Emergency Service. Such visits shall be arranged for by the Superintendent of the Geary Street Municipal Railway with the consent of the patient's family and attending physicians and a detailed report of all such visits shall be kept by the Chief Surgeon of the Emergency Service, as a permanent record.

Resolved, That the Superintendent of the Geary Street Municipal Railway and the Chief Surgeon of the Emergency Service be directed to formulate rules for the carrying out of the provisions of this resolution. The City Attorney shall attend to all legal proceedings in which the liability or interest of the City may be involved.

Clerk to Prepare Ordinance Providing for Sale of Relief Home Lands.

Supervisor George E. Gallagher presented:

Resolution No. — (New Series), as follows:

Whereas, At a special municipal election held on the tenth day of December, 1912, Charter Amendment No. 22 was ratified by the electors of the City and County of San Francisco, which authorized the Board of Supervisors of the City and County of San Francisco to sell a portion of the Relief Home Tract, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company; and

Whereas, The City Attorney and City Engineer advised this Board that the tract of land consisting of about twenty-six acres should be sold in one parcel; now, therefore, be it

Resolved, That the Clerk prepare an ordinance in accordance with Section 9, Chapter 2, Article 2 of the Charter, providing for the sale of a portion of the lands in the Relief Home Tract shall contain two propositions.

PROPOSITION NO. 1.

That the lands in the Relief Home Tract, being a portion of the Rancho San Miguel, consisting of about twenty-six acres, be offered for sale in parcel.

PROPOSITION NO. 2.

That the lands in the Relief Home Tract, being a portion of the Rancho San Miguel, consisting of about twenty-six acres, be offered for sale in one parcel, with a provision that a street of about 1.4 acres, more or less, shall be reserved and designated as a public street, such reserved portion to be paved, sewerred, etc., under direction of the Board of Public Works, in accordance with the lines and grades furnished by the City Engineer.

Minority Report.

Thereupon, the following report was presented, read by the Clerk and refused adoption by the following vote:

San Francisco, Cal., April 7, 1913.

To the Honorable the Board of Supervisors of the City and County of San Francisco—

Gentlemen:

The undersigned, a minority of your Streets and Sewers Committee, which has had under consideration the petition of the Newell-Murdoch Company to have Pacheco street extended from its present easterly extremity along and over the Relief Home Tract to the intersection of the northerly line of the tract of land owned by the Newell-Murdoch Company, to the end that such street may be further extended by said company to the point of inter-

section with the Dewey boulevard, respectfully submits a minority report in favor of granting the petition of said Newell-Murdoch Company to have a street extended through the Relief Home Tract, before the property is offered for sale.

I am in favor of granting the petition to have a street extended through the said Relief Home Tract, as the extension of said street will afford the people a direct route to the Dewey boulevard and will be a great benefit to the residents of the land owned by the Newell-Murdoch Company.

The opening of said street can be extended over said Relief Home Tract without material injury to the sale of the lands in said Relief Home Tract, and will, in my opinion, not decrease the value of the remaining portion of the land if said street is cut through before the property is offered for sale.

Respectfully submitted,

E. L. NOLAN.

Ayes—Supervisors Hayden, McCarthy, Nolan—3.

Noes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Vogelsang—14.

Excused from voting—Supervisor Payot—1.

Adopted.

Whereupon, the question being taken the foregoing Resolution was adopted by the following vote:

Intention to Change Grades.

On motion of Supervisor George E. Gallagher:

Resolution No. 10107 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Texas street, in accordance with the recommendation of the Board of Public Works, filed April 1, 1913, and directing said Board of Public Works to cause to be conspicuously posted along the street upon which proposed change of grades is contemplated a notice of the passage of this resolution of intention.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer,

Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Passed for Printing.

The following Resolution was *passed for printing*:

Blasting Permit, State Construction Company.

On motion of Supervisor George E. Gallagher:

Resolution No. — (New Series), as follows:

Resolved, That the State Construction Company is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts at the foot of Pierce street from seawall to forty feet therefrom, extending out into the Bay of San Francisco during the construction of the outfall of the Pierce street sewer; provided that said permittee shall execute and file a good and sufficient bond in the sum of five thousand (\$5000) dollars, as fixed by the Board of Public Works, and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7:00 a. m. and 6:00 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this Resolution be violated by the said State Construction Company, then the privilege and all rights thereunder shall immediately become null and void.

Adopted.

The following Resolutions were *adopted*:

Intention to Construct Reinforced Concrete Retaining Wall in Francisco Street at Leavenworth Street.

On motion of Supervisor George E. Gallagher:

Resolution No. 10108 (New Series), as follows:

Whereas, The public interest and convenience require that the street work and improvement hereinafter described should be done; and

Whereas, In the opinion of the Board of Supervisors of the City and County of San Francisco, said contemplated work and improvement is, and is hereby declared to be of more than local or ordinary public benefit;

Now, therefore, The Board of Supervisors of the City and County of San Francisco does hereby resolve and declare that it is the intention of said Board of Supervisors to order the following work and improvement to be done in said City and County, to-wit:

The construction of a reinforced concrete retaining wall in Francisco street at Leavenworth street.

And said Board of Supervisors does hereby determine and declare that said proposed work and improvement is of more than local or ordinary public benefit and will affect and benefit the lands and district hereinafter described, which said district is hereby declared to be the district benefited by said work and improvement; and that therefore the entire costs and expenses of said work and improvement shall be and is hereby made chargeable against and shall be assessed upon said lands and district, which district is within the City and County of San Francisco, State of California, and is particularly bounded and described as follows, to-wit:

Commencing at a point on the westerly line of Leavenworth street, distant thereon fifty (50) feet northerly from the northerly line of Francisco street; thence westerly along a line parallel with and fifty (50) feet at right angles northerly from the northerly line of Francisco street for a distance of four hundred twelve feet, six inches (412' 6") more or less to the easterly line of Hyde street; thence southerly along the easterly line of Hyde street for a distance of one hundred sixty-eight feet, nine inches (168' 9") to a point thereon fifty (50) feet southerly from the southerly line of Francisco street; thence easterly along a line parallel with and fifty (50) feet at right angles southerly from the southerly line of Francisco street for a distance of four hundred twelve feet, six inches (412' 6") more or less, to the westerly line of Leavenworth street; thence northerly along the westerly line of Leavenworth street for a distance of one hundred sixty-eight feet, nine inches (168' 9") to the point of commencement.

Saving, excepting and excluding from said district all public streets, avenues, lanes, alleys, courts and places therein included and contained.

The "Daily Journal of Commerce" is hereby designated as the daily newspaper published and circulated in said City and County, in which this resolution, and the notice of the Board of Public Works of said City and County of the passage thereof shall be published.

The Clerk of this Board is hereby directed to publish this resolution by two successive insertions in said newspaper and to post the same for two days conspicuously on or near the chamber door of this Board.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Extension of Time.

Also, Resolution No. 10109 (New Series), as follows:

Resolved, That A. Borland is hereby granted an extension of thirty days time from and after April 5, 1913, within which to complete contract for the improvement of Nineteenth street between Church and Dolores streets.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that the contractor has been unable to complete the work on account of weather conditions.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Also, Resolution No. 10110 (New Series), as follows:

Resolved, That Warren & Henry are hereby granted an extension of thirty days' time from and after March 22, 1913, within which to complete the construction of a sewer under private contract in Whittier street between Mission and Brunswick streets.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that the contractor could not proceed with the work until the survey was made. The survey has been made and the work is well under way.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Also, Resolution No. 10111 (New Series), as follows:

Resolved, That the City Street Improvement Company is hereby granted an extension of ninety days' time from and after February 15, 1913, within which to complete street work on Falcon avenue between Danvers street and Caselli avenue, under a private contract.

This extension of time is recommended by the Board of Public Works, for the reason that the contractor has been unable to prosecute the work owing to the construction of a sewer between Mono street and Caselli avenue, public proceedings for which are under way.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Also, Resolution No. 10112 (New Series), as follows:

Resolved, That the State Construction Company is hereby granted an extension of ninety days' time from and

after April 20, 1913, within which to complete contract for the construction of sewers and appurtenances in Pierce street between Bay and Lewis streets.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that delays have occurred in the progress of the work by reason of dredging of the Panama-Pacific Exposition Company.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Supplies Committee to Sell Junk and Useless Material Now in Custody of Fire Department.

Urging Early Completion of New Golden Gate Life Saving Station.

On motion of Supervisor Payot:

J. R. No. 715.

Whereas, the United States Government contemplates and the Treasury Department has funds available for the construction of new buildings and appurtenances for the Golden Gate Life Saving Station on the tract of land bounded by Fulton street, the Ocean Highway, Forty-ninth avenue and Golden Gate Park, and

Whereas, the plan is to make this station the most complete and substantial of its kind on the Pacific Coast, and

Whereas, the present buildings are cheap and inadequate and rapidly becoming dilapidated, and the new structures contemplated and the grounds as laid out on plans already prepared will become, as soon as secured, a feature of interest and beauty for San Francisco, and

Whereas, it is especially desirable for the city that these improvements

be started at the earliest time possible in order that the station may be one of the added objects of interest to those who will visit the Panama-Pacific Exposition in San Francisco in 1915, therefore be it

Resolved, By this Board of Supervisors that we urge the Honorable William McAdoo, Secretary of the Treasury, and the Honorable S. I. Kimball, Superintendent United States Life Saving Service, Washington, D. C., to take such steps as will hasten the early construction of the proposed new station.

Appreciation of Services of Edw. A. Bullis and Accepting His Resignation of Supt. of Interment of Ex-U. S. Soldiers and Sailors.

On motion of Supervisor Payot:

J. R. No. 716.

Whereas, Edward A. Bullis has been compelled, on account of ill health, to tender his resignation as Superintendent of Interment of ex-United States Soldiers, Sailors and Marines for the City and County of San Francisco, which position he has occupied continuously since May 22, 1893; therefore be it

Resolved, That this Board of Supervisors accepts the resignation of said Edward A. Bullis with regrets, and desires to express to him its sincere thanks and appreciation for the faithful and efficient manner in which he has discharged the duties of his office.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Appointment of Henry T. Smith, Superintendent of Interment Ex-U. S. Soldiers and Sailors.

On motion of Supervisor Payot:

Resolution No. 10113 (New Series), as follows:

Resolved, That Henry T. Smith be and he is hereby appointed Superintendent of Interment of ex-United States Soldiers, Sailors and Marines for the City and County of San Francisco, vice Edward A. Bullis, resigned.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Referred.

The following Resolution was introduced by Supervisor Andrew J. Gallagher and ordered referred to the Public Utilities Committee:

Elimination of Car Stopping Places and Reduction of Running Time on Market Street to a Minimum.

J. R. No. —.

Resolved, That the Public Utilities Committee of this Board confer with Lieutenant Mattheson and the United Railroads of San Francisco with the purpose of eliminating such presently maintained car stopping places on Market street, from Haight to the Embarcadero, to the end that the running time on that street be reduced to a minimum.

Judiciary Committee to Oppose Sutherland Amendment Giving Rate Fixing Power to State Railroad Commission.

Supervisor Andrew J. Gallagher presented:

J. R. No. —.

Resolved, That the Judiciary Committee of this Board is hereby instructed to oppose in the name of the people of San Francisco that portion of the Sutherland Constitutional Amendment which provides that the State Public Utilities Commission shall have the rate-making power over corporations or persons supplying service in incorporated cities.

Amendment.

Supervisor Giannini moved to amend by providing that it be the sense of the Board of Supervisors that the Judiciary Committee take such action.

Amendment accepted.

Adopted.

Whereupon, the above Resolution amended as follows was adopted:

J. R. No. 717.

Resolved, That it is the sense of this Board that the Judiciary Committee of this Board is hereby instructed to oppose in the name of the people of San Francisco, that portion of the Sutherland Constitutional Amendment which provides that the State Public Utilities Commission shall have the rate making power over corporations or persons supplying service in incorporated cities.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Referred.

The following Resolution was introduced by Supervisor Andrew J. Gallagher and referred to the Judiciary Committee:

Amendment of Lien Law.

J. R. No. —.

Whereas, Under the lien law contractors must within sixty days after the completion of the contract for street improvements file for record with the County Recorder a claim of lien; and

Whereas, Contractors, upon comple-

tion of street improvements and before the acceptance of said work by the Board of Public Works and the Board of Supervisors, are filing liens; now, therefore, be it

Resolved, That the Judiciary Committee of this Board request the City Attorney to prepare and submit to the Legislature for adoption an amendment to Section 1187 of the Civil Code of Procedure of the State of California, relating to liens, which will provide that the time limit for filing liens shall be sixty days after the acceptance of the work by the Board of Public Works, instead of sixty days after the completion of the work, as the statute now provides.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Memorial Day Committee.

On motion of Supervisor Hocks:

J. R. No. 718.

Resolved, That his Honor the Mayor appoint a committee of fifteen citizens to prepare for proper observation of Memorial Day.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Policing, Etc., of Exposition Grounds.

Supervisor McCarthy announced that there would be a meeting of the Exposition Committee on Tuesday, at 2 p. m., to consider proposed ordinance providing for policing, etc., of the grounds of the Panama-Pacific International Exposition.

Filling In of Channel Street.

Supervisor Nolan reported verbally in the matter of his recent trip to Sacramento to oppose on behalf of the Board of Supervisors the filling in of Channel street. He said that unless some very strong pressure was brought the measure to fill in Channel street would not be reported out of the Judiciary Committee of the State Legislature.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Federal Telephone and Telegraph System.

On motion of Supervisor Vogelsang:

Resolution No. 10114 (New Series), as follows:

Whereas, the telegraph and telephone are daily becoming more necessary to the comfort and convenience of all the people; and

Whereas, in its original grant of franchise to the Western Union Telegraph Company the Government of the United States reserved the right

to acquire the same; and

Whereas, government ownership and control of the means of transmission of electric messages and communications is as logical and necessary as its monopoly of transmission of written or printed matter; therefore

Be it resolved by the Board of Supervisors of the City and County of San Francisco, State of California, That in the judgment of this Board the present is the time for the acquisition of these utilities by the Government of the United States and that the Congress be urged to take such steps as may be necessary for the acquisition and establishment of a Federal telegraph and telephone system, rendering a local intra-state and interstate postal service.

Be it further resolved, That the Clerk of this Board transmit copies of this resolution to the Senate and House of Representatives and to the Senators and Representatives in Congress from California.

Ayes—Supervisors Bancroft, Caglieri, A. J. Gallagher, G. E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang.

Approved, San Francisco, April 15, 1913.

In Memory of Frank X. Foley, Former Deputy County Tax Collector.

On Motion of Supervisor Murdock:

J. R. No. 719.

Resolved, That the Board of Supervisors hereby expresses its sincere respect for the memory of Mr. Frank X. Foley, for many years an honorable and efficient employe of the City and County, and at the time of his untimely death serving with great satisfaction as Deputy County Tax Collector.

The heartfelt sympathy of the members of the Board is extended to the family of Mr. Foley at the irreparable loss they have sustained.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Election for Ratification of Lower Market Street Settlement.

His Honor Mayor Rolph called attention to election to be held on April 22, 1913, for the ratification of the Lower Market street franchise agreement, and urged the importance of bringing out a strong vote in favor of the measure on that day.

ADJOURNMENT.

There being no further business, the Board at the hour of 4:30 p. m. adjourned.

JNO. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors April 21, 1913.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, J. S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

Report of Finance Committee on Sale of Bonds.

The following report was presented and read by the Clerk:

Board of Supervisors, Clerk's Office.
April 21, 1913.

To the Honorable Board of Supervisors, San Francisco.

Your Finance Committee herewith reports in detail the conditions confronting the City in the matter of the sale of bonds and the facts relating to the three proposals of sale on March 3, March 31 and April 13, which brought no result.

In January, acting on the program of the Consulting Architects, the Board of Public Works, the Public Building Committee, the Board of Education and other departments concerned in the use of bond funds, your Finance Committee prepared a program of sale of \$5,248,000, bids to be received on March 3. When this program was prepared your Committee was advised that portions of the bonds of this City sold last July were still in the hands of the purchasers, and that, market conditions considered, the best time to offer this \$5,248,000 was anywhere between the 1st and 15th of March. The reason for this large offering was and is, that demands payable to property owners who have sold their property to the City for Civic Center purposes aggregated over \$1,000,000, and it was necessary to bring in a large sum to validate contracts for excavating the City Hall site, the contract for steel and the contract for stone. In addition money was required for the Polytechnic High School, the 1908 schools, the bond sewers and the garbage disposal system. The amount offered was the lowest sum that could be estimated to carry out plans already under way.

The Clerk of the Board sent out nearly 500 circulars to banks, bond houses, insurance companies and investors, notifying them of the sale of March 3; these circulars were sent generally throughout the United States to the financial centers, the Bank of England, London, to the principal insurance companies of the United States who have invested in San Francisco bonds and who might be induced to invest.

Notice of this sale appeared in the financial newspapers of New York, Philadelphia, Boston and in the financial columns of the New York Sun, New York Post and other leading newspapers. This method of advertising the sale of these bonds followed the practice of the City which has heretofore brought numerous bids and ready sale of our bonds.

To indicate to the Board the conditions at the time the offer was made, we quote from the Wall Street Journal of Tuesday, February 4th. On the front page of that journal there appears a detailed announcement of the offering, at the end of which appeared the following paragraph: "Last year San Francisco sold \$7,070,000 bonds on an average basis of about 4½ per cent. Considering the general upward trend in the money market, the new issue should bring about 4.40 per cent and interest."

On March 3 a syndicate of eight bond houses, represented by N. W. Halsey & Company as syndicate managers, bid for all of the bonds (under the all or none provision of the proposal) and offered premium which made the interest basis 4.90 per cent.

The Anglo California Bank bid for \$400,000 sewer bonds on a 4.87 basis.

These bids were referred to your Finance Committee for consideration and report. Thereupon the Committee advised the bankers, bond buyers and citizens familiar with the affairs of San Francisco. After many conferences, consideration of all the information available, and a realization of the tremendous increase in bond interest and redemption, which must be provided in the budget, your Finance Committee felt that the bid of March 3 was too low. Bearing in mind that San Francisco's bonds had sold readily on practically a uniform 4½ per cent basis the Committee hesitated about recommending the acceptance of a bid which would practically place the City bonds on a 5 per cent basis.

The representatives of Halsey & Company agreed with your Committee that the bid was too low, but advised your Committee that the condition of the bond market was such that a higher offer could not be made at that time. While the March 3 bid was still under consideration your Committee was told by financial agents that within three weeks, in all likelihood, a better bid might be received. This view was acquiesced in by representatives of the syndicate which made the 4.90 offer.

Mr. Parker of the Anglo Bank felt very confident that a better bid would be received if the sale were postponed a month or six weeks.

Other bond houses must have had similar views.

Adams & Company, New York and Boston, who have been purchasers of San Francisco bonds, wired his Honor the Mayor, on March 6, as follows:

"Have bonds been awarded. If not will you entertain another bid. Please telegraph."

The Clerk of the Board replied as follows:

"Award for bonds not made yet. Finance Committee meets this afternoon. Will present your telegram and wire you tonight. Further advice will be appreciated."

By direction of the Finance Committee a supplemental telegram was sent to Adams & Co., which read:

"Chairman Finance Committee asks will you guarantee better bid if bids of March 3 for five million bonds are rejected. Rush answer."

On March 7 the Clerk received the following, dated March 6, New York:

"Telegraph Adams Company forwarded residence New Rochelle. Too late to communicate with associates. Definite reply in morning. Advise can you accept bid without readvertising."

Following this telegram, later in the day, came another message from Adams & Co.:

"If readvertising necessary with consequent delay and uncertainty do not care guarantee better bid. Please consider communications confidential."

On Monday, March 10, additional telegrams were received from Adams & Co., by the Clerk, the important one of which is quoted:

"Do not reject present bid on our account. Market very unsettled. Other large issues pending and conditions prevailing 31st uncertain. Might not do as well."

Numerous telegrams of the same tenor were received from others than Adams & Co. The Adams telegrams are quoted and reference is made to other telegrams to inform the Board that the Committee was receiving advice from every available source.

The disturbing incident in the March 3 situation was the withdrawal by Halsey & Co. of the syndicate bid of 4.90 before the Board had opportunity to act. On March 8 Halsey & Co.'s representative, accompanied by the representative of Rollins & Co. handed the following withdrawal notice to the Clerk:

"N. W. Halsey & Co., 424 California street.

"San Francisco, March 8, 1913.

"Mr. J. S. Dunnigan, Clerk Board of Supervisors of the City and County of San Francisco.

"Dear Sir:

"Referring to the bid submitted last Monday, March 3, 1913, by the syndicate composed of Harris Trust & Savings Bank, E. H. Rollins & Sons and ourselves for the \$5,248,000 bonds of the City and County of San Francisco, advertised for sale under your Notice of Sale dated January 27, 1913, we beg to notify you that we have been instructed as syndicate managers and

representative of said syndicate, to withdraw said bid immediately, and demand the immediate return of the certified check in the amount of \$10,000 accompanying the same.

"You will therefore please take notice that said bid is hereby withdrawn, and that we demand the immediate return of said certified check dated March 3, 1913, in the sum of \$10,000 payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco.

"Very truly yours,

"N. W. HALSEY & CO."

The withdrawal of the Halsey syndicate bid left remaining the Anglo California bid for sewer bonds.

This brings the history of the March 3 bid to the action of the Board of Supervisors on March 10. The members of the Board will recall that the withdrawal of the bid by Halsey & Co. was read in open Board, and motion was made that the request be granted. Supervisor Vogelsang raised a legal point, that this procedure might establish a bad precedent, and it was unanimously agreed by the Board that a better procedure would be to reject the bid of Halsey and Company instead of permitting a withdrawal. Whereupon, a resolution was adopted rejecting all the bids.

The Finance Committee then recommended that the bonds be offered for sale on March 31, and the Board adopted the suggestion.

By instruction of the Finance Committee the Clerk of the Board on the evening of March 10th sent the following telegram to approximately a hundred leading banks, bond buyers, financial newspapers and insurance companies:

"All bids for bonds on March 3 rejected without prejudice. New bids will be received March 31. Proposals go forward to you by mail tonight. You may bid on proposal blank of March 3."

Circulars and letters, informing possible purchasers of the March 31 sale, were sent out by the Clerk on March 10 and 11. These advices went to the regular list of bond buyers, which includes all the San Francisco commercial and savings banks.

Notices of the March 31 sale appeared in the financial journals of the East, and the Clerk received many inquiries by wire and letters regarding the offering. On March 31 bids were received as follows:

From the Bank of California for \$25,000 sewer bonds, and \$25,000 school bonds (selected maturities, long term) on a 4.95 basis.

Spitzer, Rorick & Co., Toledo, bid for \$400,000 sewer bonds on a 4.87

basis, but the bid was not on the proposal form of the Board of Supervisors. Spitzer-Korick did not conform with the provisions of the sale in that they changed the conditions of delivery as set forth in the resolution and ordinance adopted by the Board of Supervisors. The Committee was advised that this bid, because of the deviation from the proposals, might raise a legal question, and that the certificate of sale, under the terms proposed by the bidder, might not be issued by Dillon, Thomson & Clay.

The third bid was from Vincent P. McDevitt for \$5,000 school bonds at a slight premium—selected maturities. Mr. McDevitt advised the Committee by letter that he did not desire to take delivery on his bid before July 1.

The Committee, after diligent inquiry, and full consideration of market conditions (which will be referred to later), again advised the rejection of all bids.

The fact that no bid, not even par and interest, was received on March 31, was a great disappointment to the Committee. Between March 10 and March 31 representatives of the financial agencies expressed belief that there would be many bids, if not at a good premium, at least at par and interest.

The judgment of the Finance Committee in recommending the rejection of the 4.90 bid of March 3 was unequivocally approved by the representatives of bond houses and bankers of San Francisco. It was felt by all familiar with the offer of sale, and the previous good demand for San Francisco bonds, that a good bid for whole offering might be expected.

Again the Finance Committee resumed its effort to find a market for the bonds. There was pressing need for the money, and every effort was bent to devise a scheme by which the City's securities could be sold. After many conferences the Committee proposed on April 7 a plan for the sale of the bonds on April 18 by the Treasurer. An ordinance was drafted and passed to print on April 7, by the terms of which the Treasurer was authorized to receive bids for the whole amount prior to 3 o'clock of the date set, and in the event that no bid was received up to 3 o'clock, then the Treasurer was to receive bids up to 4 o'clock for \$1,100,000 bonds for immediate delivery, and the remainder of the offering at delayed deliveries with premiums of one-fourth, three-eighths, one-half and three-quarters per cent premiums on the deferred delivery. This schedule, considering the saving in interest to the city, had it been accepted, would have placed

the five million bonds on approximately a 4.90 basis.

The second proposal of the April 18 program permitted a bidder to purchase \$1,100,000 of the bonds at par and interest, and to have an option on the remainder, which should be remarked in passing, however, that this option was non-enforceable, and that therefore the way was open for any bank or any broker to get \$1,100,000 San Francisco bonds, 5 per cent, at par. When the deferred payments were due, the purchaser of the first million could not have been compelled to take up the remainder of the offer.

In connection with this offer of April 18, the Committee feels justified in quoting the language of Mr. Cyrus Pierce, manager for N. W. Halsey & Co., who says:

"In 18 years that I have been handling municipal bonds I have never seen so attractive an offering as that of \$1,100,000, and options on the remainder of \$5,000,000 of San Francisco bonds—it was the best proposition I ever saw in municipals. Our Eastern associates, however, who are concerned solely with market conditions, did not see fit to bid. The reason for the no bid is that the country is deluged with bond offerings, and the best commercial and industrial bonds are being sold at discounts, which make them more attractive to investors than San Francisco's 5 per cent municipals."

Reverting to the April 18 offer, your Committee reports that no bid was received by the Treasurer. Despite the attractiveness of the offer, none of the local banks or local investors bid par and interest for these 5 per cents, notwithstanding that savings banks and commercial banks are carrying extra large surpluses.

So far as the Committee is able to learn there has been no market for bonds since January. Advices in this office and in the financial journals of the world uniformly agree that the financial condition, insofar as it relates to bonds, is universally worse than it has ever been. There are offered in New York more than \$500,000,000 securities at big discounts, and no sale. Nearly every city, town and school district in the United States is issuing bonds beyond the capacity of the savings banks, insurance companies and investors to absorb them. Piled on top of these municipal securities are railroad, irrigation, utility, good roads and industrial bonds, which reach sums so great that no market can move them. Because of this glut of bonds investors have opportunity to purchase bonds of railroads which have heretofore sold

above par, at discounts which net 7 per cent and more. It can be readily seen that municipals at 5 and 4½, which cannot be sold less than par, are not as easily sold as under ordinary conditions.

San Francisco is in no different situation than any other municipality. Vancouver now has on the market \$5,000,000 five per cents and is unable to sell them. Los Angeles is having even greater difficulties than San Francisco in finding sale for its bonds. Counties in California, which have authorized and offered bonds, are also unable to realize on them.

New York has \$50,000,000 bonds on sale and finds no ready market—and New York has a unique advantage in that the Comptroller is permitted to sell New York City bonds at discount to meet market conditions. New York's method of selling bonds is not restricted by charter limitations which require formal advertising and action by the Board of Aldermen; the Comptroller is empowered to offer bonds for sale whenever money may be required.

All the advices received by your Finance Committee declare that war conditions in Europe have alarmed investors so that no investments are being made.

Your Committee is advised that members of a syndicate, which figured on bidding for San Francisco bonds, withdrew because of the discussion in the East of the alien land law bill now pending in the California Legislature. The Committee wishes it distinctly understood that this is simply recorded as an excuse by bond buyers, and is not intended and must not be construed as a comment on pending legislation.

Bond buyers have professed reluctance to bid for large blocks of San Francisco bonds because no definite assurance could be given as to future sales and the amount thereof. The buyers say they are fearful that they might have a large amount of San Francisco bonds on hand, and another sale would leave them unprotected against a better market condition.

The difficulties in this connection are increased by a recent decision of the Supreme Court of California in the Connolly case wherein a rule is laid down that this city cannot levy tax for bonds unsold prior to the beginning of the fiscal year. In the past it has been the practice to sell bonds when the money was needed, this procedure making it possible to save interest and place bonds on the market at the most advantageous time. Under this Supreme Court rule the United Railroads, the Humboldt Bank and others have procured judgments

against the City for \$69,000 (and more to come) for recovery of taxes levied to pay interest on bonds sold in 1904. The enforcement of this rule means that the City must provide in June of each year for the sale of all bonds, the proceeds of which may be required for public work for the ensuing fiscal year. Bond buyers are aware of this rule and they were fearful that if they bought the San Francisco bonds now that another sale in June would overlap and prevent realization on a purchase at this time.

To meet this difficulty the Finance Committee has endeavored to assure possible bond buyers that the June sale, if one be compelled, would be held for the lowest possible amount, and under no circumstance to exceed \$2,000,000. This assurance did not serve to abolish the fears of the bond buyers.

There is now pending a proposition from the Panama-Pacific Exposition Directors which will relieve the situation of a major part of the difficulties just mentioned. There are \$4,000,000 Exposition bonds unsold. The Exposition had previously prepared a schedule for the delivery of the proceeds of this issue which called for payments approximately as follows:

\$1,000,000 in July.
\$1,000,000 in September.
\$1,000,000 in January.
\$1,000,000 in March.

Selling bonds on this schedule would keep San Francisco securities always in the market, and your Committee is advised was a disturbing element in the sale of the bonds now offered.

To overcome this overlapping sale, the Panama Directors have proposed that the \$4,000,000 bonds be offered for sale and the Exposition Company will bid them in, agreeing to place the bonds in escrow or binding themselves to hold them off the market until after January 1—and possibly for a full year. As the City would not get any premium which might be paid for exposition bonds at a future sale, this proposition will be carefully considered and recommendations made thereon at the next meeting of the Board.

The Committee and the Board of Supervisors are obligated to devise a method for the immediate payment of certain demands for the purchase of Civic Center property. One case in particular needs special and immediate attention. The Hyman Estate in February sold to the City for \$345,500 property on Market street. Messrs. Hyman have not as yet received payment for their property. These gentlemen have acted with the greatest liberality and patience toward

the city—they have not pressed their claim and have sustained a considerable loss because of the delay of the sale of City Hall bonds. They have offered now to accept bonds in payment of their demand at par and interest, and they agree that these bonds will not be placed on the market within 90 days. On a former occasion Messrs. Hyman offered to take payment in bonds on a 4.90 basis, but as they preferred to receive cash instead of bonds they consented to delay in the hope, which was shared by the Finance Committee, that a bid would be received on April 18, which would provide funds with which to pay their demand. The Committee wishes the Board to feel and express appreciation of the unselfish and patriotic action of Messrs. Hyman. A resolution providing for the payment of the Hyman demand will be presented to the Board this afternoon.

There will also be presented a supplemental report recommending action as to the bonds now offered for sale. This report is not included in this statement for the reason that your Committee is awaiting telegraphic advice before preparing its recommendation.

Respectfully submitted,
THOS. JENNINGS,
D. C. MURPHY,
WM. H. McCARTHY,
Finance Committee.

Sale of Bonds.

Communication from Treasurer.

The following matters were presented and read by the Clerk:

CITY AND COUNTY OF SAN FRANCISCO.

Office of the Treasurer.

April 21, 1913.

Honorable Board of Supervisors, City and County of San Francisco:

Gentlemen—The action of your Honorable Board taken March 10, 1913, Bill No. 2489 (New Series), whereby you authorized me to make an offering and secure bids for the sale of certain City and County bonds amounting to \$5,248,000, I beg to report that up to the time fixed, viz., Friday, April 18, at 4 o'clock, when an offering might be made, I received no bids for any of the lots offered. I have since, however, received a proposal from the firm of Halsey & Company in which they are willing to enter into an option with the city for the entire offering of the 5 per cent, viz., par with accrued interest:

City Hall bonds.....	\$3,960,000
Garbage system bonds.....	144,000
Hospital bonds	300,000
School bonds	300,000
Sewer bonds	400,000

\$5,104,000

Delivery to be made as follows: \$1,000,000 immediately or as soon as delivery can be legally made and not later than May 1st, and \$1,000,000 each 30 days following until the entire offering has been delivered.

In view of the present condition of the Bond Market all over the country, influenced to some extent by the financial situation in Europe, it seems to me that it will be wise for your Board to accept this proposal, it being the most favorable one for the City that can be secured at this time for such a large offering of our Municipal Securities.

I beg to remain, very truly yours,
JOHN E. McDOUGALD,
City and County Treasurer.

Bid of N. W. Halsey & Co.

N. W. Halsey & Co.,
424 California St.

San Francisco, April 21, 1913.

Finance Committee of the Board of Supervisors of the City and County of San Francisco, San Francisco—

Dear Sirs: On behalf of the syndicate composed of Harris Trust and Savings Bank, Messrs. E. H. Rollins & Sons and ourselves and associates, we beg to submit the following proposal for the purchase of 5 per cent bonds of the City and County of San Francisco of the following specific issues recently advertised for sale, viz:

Sewer Bonds amounting to \$400,000;
School Bonds amounting to \$300,000;
Hospital Bonds amounting to \$300,000;
Garbage System Bonds amounting to \$144,000; City Hall bonds amounting to \$3,960,000.

We will purchase, accept delivery of and pay for \$1,100,000 of the City Hall bonds comprising 25 bonds of each year's maturity, 1917 to 1960 inclusive, at par and accrued interest, immediately upon the receipt of the opinion of Messrs. Dillon, Thomson and Clay as hereinafter described, and providing we shall have an option to purchase the remaining unsold portion of the above mentioned \$5,104,000 of bonds to the amount of \$4,004,000 at the price, in the manner and at the time hereinafter stated, namely:

City Hall Bonds to the amount of \$1,100,000, being 25 bonds of each year's maturity, 1917 to 1960 inclusive, on or before the second day of June, 1913, at a price therefor of par and accrued interest thereon to date of delivery.

City Hall Bonds to the amount of \$1,100,000 being 25 bonds of each year's maturity, 1917 to 1960 inclusive, on or before the second day of July, 1913, at a price therefor of par

and accrued interest thereon to date of delivery. \$1,000,000 of bonds comprising *Sewer Bonds* to the amount of \$400,000, being 10 bonds of each year's maturity, 1915 to 1954 inclusive; *School Bonds* to the amount of \$300,000, being 12 bonds of each year's maturity, 1914 to 1938 inclusive; *Hospital Bonds* to the amount of \$300,000, being 15 bonds of each year's maturity, 1913 to 1932 inclusive, and *Garbage System Bonds* to the amount of \$8000, maturing July 1, 1913, on or before the second day of August, 1913, at a price therefor of par and accrued interest thereon to date of delivery; \$796,000 of bonds comprising *City Hall Bonds* to the amount of \$66,000, being 15 bonds of each year's maturity, 1917 to 1960 inclusive, and *Garbage System Bonds* to the amount of \$136,000, being 8 bonds of each year's maturity, 1914 to 1930 inclusive, on or before the second day of September, 1913, at a price therefor of par and accrued interest thereon to date of delivery; and further

Provided that in the event that the City is unable to deliver to us on or before the first day of May, 1913, the \$1,100,000 of City Hall bonds to be purchased from by us, the said optional dates above mentioned shall be so deferred that we shall not in any case be required to exercise any of the above options prior to a full thirty days after the date upon which the previous instalment of bonds so optioned has been delivered and paid for by us.

It is expressly provided that we shall have the right to anticipate any or all of the above options and call for the delivery of any or all of the above described bonds on or before said optional dates.

This proposal is made upon the following conditions:

First—That the Board of Supervisors of the City and County of San Francisco enter into an express agreement with us that it will not advertise for sale before October 1, 1913, the City Hall and School bonds of the City and County of San Francisco bearing 5 per cent interest to an amount of \$2,192,000 which have not yet been offered for sale, and which are all of the 5 per cent bonds of the City which have been authorized but not yet offered with the exception of the Exposition bonds;

Second—That the proposal made by the Finance Committee of the Panama-Pacific International Exposition Company to purchase \$4,000,000 of Exposition bonds shall be accepted by the Board of Supervisors, and that the Panama-Pacific International Exposition Company enter into an agree-

ment with us not to offer the said bonds for resale before May 1, 1914, without our consent in writing;

Third—That we are to be furnished on or before the tender to us of the first \$1,100,000 bonds, with the opinion of Dillon, Thomson & Clay approving this entire transaction as well as the validity and regularity of the issuance of said bonds and the sale of the \$1,100,000 bonds to us and the various options to us as described in the above proposal.

We enclose herewith our check in the sum of \$10,000 as evidence of our good faith, which is to be returned, to us immediately in the event that this proposal is not accepted today, but if this proposal is accepted, said check to be applied as part payment on the first delivery of \$1,100,000 bonds purchased hereunder.

Yours very respectfully,

N. W. HALSEY & CO.

(CP EA C—Enclosure.)

(Certified check in sum of \$10,000 on Bank of California enclosed.)

Adopted.

Whereupon, the following resolutions were introduced under suspension of the rules by Supervisor Jennings and *adopted*:

Accepting Bid of N. W. Halsey & Co. for Certain Bonds.

On motion of Supervisor Jennings:
J. R. No. 720.

Whereas, a communication signed by N. W. Passed for Printing.

Whereupon, the following bill was introduced under suspension of the rules and *passed for printing* by the following vote:

Unsold Bonds Placed on Sale at Treasurer's Office.

On motion of Supervisor Jennings: Bill No. 2497, Ordinance No. —

(New Series), Reciting that certain Sewer bonds, School bonds, Hospital bonds and Garbage System bonds of the issue of 1908, and City Hall bonds of the issue of 1912, and Polytechnic High School bonds of the issue of 1910, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price and the conditions under which such bonds may be sold by the said Treasurer of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of Sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; School bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1928 inclusive; Hospital bonds, issue of 1908, amounting to \$300,000 and comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; Garbage System bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; City Hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School

bonds, issue of 1910, amounting to \$144,000, and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said Clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold.

Sec. 2. Pursuant to the provisions of the Charter of the City and County of San Francisco the Treasurer is hereby authorized to sell all of the bonds described herein other than the Polytechnic High School bonds in manner and form and at the price herein set forth, viz:

Sealed bids shall be received and opened by said Treasurer on Tuesday, April 29, 1913, up to the hour of 11 o'clock a. m. of said day, for the purchase of all of said bonds, and he shall sell to the highest bidder who shall offer to take all of said bonds for not less than the par value thereof together with accrued interest thereon at the date of delivery, and who will agree to receive and pay for the same at such times as may be ordered by the Finance Committee of the Board of Supervisors. Upon the acceptance of such bid the successful bidder shall forthwith deposit with the Treasurer the sum of \$10,000 to be retained by him until all of the bonds so bid for are fully paid for.

Sec. 3. If no bid shall be received by the Treasurer as in Section 2 provided, then on said 29th day of April, 1913, at 11 o'clock a. m., said Treasurer shall offer to sell and he is hereby authorized to sell at said hour of 11 o'clock a. m. of said day City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, to the person who shall offer in writing to take the same and pay therefor the highest price which shall not be less than par value and accrued interest thereon at date of delivery and to receive and pay for the same within three days thereafter. A payment of ten thousand dollars of the purchase price therefor shall be made at the time such bid is accepted by said Treasurer. The person so purchasing said bonds and paying the price therefor as herein provided shall

have an option to purchase the remaining unsold portion of said bonds at the prices, in the manner and at the time herein stated, to wit: City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, on or before the first day of June, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery; City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, on or before the second day of July, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery; Sewer bonds to the amount of \$400,000, comprising ten bonds of each year's maturity, 1915 to 1954 inclusive; School bonds to the amount of \$300,000, comprising twelve bonds of each year's maturity, 1914 to 1938 inclusive; Hospital bonds to the amount of \$300,000, comprising fifteen bonds of each year's maturity, 1913 to 1932 inclusive, and eight Garbage System bonds maturing July 1, 1913, on or before the first day of August, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery; City Hall bonds to the amount of \$660,000, comprising fifteen bonds of each year's maturity, 1917 to 1960 inclusive, and Garbage System bonds to the amount of \$136,000, comprising eight bonds of each year's maturity, 1914 to 1930 inclusive, on or before the first day of September, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery.

In the event that the City and County is unable to deliver the one million, one hundred thousand dollars City Hall bonds on or before the first day of May, 1913, the said optional dates above mentioned shall be deferred to a full thirty days after the date upon which the previous installment of bonds so optioned has been delivered.

Sec. 4. This ordinance shall take effect immediately.

Ayes—Supervisors Bancroft, Caglieri, A. J. Gallagher, G. E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—16.

Laundry, Boiler and Oil Permits.

Resolution No. 10,117 (New Series), as follows:

Resolved, That the following revocable permits are hereby granted:

Automobile Horns on Hospital Streets.

The following bill heretofore passed for printing was taken up:

Bill No. 2474, Ordinance No. — (New Series), entitled, "Prohibiting persons from blowing automobile horns or whistles or making loud, unusual or unnecessary noises along or upon any public street or highway within the distance of one block from a public or private hospital, and providing for the erection of signs to indicate street whereon hospitals are located.

Privilege of the Floor.

John Wright, representing the Board of Directors of St. Luke's Hospital, was granted the privilege of the floor and protested against the proposed amendment. He alleged that the measure was presented for the purpose of enabling certain interests to conduct a baseball park under the windows of St. Luke's Hospital, that it was a proposal to amend a general law in order to accommodate special interests.

J. Wilson, representing Recreation Park, advocated the proposed amendment. He declared that the City Attorney had rendered an opinion that the ordinance was a street regulation and inasmuch as those whom he represented were about to invest a large amount of money in a ball park he was desirous of removing whatever ambiguity there might be in the law as it stands on the books.

Sidney Van Wyck stated that he was associated with St. Luke's Hospital for over fifteen years and wished to enter his protest against the proposed amendment. He said: "St. Luke's Hospital is a charitable institution which cost \$500,000 to build, that under its constitution it had no power to pay any profits. Patients paid what they could afford and many received treatment gratis. He believed that the passage of the amendment would result in injury to the

institution and urged that nothing be done to impair its usefulness. He added that the hospital was not yet completed.

Archdeacon Emery also addressed the Board as the representative of Bishop Nichols and protested against the locating of a ball park in proximity to the hospital.

Refused Passage.

Whereupon, the question being taken the foregoing bill was refused passage by the following vote:

NEW BUSINESS.

Panama-Pacific Exposition Ordinance.

Supervisor McCarthy presented: Bill No. 2498, Ordinance No. (New Series), entitled, "Governing the use and closing of streets; the erection, use, alteration, demolition and control of buildings and structures of every nature and description; the installation, use and control of plumbing, water, gas, steam, sewerage and other pipes and instrumentalities; the use and control of electric light, power and other wires, conduits, generating, transmitting and other apparatus; the erection and maintenance of steam boilers, steam, gas and other engines and apparatus; the maintenance and control of fire and police protection; and, governing any and every other matter necessary, proper or expedient for the safety, convenience and welfare of the public within that portion of the City and County of San Francisco which has been or may be selected as the site for the holding of the Panama-Pacific International Exposition."

Motion.

Supervisor Nolan moved to amend by striking out of paragraph relating to special officers.

Privilege of the Floor.

Frank S. Britton, General Attorney for Panama-Pacific International Exposition, was granted the privilege of the floor and declared that special officers could not be used as deputy United States federal marshals except in cases of violation of federal laws. In cases of violation of state laws local officials would act.

Amendments.

Whereupon the foregoing bill, on motion of Supervisor McCarthy, was amended as follows:

After Section 13 insert, "Nothing in this ordinance shall be construed as affecting the control and authority of the Chief of Police to control all matters affecting arrests and the protection of the people of the City and County of San Francisco in all parts of said City and County."

After Section 14 insert, "And the City and County of San Francisco in recognizing the existence of the Panama-Pacific International Exposition Company and any rights or authority granted hereunder to it does not assume any responsibility or obligation for any claim or demand of any person for injuries or damages of any nature or description growing out of any of the work or things for which provision is herein made."

Passed for Printing.

Thereupon the above bill as amended was passed for printing.

Adopted.

The following resolutions were adopted:

City Attorney to Commence Condemnation Proceedings for Acquisition of Certain Lands on Greenwich Street Required as Additional Site for Cooper School.

On motion of Supervisor Bancroft: Resolution No. 10120 (New Series), as follows:

Whereas, The City Attorney was requested to solicit offers for the sale to the City and County of San Francisco of a certain portion of land hereinafter described for the purpose of additional site for the Cooper School; and

Whereas, The offer received from the owner thereof to sell said described land to the City and County of San Francisco is deemed unreasonable and the price at which said land is offered in excess of the appraised valuation of said land; therefore be it

Resolved, That public interest and necessity require the acquisition by the City and County of San Francisco of the following described lot of land and all interests therein and rights and claims thereto, to wit:

All that certain lot of land situated in the City and County of San Francisco and particularly described as follows, to wit:

Commencing at a point distant 64 feet northerly from the northerly line of Greenwich street and 112 feet 6 inches westerly from the westerly line of Jones street; running thence northerly and parallel with Jones street 73 feet 6 inches; thence at a right angle westerly 25 feet; thence at a right angle southerly 73 feet 6 inches; thence at a right angle easterly 25 feet to the point of commencement. Being a portion of 50 Vara Block No. 236.

Being required as additional site for the Cooper School.

Further Resolved, That the City Attorney is hereby instructed to commence proceedings in eminent domain against the owner of said lot of land and any and all interest in and rights and claims thereto for the condemnation thereof, for the use of the City and County of San Francisco as aforesaid.

Section 9. This Ordinance shall take effect and be in force immediately.

Recommending Defeat of Assembly Bill No. 556.

Supervisor Vogelsang presented:

Resolution No. — (New Series), as follows:

Whereas, There is pending before the Senate of the State of California Assembly Bill No. 556 which has for

its purpose the permitting of the bringing of an action by John J. Conlin for damages against the City and County of San Francisco in the matter of a certain street contract for services performed over 20 years ago, for which services said John J. Conlin has never received remuneration on account of certain defects in the proceedings had at that time; and

Whereas, Said bill if enacted would in the opinion of the Board of Supervisors of the City and County of San Francisco inevitably result in the commencement of innumerable proceedings against the City both for past services performed and also in the matter of future contracts where there may be certain defects in street assessment proceedings; and

Whereas, The principal liability in this and all similar actions is primarily upon the property owners and not upon the City; and

Whereas, The said bill is an attempt to remove all charter restrictions of our City and County and all statutes of limitation in any similar cases when a contractor fails to receive compensation on account of any defect in such assessment proceedings, now therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that it is the sense of this Board that said bill would work considerable hardship upon the City and County of San Francisco and would encourage endless litigation against the City in the future, and be it further

Resolved, That the representatives of San Francisco in the Senate of the State of California be urged by this Board of Supervisors to use all efforts to defeat the aforesaid bill, and further be it

Resolved, That the Clerk of the Board of Supervisors be instructed to forward to each of the representatives from San Francisco in the Senate a copy of this Resolution.

Motion.

Supervisor McLeran moved that the foregoing resolution be referred to the Judiciary Committee.

Motion carried by the following vote:

Ayes—Supervisors Bancroft, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Mauzy, McLeran, Nolan, Vogelsang—10.

Noes—Supervisors Caglieri, Andrew J. Gallagher, Jennings, Koshland, McCarthy, Murdock, Murphy—7.

Absent—Supervisor Payot—1.

Adopted.

The following resolutions were adopted:

Sells-Floto Show Permit.

On motion of Supervisor Hocks:

J. R. No. 726.

Resolved, That Sells Floto Shows are hereby granted permission to give an exhibition at Twelfth and Market streets, on the 1st, 2d, 3d and 4th days of May, 1913, upon payment of the license fee required by Ordinance No. 1850 (New Series).

Award of Contract, Delinquent Tax List.

Resolution No. 10121 (New Series), as follows:

Resolved, That the contract for publishing the delinquent tax list for the year 1912-13 be awarded to C. J. Collins at the price bid therefor, viz., four and one-fifth cents per line (the same being the lowest bid submitted therefor), in strict accordance with the specifications therefor and according to law, and the Mayor is hereby authorized to enter into such contract upon the filing of a good and sufficient bond in the sum of five thousand (\$5,000 00) dollars, conditioned upon the faithful performance of such contract.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—17.

Underground Conduit Permits, City Electric Co.

On motion of Supervisor Vogelsang: Resolution No. 10122 (New Series), as follows:

Whereas, The construction of the Stockton street tunnel, the portals of which will occupy the street from building line to building line necessitates the removal of public service companies' conduits, manholes, service lines, etc., and

Whereas, The Board of Public Works has requested public service corporations to remove their conduits, lines, etc., before excavation commences, and said Board of Public Works and City Engineer recommends that the Board of Supervisors grant necessary permits for these transfers; therefore be it

Resolved, That the City Electric Company is hereby given permission to install underground conduits and manholes on Post street between Powell and Stockton streets, on Bush street between Powell and Stockton streets, on Powell street between Sutter and Post streets and on Powell street between Sutter and Bush streets, in order to permit said City Electric

Company to cut out the line of conduit on Stockton street between Sutter and Bush streets, which must of necessity be removed in order to permit the construction of the Stockton street tunnel.

Ayes—Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Vogelsang—17.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, APRIL 28, 1913.

In Board of Supervisors, San Francisco, Monday, April 28, 1913, 2:30 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Quorum present.

His Honor Mayor Rolph in the chair.

READING AND APPROVAL OF MINUTES.

The Journals of the meetings of April 17 and April 24, 1913, were read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

None.

Relating to Water Extensions and Meters.

Supervisor Andrew J. Gallagher requested to be informed as to the reason for the delay in carrying out the provisions of Ordinance No. 2169 (New Series), finally passed February 10, 1913, the provisions of which order the construction of a portion of the Municipal Water System, and directs the Board of Public Works to advertise for bids for necessary pipes and valves. He requested that the City Engineer be asked to attend and explain to the Board.

Privilege of the Floor.

City Engineer M. M. O'Shaughnessy being sent for appeared and advised the Board that the pressure of other work delayed his department in its work on the plans and specifications of the water system in the Richmond District, but that he would be ready to report in about ten days. He also called the attention of the Board to the necessity of conserving its water supply which, owing to the dry years, would be very much diminished. He

predicted a water famine unless something is done immediately. He suggested the universal installation of meters.

Motion.

Supervisor Murdock moved that the Water Rates Committee take up with the officials of the Spring Valley Water Company the matter of metering the city.

Motion carried.

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Public Buildings Committee, by *Supervisor Bancroft*, Chairman.

Fire Committee, by *Supervisor Giannini*, Chairman.

Public Health Committee, by *Supervisor Caglieri*, Chairman.

Streets and Sewers Committee, by *Supervisor Geo. E. Gallagher*, Chairman.

Supplies Committee, by *Supervisor Koshland*, Chairman.

Public Utilities Committee, by *Supervisor Vogelsang*, Chairman.

Police Committee, by *Supervisor Oscar Hocks*, Chairman.

Report of Public Utilities Committee.

The following report was presented and read by the Clerk:

San Francisco, April 28, 1913.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Public Utilities Committee met on Wednesday, April 23d. Present: Supervisors Vogelsang, Mauzy, Murphy, Bancroft and George E. Gallagher.

The Committee heard a delegation of citizens, represented by C. W. Riffe and C. F. Adams, regarding the installation by the City of an 8-inch water main at Tenth avenue and Kirkham street to connect with Clarendon Heights Reservoir. This subject has been repeatedly discussed, and the citizens were informed that action would be taken upon receipt of report of the City Engineer, who is making investigations to determine the best

plan of supplying water to outside districts.

The matter of eliminating unnecessary stops of cars on Market street was discussed with General Manager Black of the United Railroads and Lieutenant Mathewson. The studies on this subject, made by Bion J. Arnold, were discussed by the Committee, Lieutenant Mathewson showing maps prepared by the Arnold Bureau. Mr. Black agreed that the suggestions were along the line of improving the service, and that changes would be made whenever the Supervisors requested. It was determined to have the plans prepared and endeavor to have the schedule of stops placed in operation when the four tracks on lower Market street are in use.

Action on the application of the Southern Pacific Company for franchise was necessarily delayed awaiting report of the City Engineer.

The Clerk was directed to prepare an ordinance incorporating the recommendations of Bion J. Arnold for re-routing of the cars of the United Railroads, and other improvements suggested; also to include the requirement of one hundred additional cars.

A resolution was adopted by the Committee formally terminating the Arnold Traffic Bureau.

The Committee on Friday evening, the 25th instant, conferred with City Engineer M. M. O'Shaughnessy and J. R. Bibbins, resident engineer for Bion J. Arnold, relative to the proposed extensions to the Municipal Railway System. Mr. Arnold's suggestions, and the studies of the City Engineer convince the Committee that it would be wise at this time to recommend a bond issue for \$3,500,000 for extensions to the Municipal Railway system.

The extensions recommended today are for permanent transportation service and the profitable enlargement of the Geary street system which has demonstrated the practicability of municipal operation of street railways.

As a basis for the recommendation presented herewith, the Committee adopts proposition No. 3 of City Engineer O'Shaughnessy's report, and adds thereto the reconstruction of the California street line from First avenue to Thirty-third avenue and connecting with it the Geary street line as it is now operated.

There is also recommended with particular emphasis that it be urged upon the people the construction of a line into Noe Valley via Church street. Reference to the Arnold report shows that this thickly settled district is without transportation service. It is highly essential there-

fore, when the City begins building railways, that those districts already settled should be first considered. Reference to the ordinance just recommended for passage to print will also show that the Potrero avenue line, Union street line and Stockton street line are included in the proposed extensions.

BYRON MAUZY,
GEORGE E. GALLAGHER,
PAUL BANCROFT,

Public Utilities Committee.

Adopted.

Whereupon, the following resolution was introduced under suspension of the rules and adopted:

Terminating Services of Bion J. Arnold, Traffic Expert.

On motion of Supervisor Vogelsang:
J. R. No. 730.

Whereas, Bion J. Arnold, having completed his investigation of traffic problems in San Francisco, and filed his final report April 14, 1913, therefore be it

Resolved, That the services of said Bion J. Arnold be terminated, and the furniture in the office occupied by Mr. Arnold be transferred to the office of the Board of Supervisors.

Unsold Bonds Placed on Sale at Treasurer's Office.

Bill No. 2497, Ordinance No. 2262 (New Series). Reciting that certain Sewer bonds, School bonds, Hospital bonds and Garbage System bonds of the issue of 1908, and City Hall bonds of the issue of 1912, and Polytechnic High School bonds of the issue of 1910, remain unsold after having been advertised for sale, no bids therefor having been accepted, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price and the conditions under which such bonds may be sold by the said Treasurer of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors, on the 10th day of March, 1913, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement, as required by the Charter of said City and County, that on the 31st day of March, 1913, up to the hour of 3 p. m. of said day, said Board would receive and consider bids for the purchase of Sewer bonds, issue of 1908, amounting to \$400,000 and comprising ten bonds of each year's maturity from 1915 to 1954 inclusive; School bonds, issue of 1908, amounting to \$300,000 and comprising twelve bonds of each year's maturity from 1914 to 1938 inclusive; Hospital bonds, issue of 1908, amounting to \$300,000 and

comprising fifteen bonds of each year's maturity from 1913 to 1932 inclusive; Garbage System bonds, issue of 1908, amounting to \$144,000 and comprising eight bonds of each year's maturity from 1913 to 1930 inclusive; City Hall bonds, issue of 1912, amounting to \$3,960,000 and comprising ninety bonds of each year's maturity from 1917 to 1960 inclusive; Polytechnic High School bonds, issue of 1910, amounting to \$144,000, and comprising six bonds of each year's maturity from 1914 to 1937 inclusive.

That in compliance with said resolution said Clerk has caused to be published in the official newspaper for a period of ten days prior to said 31st day of March, 1913, an advertisement and notice of such sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bids whatsoever have been accepted for the purchase of any of the bonds above described and that all bids received have been rejected, and that the entire amount of said bonds so advertised for sale remain unsold.

Sec. 2. Pursuant to the provisions of the Charter of the City and County of San Francisco the Treasurer is hereby authorized to sell all of the bonds described herein other than the Polytechnic High School bonds in manner and form and at the price herein set forth, viz.:

Sealed bids shall be received and opened by said Treasurer on Tuesday, April 29, 1913, up to the hour of 11 o'clock a. m. of said day, for the purchase of all of said bonds, and he shall sell to the highest bidder who shall offer to take all of said bonds for not less than the par value thereof together with accrued interest thereon at the date of delivery, and who will agree to receive and pay for the same at such times as may be ordered by the Finance Committee of the Board of Supervisors. Upon the acceptance of such bid the successful bidder shall forthwith deposit with the Treasurer the sum of \$10,000 to be retained by him until all of the bonds so bid for are fully paid for.

Sec. 3. If no bid shall be received by the Treasurer as in Section 2 provided, then on said 29th day of April, 1913, at 11 o'clock a. m., said Treasurer shall offer to sell and he is hereby authorized to sell at said hour of 11 o'clock a. m. of said day City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, to the person who shall offer in writing to take the same and pay

therefor the highest price which shall not be less than par value and accrued interest thereon at date of delivery and to receive and pay for the same within three days thereafter. A payment of ten thousand dollars of the purchase price therefor shall be made at the time such bid is accepted by said Treasurer. The person so purchasing said bonds and paying the price therefor as herein provided shall have an option to purchase the remaining unsold portion of said bonds at the prices, in the manner and at the time herein stated, to wit: City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, on or before the first day of June, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery; City Hall bonds to the amount of \$1,100,000, comprising twenty-five bonds of each year's maturity, 1917 to 1960 inclusive, on or before the second day of July, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery; Sewer bonds to the amount of \$400,000, comprising ten bonds of each year's maturity, 1915 to 1954 inclusive; School bonds to the amount of \$300,000, comprising twelve bonds of each year's maturity, 1914 to 1938 inclusive; Hospital bonds to the amount of \$300,000, comprising fifteen bonds of each year's maturity, 1913 to 1932 inclusive, and eight Garbage System bonds maturing July 1, 1913, on or before the first day of August, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery; City Hall bonds to the amount of \$660,000, comprising fifteen bonds of each year's maturity, 1917 to 1960 inclusive, and Garbage System bonds to the amount of \$136,000, comprising eight bonds of each year's maturity, 1914 to 1930 inclusive, on or before the first day of September, 1913, at the rate or price therefor of par and accrued interest thereon at date of delivery.

In the event that the City and County is unable to deliver the one million, one hundred thousand dollars City Hall bonds on or before the first day of May, 1913, the said optional dates above mentioned shall be deferred to a full thirty days after the date upon which the previous installment of bonds so optioned has been delivered.

Sec. 4. This ordinance shall take effect immediately.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized in its discretion to obtain plans, drawings, specifications and details for the erection of public buildings for the City and County of San Francisco to be erected under the supervision and direction of the Board of Public Works and for that purpose to engage the services of architects either by selection or by competition. The method of competition, in case the architects for the purpose herein specified are selected by competition shall be determined by the Board of Public Works. The Board of Public Works is hereby authorized to pay for the preparation of detailed plans and drawings and necessary supervision of the work of construction, a sum which (including the cost of the preparation of the contract, plans and specification) shall not exceed six per centum of the entire cost of the building to be constructed. The Board of Public Works shall retain such supervision of the plans and specifications for and of the construction of such public buildings as said Board of Public Works shall deem necessary and proper. The Board of Public Works is hereby further authorized to enter into a contract or contracts with architects for the purpose of engaging the services herein contemplated.

Section 2. Nothing herein contained shall be deemed or construed as preventing the Board of Public Works

from appointing a City Architect or such persons as said Board of Public Works may deem necessary to perform architectural services for the City and County of San Francisco or to inspect and supervise the construction of public buildings, the intent and purpose of this Ordinance being to place in the discretion of the Board of Public Works the manner and method of obtaining plans and specifications for public buildings and the supervision of the construction thereof.

Section 3. All Ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 4. Ordinance No. 291 (New Series), approved October 16, 1907, entitled, "Confirming certain powers granted by Section 3 and Subdivision 9 of Section 9 of Chapter I of Article VI of the Charter of the City and County to the Board of Public Works, and prescribing how and by whom certain duties are to be performed in respect to the construction and repair of public buildings and the compensation to be paid for services rendered under the provisions of this Ordinance and repealing Ordinance No. 49 (New Series), amendatory thereof.

Section 5. This Ordinance shall be in force and effect immediately.

Adopted.

Thereupon the following resolutions were adopted:

Soliciting Offers for Street Railways.

On motion of Supervisor Vogel-sang:

Resolution No. 10138 (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

1. The Board of Supervisors of the City and County of San Francisco does hereby solicit offers for the sale to the City and County of San Francisco of any existing street railway or system of street railways operated over or upon any street within said city and county.

Any owner or owners of any such street railway or system of street railways are hereby invited to submit proposals or offers in writing to the Board of Supervisors for the sale of the same to the City and County, and such proposals shall be filed with the Clerk of the Board of Supervisors at any time prior to the second day of June, 1913.

And it is hereby announced and declared to be the purpose and intention of the Board of Supervisors to consider any and all proposals or offers that may be made for the sale of any street railway or system of street railways to the said City and County on said second day of June, 1913, and before submitting propositions to the electors for the acquisition by original construction or condemnation of such railway or system of street railways, in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof.

2. The Clerk of the Board of Supervisors is hereby directed to publish in the official newspaper for the period of ten days a notice in substantially the following form:

"Notice Soliciting Offers for the Sale of Street Railways to the City and County.

"To the owner or owners of any

street railroad or system of street railroads in the City and County of San Francisco.

"You are hereby solicited and invited to submit to the Board of Supervisors of the City and County of San Francisco prior to the second day of June, 1913, an offer or offers in writing to sell to the said City and County any street railway or system of street railways or any portion thereof, operated over or upon any street in the City and County, and that the Board of Supervisors will consider any and all such offers that may be submitted on the second day of June, 1913, at its regular meeting on said day.

"This notice is given in compliance with the Charter of the City and County of San Francisco and of Resolution No. — (New Series), adopted 1913, and your attention is called to said resolution for further particulars.

Dated

....., Clerk."

3. The Clerk of said Board is hereby directed to cause a copy of the aforesaid notice to be mailed to the Presidio and Ferries Railroad Company, the California street Railway Company, and the United Railways of San Francisco, addressed to them at their places of business in San Francisco, California.

Extension of Time.

On motion of Supervisor George E. Gallagher:

Resolution No. 10139 (New Series), as follows:

Resolved, That the Barber Asphalt Paving Company is hereby granted an extension of ninety days' time from and after April 9, 1913, within which to complete the paving of the roadway of Twenty-ninth, between California and Clement streets, under private contract.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that the contractor has obtained a survey for the work and is ready to proceed to rapid completion.

Ayes—Supervisors Bancroft, Cagli-eri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang.—17.

No—Supervisor Koshland—1.

Also, Resolution No. 10140 (New Series), as follows:

Resolved, That C. J. Harney is here-

by granted an extension of twenty days time from and after May 10, 1913, within which to complete contract for construction of sewers and appurtenances in Brannan street, from First to St. Anne streets, under public contract.

This extension of time is granted upon recommendation of the Board of Public Works, for the reason that the contractor was delayed in constructing new sewer by the old sewer being flooded with water on four different occasions.

Ayes—Supervisors Bancroft, Cagli-eri, Andrew J. Gallagher, George E. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—18.

Waste of Water.

The following communication was presented and read by the Clerk:

San Francisco, Cal., May 5, 1913.
Honorable James Rolph, Jr., Mayor
and the Board of Supervisors of the City and County of San Francisco.

Gentlemen: We respectfully request your co-operation in preventing the wasteful use of water, with a view of thus assisting the company in their endeavor to maintain the water supply of San Francisco.

One excessive use could be checked if you would allow the police force to co-operate with the company. Many householders allow the hosing of steps and sidewalks, and the watering of lawns by standing sprinklers. The use of water in this form leads to waste. If the police force could be clothed by you with authority to visit any house where they find water thus being wasted it would help in the present situation.

Respectfully,

SPRING VALLEY WATER COMPANY.

W. B. BOURN, President.

Also, Communication—From Chief of Police White, advising that orders have been issued to company commanders to enforce provisions of Ordinance No. 247 (New Series), prohibiting the waste of water.

Ordered referred to the Water Rates Committee.

Auditor's Estimate of Departments' Expenditures for 1913-1914 and Probable Tax Levy.

Communication—From Auditor, transmitting estimate of probable expenditures of the several departments of the municipal government for the ensuing fiscal year, together with amounts required to meet interest and sinking funds for all outstanding bonded indebtedness and the revenue to be derived from direct taxation and

other sources; also estimate of tax levy.

Acceptance of Bid for City Hall Bonds.

The following communication was presented and read by the Clerk: City and County of San Francisco.

Office of the Treasurer.

April 29, 1913.

To the Honorable Board of Supervisors, San Francisco, Calif.

Gentlemen: Acting in accordance with the conditions required by Ordinance No. 2262 in relation to the sale of Municipal Bonds, I have this day accepted the bid of the syndicate composed of the Harris Trust & Savings Bank, E. H. Rollins & Sons, N. W. Halsey & Co. and associates for \$1,100,000 of 5 per cent City Hall Bonds, comprising 25 bonds of each year's maturity, 1917 to 1960 inclusive, at PAR AND ACCRUED INTEREST and optional privileges to purchase the remaining unsold \$4,004,000 bonds according to dates specified in their letter which I enclose herewith.

Respectfully submitted,

Filed May 2, 1913.

JOHN S. DUNNIGAN, Clerk.

By JOHN W. ROGERS, Asst. Clerk.

Honorable Public Utilities Committee,
Board of Supervisors, San Francisco.

Gentlemen: As per your request of April 9th, desiring me to examine and report on the petition of the Southern Pacific Company, filed on March 25th, 1913, requesting certain rights to construct, maintain and operate tracks across certain streets in the City and County of San Francisco, also petition of the same company for change of location of Fourth street from Townsend to Berry streets, I beg to report herewith as follows:

An examination of the Book of Franchises granted by the Board of Supervisors of the City and County of San Francisco, published in 1910, discloses as follows:

First, under Resolution No. 3154, approved January 19, 1864 (page 242, Book of Franchises), this company was granted the use of Townsend street for 50 years, from Fourth to Eighth streets. This franchise will terminate January 19, 1914.

Second, Order No. 2406 (page 251, Book of Franchises), gave this company permission to use Seventh street under certain conditions. This order was passed July 13, 1891, and no time limit was specified.

Third, Order No. 1095 (page 260, Book of Franchises), approved January 7, 1904, granted a franchise known as the Bay Shore franchise, for a period of 50 years. Certain conditions were embodied in this franchise, such as the widening of

Fourth street on its northeasterly side by 20 feet from Channel street to Kentucky street, and the widening of Kentucky street by 20 feet on its easterly side from South street to Nineteenth street; also the widening of Sixteenth street on its northerly side from Seventh street to Kentucky street.

While this work would have been a great benefit to the city in easing up the congested lines of travel, much of it remains to be done. I direct your attention especially to Fourth street, which is at present in a very congested condition.

I have held conferences with the draying interests, represented by Messrs. Renner, McNab, Jacobs and Major Tilden, who are interested in the hauling and handling of freight to and from the present and proposed depot and freight sheds, on Wednesday, April 16th, 1913; with the property owners on Townsend street between Fourth and Eighth streets on Thursday, April 17th, and Tuesday, April 22nd; with the property owners along Fourth street on Tuesday, April 22nd and with those along Third street on Wednesday, April 23rd.

I have given careful consideration to the suggestions made by those different parties whose interests are affected by the proposed improvement. Many of the property owners along Townsend street, such as the Western Meat Company at Sixth and Townsend streets, and Nathan & Dohrmann on Townsend street near Fifth, have constructed their buildings with the floors below the official grades as much as 3 feet, and are very desirous of having the present sunken grade level on Townsend street remain unchanged. Other property owners, however, such as Mr. Moody, who has 370 feet frontage on Townsend street, insist on the street being brought to the official grade, as they propose to build their buildings on piles and to the established grades. Many buildings, however, such as those of Chas. Harley & Co. and the Pacific Hardware & Steel Company at Seventh and Townsend streets, Holbrook, Merrill & Stetson on Sixth street, Swift & Co. on Fifth street, W. & J. Sloane & Co. on Townsend street near Fourth, have built their buildings to the official grade and by means of inclines handle their freight without difficulty from the present position of the tracks.

This region between Fourth and Seventh streets occupies an area of filled-in-land which is in a gradual process of subsidence. This has involved a settlement of very nearly 3 feet in the past 25 years, and is

gradually continuing. Fifth and Sixth streets are now settled to within 1 foot of extreme high tide levels, and any further settlement would absolutely prohibit the construction of efficient sewers and culverts.

It is the judgment of this office, therefore, that any work done at this time by the railroad company should require that the tracks be elevated to the official grades between Townsend and Channel streets. A temporary arrangement which may be satisfactory to the railroad company and the property owners may, however, be devised for Townsend street until the tracks therein can be brought to the official grade and the property owners have ample time to rearrange their entrances. In no instance, however, has the city adopted any lower level than city base for the official grades of any street, and no exception should be made in the case of Townsend street.

The railroad company should be required to lay proper culverts and drains at their expense across their yards, between Townsend and Channel streets, under the supervision of this office, so that no flood waters will accumulate northwest of their track system.

Townsend street has not yet been accepted between Fourth street and Eighth street, and it should be the duty of the railroad company to pave not only this street with a satisfactory pavement, but also King street, Berry street, Fourth street, Sixth street and Seventh street.

As the railroad company has not indicated any policy regarding the disposition of handling its suburban traffic via Ocean View at the present time, I think the main line track shown on its plan on Townsend street should be eliminated from Fourth to Eighth streets. This is described in the fourth paragraph of Section 1, page 9 of its application.

"T" rails should be removed from the public streets, and no rails other than groove rails should be allowed.

*Promised Change of Fourth Street
187½ Feet Southerly From Its Present Location.*

At the present time, as stated in the company's application, over 3700 vehicles cross their tracks daily on Fourth street between Townsend and Berry streets, about 2000 of which go to the freight sheds southerly from this street. The remaining 1700 cross the draw bridge at Channel street, and very frequently, when long trains are in or much switching is done, this traffic becomes very congested. A change, such as that proposed by the railroad company, would certainly relieve the situation when

long overland trains are in the station, but no permanent solution of this problem can be had without the elevation above the street grade of all passenger traffic. Between now and the time of the Exposition it would be almost impossible to accomplish this construction and any arrangement of the tracks such as suggested by the railroad company should be only temporary in its nature.

An elevated passenger exit on the northerly line of Fourth street, connecting with the different platforms in the railroad yard, would tend to remove the congestion from Third street and give Fourth street a part of this passenger travel, which it desires.

If the temporary position of Fourth street is paved to a width of 100 feet, it would help to relieve also the present and future traffic conditions, and a still further relief could be obtained by the construction of an additional bridge across Channel street just southeast of Fourth street. I have estimates on a trunnion bascule bridge with a 50-foot roadway and two 6-foot sidewalks, for \$110,000, which would help out this condition very much.

The Southern Pacific Company owns absolutely all the land on each side of Channel street from Seventh street to the bay and it costs the city of San Francisco at the present time the sum of \$27,000 per year for the maintenance of the three bridges over this channel at Third, Fourth and Sixth streets. As the company has an exclusive monopoly of all the freight along this channel, it would be only just that they construct, maintain and operate the new bridge suggested, and dedicate to public use the land necessary for approaches.

The dockage along Channel street is at present collected by the Harbor Board, which contributes nothing to the expense of the bridges. As the water front traffic is bound to increase with the rapid recovery by the city of San Francisco of its manufacturing industries, it is only right that proper consideration be given this street traffic between the Potrero water front, and that of the city northerly from Channel street.

In the city of Chicago, at the present time, about 2500 miles of tracks have been elevated above the street level to give free passage to street traffic, and as previously stated in this letter I think the future elevation of all passenger traffic for suburban and overland lines is an imperative necessity.

Respectfully submitted,
W. M. O'SHAUGHNESSY,
City Engineer.

REPORTS OF COMMITTEES.

The following committees by their respective chairmen presented reports on various matters referred, which reports were received, read and ordered filed:

Public Buildings Committee, by Supervisor Bancroft, Chairman.

Fire Committee, by Supervisor Gianini, Chairman.

Public Health Committee, by Supervisor Caglieri, Chairman.

Streets and Sewers Committee, by Supervisor Geo. E. Gallagher, Chairman.

Supplies Committee, by Supervisor Koshland, Chairman.

Public Utilities Committee, by Supervisor Vogelsang, Chairman.

Police Committee, by Supervisor Oscar Hecks, Chairman.

Report of Finance Committee on Budget Estimates, 1913-1914.

The following report was presented by Supervisor Jennings and read by the Clerk:

San Francisco, May 5, 1913.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Finance Committee, after several months' painstaking investigation, herewith presents its recommendations for the Budget for the fiscal year 1913-14. So far as the Committee is able to ascertain the increase in the Assessment Roll is not likely to keep pace with the increased requirements for street work, bond interest and other obligatory expenses of the city government. It is therefore apparent that an increase in the rate of taxation must follow.

Such increase as there may be, is the result of direct action by the people, and is not due to accretions in the expense incident to the conduct of the municipality.

The people have voted bonds for rehabilitation of the city, the construction of schools, hospital, sewers, 1915 Exposition, Civic Center, fire protection, and the interest and redemptions on these bonds will

increase the tax rate this year 13 3-10 cents. The increase for municipal expenditures, other than interest and redemption, is only 7-10 of 1 cent.

Realizing that the obligation for interest and redemption on outstanding bonds is the first charge against the city, your Committee has been compelled to recommend retrenchment wherever possible.

The necessity for keeping pace with the growth of the city, the requirements for increases in all of the departments which have to manage the affairs of a growing and progressive community make it imperative to increase appropriations.

The Committee has borne this situation in mind, and, in recommending increases, has endeavored to keep the appropriations at the lowest logical and economic figure.

Your Committee earnestly believes that the amounts recommended will provide ample funds for the forthcoming year.

While the Board of Supervisors will undoubtedly share the responsibility for the increase in taxes, it is only just to repeat that the added burdens were created by the people themselves in voting for bonds, playgrounds and other desired improvements.

Critical analysis has been made of revenues from outside sources in estimating the probable tax rate for the next year. While the Budget estimate contains only expenditures, the total is figured with the probable assessment roll, and the inclusion of revenues from outside sources. Each succeeding year these outside revenues diminish from their former ratio to the assessment.

During the past week the Finance Committee received the Auditor's estimates, which were presumably based upon current expenses and additions for special purposes made thereto.

The Auditor estimates that a tax rate of 2.14 would be sufficient for the forthcoming year. In arriving at this estimate the Auditor assumed an assessment roll of \$530,000,000, whereas the Finance Committee is informed that the assessment roll will not exceed \$525,000,000, and probably will range between 520 and 524 millions. Another point in which the Auditor errs is, in assuming an assessment valuation of \$620,000,000 for bond interest and redemption, on which the State pays its proportion; whereas the actual assessment will probably not exceed \$570,000,000. This discrepancy, had it been considered by the Auditor, would have increased his tax rate.

In the preparation of this Budget estimate, the Finance Committee conferred with all the departments of the City Government, with representatives of the improvement clubs, citizens and employees of the City—full hearings were given, and subsequent to the hearings the Committee has had consultation with heads of departments and bureaus in an effort to provide each department with a sufficient amount to insure its proper conduct.

The Committee has given its best thought in the preparation of this estimate, and in arranging the schedules has taken into consideration the work performed by different departments in the past year, and an endeavor has been made to bring about efficiency and economy in those places where better results might be obtained. In arriving at its conclusion, the Committee has acted upon reports of the departments themselves, and upon independent reports procured by the experts of the Committee. The estimates are now presented to the Board of Supervisors for appropriate action.

MUNICIPAL RAILWAY.

One gratifying result brought to the knowledge of your Committee is the successful operation of the Geary Street Municipal Railway. In four months' operation this railway has paid a handsome profit, notwithstanding that it is burdened with interest charge on \$2,000,000 of bonds,—only half the proceeds of which are in actual use. It now appears that the road will more than pay its interest and redemption; but, to be on the safe side, the Committee has placed in the Budget \$20,000 for interest on the bonds of this utility. It is not expected that

this \$20,000 will be drawn, and it is expected that, before the end of the fiscal year, with the road in full operation from the Ferry to the Beach, municipal operation of street railways in San Francisco will be a demonstrated success.

ANALYSIS OF BUDGET ESTIMATES.

The aggregate requests of all departments total \$17,026,710.00.

The aggregate requests from improvement clubs total \$4,882,592.00.

To these sums there must be added requests for improvements, increases of wages, where no figures were given, which will approximate \$1,000,000.00.

It should be noted that many of the requests of improvement clubs were also included in the estimates of the Committees of the Board of Supervisors, the Board of Public Works and other departments.

In going over the data laid before the Committee, it is apparent at once that the Board of Public Works, so far as good judgment justified, has urged improvements that are indorsed by the residents and improvement associations of different districts. In most instances your Finance Committee added its approval to these propositions. Scrutiny of the proposed Budget will demonstrate that consideration has been given to each district.

The Committee recommends a Budget allowance of \$14,222,233. The Budget for 1912 was \$12,887,626.00.

Based on an assessed valuation of \$523,500,000 (estimated); this will require a tax rate of \$2.19, to which must be added 4 cents for the Exposition tax. If the estimated assessment be approximately correct, the tax rate will have to be \$2.23, as against \$2.10 for 1912-13.

To expedite urgent improvements your Committee recommends a special fund of \$265,000—this fund includes the following:

For the completion of San Bruno avenue, an additional appropriation of \$15,000. Last year the Board appropriated \$75,000 for this work, and the Engineer estimates that the amount recommended will complete the project. San Bruno avenue is the main outlet artery of the City, and the Committee recommends departure from the Charter requirement in respect to this highway. Much of the property abutting San Bruno avenue is not sufficiently assessed to meet the charge of improvement; therefore the Board has inaugurated the policy of paying a portion of this cost. This procedure will bring San Bruno avenue to completion, and provide a proper outlet to connect with the State highway and the new roads of San Mateo county, which has voted \$1,500,000 for roads.

To complete Lincoln Way to the beach an additional appropriation of \$23,000 is recommended—this work is an obligation upon the city—Lincoln Way being in front of City property.

To give first aid to injured it is recommended that \$18,000 be appropriated for the construction and equipment of an emergency hospital at the Potrero; provision for the maintenance of this hospital is included in the Board of Health appropriation.

It is also recommended that Fulton street from First avenue to Fourteenth avenue; Thirteenth avenue from Lake to Fulton; Fourteenth avenue from Lake to Anza; Geary street and Anza street from Thirteenth to Fourteenth avenues (in front of City property) be improved, and an appropriation of \$80,000 for this work is recommended.

To open Arguello Boulevard into Golden Gate Park, your Committee recommends that \$6,000 be set aside.

Supplementing improvements at Buena Vista Park, which were made by special appropriation last year, of \$15,000, it is now recommended that \$10,000 be appropriated for street work around this park.

It is also recommended that \$10,000 be set aside for street work around Mission Park.

It is highly essential that Sloat and Junipero Serra Boulevards be repaired and be kept in presentable and useable condition; therefore the Board is urged to set aside \$14,000 for these highways.

Ocean avenue needs immediate improvement, and as the City is obligated for a large portion of the work, recommendation is made that an initial appropriation of \$17,000 be made for this avenue.

The opening of Jarnac street is one of the meritorious requests of the improvement clubs and the Board of Public Works. Your Finance Committee approves the recommendation, and has included in the Budget \$10,000 for this improvement.

The islands in Dolores street should be completed so that that important boulevard may be presentable. While specific appropriation is not made in the Budget, the Finance Committee recommends that this work be done, and that cost thereof be appropriated from the General Fund for the repair and construction of streets. The Committee will approve the recommendation of the Street Committee for the doing of this work, and will recommend the appropriation when the Board of Public Works files its estimate.

It is also proposed to provide out of the General Fund for the approaches to Bosworth street viaduct, for sidewalks around Burnett School, and for a liberal portion of the cost of changing the grade of Shotwell street. These improvements can and will be taken care of in the regular method through the Board of Public Works.

One of the very important matters that must be considered is the establishment of a central fire alarm station, and the equipment thereof. By Charter amendment the people approved locating the central alarm station in Jefferson Square, and it is now proposed to begin work on the building and order the equipment at the earliest possible moment. For this project \$75,000 is recommended.

For the immediate relief of residents who can be supplied with water from the Municipal Water Works, your Committee recommends an appropriation of \$15,000. The Engineer reports that an additional well can be sunk, larger pump capacity and distribution system installed with this appropriation, and it should be granted.

Convenience stations in Hamilton Square and Alamo Square should be built at the earliest moment, and the Committee recommends \$15,000 therefor.

It is necessary at this time to begin to make provision for the furnishing of the New City Hall. It is wiser to provide a moderate amount each year, and have the funds available when the Hall is completed. To start this fund the Committee recommends \$50,000.

STREET WORK AND BUILDINGS.

Each year the City has a larger mileage of streets to pave and clean. This is one of the functions of government which must be economically and constantly performed. Comparisons are always made that some other city is better paved and the streets better cleaned than the one in which the critic happens to be. Your Committee feels that, under the present management, criticism of San Francisco street work is unfounded. While there is much work to be done, it is within the facts to say that improvement is going ahead rapidly and economically, and that within the year all our streets will be in first-class shape.

Justification for the appropriation of a larger sum for street work is found in the splendid efficiency of the Street Repair Department. Results have been obtained since last July which are gratifying indeed to the administration and the people. Since the beginning of the fiscal year 121 blocks of new construction has been done—and this does not include repairs and patching.

Attention is called to the fact that within the period mentioned, Sansome, California, Kearny, Geary, Lincoln Way, Eighth, Powell, Eddy, Vallejo, Mason, Leavenworth, Ninth, Broadway, Taylor, Howard, Beale, Steuart streets, and the approaches to the Mission Viaduct are a few of the principal streets which have been placed in proper condition.

Provision is made in the Budget estimate of this year for an allowance of \$60,000 a month to the Street Repair Department—an increase

of \$15,000 per month over current year. The total appropriation for street work is \$1,150,000. This amount, of course, includes sewers and buildings, but it is intended to devote the greater portion of it to the streets.

It is also recommended that an increase of \$20,000 be added to the appropriation for street cleaning, making the appropriation for this necessary work \$350,000.

Complaint is made that our streets are not properly cleaned; your Committee feels that the appropriation is reasonably liberal, and whatever criticism may be justified is explained by the Superintendent of Street Cleaning and the Board of Public Works, who report officially that 25 per cent of the street cleaning force is inefficient and incompetent.

The Committee recommends for purchase of lands and construction of Fire Department buildings, \$95,000. This amount was allowed last year and was sufficient for the purpose.

The appropriation for School Department buildings—\$100,000—is the same as last year, and was sufficient.

ITEMS OMITTED.

No appropriation is recommended for the Bureau of Efficiency which was created last year. A Charter amendment is now in effect which places all the functions of the Efficiency Bureau under the jurisdiction of the Civil Service Commission. It is therefore deemed advisable to omit this appropriation, and not in any way interfere with the authority of the Civil Service Board.

No specific appropriation is included for the Supplies Committee. The omission of this appropriation is not a reflection or a criticism upon the Supplies Committee, which has performed valuable and commendable work for the City. The reason for omitting the appropriation is, that the Committee is of the opinion that there are a sufficient number of clerks in the office of the Board of Supervisors to perform duties required by the Supplies Committee without the employment of additional assistants. The Finance Committee feels that the Supplies Committee should be given proper assistance, and if the assistant clerks provided for by the ordinances are not competent and qualified, they should be replaced by others who can properly discharge duties required by the Supplies Committee.

ADMINISTRATIVE OFFICERS.

The appropriation for the office of his Honor the Mayor remains the same as last year.

In the Auditor's office a reduction of \$1600 has been made. The salaries of three clerks were raised \$25 per month; the raises were made to clerks who have been many years in the City's employ and who have proved their loyalty and efficiency. The reduction results from a decrease of \$2500 in the appropriation for extending the assessment roll.

No change in the Assessor's office.

A reduction of \$1,000 in the allowance for copyists in the Recorder's office is recommended. Your Committee is advised that work in the Recorder's office is diminishing because of the falling off in the recordations required by the McEnerney act.

Treasurer's office: No change.

SUPERIOR COURTS.

The Legislature has passed, and the Governor approved, the act creating four additional judges for the City and County of San Francisco; appropriation is made for sixteen judges instead of twelve. No additional appropriation is required for clerks and stenographers, as the necessary number were in the Extra Session Courts.

Upon the recommendation of the Mayor and the City Attorney, the salaries of two stenographers in the office of the City Attorney have been raised.

An additional stenographer at \$150 per month in the office of the District Attorney is recommended. It should also be mentioned that provision has been made in the Furniture Fund to provide for proper furnishing of the District Attorney's office.

The County Clerk and Justices' Courts remain just the same.

The appropriation for the Law Library shows an increase of \$1200, being an increase in salary of \$100 per month to the Librarian.

The Juvenile Detention Home and Juvenile Court show increases aggregating \$4440. These increases are accounted for in added maintenance expense and slight increases in salaries of attaches who were underpaid.

SHERIFF.

The Committee recommends the elimination of six Road Guards in the office of the Sheriff. Special inquiry was made into this matter before the recommendation was agreed upon. It was found by three separate investigations that very little road work was being done, and that, while the Guards were provided, the inmates of the County Jail were not performing enough road work to justify this expense. It is apparent from data in the hands of the Committee that the \$5400 paid for Road Guards could be better used in doing street work by the regular Street Repair Department than by having a meager amount of repair intermittently performed in the vicinity of the County Jail. With this exception the allowance for the Sheriff is the same as the current year, and is, in the opinion of your Committee, adequate.

POLICE DEPARTMENT.

The Committee recommends 25 additional patrolmen and 2 stenographers for the Police Department. In the hearing before the Committee the Chief of Police, in the presence of the Commissioners, stated that the appointment of 2 stenographers will replace 4 policemen now detailed to office duty; and further, that of the number of officers detailed to special duty, a considerable number might be properly returned to their regular duties. In view of these statements, and the addition of 25 patrolmen, the Committee thinks that a sufficient increase for the year is provided for.

It is also recommended that two auto patrol wagons be purchased, and provision made for a 5-passenger auto for the use of the Detective Bureau.

No provision is made or recommended for the maintenance of the police launch.

Chief of Police White and the Commissioners discussed this matter with the Finance Committee, and unanimously agreed that economy would be effected and efficiency increased by the elimination of this launch. The police officials report that launches can be obtained when necessary, and a considerable saving can be effected by hiring a launch when it is needed; therefore, the committee, acting on the advice of the Commissioners and the Chief, eliminates maintenance of this launch from the estimate.

The appropriation for the Police Courts, fixed by Charter, is unchanged.

CIVIL SERVICE COMMISSION.

The appropriation for the Civil Service Commission is not itemized for the reason that this department is to be reorganized to comply with the Charter amendment adopted in December. This amendment provides salaries for 3 Commissioners, and fixes appropriation for expenses at not less than \$12,500 and inspection \$5000. The appropriation for the department, under the Charter amendment, is \$21,500.

PLAYGROUND COMMISSION.

The Committee recommends an appropriation for playgrounds of \$66,075. The Commission requested an appropriation of \$152,000,

which provided for purchase and equipment of additional playgrounds. The Committee renews its recommendation of last year that the purchase of additional playgrounds should always be left to the vote of the people, inasmuch as these desirable betterments involve a perpetual maintenance expense in addition to the cost of purchase and equipment. The Committee does not feel justified in recommending these heavy increases when it is recalled that on two or three occasions propositions submitted for additional park and playgrounds were overwhelmingly defeated at the polls. There are now in operation 12 playgrounds, and the Committee recommends for the salary and administration of playgrounds now in use \$36,075; to this is added for equipment, maintenance and improvement for the grounds in use, \$30,000.

There is suggested an appropriation of \$600 for office expenses for the Board of Censorship.

In view of the high increase in the tax rate, and the necessity for permanent improvement of streets and buildings, the Committee feels impelled to suggest that no increase be made in the appropriation for the Municipal Band. It is therefore recommended that the appropriation of \$10,000 be renewed, and that the concerts of the Municipal Band, be confined exclusively to outdoor performances.

SEALER OF WEIGHTS AND MEASURES.

The necessity for organizing a Bureau of Sealer of Weights and Measures seems apparent. One branch of the Legislature has passed a bill, and the other house is likely to approve, requiring each county to appoint a Sealer of Weights and Measures. The bill provides that the Board of Supervisors shall fix compensation of the sealer, but includes the provision that it shall not be less than \$5 per day.

In order to provide for the proper establishment of this bureau, the following is recommended:

Sealer at \$1,800 per year.

One assistant at \$1,500 per year.

One clerk-stenographer at \$1,200 per year.

Maintenance, \$1,080 per year.

Total of \$5,580.

BOARD OF PUBLIC WORKS.

Repeated conferences were had with the President of the Board of Public Works and the City Engineer relative to the proper organization of this important department. It is the desire of the President of the Board to produce better results by a gradual reorganization of the department, a concentration of work, and the elimination of some of the too numerous bureaus. In this, the Finance Committee is in accord, and an effort is made in this Budget to bring about some of the desired changes as recommended by the President of the Board of Public Works and the City Engineer.

Some changes are imperative for the reason that work projected by bond issue is approaching completion, and, further work in the Engineer and Street Department, outside of bond issue, is increasing as the city grows.

After careful consideration and consultation it is proposed to merge the cashier's office into the bookkeeper's office, and thus create a central accounting department in the Board of Public Works.

To properly conduct this department, timekeepers should be appointed. In the recommendations herewith, a sufficient number of timekeepers are provided, and the appointment of these clerks will work an economy and also undoubtedly produce a larger measure of efficiency. The time-keeping system, up to this point, has been defective. The appointment of a proper number of timekeepers will take clerical work away from foremen of the street and sewer gangs, and leave these men free to perform the work of supervision and direction much more satisfactorily.

It is also proposed by the Budget arrangement, and with the approval of the Board of Public Works, to place the Bureau of Street Inspection in the Engineer Bureau, so that work can be co-ordinated.

Probably the most important change is providing for the payment of inspectors on contract work by the Board of Public Works; thus abolishing the system in vogue which permitted the payment of these men by contractors. While the creation of this force of inspectors appears as an increase in the Budget, it does not increase the tax rate, as, under the Charter, the contractors are required to pay the cost of inspection.

The fees collected from contractors will be paid into the General Fund. To make this a proper working arrangement, ordinances will be drafted and proposed after the approval of this item in the Budget.

Another new department which increases the Board of Public Works appropriation is the Garbage Disposal Plant, which will be in operation before the beginning of the fiscal year. The salaries of Incinerator No. 1 are estimated at \$22,820 and maintenance at \$5,000. It is presumed that there will be some revenue from this plant, both from by-products and from a charge to be made for the incineration of garbage; how much this income will be, cannot be estimated at this time. Investigation must be made, and ordinance passed fixing the charge to scavengers for disposal of garbage.

Another new department in the Board of Public Works, is the photostat room. This is intended to provide blue prints, maps and reproductions for all of the City departments. On the installation already made, a saving of several thousand dollars in reproducing block books for the Assessor has already been accomplished. Larger savings will follow, as the city will make its own blue prints instead of paying \$5000 a year for them.

BOARD OF HEALTH.

Increased appropriation has been made for all the hospitals. There have been some increases in the smaller salaries, and more liberal allowances for maintenance. Provision is also made for purchase of two auto ambulances, and auto truck for the Relief Home.

FIRE DEPARTMENT.

The fixed charges of the Fire Department, including the automatic increase in wages are all provided in the estimate herewith submitted. New companies are provided for in the appropriation of \$23,350, which, according to the estimates of the Fire Department, will be sufficient to pay salaries when the companies are installed. The usual allowance of \$100,000 for purchase of new apparatus and hose is also recommended. The only change of any moment is the reduction of Battalion Chiefs from 11 to 9. Your Committee is advised by Chief Murphy that, under the present organization, conflict of authority frequently arises when two or more Battalion Chiefs respond to the same call. This happens very frequently, and has resulted in considerable friction. The Committee is advised further, that within the near future two of the Battalion Chiefs now in the department will retire, and it is not deemed necessary that their places be filled. By supplying automobile runabouts to the nine Battalion Chiefs, and rearranging their districts, it is thought the department will be maintained at its present high state of efficiency.

DEPARTMENT OF ELECTRICITY.

The only change in the Department of Electricity is a deserved increase in the salary of the bookkeeper.

SCHOOLS.

The School Fund is increased by \$55,780. This is \$20,000 larger increase than was provided in the current year.

PUBLIC LIBRARY.

An increase of \$15,000 to the Library Fund is recommended, making the appropriation \$95,000.

SPRING VALLEY CONDEMNATION.

To provide for necessary legal expenses connected with the condemnation of Spring Valley Water System for Municipal Water Supply, \$50,000 is recommended.

MISCELLANEOUS.

Increases are required by law in the Firemen's Relief and Pension Fund, and the Park Fund, and the Widber Deficiency, and the Election Department, which aggregate \$50,000.

Other increases, which are compelled by State law, are the Maintenance of Minors and Feeble-Minded, which aggregate \$26,000.

Attention is called to the increase of \$3000 in the appropriation for the Public Pound. Extraordinary expenditures will have to be made to combat the spread of rabies in the city, and, as this work must continue, it is thought advisable to make the appropriation in the Budget, and not be compelled to deplete other funds during the year in order to maintain this department.

In conclusion: It now remains for the Board of Supervisors to fix a date, as required by the Charter, for a public hearing on the Budget. This hearing can be held on any date between now and the 19th instant. The Committee earnestly urges that whatever changes are made shall be settled before the 19th of May. The Budget must be finally passed on the first Monday of June. An intervening holiday between the last Monday of May and the first Monday of June prevents deferring action until the last week of the month. It is also necessary to settle the amounts as quickly as possible so that adequate time can be given for proof-reading the Budget before it goes to print. Last year, because of the great pressure of time, errors crept in that could have been avoided if a sufficient time for proof-reading and correction were allowed.

Respectfully submitted,

THOMAS JENNINGS.
WM. H. MCCARTHY.

Board of Public Works Authorized to Obtain Plans, Etc., for Public Buildings to Be Erected, and Providing for Compensation of Architects.

Bill No. 2504, Ordinance No. 2269 (New Series), as follows:

An Ordinance authorizing the Board of Public Works in its discretion to obtain plans, drawings, specifications and details for the erection of public buildings to be erected under the supervision and direction of the Board of Public Works from architects, and providing for the compensation of such architects, and repealing Ordinance No. 291 (New Series), approved October 16, 1907, entitled, "Confirming certain powers granted by Section 3 and Subdivision 9 of Section 9 of Chapter I of Article VI of the Charter of the City and County to the Board of Public Works, and prescribing how and by whom certain duties are to be performed in respect to the construction and repair of public buildings and the compensation to be paid for services rendered under the provisions of this Ordinance and repealing Ordinance No. 49 (New Series), amendatory thereof."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized in its discretion to obtain plans, drawings, specifications and details for the erection of public buildings for the City and County of San Francisco to be erected under the supervision and direction of the Board of Public Works and for that purpose to engage the services of architects either by selection or by competition. The method of competition, in case the architects for the purpose herein specified are selected by competition shall be determined by the Board of Public Works. The Board of Public Works is hereby authorized to pay for the preparation of detailed plans and drawings and necessary supervision of the work of construction, a sum which (including the cost of the preparation of the contract, plans and specification) shall not exceed six per centum of the entire cost of the building to be constructed. The Board of Public Works shall retain such supervision of the plans and specifications for and of the construction of such public buildings as said Board of Public Works shall deem necessary and proper. The Board of Public Works is hereby further authorized to enter into a contract or contracts with architects for the purpose of engaging the services herein contemplated.

Section 2. Nothing herein contained shall be deemed or construed as preventing the Board of Public Works from appointing a City Architect or such persons as said Board of Public Works may deem necessary to perform architectural services for the City and County of San Francisco or to inspect and supervise the construc-

tion of public buildings, the intent and purpose of this Ordinance being to place in the discretion of the Board of Public Works the manner and method of obtaining plans and specifications for public buildings and the supervision of the construction thereof.

Section 3. All Ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 4. Ordinance No. 291 (New Series), approved October 16, 1907, entitled, "Confirming certain powers granted by Section 3 and Subdivision 9 of Section 9 of Chapter I of Article VI of the Charter of the City and County to the Board of Public Works, and prescribing how and by whom certain duties are to be performed in respect to the construction and repair of public buildings and the compensation to be paid for services rendered under the provisions of this Ordinance and repealing Ordinance No. 49 (New Series), amendatory thereof.

Section 5. This Ordinance shall be in force and effect immediately.

Ayes—Supervisors Bancroft, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—15.

Stable Permits.

The following resolution heretofore passed for printing was taken up:

Resolution No. — (New Series), as follows:

Resolved, That permission revocable at the will of the Board of Supervisors, and in accordance with Sections 197 and 198 of Ordinance No. 1008 (New Series), be and is hereby granted to New French Baking Company to maintain a stable for 22 horses on the north side of Tehama street, between Eighth and Ninth streets.

Privilege of the Floor.

Jos. Lucey, attorney, representing property owners, was granted the privilege of the floor and urged on behalf of his clients the general objection that there are enough stables in the neighborhood and that any further increase in their number would tend to further depreciate the value of his clients' properties. He also urged the technical objection that the granting of the permit would be in violation of the law prohibiting such an establishment within fifty feet of any dwelling.

Wm. J. Herrin, property owner, also objected to the granting of the permit.

Dan O'Callaghan, representing the New French Baking Company, stated that it was not intended to establish a livery stable, that the stable permit which was applied for was for the accommodation of the horses necessary and incidental to the bakery business. He said his clients intended to construct a two-story class "C" brick building if permit was granted.

Motion.

Supervisor McLeran moved to amend by providing in the resolution that building be class "A" or "B" with pressed brick front.

Motion lost by following vote:

Ayes—Supervisors Giannini, Hilmer, McLeran, Murdock—4.

Noes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, Hayden, Hocks, Jennings, Koshland, Mauzy, Murphy, Nolan, Payot, Vogelsang—12.

Absent—Supervisors George E. Gallagher, McCarthy—2.

Refused Passage.

Whereupon, the question being taken, the foregoing resolution was refused passage by the following vote:

Ayes—Supervisors Cagliari, Giannini, Hayden, Koshland, Murdock, Murphy, Payot, Vogelsang—8.

Noes—Supervisors Bancroft, Andrew J. Gallagher, Hilmer, Hocks, Jennings, Mauzy, McLeran, Nolan—8.

Final Passage.

The following matters heretofore passed for printing, were taken up,

finally passed by the following vote, and numbered as follows, to-wit:

Sale of Relief Home Lands.

Bill No. 2507, Ordinance No. 2265 (New Series), as follows:

Determining and declaring that the public interest and necessity demands the sale of that portion of the Relief Home Tract not adapted to public use, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company and west of the Almshouse road; authorizing the sale of said lands at public auction to the highest bidder therefor; and directing that the proceeds arising from such sale shall be used exclusively for the purchase of other land adjoining the remaining lands of the Relief Home Tract on the east.

Whereas, At a special municipal election held on the 10th day of December, 1912, Charter Amendment No. 22 was ratified by the electors of the City and County of San Francisco, which said amendment was in the words and figures following, to-wit:

"That a new section be added to Chapter II of Article II to be numbered Section 10, to read as follows:

"Section 10. The Board of Supervisors, in the manner provided in the preceding section, may sell a portion of the Relief Home Tract not adapted to public use, being a portion of the Rancho San Miguel and generally described as lying southerly and westerly from the lands of the Spring Valley Water Company. The proceeds arising from such sale shall be used exclusively for the purchase of other lands adjoining such Relief Home Tract."

And, Whereas, The tract of land above referred to and in this ordinance particularly described is, owing to its topography and location, not adapted to the public use of the City and County of San Francisco for the purposes of the Relief Home for the Aged and Infirm or for any other purposes; therefore

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby determined and declared that the public interest and necessity demands the sale of the lands owned and held by the City and County of San Francisco and situate, lying and being in the said City and County and particularly described as follows, to-wit:

Commencing at a point on the westerly boundary line of the Relief Home Tract (formerly Alms House Tract) which point is on the center line of Eighth avenue (the bearing of said avenue being south three degrees and

twenty-three minutes (3° 23') east) one hundred sixty-three and seventy-two hundredths (163.72) feet southerly from the southerly line of Ortega street; thence running south eighteen degrees, twenty-four minutes, fifteen seconds (18° 24' 15") west along the westerly boundary of the Relief Home Tract (formerly Alms House Tract) one thousand, one hundred sixty and one hundred and eighty-three thousandths (1,160.183') feet; thence north eighty-nine degrees, ten minutes and forty-seven and six-tenths seconds (89° 10' 47.6") east along the southerly boundary line of the Relief Home Tract (formerly Alms House Tract) one thousand, five hundred seventy-three and two hundred and twenty-one thousandths feet (1,573.221') feet; thence north thirty-nine degrees, thirty-four minutes and eighteen and four-tenths seconds (39° 34' 18.4") west one hundred thirty-eight and ninety-nine thousandths (138.099') feet distant; thence south seventy-five degrees, six minutes and fifty-six and six-tenths seconds (75° 6' 56.6") west one hundred and eighty-eight feet (188') distant; thence north twelve degrees, forty-three minutes and three and four-tenths seconds (12° 43' 3.4") west, six hundred and seventeen and seventy-six hundredths feet (617.76') distant to the northerly line of the Relief Home Tract (formerly Alms House Tract); thence south seventy-five degrees, one minute and fifty-six and six-tenths seconds (75° 1' 56.6") west along the northerly boundary line of said Relief Home Tract (formerly Alms House Tract) one hundred twenty-eight and thirty-four hundredths feet (128.34') distant; thence north forty-five degrees, thirty-one minutes and twenty-one and four-tenths seconds (45° 31' 21.4") west along said northerly boundary line of the Relief Home Tract (formerly Alms House Tract) eight hundred seventy-three and three hundred ninety-four thousandths feet (873.394') to the westerly boundary line of said Relief Home Tract (formerly Alms House Tract); thence south eighteen degrees, twenty-four minutes and fifteen seconds (18° 24' 15") west along the westerly boundary line of said Relief Home Tract (formerly Alms House Tract) one hundred sixty-nine and nine hundredths feet (169.09') distant to the intersection of the center line of Eighth avenue and point of commencement, in the City and County of San Francisco.

Being a portion of the Rancho San Miguel and that portion of the Relief Home Tract not adapted to public use referred to in Section 10 of Article II, Chapter II, of the Charter of said City and County.

Section 2. That said tract of land

shall be sold by the Mayor at public auction to the highest bidder, for cash in United States gold coin, in accordance with the provisions of Section 9 of Chapter II, Article II of said Charter, on the day of May, 1913, at the chambers of the Board of Supervisors in the Temporary City Hall in said City and County at the hour of two o'clock in the afternoon on said day, unless the same is postponed.

Section 4. The Clerk of the Board of Supervisors is hereby directed to give notice of such sale in accordance with the provisions of Section 9 of Chapter II, Article II of the Charter.

Section 5. The proceeds arising from such sale shall be used exclusively for the purchase of other lands immediately adjoining the remaining portion of the Relief Home Tract.

Section 6. This Ordinance shall take effect immediately.

Legislature to Set Aside Water Lots for Aquatic Sports.

On motion of Supervisor Giannini: J. R. No. 743.

Whereas, The proposed extension of the Belt Railroad across the water lots of Jefferson street to the United States Army Transport Docks, will wipe out the boat clubs at the foot of Van Ness avenue by reason of their being shut off from open water; and

Whereas, It is the sentiment of the majority of the people of San Francisco that a site be set aside for the use of the San Francisco yachting, swimming and boating public, such sentiment having been shown at the recent bond election for an aquatic park by the more than majority vote therefor; and

Whereas, In the cove at the foot of Van Ness avenue there are between two and three blocks of land hereinafter described, which being submerged and owned by the State of

California and not now being used; and

Whereas, The State of California, through its Harbor Commission at San Francisco, has set aside certain water lots and mooring facilities in said cove aforesaid for the use of the fisherman; and

Whereas, Said water lots owned by the State are available for said yachting, swimming and boating purposes; now, therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the State of California, through its Legislature and through the State Board of Harbor Commissioners at San Francisco, be requested to set aside for the use of yachting, swimming and boating public of San Francisco, and for the use of bona-fide amateur yachting, swimming and boating clubs of San Francisco, the water lots owned by the State of California and bounded by Jefferson, Lewis, Hyde and Polk streets, San Francisco.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Waste of Water.

Supervisor Giannini presented the following "ad", published in the Chronicle of May 5, 1913, and requested that it be spread in the record.

So ordered.

IMPORTANT WARNING TO WATER CONSUMERS.

The water consumption in San Francisco now exceeds the safe dependable development supply for distribution. Until the city or the company can increase the development of sources now owned and increase conduits to San Francisco, abnormal care must be exercised in the use of water or the supply will fail. Stop all waste; stop cleaning steps and sidewalks with water. Please prevent all unnecessary use of water. We earnestly ask for your co-operation in maintaining the supply.

SPRING VALLEY WATER CO.

Motion.

Supervisor Koshland moved that the Clerk be instructed to request the Spring Valley Water Company to advise Board as to steps that are being taken to increase its supply.

Motion carried by following vote:

Noes—Supervisors Mauzy, Murdock, Vogelsang—3.

Absent—Supervisors George E. Gallagher, McCarthy—2.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

In Memory of Frederick Hess.

On motion of Supervisor Koshland: J. R. No. 744.

Whereas, Frederick Hess, a pioneer citizen of San Francisco, has passed away, it is

Resolved, That this Board of Supervisors hereby expresses its regret at his demise and deplores the loss to this community of a leader in charitable and in civic affairs. Mr. Hess was for 56 years editor of the daily "German Demokrat," a founder of the German Benevolent Society, and connected with many other public enterprises. His efforts were always for the public good. The sympathy of this Board is hereby tendered to his family, to the German Demokrat and to the organizations with which he was associated.

Ayes—Supervisors Bancroft, Cagliari, Andrew J. Gallagher, Giannini, Hayden, Hilmer, Hocks, Jennings, Koshland, Mauzy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—16.

Motion.

Supervisor Hocks moved that when Board adjourns it does so in honor of *Frederick Hess*.

Motion carried.

Announcement.

Supervisor Nolan announced a meeting of the *Valuation Committee* for Friday, at 9:30 a. m.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Leave of Absence—John S. Dunnigan.

On motion of Supervisor Vogelsang: J. R. No. 745.

Whereas, The Public Utilities Committee is advised by members of Congress and Department Chiefs that the Public Lands Committee of the House of Representatives is likely to be appointed immediately following the passage by the House of Representatives of the Tariff bill.

Whereas, It is highly important that immediate action be obtained on the bill already introduced, which grants San Francisco its rights in the Hetch Hetchy Valley; and further, it being important that the City Government be represented in Washington, be it

Resolved, That the Clerk of the Board be given a leave of absence, with permission to leave the State, and directed to proceed to Washington, there to arrange, if possible, for immediate legislative action upon the Hetch Hetchy bill, the Clerk to act under, and report to his Honor the

Mayor and the Board of Supervisors.
Be it further

Resolved, That during the absence
of the Clerk, the Chief Assistant Clerk
be appointed Acting Clerk.

Ayes—Supervisors Bancroft, Cagli-
eri, Andrew J. Gallagher, Giannini,
Hayden, Hilmer, Hocks, Jennings,

Koshland, Mauzy, McLeran, Murdock,
Murphy, Nolan, Payot, Vogelsang—16.

BOARD OF SUPERVISORS

TUESDAY, MAY 13, 1913, 2:30 P. M.

In the Board of Supervisors, San Francisco, May 13, 1913, 2:30 p. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Bancroft, Caglieri, Andrew J. Gallagher, George E. Gallagher, Hilmer, Jennings, Koshland, Mauzy, McCarthy, McLeran, Murdock, Murphy, Nolan, Payot, Vogelsang—15. Quorum present.

His Honor Mayor Rolph, presiding.

ANNOUNCEMENT.

The Chair announced that the purpose of the meeting was to hear taxpayers of the City and County on the proposed budget for the fiscal year 1913-1914, before finally determining same.

The following taxpayers and public officials appeared and addressed the Board, in part, as follows:

BUDGET HEARING.

Education.

Mrs. Helen Moore—My subject is education, and looking over the Budget I find we have only that miserable sum of something over a million dollars. If we ever expect to have San Francisco to amount to all we hope it to amount to we have got to have more—very much more—of an appropriation for education than we have today.

Los Angeles spends large sums on their kindergartens, and we have nothing like we would call a free kindergarten.

Scientific education—any child can commence its scientific education as soon as it leaves the kindergarten.

At the Teachers' Institute it was estimated 25 pupils were enough for each teacher.

Take the money from the police and set it on the side of education, and I will take my chances.

Women Protective Officers.

Mrs. Lillian H. Coffin—I want to bring a new subject before the Finance Committee. At this late time we have

asked for an appropriation of \$3,600 for the salary of three women protective officers—that is a hundred dollars a month. These women are employed in that capacity in most of the large cities. We have interested the Police Commission, and secured the co-operation of all of those gentlemen, and also Chief White. We feel the necessity of employing women, not in the capacity of police women, in that accepted term, but as women protective officers, to show the public the enormous benefit that women can be in detecting crime and protecting minor boys and girls.

Woman Deputy—District Attorney's Office.

Mary Fairbrother—As president of the Woman's Political League, I want to endorse everything Mrs. Coffin has said. As a League we are in favor unanimously of these women protective officers.

What I came here particularly today for is to get a woman deputy in the District Attorney's office—a woman deputy to hear particularly the complaints of women. We are told you favor this, and also the District Attorney favors it strongly, and ask that an appropriation be made. We believe it is in the interest of good government, and morality and everything that pertains to better citizenship to have women in this capacity. There are several women attorneys in this city, and we want to see one of them tried in this place. We notice there is a new stenographer provided for at \$150 a month, and suggest the new stenographer be given the same salary as the old stenographer, and the other \$900 be given to the deputy which we now ask.

Clean Streets.

Mrs. Boggs, chairman of the General Committee on Clean Streets—This is an organization formed as a sort of clearing house for all improvement clubs for men and women in San Francisco. We are districting the city with women who are working for the love of their city, because everybody was talking "dirty streets," and we have been talking "clean streets" because we know our streets are clean,

but the citizens throw all sorts of things on the streets and dirty them. We have a superintendent of streets who is doing his level best to give us clean streets.

I want to thank your Board for the increased appropriation of \$20,000 for street cleaning, and I want to ask you for \$12,000 for equipment. There is not a city in the United States the size of San Francisco which has the petty little equipment we have. Cleanliness is next to godliness, and we do not want our city brought out in the United States and always called a dirty city. A petition is on file with the chairman of your committee.

Police Patrol Boat.

W. F. Sullivan—We have introduced a petition, signed by about all the shipowners on the waterfront, and we are heartily in favor of the patrol boat, for the simple reason the police will be called upon to hire a boat now and then, and it will be the time when the emergency arises that they will be unable to get the boat. We cannot conceive that the Board will economize by doing away with the patrol boat and hiring launches when they need them, because the necessity of patrolling this harbor must be greater than the saving of a few hundred or a few thousand dollars. I don't know what the patrol costs a year, but I know a harbor the extent and size of San Francisco surely must need patrol protection. There are several other gentlemen representing different interests who would like to say something.

J. J. Lawless—I represent the Masters, Mates and Pilots Association; also the California Wine Association. Before the patrol boat was put on we know there was a lot of stealing, and that has stopped since the boat was put on. I wish to go on record as being opposed to the discontinuance of that boat.

Paving of California Street—Presidio Avenue to Parker.

J. M. Kepner—We have a condition out in the Western Addition that a great many of the Board know about, and if there are any of you that do not know, when I get through talking about it, it will afford me a great deal of pleasure to take you over the territory.

The road from Presidio avenue to Parker avenue, on California street, is paved with basalt blocks, and they have been down for quite a good while. They are not even, but very uneven, and rather than go over that block we go another block up to Sacramento street, and down to Maple. There are two hospitals there, and the machines make a great deal of noise

on account of the condition of the street. We want it widened from Walnut to Parker, and paved with bitumen from Presidio avenue to Parker avenue. The estimate of the cost of the work as shown by the Engineer's office is \$26,419.75, and we want you to amend the Budget to the extent that you make a specific appropriation to widen these four blocks and pave the five blocks.

(Engineer's estimate deposited with Committee.)

Dolores Street Islands.

Rev. P. J. Cummins—I appear in behalf of residents along Dolores street, and chiefly in behalf of the old Mission Dolores. I want to thank the Finance Committee for its action in recommending to your Board an appropriation for the Islands. I simply ask you for your interest in the old Mission Dolores, which I represent, and that you continue the improvement of that street, so that by 1915 the entire street, which is a credit to the city, or will be a credit to the city, may be completed as we all wish it.

Clean Streets.

O. Schiller—The Downtown Association approves the entire budget except one item, and that is, we request that the streets be cleaned Saturday afternoons; otherwise we approve of the entire budget. At the present time there are no men on the streets Saturday afternoons. That is the only objection we have.

Tom Dillon—I have not anything further to offer, except I think Mr. Schiller should be more specific. There are more people down town Saturday afternoon than any other afternoon during the week. As all of you know, the streets Saturday afternoon—especially this time of the year—it is impossible for the storekeepers to keep their places clean. I really believe many people do not come down town Saturday afternoons for that particular reason. We ask that some appropriation be made so that the street cleaning department will work Saturday afternoons—say from 12 to 5—in order to keep the streets in the retail district in a presentable condition.

Improvement of Streets.

Edgar Painter—The North Central Improvement Association represents the district east of Kearny and north of Market, having within its boundaries about \$150,000,000 property, probably more than a quarter of the assessed realty. We don't ask that we shall get a quarter of all the taxes paid, but we think we ought to have some specific consideration. The Budget as presented contains no specific provision for that portion of the

city. We have a petition in here stating what work should be done in that portion of the city. We have been having meetings composed, part of the Downtown Association, part Draymen's Association, and part Board of Works, and at these meetings it was determined certain streets should be put in condition with through roads for the Exposition, and that in all streets down town, that the basalt blocks should be removed and replaced with asphalt grouting; that would have cost about \$85,000 to put all those streets in good condition. There is a particular amount should be appropriated for the repair of two blocks on Pine street, between Battery and Davis—this is the only approach to the Exposition building—probably the two worst paved blocks in the city. There are a great many other things I could call to your attention. I do not wish to take up your time, but we wish to say we are for the Police Department, if necessary, to get a sufficient traffic squad to take care of the people at the Ferry. At the present time there is only one man at the Embarcadero, and he is not an efficient man—he is a good man, but has no control over the teams whatever. We ought to have two patrolmen or a mounted squad. With the addition of the Sutter street cars and the Geary street cars there will surely be accidents in the near future. The Police Department says it cannot furnish these men because it has not been allowed enough money. I wish to say we are for the street cleaning department—we consider it has been doing very efficient work in the way of street cleaning. The addition of movable cans has assisted a great deal. We understand the appropriation to the street department will not allow the increase of that equipment; we understand these cans only cost about \$20 apiece, and we think it should be provided for in some way to help out on the street cleaning.

Streets—Convenience Stations.

Mr. Reiss—We have been before the Committee and asked for an appropriation for repaving streets in our district, which you know is in the Civic Center, and I would like to ask if that is included—I have found no provision in the Budget for these. We would like to ask if that is included in the appropriation to the Board of Public Works and other streets of the city.

We would also like to include with the appropriation we have asked for, Buchanan street, from McAllister to Fulton; also, for a convenience station to be established at Jefferson Square, or in some part close to the Civic Center. We note you have recommended them for Alamo and Hamilton Squares. I think it would serve a great many

more people if one were placed in Jefferson Square.

J. Drew—We have here a few photographs showing the interest the people took in our celebration on the occasion of the raising of the flagpole a few Sundays ago. Thanking for the appropriation for street work in the new budget and asking for additional appropriation for continuing the work begun and carried from Haight street to Duboce avenue this year. We feel it is very important to have that grand boulevard finished all the way around the park by 1915. The Superintendent of Parks asked for \$20,000 in this budget, and we asked for \$15,000 for that purpose, not knowing what he had asked for, and we respectfully ask the Board if you will not appropriate something—if you cannot spare \$15,000, put in \$10,000 or even \$5000 in order to carry on this splendid work.

Department of Electricity Employees.

Mr. Murphy—In regard to the Fire Alarm and Police Signal System, I would like to state this: I have been connected with the department for the last 22 years. We are special operators, distinct by ourselves—not commercial operators—commercial operators can't handle our position. We are asking this—we are working two men to a watch of eight hours stretch—we cannot leave this room we are inclosed in during that time; we cannot leave to attend to, I might say, the wants of nature. Our salary has been \$125 since the office was established; we have never asked anything and never got anything;; we work two men on a watch and two to relieve; what we want is not to have that one man taken away from us; we work Sunday and every day. The other men in the inspection, the shop part, have Saturday afternoons and Sundays. We want to be left alone; we don't ask for anything, and we don't ask for an increase of salary. I might speak in the same manner of the telephone operators. There is not one, I might say, out of twenty that knows what the Fire Alarm and Police Signal System is. Every engine is moved from the central fire alarm office, not from the Fire Department.

We have had the eight operators going on three or four years; but we were deprived of one operator a short time ago, and his Honor restored him. I think it was last February he was taken away, and his Honor placed him back again. All there is to do is to provide \$1500 in that budget. There are at present eighteen men, and the budget calls for seven. I am speaking for the

telephone operators as well, because they are reduced likewise. I know it to be absolutely necessary to have the other girl.

Janitors.

William Carr—You will pardon me; I am somewhat embarrassed; the humblest employee of the city coming before the largest and greatest body of the city is somewhat embarrassing. I am one of the janitors, gentlemen. There are thirty-two of us employed at the present time by the city, and of them thirty-two, twenty-five of us have worked continuously for the city for a period of years, from 9 to 16. We have petitioned his Honor the Mayor to assist us in trying to get a living salary—we are now getting \$80 a month. We have a petition here with the Finance Committee for \$90 a month. On the strength of the fact we have worked for the city a period of years we think it should be recognized.

Make comparison with the Monadnock Building. Even if we got \$90 and an addition of two and a half janitors, the city would get better service than in that building. During illness our salary is deducted when a man is put in our place. Our hours are from 5 in the morning until 9 in the morning, and then we go to work at 2 and work through to 6, but we have to be there at 5 in the morning.

Protest Against the Size of the Budget.

A. P. Van Duzer—I came as one of the taxpayers to ask for a reduction. I came here for the purpose of learning why some of these estimates should not be materially reduced. The first item I object to is special appropriation of \$50,000 to the City Attorney to fight the Spring Valley—a sum altogether too much for any possible service to be rendered. You know as well as I do a jump-up of nearly \$3,000,000 in two years is what I would call going some.

Juvenile Court costs \$46,000 this year to take care of a lot of little kids who ought to be taken home and spanked and sent to bed. That \$46,000 is 50 per cent of the cost of running sixteen Superior Courts of the City and County of San Francisco.

Telephone Operators.

Miss Brady—I feel justified in speaking for the Police Department officials. I think we are entitled to more consideration than the average telephone operator. As with the Fire Department it also applies to the Police Department. We are asking for an increase from \$75 to \$100 a month. It has been recommended by the Chief. At present there are four operators. We average, I should judge, during the day, on the watch from 8

o'clock in the morning to 4 in the afternoon, between 3000 and 4000 calls, and also up to about 9:30 or 10 o'clock at night. We have to keep a record of any matters coming before us. We verify every ambulance call that comes in. We have had four operators and need four; and we also work three Sundays out of four, and in order to get the fourth Sunday we have to work sixteen hours. We work from 12 o'clock Saturday night until 8 o'clock Sunday morning, and we go back to work at 4 Sunday afternoon and work to 12 o'clock Sunday night, and we also work Christmas, New Years and every holiday. There are no exceptions except one day a week, and there is one week we get no day off at all, so we really average only three days a month. The operators for the Pacific States get a day a week. Our request is not only justified, but we demand it. We are employed Saturday afternoons, nights and Sundays. There are no exceptions to police work.
